- 1. Paragraph (c), Period for Acceptance of Offers, is revised as follows:
Period of acceptance is 180 calendar days.
- 2. Paragraph (h), Multiple Awards, is deleted in its entirety and replaced with the following:

[OFFEROR SUBMISSION INFORMATION]

I. QUOTE REQUIREMENTS

A. At a minimum, the following shall be emailed as attachments:

- 1. Signed and Completed Standard Form (SF) 1449 [ALL PAGES]
- 2. Signed SF30 Amendments (if applicable)
- 3. Completed Attachment 1 - Schedule of Items.

II. PRICING

A. Pricing will be evaluated through the Schedule of Items Approach. The Schedule of Items Approach is a grouping of items along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for 18 month base and option period for all Non-DoD USDA schools customers. Offers shall submit pricing on RFP/SOW Attachment 1 - Schedule of Items, no exceptions. Use of any other spreadsheet or form may deem an offeror as nonresponsive. OFFERORS ARE REQUIRED TO SUBMIT A UNIT PRICE FOR ALL ITEMS, BROKEN DOWN INTO THE CORRESPONDING DELIVERED PRICE AND DISTRIBUTION PRICE COMPONENTS.

- 1. Pricing will be based on the following formula:
CONTRACT UNIT PRICE = DELIVERED PRICE + DISTRIBUTION PRICE
- 2. In accordance with DLAD Clause 52.215-9023, Reverse Auction may be used for Distribution Price Per Pound (LB) only.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE302-15-Q-S012	PAGE 5 OF 50 PAGES
--------------------	--	--------------------

B. Definitions:

1. "Contract Unit Price" See Economic Price Adjustment (EPA) Clause.
2. "Delivered Price" See Economic Price Adjustment (EPA) Clause.
3. "Distribution Price" See Economic Price Adjustment (EPA) Clause.

(a) Distribution prices shall be formatted to no more than two (2) places to the right of the decimal point, for example, \$2.50.

(b) The offeror may submit a separate Distribution Price Per Pound (LB) for each period (base period and option period 1).

III. SCHEDULE OF ITEMS: PRICING (ATTACHMENT 1)

A. OFFERS SHALL SUBMIT PRICING ON RFP/SOW ATTACHMENT 1 - SCHEDULE OF ITEMS, NO EXCEPTIONS. USE OF ANY OTHER SPREADSHEET OR FORM MAY DEEM AN OFFEROR AS NONRESPONSIVE. The Schedule of Items in the attachment represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing information. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items (outliers).

B. Estimated quantities for 18 month period are indicated next to each item and are for information and evaluation purposes only. The unit price found in the Schedule of Items will be multiplied by the estimate to calculate the aggregate against the estimated 3 year requirements of the ordering activities and evaluated for the lowest overall aggregate cost to the Government.

C. OFFERORS ARE TO SUBMIT THE MOST CURRENT UNIT PRICES. THESE PRICES ARE EFFECTIVE FROM SUNDAY, FEBRUARY 15, 2015 THROUGH SATURDAY, FEBRUARY 28, 2015. This unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$0.50, pricing should be formulated as follows:

\$ 2.00 + \$.50 = \$ 2.50
(Prices used for illustrative purposes only)

1. Do Not Submit only the Unit Price; the two (2) elements must be shown separately.
2. Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue (THERE ARE NO EXCEPTIONS). All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog.

IV. DISTRIBUTION PRICES

A. The offeror shall provide an independent standard Distribution Price Per Pound (LB) for each period (i.e. Base/Option) in the Schedule of Items. ONLY ONE DISTRIBUTION PRICE PER POUND (LB) shall be offered for each period (base period and option period 1)

B. CASE Distribution Prices are automatically calculated by multiplying the Distribution Price Per Pound (LB) by the PKG SIZE. CASE Distribution Prices shall remain constant for the contract period (i.e. base or option). CASE Distribution Prices for the base period do not have to be the same as each option period. CASE Distribution Prices can differ or remain the same as the base contract period; but must remain constant through the length of each period.

V. DELIVERED PRICES

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE302-15-Q-S012	PAGE 7 OF 50 PAGES
--------------------	--	--------------------

9. Extended CASE Delivered Price (DEP): Estimated Quantity multiplied by CASE Delivered Price (DEP)

10. Extended CASE Distribution Price (DIP): Estimated Quantity multiplied by CASE Distribution Price (DIP)

11. Total Evaluated Price: Extended CASE Delivered Price (DEP) plus Extended CASE Distribution Price (DIP)

VI. SUBMISSION INFORMATION FOR PROPOSAL SPREADSHEET - Attachment 1 "Schedule of Items"

A. Please fill in the white boxes only (for base period and option period 1):

1) Vendor Name (cells B3 and C3)

2) CASE Delivered Price (DEP) Including Freight Column G (cells G6 to G73).

3) Distribution Price Per Pound (LB) Cell H2.

*** NOTE: The offeror may submit a separate distribution price per pound (LB) for each period, however, only one (1) distribution price per pound (LB) shall be offered for each period (base period and option period 1). All components of the option period price must be rounded to two (2) places beyond the decimal point. If an offeror does not submit option period prices, the offeror's proposal may be rejected. Option period price increases or decreases are to be expressed in dollars and cents only. The offeror may also elect to offer no change in the distribution price per pound (LB) over the life of the contract. If you are not changing option period distribution price per pound (LB), all offerors are still required to fill in cell H2 for Option Period 1 with the same distribution price per pound (LB). As a reminder, all offerors must submit ONE DISTRIBUTION PRICE PER POUND (LB), per period (i.e. base/option). Multiple Distribution Prices Per Pound (LB) within a base or option period WILL NOT BE ACCEPTED.

B. When preparing the spreadsheet, totals must appear in the rows titled "TOTAL EVALUATION" (Cells I74, J74 and L74) for both the Base period and Option 1 spreadsheet.

C. If requested to submit an invoice and the price on the invoice does not match the offered price due to a freight charge, the freight charge must be indicated on the invoice. This must appear on the invoice submitted by the offeror if requested. However, a separate freight invoice may be required as further documentation. Bulk freight charges are to be broken down by the case.

STATEMENT OF WORK (SCOPE)

I. INTRODUCTION

- A. The DLA Troop Support Pacific intends to enter into a Fixed Price with Economic Price Adjustment (FP with EPA) Indefinite Delivery, Indefinite Quantity (IDIQ) contract with a commercial firm to supply a full-line of USDA Grade No.1 or better Fresh Fruit and Vegetable (FF&V) products to Non-Department of Defense (DoD) USDA School customers, Maui, in the State of Hawaii.
- B. This solicitation consists of non-Department of Defense (DoD) and private non-profit school customers. Offerors are required to offer on all items in the Schedule of Items; failure to do so may result in exclusion from award consideration.
- C. This solicitation is being issued as a 100% small business set-aside. It utilizes the Lowest Price Technically Acceptable (LPTA) evaluation method.
- D. Any award made against this solicitation will result in a Fixed Price with Economic Price Adjustment (FP with EPA), Indefinite Delivery, Indefinite Quantity (IDIQ) contract. The IDIQ contract will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504(a)).
- E. All Fresh Fruit and Vegetable products delivered under this IDIQ contract shall be sourced domestically, no exceptions. Non-DoD USDA School Customers are allowed to utilize the resulting IDIQ contract only when they use Federal funding. Additionally, these customers shall be required to utilize Federal funding on domestic items ONLY. Non-Domestic items are not authorized using Federal funding.

II. EFFECTIVE PERIOD OF CONTRACT

- A. The resultant IDIQ contract may be for a total of 3 years (one [18 month] base period plus one [18 month] option period) commencing on the effective date of the IDIQ contract. The base period will include a start-up period, see paragraph V. Requirements.
- B. For evaluation purposes only, the base term of the resultant IDIQ contract (18 Months), and the term of any option (18 Months), if exercised under the IDIQ contract, will not exceed 18 months for the option period. The total length of the IDIQ contract will not exceed thirty-six (36) months.
- C. Exercising of an option is not automatic and depends upon such conditions as acceptable vendor performance in meeting contract specifications and verifying an ongoing demand for this requirement.

III. OPTIONS

- A. There is one (18 month) option period in this solicitation. Acceptance of these options is mandatory. Distribution Prices (see Economic Price Adjustment (EPA) Clause), must be submitted for each option period, as well as for the base period. The Distribution Prices offered on each option period will be calculated with the Delivered Price (see Economic Price Adjustment (EPA) Clause), proposed for each evaluated item. The Distribution Price for each option period may be offered as a dollar value, increase or decrease, from the base period. Changes expressed as a percentage will not be accepted.
- B. Failure to propose an increase or decrease of distribution prices in the option periods will be considered, and evaluated as, no change per option period.

IV. GUARANTEED MINIMUM/MAXIMUM

- A. The guaranteed minimum is \$57,000.00 (for the base period only).
- B. The maximum ceiling on the resultant contract is \$1,200,000.00.

V. REQUIREMENTS

- A. Start-up-Period: The Contractor's startup period will take place prior to the first order and is included in the 18-month period of the base period. The Contractor shall submit a proposed implementation schedule to the Contracting Officer within five (5) days after award highlighting the steps that will be taken to implement a fully functional distribution account, including all EDI transactions for all

--------------------	--	---------------------

customers covered by this solicitation. An additional thirty (30) days will be granted for actual implementation. No more than thirty (30) days after award will be permitted for each contractor to have fully functional distribution accounts in place for all customers.

VI. CATALOGS

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

A. Catalog Maintenance

1. New Items

(a) Prior to commencement of the first order, DLA Troop Support Pacific, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.

(b) After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA Troop Support Pacific (if required) and add the item to the ordering catalog via an 832 catalog transaction. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer provided form when requesting all item approvals (additions and/or changes). The form is mandatory and is Attachment 4.

(c) The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

2. Catalog Pricing

(a) Schedule of Items Pricing: Items priced in the Schedule of Items (See Attachment) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.

(b) Catalog Price Changes: Once an item is listed on the ordering catalog, the contracting officer will make on-going price reasonableness determinations. In accordance with clause Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model, contractors are permitted to submit a weekly EPA for items found on the catalog. For each item the vendor is requesting a price change, the contracting officer will conduct a separate price reasonableness determination. The item will be removed from the catalog until a fair and reasonable price can be determined by the Contracting Officer.

(c) Catalog Additions: Before an item is added to the catalog vendors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote, and proposed distribution price. **The request is due by 9:00 AM HST on the Monday prior to inclusion of the Wednesday catalog updates.** The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.

(d) Pricing Requirements: The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a minimum of all orders issued during the first ordering week (from Sunday at 12:01 AM through the following Saturday until midnight). The prices shall remain in effect for all subsequent ordering weeks except as otherwise adjusted IAW clause Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model (Nov 2011).

(i) On the first week's catalog the vendor shall submit final evaluated prices as awarded using the 832 transaction unless lower market prices are available at time of award whereby the vendor shall adjust their catalog prices to provide all available lower prices to the Government. Because this award is being made as Low Price Technically Acceptable, there is no upward adjustment on the final evaluated price for the first week's catalog. For Troop Customers the vendor retains the right to limit deliveries under the first week's catalog to delivery days in the first week plus the following Monday and Tuesday.

3. Rebates/Discounts and Price-Related Provisions

(a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances or other similar economic incentives or benefits received by the Contractor at any time during the period of performance shall be passed to the Government via a reduced catalog price. Instructions for identifying discounts, rebates, allowances or other similar economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.

(b) The contractor may retain Early Payment discounts that meet the following conditions:

- (i) the Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
- (ii) the Early Payment discount is consistent with commercial practice;

CONTINUED ON NEXT PAGE

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE302-15-Q-S012	PAGE 11 OF 50 PAGES
--------------------	--	---------------------

- (iii) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;
- (iv) the Early Payment discount is not established, requested, or negotiated for the purpose of avoiding giving DLA TROOP SUPPORT PACIFIC a lower cost or a rebate or in exchange for a higher invoice price;
- (v) the Early Payment discount is no more than 2 percent of the manufacturer/grower's invoice and the early payment is required within 10 days to obtain the discount; and
- (vi) the contractor actually made the required payment within the time period required to receive the discount.
- (c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with "No payment terms."
- (d) The Government may require the contractor to submit invoices and other documentation from all subcontractor tiers or any supplier or person in the delivered price supply chain, to substantiate all discounts, rebates, allowances or other similar economic incentives or benefits. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other similar economic incentive or benefit should have been passed on to the Government, or if price verifications reveal any instance of overpricing or underpricing, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the amount of the overcharges or discounts, rebates, allowances or other similar economic incentives or benefits, including interest and the contractor shall be entitled to a credit for any undercharges. The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records relevant to the existence of discounts, rebates, allowances or other similar economic incentives or benefits, and commercial customer delivered prices. Failure to exercise this right shall not constitute a defense or alter the Government's entitlement to any other remedies by contract or by law.

VII. CUSTOMERS

A. Adding Customers within the Maui distribution zone.

1. Additional customers that request DLA Troop Support Pacific produce support will be added on to the resultant Produce contract under this solicitation, without any new acquisition or competition process, if the customer(s) is clearly within the Maui Distribution Zone covered by this contract.
2. In this case, the contractor shall include this customer(s) at the effective contract prices applicable to that contract zone or region.
3. The decision as to whether the new customer is clearly within the contract region or zone and will be added to the contract without further competition and at existent contract prices, shall be the sole decision of the DLA Troop Support Pacific Contracting Officer.

B. Adding Customers outside the Contract Geographic Distribution Region/Zone that are not Covered by a Current Produce Long Term Contract or this IDIQ contract.

1. This provision applies to the following customers:
 - (a) A new DoD federal customer that is not clearly within the contract geographic distribution region/zone and for which the contractor will not accept the customer(s) at the effective contract price,
 - (b) A customer(s) located in an area that may be considered adjacent or proximal to the geographic distribution region/zone covered by more than one contractor.
 - (c) The above instances may occur when new customers request DLA Troop Support Pacific produce support or a current Contractor is no longer able to support that proximal customer installation(s). In these latter events, the DLA Troop Support Pacific will utilize this provision to expeditiously source a Contractor for the customer installation(s).
2. The customer installations described in paragraph B above, and their Produce requirements, will be added to a Contractor's contract as follows:
 - (a) Complete price proposals to support the subject new customer(s), to include distribution and delivered prices, will be requested from only existing Subsistence Produce contractors that are proximal to the new customer, i.e. close in distance. Also, the Government may use any in house records.
3. The contract maximum may not be exceeded, even with the addition of a new customer(s).
4. The decision as to which contractors are proximal to the new customer and will be requested to provide a proposal to support such customer shall be the sole decision of the DLA Troop Support Pacific Contracting Officer.

The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(3) The clause at 52.212-5.

(4) Addenda to this solicitation or contract, including any license agreements for computer software.

(5) Solicitation provisions if this is a solicitation.

(6) Other paragraphs of this clause.

(7) The Standard Form 1449.

(8) Other documents, exhibits, and attachments.

(9) The specification.

(t) System for Award Management (SAM).

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of Subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE302-15-Q-S012	PAGE 24 OF 50 PAGES
--------------------	--	---------------------

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

"Inspection and acceptance of products will be performed at destination. The authorized Government receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer and/or the authorized Government receiving official.

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

(1) In addition to bilateral changes, the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.

(2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:

(i) Method of shipment or packing;

(ii) Place, manner, or time of delivery.

(3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(5) Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

3. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

4. Paragraph (r) Compliance with laws unique to Government contracts. Is revised to include the following:

(r)The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; Section 1553 of the American Recovery and Reinvestment Act of 2009 relating to whistleblower protections for contracts funded under that Act; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

<p>(1) Contract unit prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and</p> <p>(2) All price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.</p> <p>(b) Definitions. As used throughout this clause, the term:</p> <p>(1) "Contract Unit Price" means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support's customers. The Contract Unit Price consists of two components: Delivered Price and Distribution Price. The unit price sum of the two component prices shall be rounded up or down as applicable, to the nearest cent to determine the final Contract Unit Price.</p> <p>(2) "Delivered Price" means the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, inclusive of standard freight. The Delivered Price shall be based on free on board (f.o.b.) Destination. Delivered Price shall exclude all costs that are to be covered in the Distribution Price.</p> <p>(i) Exceptions:</p> <p>(A) Mandatory Source Items: The Delivered Price shall be limited to the nonprofit agency's price for product as set in accordance with applicable law, plus applicable freight.</p> <p>(B) A contiguous United States (CONUS)-based redistributor's price for a specific manufacturer's/grower's/private label holder's product (SKU) may be considered by the Government as long as the redistributor's price for the quantity ordered is equal to or lower than the manufacturer's/grower's/private label holder's published price inclusive of discounts/allowances. This exception must be approved by the Contracting Officer on a case by case basis. Supporting documentation may be required.</p> <p>(3) "Product Allowance" means discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract (and subject to any exception in those provisions), all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer's, grower's or private label holder's invoice (referred to as "off-invoice allowances") or otherwise given to the Contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of these discounts, rebates, and allowances (Product Allowance), shall be reflected via a reduced Subsistence Total Order and Receipt Electronic System (STORES) price and Fresh Fruit and Vegetable Order Receipt System (FFAVORS), resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the US Treasury, with an attached itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.</p> <p>(4) "Distribution Price(s)" means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price is the only method for the Contractor to bill the Government for all aspects of contract performance other than Delivered Price; including but not limited to, the performance requirements of the SOW for the applicable SPV solicitation and resulting contract. As detailed above in (2), Delivered Price is distinct from and not to be included in the Distribution Price.</p> <p>(5) "Ordering Catalog" means the electronic listing of items and their corresponding contract unit prices available for ordering under this contract.</p> <p>(6) "Ordering Week" means from Sunday at 12:01 AM through the following Saturday until midnight (Hawaii Time (HT), standard or daylight as applicable).</p> <p>(c) Price adjustments.</p> <p>(1) General.</p> <p>(i) All contract unit prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this clause. After the first Ordering Week, if the Contractor's Delivered Price changes for any or all contract unit prices, the Contract Unit Price shall be changed in the next week's Ordering Catalog upon the Contractor's request, submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next Ordering Week. All Ordering Catalog Unit Prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the</p>

<p>Contract Unit Price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent Ordering Week.</p> <p>(ii) Catalog Delivered Prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into SPV Contractor's inventory).</p> <p>(iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted weekly, no later than <u>12:00PM Hawaii Standard Time on Wednesday</u> to be effective in the following Ordering Week's Ordering Catalog prices. The Delivered Price shall have any and all Product Allowance subtractions made prior to presenting the Delivered Price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange (EDI) 832 transaction set. The change notice shall include the Contractor's adjustment in the Delivered Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such 832 price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's Ordering Catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next week's Ordering Catalog.</p> <p>(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior Ordering Weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.</p> <p>(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by close of business, <u>3:00PM Hawaii Standard Time each Friday</u> that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following Ordering Week. The posting of updated prices in the Ordering Catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.</p> <p>(vi) Should the Contracting Officer determine that, or question whether a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is(are) higher than lower Delivered Prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business, <u>3:00PM Hawaii Standard Time on Friday</u>. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's Ordering Catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the Ordering Catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.</p> <p>(vii) In the event of a price change not posting or an Ordering Catalog Contract Unit Price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract Unit Price, the Prime Vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its Ordering Catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the Ordering Catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.</p> <p>(2) Limitations. All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for—</p> <p>(i) Supplies for which the delivered price is not affected by such changes;</p> <p>(ii) Changes in the quantities of materials; and</p> <p>(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.</p> <p>(d) Upward ceiling on economic price adjustment. The aggregate of contract Delivered Price increases for each item under this clause during the contract period inclusive of any option period(s) shall not exceed 90 percent (%) for Fresh Fruits and Vegetables (FF&V) of the initial Contract Delivered Price, except as provided below:</p>

<p>(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.</p> <p>(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following week's ordering catalog.</p> <p>(e) DOWNWARD LIMITATION ON ECONOMIC PRICE ADJUSTMENTS. There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.</p> <p>(f) Examination of records. The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.</p> <p>(g) Final invoice. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.</p> <p>(h) Disputes. Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.</p> <p>(End of Clause)</p> <p>252.216-7006 ORDERING (MAY 2011) DFARS</p> <p>(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the contract schedule. The preliminary notice does not commit the Government to an extension.</p> <p>(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.</p> <p>(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 36 MONTHS (3 YEARS) (months) (years). Part 12 Provisions

52.212-01 INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS (APR 2014)

52.212-2 Evaluation – Commercial Items (OCT 2014) – FAR

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The resultant contract will be based on the lowest evaluated aggregate price quote meeting or exceeding the acceptability standards for the following non-price factor:

LOWEST PRICE TECHNICALLY ACCEPTABLE (LPTA) – THE RESULTANT CONTRACT WILL BE BASED ON THE LOWEST EVALUATED AGGREGATE PRICE QUOTE MEETING OR EXCEEDING THE ACCEPTABILITY STANDARDS FOR THE FOLLOWING NON-PRICE FACTOR:

1. TECHNICAL: THE OFFEROR TAKES NO EXCEPTIONS TO THE TERMS AND CONDITIONS IN THE SOLICITATION.

2. PRICING: PRICING IS REQUIRED FOR ALL ITEMS FOUND IN THE SCHEDULE OF ITEMS, FOR ALL PERIODS (BASE AND OPTION 1). THE GOVERNMENT WILL PERFORM AN AGGREGATE PRICE ANALYSIS ON ALL ITEMS FOUND IN THE SCHEDULE OF ITEMS. THE ESTIMATED QUANTITIES IN THE SCHEDULE OF ITEMS SHALL BE MULTIPLIED BY THE CASE PRICES TO DETERMINE THE LOWEST AGGREGATE PRICE. DELIVERED AND DISTRIBUTION PRICES WILL BE EVALUATED TO DETERMINE IF THERE ARE ANY OUTLIERS WITH THE ULTIMATE AWARD DECISION BASED ON THE LOWEST EVALUATED AGGREGATE PRICE (SUM OF BASE PERIOD AND OPTION PERIOD 1).

IN ACCORDANCE WITH DLAD CLAUSE 52.215-9023, REVERSE AUCTION MAY BE USED FOR DISTRIBUTION PRICE PER POUND (LB) ONLY AND THE LOW OFFEROR AT THE END OF THE REVERSE AUCTION MAY NOT BE THE ULTIMATE AWARDEE. AWARD DETERMINATION WILL BE BASED ON THE LOWEST EVALUATED AGGREGATE PRICE.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) () **Are, () are not presently debarred**, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(4) () **Have, () have not, within a three-year period preceding this offer**, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

52.211-9011 BUSINESS SYSTEMS MODERNIZATION (BSM) DELIVERY TERMS AND EVALUATION (MAY 2006) DLAD

52.215-9023 REVERSE AUCTIONS (OCT 2013) (DLAD)

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

(a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.

(b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.

(c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.

(d) The lowest offeror's price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror's identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror's proposed pricing, such as "Offeror A" or "lowest-priced offeror"). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.

(e) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is inconsistent with the purpose of the reverse auction. If a tie offer is submitted, the "Not Lead" offeror that submitted the tie offer must offer a changed price; it will be ineligible for award if the final price in the auction is the tie offer price.

(f) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(g) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the 'trained offeror' designation from any trained offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.
