#### **FAR 52.212-4 -- Contract Terms and Conditions -- Commercial Items (Feb 2012)**

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31

SPM300-12-D-3283

U.S.C.3727). However, when a third party makes payment (*e.g.*, use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes*. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes*. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions*. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable delays*. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) *Invoice*.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include --

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, contract line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

- (x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (*e.g.*, 52.232-33, Payment by Electronic Funds Transfer—Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer—Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) *Patent indemnity.* The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) Prompt Payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR Part 1315.

(3) Electronic Funds Transfer (EFT). If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(4) *Discount*. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in Section 611 of the Contract Disputes Act of 1978 (Public Law 95-563), which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period at fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. (m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

5. *The following clauses found in the solicitation have been updated to reflect the most current version of the Clause. Those not listed here remain the same as stated in the solicitation and/or subsequent Amendments.*

**DLAD 52.215-9006 ABILITYONE (FORMERLY CALLED JAVITS-WAGNER-O'DAY ACT (JWOD)) ENTITY SUPPORT- CONTRACTOR REPORTING (FEB 2012)**

The Contractor shall submit periodic progress reports, no less frequently than annually, to the Contracting Officer regarding the Contractor's subcontracting efforts relative to AbilityOne entities. There is no standard or prescribed format for this requirement; however, performance data accumulated and reported by the Contractor must be as specified in its offer.

**52.217-9006 SURGE AND SUSTAINMENT (S&S) REQUIREMENTS – ALTERNATE I (NOV 2011)**

This solicitation includes items that are critical to support the Department of Defense's ability to conduct contingency operations. These items are designated as the S&S requirements, including the Services' go-to-war requirements. S&S requirements are identified as "Surge Quantity Option" expressed in a percent or exact quantity in this solicitation, and are in addition to peacetime quantities. The objective of this requirement is to obtain contractual coverage to meet the S&S quantities and sustainable accelerated delivery specified in this solicitation. S&S coverage includes access to production capability as well as vendor owned or managed inventory/safety stocks. Offerors will be evaluated on their ability to meet the terms and conditions of the S&S requirements. S&S requirements are defined as follows:

(a) Surge and Sustainment Capability means the ability of the supplier to meet the increased quantity and/or accelerated delivery requirements, using production and/or supplier base capabilities, in support of Department of Defense (DOD) contingencies and/or emergency peacetime requirements. This capability includes both the ability to ramp-up to meet early delivery or increased requirements (i.e., Surge), as well as to sustain an increased production and delivery pace throughout the contingency (i.e., Sustainment). The spectrum of possible contingencies ranges from major theater wars to smaller-scale military operations.

(b) S&S Quantity and Accelerated Delivery Schedule are identified on an individual item basis, based on the Services wartime planning requirements. The surge quantity option is expressed as a percent or an exact number with a sustainable accelerated delivery. The S&S quantity and delivery requirements are above and beyond the peacetime requirements in the schedule of supplies.

SPM300-12-D-3283  
SUPREME

(c) S&S Capability Assessment Plan (CAP), (previously known as the "Surge Plan"). The CAP provides the offeror's method of covering the S&S quantity and delivery requirements, identification of competing priorities for the same resources, and date the Contractor can provide the required S&S capability. If any of the S&S quantity and delivery requirements cannot be met, the offeror must identify the shortfall and provide the best value solutions to include a proposed investment strategy to offset the shortfall. For example, the CAP may include, but is not limited to, one of the following scenarios to address wartime delivery requirements:

(1) The S&S quantity and delivery requirements can be fully covered within the supplier's resources.

(2) The S&S delivery schedule can be fully covered with early deliveries due to unit pack shipping.

(3) The total S&S quantity and delivery requirements can be met but at a different delivery rate, and the supplier has no cost-effective investment strategy that would improve the capability to deliver according to the quantity and delivery requirements.

(4) The total S&S quantity and delivery requirements can be met but at a different delivery rate, and includes an investment strategy that would improve the supplier's capability to deliver according to the surge quantity option (e.g., the surge quantity option calls for 50% of estimated annual demand quantity or an exact quantity of 20 boxes) every 10 days, and the vendor can meet the schedule starting in the third ordering period but needs Government investment to become capable of meeting deliveries in the first two months).

(5) The S&S quantity and delivery requirements can be partially covered (the supplier can only provide a fraction of the total quantities specified); however, the supplier has no cost-effective investment strategy that would improve the capability to deliver at the surge quantity option.

(6) The S&S quantity and delivery requirements can be partially covered (the supplier can only provide a portion of the surge quantity option specified), and includes an investment strategy that would improve the supplier's capability to deliver at the surge quantity option.

(d) Government Investments. Use of Government investment may be considered to address S&S coverage shortfalls as specified under (c)(3) to (7) above only when it is in the Government's best interest. Use of Government investment is limited per clause 52.217-9010. Contracting Officer (CO) approval is required for any Government investment requests and any investment costs incurred by the supplier without the explicit written approval of the Contracting Officer are the sole responsibility of the supplier.

SPM300-12-D-3283

SUPREME

(e) Agreement to Participate in S&S Validation/Testing. By submission of an offer, the supplier agrees to participate in S&S validation/testing as required by the Government to verify the stated S&S capability. Testing/Validation may include any methodology that can validate the supplier's S&S capability. Validations will be conducted on randomly selected items by the Industrial Specialist after contract award and throughout the contract period. Validations include, but are not limited to, verification that the supplier and any subcontractor(s) have sufficient equipment, facilities, personnel, stock, pre-positioned raw material, production capabilities, visibility of supplier base resources and agreements, networks and plans for distribution (receiving, storing, packaging and issuing) and transportation services to accommodate the S&S requirements in the contract. This validation includes examination of any in-house work, review of the stock rotation plan (if applicable), and other contracts that impact the production of any added or accelerated quantities. The Government reserves the right to require validation using other methodologies when deemed appropriate. The language in this clause does not limit the Government's right, at any time after award, to perform inspections or validate the supplier's S&S capability.

(f) Supplier notification of S&S capability changes. The supplier agrees to maintain S&S capability to produce and/or deliver the S&S quantity identified in the Schedule of supplies in accordance with the approved CAP and S&S terms and conditions throughout the life of the contract. Changes that negatively impact S&S capability must be reported in writing to the Contracting Officer within ten (10) working days after the supplier becomes aware of such an impact. Such notification must include a revised S&S CAP with the supplier's proposed corrective action(s) and date when the supplier can attain the required S&S capability. Refer to 52.217-9007(a) for instructions on submitting changes to the CAP.

(g) Government changes, additions and deletions to S&S requirements. The identification of new S&S items in the peacetime schedule or increases in quantities of items already in the S&S schedule will be done through bilateral contract modifications. Deletion of S&S requirements or decreases in quantities will be made by the Government through unilateral contract modifications. The government reserves the right to obtain S&S requirements from other sources without liability to the supplier. This language does not relieve the supplier of the responsibility to provide, in accordance with the applicable delivery schedule, non-S&S and S&S quantities agreed to in the Schedule and CAP during the contingency.

(h) Early or Unexpected S&S Requirements. The supplier shall support S&S requirements to the maximum extent practical (1) prior to the supplier achieving full S&S capability agreed to in the Schedule and the CAP, and (2) for requirements exceeding those agreed upon in the Schedule and the CAP, if agreed to by the Contractor and not exceeding any applicable contract maximum dollar value or quantity. The Government reserves the right to obtain S&S requirements from other sources without liability to the supplier.

If any supplies acquired hereunder are recalled under the provisions of the Federal Food, Drug and Cosmetic Act, and regulations there under, the Contractor shall, at the Government's option, either reimburse the Government or repair/replace the recalled supplies. Additionally, the Contractor shall notify the Contracting Officer immediately when a firm decides to voluntarily recall or withdraw any product from the marketplace. Upon notification by the Contracting Officer that supplies acquired hereunder have been recalled, the Contractor shall either (a) accept certificates of destruction from the Government after the supplies have been properly disposed of, (b) request return of the supplies, or (c) if supplies may be repaired on site without transporting them from their location, furnish all materials necessary to effect repairs. Replacement or reimbursement will be accomplished by the Contractor immediately on receipt of Certificates of Destruction or returned supplies. The costs of replacement or repair of supplies, and transportation and handling costs for movement of returned, replaced or repaired supplies within the continental United States shall be paid by the Contractor. The provisions of this clause are applicable only when the value of the recalled supplies in the possession of the Government amounts to \$100 or more. The rights and remedies of the Government provided in this clause are in addition to, and do not limit, any rights afforded to the Government by any other clause in the contract.

**DLAD 52.201-9001 ORDERING OFFICERS UNDER THE CONTRACT (NOV 2011)**

- (a) Ordering officers are authorized to place and sign delivery orders that are expressly within the terms and conditions of this contract. Ordering officers, however, are not authorized to sign purchase orders or contracts and cannot take any action to charge the account of the Contractor unless they are also Contracting Officers.
- (b) Ordering officers are authorized to modify delivery orders and perform all administrative functions pertaining to such orders including termination of the order for late deliveries and other product nonconformances.
- (c) In the case of a termination, the applicable agency, commissary, or activity may repurchase the supplies locally. The ordering officer shall also notify the Defense Logistics Agency (DLA) Contracting Officer of all terminations and repurchase actions which were processed under the indefinite delivery contract.

(b) **DEFINITIONS:** As used throughout this clause, the term.

(1) "Contract Unit Price" means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support's customers. The Contract Unit Price consists of two components: Product Price and Distribution Price as identified in the schedule of items. The sum of the two component prices shall be rounded to the nearest cent to determine the final Contract Unit Price.

(2) DLA Troop Support "Manufacturer's Price Agreement" (MPA) means an agreement between DLA Troop Support and manufacturers which identifies a fixed product price for specific items that will be cataloged by the prime vendor.

(3) "Product Price" is the most recent DLA Troop Support Manufacturer's Price Agreement (MPA) price or the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, exclusive of standard freight. The Product Price shall be based on FOB Origin/Point of Manufacture. Product Price shall exclude all costs that are to be covered in the Distribution Price.

(i) **Exceptions:**

A) Fresh Fruits and Vegetables (FF&V): The product price shall be based on FOB Origin/Point of Importer when the following conditions apply;

(1) The product is listed in category {N/A}; and

(2) It is necessary for the product to be transported into the local market of the importer, as otherwise approved under the contract, from a foreign country because local supply does not exist or it is insufficient to meet demand requirements; and

(3) The importer that establishes the product price is the firm that actually performs the FF&V import service, including, but not limited to: procurement, storage, consolidation, pallets, and palletizing as it applies to the importer's normal commercial sales, and the importer has comparable commercial sales in the market that is the point of import.

C) Mandatory Source Items: The product price shall be limited to the nonprofit agency's price for product as set in accordance with applicable law. The product price shall be based on FOB Origin/Nonprofit Agency. (Prices set in accordance with applicable law (FOB Origin/Nonprofit Agency.)

D) Prime Vendor Table Displays/Decorations only: For products listed in Category {N/A} Prime Vendor Table Displays/Decorations only, the product price shall be based on FOB Origin/Point of the manufacturer's distributor because the manufacturer will not sell directly to the prime vendor. This exception must be approved by the Contracting Officer on a case by case basis. Support documentation is required.

E) A CONUS-based redistributor's price for a specific manufacturer's product (SKU) may be considered by the Government as long as the redistributor's price for the quantity ordered is equal to or lower than the manufacturer's published price inclusive of discounts/allowances. This exception must be approved by the Contracting officer on a case by case basis. Support documentation may be required.

"Product Allowance" is discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract, all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer's, grower's or private label holder's invoice (referred to as "off-invoice allowances") or otherwise given to the contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of these discounts, rebates, and allowances (Product Allowance), shall be reflected via a reduced STORES price, resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the US Treasury, attached with itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.

(5) "Distribution Price(s)" means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. (c) PRICE ADJUSTMENTS:

(1) General:

(i) All Contract Unit Prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Product price component of the Contract Unit Price is subject to adjustment under this clause. After the first Ordering month, if the Contractor's Product Price changes for any or all Contract Unit Prices, the Contract Unit Price shall be changed in the next month's Ordering Catalog upon the Contractor's request, submitted in accordance with paragraph iii below, by the same dollar amount of the change in the Product price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next Ordering Month.

(ii) All Ordering Catalog Unit Prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent Ordering Month. Catalog product prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into the OCONUS inventory). For all distribution categories, when multiple sources are being utilized and more than one manufacturer's product is receipted prior to a catalog update, the contractor shall establish the product price based on the mix of invoices received after the previous changes period. The product price would be derived as follows:

Supplier A –  $40\% \times \$5.70 = \$2.28$

Supplier B –  $30\% \times \$5.90 = \$1.77$

Supplier C –  $30\% \times \$6.30 = \$1.89$

Product Price = \$5.94

(iii) Updates to the Product Price: All notices and requests for new item product prices and price changes shall be submitted monthly, no later than 12:00 pm local Philadelphia, PA time on the last Monday of each month for submission not later than 12:00 pm local Philadelphia, PA time on the last Monday of each month, to be effective in the following Ordering Month's Ordering Catalog prices. The Product Price shall have any and all Product Allowance subtractions made prior to presenting the Product Price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an EDI 832 transaction set. The change notice shall include the Contractor's adjustment in the Product Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such 832 price changes in accordance with v below, the price change transaction sets will post in the next month's Ordering Catalog and each contract unit price shall be changed by the same dollar amount of the change in the Product Price in the next month's Ordering Catalog.

(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior ordering months. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation

regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by close of business local Philadelphia, PA time on the Thursday day immediately following the Monday that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following Ordering Month. The posting of updated prices in the Ordering Catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.

(vi) Should the Contracting Officer determine that, or question whether, a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is (are) higher than lower Product Prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business local Philadelphia, PA time on the Friday immediately following the Monday. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's Ordering Catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the Ordering Catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.

(vii) In the event of a price change not posting or an Ordering Catalog Contract Unit Price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract Unit Price, the Prime Vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its Ordering Catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the Ordering Catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

(2) Limitations: All adjustments under this clause shall be limited to the effect on Contract Unit Prices of actual increases or decreases in the Product Prices for material. There shall be no upward adjustment for --

- (i) Supplies for which the Product Price is not affected by such changes;
- (ii) Changes in the quantities of material; and
- (iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

**UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT:** The aggregate of contract product price increases for each item under this clause during the contract period inclusive of any option period(s) or tiered pricing period(s) shall not exceed 70%, 90% for Fresh Fruits and Vegetables (FF&V) of the initial Contract product price, except as provided below:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the reference price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following month's ordering catalog.

**(e) DOWNWARD LIMITATION ON ECONOMIC PRICE ADJUSTMENTS:**

There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

**(f) EXAMINATION OF RECORD:** The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

**(g) FINAL INVOICE:** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.

**(h) DISPUTES:** Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

\* "Essentially the Same" Criteria

The following is the criteria for determining whether the items are "essentially the same" when comparing AbilityOne mandatory products and commercial products. The AbilityOne product will be considered "essentially the same" when:

1. It has effectively the same form, fit and function.
2. The AbilityOne and commercial products may be used for the same purpose.
2. The AbilityOne and commercial products are relatively the same size and a change in size will not affect the use or performance.
3. The appearance, color, texture, or other characteristic of the AbilityOne product and commercial product are not significantly different from one another?

*10. The attached is the template to a new EDI transaction set requirement for which we need you to test at the beginning of the start of your contract. This will eventually replace your monthly report submissions such as the total asset visibility report and the descending case value report. The 864 is a comprehensive review of your supply chain and respective data elements in support of your supply chain. Once tested, we will expect twice per week submissions.*

The data elements being request are information readily available from you. The elements are self-explanatory but please note the following field clarifications:

In the fields with "SPV Name", use your Name. "SPV Name" serves as a sample.

Field 2: If the item is FFV, then use the LMR code
