RAPIDGATE

"Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest.

If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at www.rapidgate.com.

Please note that RapidGate is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement."

CAUTION - CONTRACTOR CODE OF BUSINESS ETHICS (FEB 2012)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

STATEMENT OF WORK (SCOPE)

I. INTRODUCTION

A. DLA TROOP SUPPORT PACIFIC intends to enter into an Indefinite Delivery, Indefinite Quantity (IDIQ) contract with a commercial firm to supply a full-line of USDA No.1 or better Fresh Fruit and Vegetable (FF&V) to the Department of Defense (DoD) Ships customers, Oahu, in the State of Hawaii. Department of Defense ships include United States Ship (USS) ships, boats, and submarines, and United States Naval Ship (USNS) ships.

B. This solicitation consists of DoD Ships customers. Offerors are required to offer on all items in the Schedule of Items; failure to do so may result in exclusion from award consideration.

C. This solicitation is being issued as 100% small business set-aside. It utilizes the Lowest Price Technically Acceptable Source Selection Process.

D. Any award made against this solicitation will result in a Fixed Price with Economic Price Adjustment (FP with EPA), Indefinite Delivery, Indefinite Quantity (IDIQ) contract. The IDIQ contract will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504 (a)).

II. EFFECTIVE PERIOD OF CONTRACT

A. The resultant contract may be for a total of 4.5 years (one [18 month] base period plus two [18 month] option periods) commencing on the effective date of the contract. The base period and the total length of the contract does not include the 35-day start-up period, see (Paragraph IV. Requirements).

B. For evaluation purposes only, the base term of the resultant contract (18 Months), and the term of any option (18 Months), if exercised under the Contract, will not exceed 18 months for the option period. The total length of the contract will not exceed fifty-four (54) months.

C. Exercising of an option is not automatic and depends upon such conditions as acceptable contractor performance in meeting contract specifications and verifying an ongoing demand for this requirement.

III. GUARANTEED MINIMUM/MAXIMUM

A. The guaranteed minimum on the resultant contract is \$278,000 (applies to the base period only).

B. The maximum ceiling on the resultant contract is \$18,000,000.

IV. REQUIREMENTS

Start-up-Period: The Contractor's startup period will take place prior to the first order and is not included in the 18-month period of the base period. The Contractor will be granted up to a maximum of thirty-five (35) calendar days (after contract award) to have a fully functional distribution account, including all EDI transactions for all customers covered by this contract. The 35 days is not intended to be part of the 18-month period of the base period.

V. CATALOGS

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

A. Catalog Maintenance

1. New Items

(a) Prior to commencement of the first order, DLA TROOP SUPPORT PACIFIC, the customer and the contractor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the contractor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.

(b) After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA TROOP SUPPORT PACIFIC (if required) and add the item to the ordering catalog via an 832 catalog transaction. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer provided form when requesting all item approvals (additions and/or changes). The form is mandatory and is Attachment 3.

(c) The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

2. Catalog Pricing

(a) Schedule of Items Pricing: Items priced in the Schedule of Items (See Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.

(b) Catalog Price Changes: Once an item is listed on the ordering catalog, the contracting officer will make on-going price reasonableness determinations. In accordance with clause Economic Price Adjustment -Actual Material Costs for Subsistence Delivered Price Business Model, contractors are permitted to submit a weekly EPA for items found on the catalog. For each item the contractor is requesting a price change, the contracting officer will conduct a separate price reasonableness determination. The item will be removed from the catalog until a fair and reasonable price can be determined by the Contracting Officer.

(c) Catalog Additions: Before an item is added to the catalog, contractors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment 3). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote, and proposed distribution price. The request is due by 9:00 AM HST on the Monday prior to inclusion of the Wednesday catalog updates. The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the contractor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.

(d) Pricing Requirements: The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a minimum of all orders issued during the first ordering week (from Sunday at 12:01 AM through the following Saturday until midnight). The prices shall remain in effect for all subsequent ordering weeks except as otherwise adjusted IAW clause Economic Price Adjustment -Actual Material Costs for Subsistence Delivered Price Business Model (Nov 2011).

(i) On the first week's catalog the contractor shall submit final evaluated prices as awarded using the 832 transaction unless lower market prices are available at time of award whereby the contractor shall adjust their catalog prices to provide all available lower prices to the Government. Because this award is being made as Low Price Technically Acceptable, there is no upward adjustment on the final evaluated price for the first week's catalog. For Ship customers the contractor retains the right to limit deliveries under the first week's catalog to delivery days in the first week plus the following Monday and Tuesday.

3. Rebates/Discounts and Price-Related Provisions

(a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances or other similar economic incentives or benefits received by the Contractor at any time during the period of performance shall be passed to the Government via a reduced catalog price. Instructions for identifying discounts, rebates, allowances or other similar economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.

(b) The contractor may retain Early Payment discounts that meet the following conditions: (i) the Early Payment discount is an incentive to encourage payment earlier than the normal payment due date; the Early Payment discount is consistent with commercial practice; (ii) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the (iii) Contractor at the same discount rate and under the same conditions as provided to the Contractor; the Early Payment discount is not established, requested, or negotiated for the purpose of avoiding (iv) giving DLA TROOP SUPPORT PACIFIC a lower cost or a rebate or in exchange for a higher invoice price; (v) the Early Payment discount is no more than 2 percent of the manufacturer/grower's invoice and the early payment is required within 10 days to obtain the discount; and (vi) the contractor actually made the required payment within the time period required to receive the discount.

(c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with "No payment terms."

(d) The Government may require the contractor to submit invoices and other documentation from all subcontractor tiers or any supplier or person in the delivered price supply chain, to substantiate all discounts, rebates, allowances or other similar economic incentives or benefits. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other similar economic incentives or the Government, or if price verifications reveal any instance of overpricing or underpricing, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the amount of the overcharges or discounts, rebates, allowances or other similar economic incentives or benefits, including interest and the contractor shall be entitled to a credit for any undercharges. The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records relevant to the existence of discounts, rebates, allowances or other similar economic incentives or benefits, and commercial customer delivered prices. Failure to exercise this right shall not constitute a defense or alter the Government's entitlement to any other remedies by contract or by law.

VI. CUSTOMERS

A. Adding Customers within the Oahu distribution zone.

1. Additional DoD/federal government customers that request DLA TROOP SUPPORT PACIFIC produce support will be added on to the resultant Produce Long Term Contract under this solicitation, without any new acquisition or competition process, if the customer(s) is clearly within the Oahu Distribution Zone covered by this contract.

2. In this case, the contractor shall include this customer(s) at the effective contract prices applicable to that contract zone or region.

3. The decision as to whether the new customer is clearly within the contract region or zone and will be added to the contract without further competition and at existent contract prices, shall be the sole decision of the DLA TROOP SUPPORT PACIFIC Contracting Officer.

B. Adding Customers outside the Contract Geographic Distribution Region/Zone that are not Covered by a Current Produce Long Term Contract.

1. This provision applies to the following customers:

(a) A new DoD federal customer that is not clearly within the contract geographic distribution region/zone and for which the contractor will not accept the customer(s) at the effective contract price,

(b) A customer(s) located in an area that may be considered adjacent or proximal to the geographic distribution region/zone covered by more than one contractor.

(c) The above instances may occur when new customers request DLA TROOP SUPPORT PACIFIC Produce support or a current Contractor is no longer able to support that proximal customer installation(s). In these latter events, the DLA TROOP SUPPORT PACIFIC will utilize this provision to expeditiously source a Contractor for the customer installation(s).

2. The customer installations described in paragraph B above, and their Produce requirements, will be added to a Contractor's contract as follows:

(a) Complete price proposals to support the subject new customer(s), to include distribution and delivered prices, will be requested from only existing Subsistence Produce contractors that are proximal to the new customer, i.e. close in distance. Also, the Government may use any in house records.

3. The contract maximum may not be exceeded, even with the addition of a new customer(s).

4. The decision as to which contractors are proximal to the new customer and will be requested to provide a proposal to support such customer shall be the sole decision of the DLA TROOP SUPPORT PACIFIC Contracting Officer.

VII. CUSTOMER SERVICE

A. The DoD has periodic food menu boards, and other types of meetings which the contractor may be required to attend. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products, demonstrate produce preparation, and provide nutritional information.

B. The contractor shall provide at least one (1) full time Customer Service representative to maintain continuous contact with all of the ordering activities. The name of the representative and the phone number, mobile phone number, beeper number, email address, or any other method of communicating with the representative, shall be furnished to the customer after award.

C. The contractor shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their choices.

D. Since many of our customers only have access to the Government phone network, it is strongly preferred that a toll free number be provided.

VIII. VALUE ADDED SERVICES

A. Market Forecast: The contractor is required to provide the customer and the contracting officer with a weekly produce market forecast bulletin on Friday which outlines for the following week information regarding supply availability, product quality, associated growing areas, price trends, weather conditions, and handling tips.

IX. ORDERING SYSTEMS

Subsistence Total Order & Receipt Electronic System (STORES): DOD customers will order using the Subsistence Total Order and Receipt Electronic System (STORES) catalog. The contractor is responsible for establishing and maintaining the STORES catalog. Accessed via the Internet, STORES is the Government's translator/ordering system that is capable of accepting orders from any of the Services, i.e. Army, Air Force, Navy, or Marines, individual ordering systems and translating them into an Electronic Data Interchange (EDI) format. In addition, this information is passed to DLA TROOP SUPPORT PACIFIC for the purposes of contractor payment and customer billing.

2. Customers will be able to order all of their requirements through STORES. The System will transmit orders to the contractor and DLA TROOP SUPPORT PACIFIC.

3. The awardee shall be required to interface with STORES and must be able to support the following EDI transactions:

- 810 Electronic Invoice
- 820 Payment Voucher Information
- 832 Catalog (Outbound Contractor to DLA TROOP SUPPORT PACIFIC) 850 Purchase Order
- 861 Receipt
- 997 Functional Acknowledgement

Note: A complete description of these transaction sets is included in the "EDI Implementation Guidelines" can be found in the attachment or at http://www.troopsupport.dla.mil, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Requests.

4. The contractor shall have access to the Internet and be able to send and receive electronic mail (email).

5. Unit prices must be formatted not more than two (2) places to the right of the decimal point in all ordering catalogs.

6. The contractor is required to utilize the Government's item descriptions on all electronic ordering catalogs (832 transmissions) as well as on its invoices, delivery ticket to customer and 810 invoice transaction set.

7. The contractor will utilize the DLA TROOP SUPPORT PACIFIC invoice reconciliation process, or other such systems as may become available, to the maximum extent, towards the goal of correcting invoices early and facilitating the payment process.

8. In the event the STORES system or the contractor's interface is not operational, the contactor must provide alternate ways for the customer to order (e.g., by fax, by phone, pick up orders, etc.)

9. Contractor shall use the Order Receipt Confirmation tool in STORES to confirm receipt of all transmitted orders.

B. Public Key Infrastructure (PKI)/ External Certificate Authorities (ECA) Certificates: The Department of Defense (DoD) Public Key Infrastructure (PKI) Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.

1. Obtaining a PKI certificate:

Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities (ECAs). The ECAs are companies that provide digital certificates to DoD's industry partners who are using their own equipment or working in non - Governmental facilities. Certificate prices range from \$99 - \$115 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at: http://iase.disa.mil/pki/eca/Pages/index.aspx.

(b) Each contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

X. ORDER PLACEMENT

A. Minimum order requirement for any resultant contract is \$100.00. The \$100.00 minimum order shall be based on the aggregate total of orders to all customers located within a particular base or location. See Attachment 2 for specific delivery information for the customers.

B. All invoice pricing will be based upon the unit price at time of order. For example, for any item ordered on a Friday to be delivered the following week, pricing will based upon the Friday price, regardless of whether the unit price for that item changed as part of the weekly catalog update.

C. For small volume orders (less than \$8,000), ship customers shall place their orders to accommodate at a minimum a "skip day" delivery. For example, an order placed on September 1 would have a required delivery date of September 3. For large volume orders (\$8,000 and up), the lead time required for the order is 21 days. See Attachment 2 for specific delivery information for Ship customers.

XI. ITEM AVAILABILITY

A. The contractor must have access to items in sufficient quantities to fill all ordering activity requirements. All supplies shall be furnished on a "fill or kill" basis. The order must be filled in its entirety or canceled (killed). Partial shipments are acceptable if the customer is notified in advance and agrees to the partial shipments; however, the unfilled quantity is to be reported as not-in-stock (NIS). Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.

B. The contractor shall notify the customer within 24 hours of order placement of the non-availability of any item. Continued issue of the item may require and include contractor screening/rework of the nonconforming product (removal of defective product) and follow-up Government inspection/audit to verify action taken by the contractor (at no cost to the Government for inspection/travel costs). At CONUS/OCONUS locations, only the Contracting Officer, NOT the customer or the Lead Auditor, has the authority to accept wrong items (not meeting item description cited in DLA TROOP SUPPORT PACIFIC catalog or not meeting the specified US Grade cited in the contract, etc.). The Rating assigned to the item WILL NOT be changed by the Lead Auditor because of acceptance with a waiver/rework/repair of the product in question. The DLA TROOP SUPPORT PACIFIC Food Safety Office at the request of the Contracting Officer, may issue a restricted (to DLA TROOP SUPPORT PACIFIC customers only) a Hazardous Food Recall for all those items originating from an unapproved source and distributed to DLA TROOP SUPPORT PACIFIC customers.

Immediately upon receipt of the audit notification, the contractor shall make arrangements to use their normal product cutting room/kitchen (if adequate) or find another facility for the audit. If there is no space available at the contractor facility or the space is inadequate other arrangements must be made by the contractor. The room must be equipped with running water. To ensure accurate weight of audited items, it is highly recommended that scales used during the audit are calibrated within the 60-day notification period and an applicable set of test weights are available to verify scale accuracy. A digital scale capable of weighing small items and a scale capable of weighing full cases are required. Cleanup of the cutting area/room and continuous cleanup of equipment will be the contractor's responsibility. Warehousing assistance will be required to pull and prepare samples for the audit. Assistance with moving samples from the storage areas to the audit area and also continuous removal of items after review will be required on audit days. Some samples may require refrigeration; an area will need to be provided for sample storage. All samples must be stored in a controlled environment to protect from temperature abuse or tampering. Fruit and Vegetable commodities will consist of 8 - 13 samples (2-case/ shipping container per item) randomly selected per each commodity depending on last audit acceptability rating for each commodity. The entire contents of the two-case samples will be examined during the audit. Additional samples may be selected at the request of the Contracting Officer due to customer complaints.

5. Audit Results:

(a)The audit results are performance indicators that will be used in conjunction with a contractor's past performance. DLA TROOP SUPPORT PACIFIC considers 85% acceptability for each commodity (fresh fruits and vegetables) as the minimum standard for acceptable performance. Contractors will be given a detailed report on each product reviewed. It will be the Contractor's responsibility to take immediate action to correct any deficiency uncovered during the audit. Corrective action must include action to address the deficiency and the system which allowed the deficiency to occur. Audit failures and/or failure to take corrective action will be grounds for terminating the contract.

6. Follow-Up Audits:

(a)Follow up audits may be scheduled within a one-year period of the initial audit or sooner as deemed necessary by the Government. Grounds for follow-up audits include but are not limited to failure to obtain an acceptable rating (<85%) in the Fresh Fruit & Vegetable Commodity, repetitive failures, and customer complaints. All samples, audit facility, and equipment/supplies needed for the follow-up, same as indicated above for the initial audit, are to be at the expense of the Contractor. During a follow-up audit only the commodity that failed the initial audit (scored <85%) will be audited. Also, a commodity that had an unreasonable number of items not-in-stock (more than 50% of items listed in the contractor's catalog were NIS) during the initial audit, may also be audited during a follow-up. If the follow-up audit is for failure of the USDA-AMS' GAP or GHP Audits or other non-product issue, no product will be audited during the follow-up audit.

7. Audit Failures:

(b) As noted herein, audit failures and/or failure to take corrective action will be grounds for terminating the contract. The government may, at its discretion, take other action to address the audit failure such as, but not limited to unannounced QSMVs and/or follow-up audits. Such action will not eliminate the government's right to terminate the contract should the deficiency or system which allowed the deficiency to occur remain uncorrected.

Fresh-cut products bags must be marked with the appropriate shelf life from the Date of Production (DOP).

2. Traceability Requirements for Contractors, Contractor's Suppliers Re-Packaging and Re-Labeling Products:

(a) All fresh fruits and vegetables must be able to be traced back to the grower/supplier of the product. If the contractor or the contractor's distributor/supplier removes the produce from the grower/packer's original packaging/shipping container and re- packages/re-labels an item, documentation must be maintained to trace back to the grower/packer to verify domestic origin, approved source as applicable, and/or in case of a hazardous food recall or an item is rated Red/Critical during a DLA TROOP SUPPORT PACIFIC Produce Quality Audit. The contractor shall maintain or request from their suppliers/distributors documentation/certificates containing the following information: Item nomenclature, name of establishment/Grower, location, country of origin, date of production/pack (DOP), lot number, etc. If packaging of the item occurred in more than one establishment, documentation for each item must also be maintained / provided. The contractor must be able to show/provide DLA TROOP SUPPORT PACIFIC Produce Quality Audit Team the documentation for samples selected during Produce Quality Audits or Unannounced QSMVs. It is the contractor's responsibility to notify and ensure their suppliers understand and comply with this requirement. The above requirements are necessary in the event of a Hazardous Food Recall (i.e., ALFOODACT) of potentially hazardous product when a recall is issued by a Regulatory Agency and for the contractor to isolate suspected items in order to notify customers in an expeditious manner whenever products are rated "Red/Critical" during a DLA TROOP SUPPORT PACIFIC Produce Quality Audit. The above requirements serve two main purposes:

The Government shall order at least the quantity of supplies or services designated in

the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.
 (d)) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period ; provided, that the Contractor shall not be required to make any deliveries under this contract after 90 DAYS FROM CONTRACT COMPLETION (End of clause)

EPA Clause

Economic Price Adjustment (EPA) – Actual Material Costs for Subsistence Delivered Price Business Model

(a) Warranties. For the portion of the schedule that is covered by this EPA clause, the Contractor warrants that-

(1) Contract unit prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) All price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) Definitions. As used throughout this clause, the term:

(1) "Contract Unit Price" means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support's customers. The Contract Unit Price consists of two components: Delivered Price and Distribution Price. The unit price sum of the two component prices shall be rounded up or down as applicable, to the nearest cent to determine the final Contract Unit Price.

(2) "Delivered Price" means the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, inclusive of standard freight. The Delivered Price shall be based on free on board (f.o.b.) Destination. Delivered Price shall exclude all costs that are to be covered in the Distribution Price.

(i)) Exceptions:

(A) Mandatory Source Items: The Delivered Price shall be limited to the nonprofit agency's price for product as set in accordance with applicable law, plus applicable freight.

(B) A contiguous United States (CONUS)-based redistributor's price for a specific manufacturer's/grower's/private label holder's product (SKU) may be considered by the Government as long as the redistributor's price for the quantity ordered is equal to or lower than the manufacturer's/grower's/private label holder's published price inclusive of discounts/allowances. This exception must be approved by the Contracting Officer on a case by case basis. Supporting documentation may be required.

(3) "Product Allowance" means discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract (and subject to any exception in those provisions), all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer's, grower's or private label holder's invoice (referred to as "off-invoice allowances") or otherwise given to the Contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of these discounts, rebates, and allowances (Product Allowance), shall be reflected via a reduced Subsistence Total Order and Receipt Electronic System (STORES) price and Fresh Fruit and Vegetable Order Receipt System (FFAVORS), resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the US Treasury, with an attached itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.

(4) "Distribution Price(s)" means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price is the only method for the Contractor to bill the Government for all aspects of contract performance other than Delivered Price; including but not limited to, the performance requirements of the SOW for the applicable SPV solicitation and resulting contract. As detailed above in (2), Delivered Price is distinct from and not to be included in the Distribution Price.

(5) "Ordering Catalog" means the electronic listing of items and their corresponding contract unit prices available for ordering under this contract.

(6) "Ordering Week" means from Sunday at 12:01 AM through the following Saturday until midnight (Hawaii Time (HT), standard or daylight as applicable).

(c) Price adjustments.

(1) General.

(i)) All contract unit prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this clause. After the first Ordering Week, if the Contractor's Delivered Price changes for any or all contract unit prices, the Contract Unit Price shall be changed in the next week's Ordering Catalog upon the Contractor's request, submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next Ordering Week. All Ordering Catalog Unit Prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent Ordering Week.

(ii) Catalog Delivered Prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into SPV Contractor's inventory).

(iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted weekly, no later than <u>12:00PM Hawaii Standard Time on **Wednesday**</u> to be effective in the following Ordering Week's Ordering Catalog prices. The Delivered Price shall have any and all Product Allowance subtractions made prior to presenting the Delivered

Price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange (EDI) 832 transaction set. The change notice shall include the Contractor's adjustment in the Delivered Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such 832 price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's Ordering Catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next week's Ordering Catalog.

(iv)) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the preexisting price for any item, including prices applicable to prior Ordering Weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by close of business, <u>3:00PM Hawaii Standard Time each **Friday**</u> that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following Ordering Week. The posting of updated prices in the Ordering Catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.

(vi) hould the Contracting Officer determine that, or question whether a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is(are) higher than lower Delivered Prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business, <u>3:00PM Hawaii</u> <u>Standard Time on **Friday**</u>. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's Ordering Catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the Ordering Catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.

(vii) In the event of a price change not posting or an Ordering Catalog Contract Unit Price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract Unit Price, the Prime Vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its Ordering Catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the Ordering Catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

(2) Limitations. All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for—

(i) Supplies for which the delivered price is not affected by such changes;

(ii) Changes in the quantities of materials; and

(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

(d) Upward ceiling on economic price adjustment. The aggregate of contract Delivered Price increases for each item under this clause during the contract period inclusive of any option period(s) shall not exceed **90 percent** (%) for **Fresh Fruits and Vegetables (FF&V)** of the initial Contract Delivered Price, except as provided below:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following week's ordering catalog.

(e) DOWNWARD LIMITATION ON ECONOMIC PRICE ADJUSTMENTS. There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

(f) Examination of records. The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(g) Final invoice. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.

(h) Disputes. Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

(End of Clause)

1. Paragraph (b), Submission of Offers.

a. Proposals for this solicitation shall be submitted via electronic mail (email). Faxed, hand-carried or mailed proposals are NOT authorized for this solicitation.

2. Paragraph (c), Period <u>for Acceptance of Offers</u>, is revised as follows: Period of acceptance is <u>180</u> calendar days.

(f) Late Submissions, Modifications, Revision, and Withdrawals of Offers.

(1) Offerors are responsible for submitting proposals, and any modifications, revisions, or withdrawals, so as to reach the Government email address designated in the solicitation by the time specified in the solicitation.

(2)(i) Any proposal, modification, revision, or withdrawal of an offer received at the Government email address designated in the solicitation after the exact time specified for receipt of proposals is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late proposal would not unduly delay the acquisition; and-

(A) It was sent by email and there is acceptable evidence to establish that it was received at the initial point of entry to the Government infrastructure prior to the time set for receipt of proposals; or

(B) There is acceptable evidence to establish that it was received at the designated Government email address and was under the Government's control prior to the time set for receipt of proposals; or

PROPOSAL SUBMISSION INFORMATION

I. PROPOSAL REQUIREMENTS

A. Proposals for this solicitation shall be submitted via electronic mail (email). DLA Troop Support Pacific will not accept faxed or paper proposals in response to this solicitation **The email address for receipt of proposals is:**

The maximum size of each email message shall be three and one-half (3 ½) megabytes. Any compressed files must be self-extracting, and you must provide instructions. You may use multiple email messages for your proposal submission; however, you must include the required information on the subject line, as stated in this paragraph, and number them in this manner; Message 1 of 3, 2 of 3, etc. All email attachments shall be compatible with IBM type CPUs and Microsoft WORD, Microsoft EXCEL and Adobe Acrobat software. Prices shall be provided on RFP/SOW Attachment 1 -Schedule of Items, and shall be submitted as a Microsoft EXCEL file, no exceptions. IT IS THE OFFEROR'S RESPONSIBILITY TO CONFIRM RECEIPT OF PROPOSAL.

B. At a minimum, the following shall be submitted as email attachments:

- 1. Signed and Completed Standard Form (SF) 1449 [ALL PAGES]
- 2. Signed SF30 Amendments (if applicable)
- 3. Completed Representations and Certifications
- 4. Completed Attachment 1 Schedule of Items.
- II. PRICING

A. Pricing will be evaluated through the Schedule of Items Approach. The Schedule of Items Approach is a grouping of items along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for 18 months for all DoD Ships customers. Offers shall submit pricing on RFP/SOW Attachment 1 – Schedule of Items, no exceptions. Use of any other spreadsheet or form may deem an offeror as nonresponsive. Offers are required to submit their unit price for each item, broken down into the corresponding Delivered Price and Distribution Price components. Prices must not extend more than two [2] places to the right of the decimal point.

1. Pricing will be based on the following formula:

Contract Unit Price = Delivered Price + Distribution Price

2. In accordance with DLAD Clause 52.215-9023, Reverse Auction may be used for Distribution Price Per Pound (LB) only.

- B. Definitions:
- 1. "Contract Unit Price" See Economic Price Adjustment (EPA) Clause.
- 2. "Delivered Price" See Economic Price Adjustment (EPA) Clause.
- 3. "Distribution Price" See Economic Price Adjustment (EPA) Clause.

(a) Distribution prices shall be formatted to no more than two (2) places to the right of the decimal point, for example, \$2.50.

(b) The offeror may submit a separate Distribution Price Per Pound (LB) for each period (base period, option period 1 and option period 2).

III. SCHEDULE OF ITEMS: PRICING (ATTACHMENT 1)

A. Offers shall submit pricing on RFP/SOW Attachment 1 – Schedule of Items, no exceptions. Use of any other spreadsheet or form may deem an offeror as nonresponsive. The Schedule of Items in the attachment represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing information. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items (outliers).

B. Estimated quantities for 18 month period are indicated next to each item and are for information and evaluation purposes only. The unit price found in the Schedule of Items will be multiplied by the estimate to calculate the aggregate against the estimated 4.5 year requirements of the ordering activities and evaluated for the lowest overall aggregate cost to the Government.

C. Offerors are to submit the most current unit prices. These prices are effective from Sunday, April 05, 2015 through Saturday, April 18, 2015. This unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$0.50, pricing should be formulated as follows:

\$ 2.00 + \$.50 = \$ 2.50 (Prices used for illustrative purposes only)

1. Do Not Submit only the Unit Price; the two (2) elements must be shown separately.

2. Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue (THERE ARE NO EXCEPTIONS). All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog. IV. DISTRIBUTION PRICES

A. The offeror shall provide an independent standard Distribution Price Per Pound (LB) for each period (i.e. Base/Option) in the Schedule of Items. ONLY ONE DISTRIBUTION PRICE PER POUND (LB) shall be offered for each period (base period, option period 1 and option period 2)

B. CASE Distribution Prices are automatically calculated by multiplying the Distribution Price Per Pound (LB) by the PKG SIZE. CASE Distribution Prices shall remain constant for the contract period (i.e. base or option). CASE Distribution Prices for the base period do not have to be the same as each option period. CASE Distribution Prices can differ or remain the same as the base contract period; but must remain constant through the length of each period.

C. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods should be observed. For example, a distribution price per pound (LB) of \$0.153 should be rounded to \$0.15.

V. DELIVERED PRICES

A. For evaluation purposes the schedule of items should reflect the delivered prices effective from Sunday, April 05, 2015 through Saturday, April 18, 2015. The offeror is required to submit pricing on all items that will meet the Government's minimum requirement.

B. As part of the evaluation process, the Government reserves the right to request that the offeror substantiate any or all proposed Delivered Prices with an invoice, pricelist or quote. If the price on the invoice does not match the offered price due to a freight charge, the freight charge must be indicated on the invoice. This must appear on the invoice submitted by the offeror if requested. However, a separate freight invoice may be required as further documentation. Bulk freight charges are to be broken down by the case. All Delivered Prices shall be supportable with an invoice, pricelist or quote. If a Delivered Price (DEP) is deemed an outlier (below or above the competitive range of offers), and the Delivered Price (DEP) cannot be support by back documentation, your entire offer may be deemed ineligible for award in accordance with DLAD provision 52.215-9010, All or None.

The Item Number must be marked on each invoice so as to identify the invoice's corresponding item. The preferred documentation is the grower/supplier invoice. If invoices are not available for that time period, a written quote from the grower/supplier will be accepted. If you do not have an invoice, the offeror needs to explain why, i.e. not in season, do not carry, etc. The Government has a strong preference for invoices over market quotes. All invoices and quotes must be from sources that the offeror currently uses or plans to use to support the resultant contract.

Any quote must be presented in the following manner:

- 1. Detailed on grower/manufacturer letterhead;
- 2. Date price quote was supplied;
- 3. Time period price quote is effective; to include expiration date;
- 4. Quantity covered by price quote;
- 5. Grower/Manufacturer part number; and
- 6. Grower/Manufacturer's point of contact: including name, title, address, and phone numbers.

C. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods should be observed. For example, a delivered price of \$4.578 should be rounded to \$4.58.

D. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable item that meets the Government's minimum requirements.

E. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to DFARS 252.225-7012 Preference for Certain Domestic Commodities and procured from a Sanitarily Approved Source. All invoices and quotes must reflect compliance to contract terms and conditions.

F. Offerors are required to submit pricing on RFP/SOW Attachment 1 – Schedule of Items, no exceptions. Column descriptions are provided below:

- 1. Gov't Item #: Self-explanatory
- 2. Government Stock Number: Provided
- 3. Item Description: Government Item Description.
- 4. PKG Size (LB) and Unit of Issue: Equals 1 case. For example, Gov't Item #57: 1 LB PG = 1 case
- 5. Estimated Quantity: Quantity provided.
- 6. CASE Delivered Price (DEP) Including Freight: The price you actually paid for the item, as substantiated by grower/manufacturer invoice.
- 7. Distribution Price Per Pound (LB): Your Distribution Price Per Pound (LB).
- 8. CASE Distribution Price (DIP): Your Distribution Price Per Pound (LB) multiplied by the PKG SIZE.
- 9. Extended CASE Delivered Price (DEP): Estimated Quantity multiplied by CASE Delivered Price (DEP)
- 10. Extended CASE Distribution Price (DIP): Estimated Quantity multiplied by CASE Distribution Price (DIP)
- 11. CASE Price (STORES): CASE Delivered Price (DEP) + CASE Distribution Price (DIP)
- 12. Total Evaluated CASE Price: Estimated Quantity multiplied by CASE Price.

All components of the option period price must be rounded to two (2) places beyond the decimal point. If an offeror does not submit option period prices, the offeror's proposal may be rejected. 52.212-2 Evaluation - Commercial Items (OCT 2014) - FAR

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The resultant contract will be based on the lowest evaluated aggregate price quote meeting or exceeding the acceptability standards for the following non-price factor:

LOWEST PRICE TECHNICALLY ACCEPTABLE (LPTA) – THE RESULTANT CONTRACT WILL BE BASED ON THE LOWEST EVALUATED AGGREGATE PRICE OF PROPOSALS MEETING OR EXCEEDING THE ACCEPTABILITY STANDARDS FOR THE FOLLOWING NON-PRICE FACTOR:

1. TECHNICAL: THE OFFEROR TAKES NO EXCEPTIONS TO THE TERMS AND CONDITIONS IN THE SOLICITATION.

2. PRICING: PRICING IS REQUIRED FOR ALL ITEMS FOUND IN THE SCHEDULE OF ITEMS, FOR ALL PERIODS (BASE, OPTION 1 AND OPTION 2). THE GOVERNMENT WILL PERFORM AN AGGREGATE PRICE ANALYSIS ON ALL ITEMS FOUND IN THE SCHEDULE OF ITEMS. THE ESTIMATED QUANTITIES IN THE SCHEDULE OF ITEMS SHALL BE MULTIPLIED BY THE CASE PRICES TO DETERMINE THE LOWEST AGGREGATE PRICE. DELIVERED AND DISTRIBUTION PRICES WILL BE EVALUATED TO DETERMINE IF THERE ARE ANY OUTLIERS WITH THE ULTIMATE AWARD DECISION BASED ON THE LOWEST EVALUATED AGGREGATE PRICE (SUM OF BASE PERIOD, OPTION PERIOD 1 AND OPTION PERIOD 2).

IN ACCORDANCE WITH FAR 15.306(c)(2), THE GOVERNMENT MAY LIMIT THE NUMBER OF PROPOSALS IN THE COMPETITIVE RANGE TO THE GREATEST NUMBER THAT WILL PERMIT AN EFFICIENT COMPETITION AMONGST THE MOST HIGHLY RATED PROPOSALS.

IN ACCORDANCE WITH DLAD CLAUSE 52.215-9023, REVERSE AUCTION MAY BE USED FOR DISTRIBUTION PRICE PER POUND (LB) ONLY AND THE LOW OFFEROR AT THE END OF THE REVERSE AUCTION MAY NOT BE THE ULTIMATE AWARDEE. AWARD DETERMINATION WILL BE BASED ON THE LOWEST EVALUATED AGGREGATE PRICE.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.(ii)) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

52.215-9023 REVERSE AUCTIONS (OCT 2013) (DLAD)

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

(a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.

(b)) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.

(c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.

(d) The lowest offeror's price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror's identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror's proposed pricing, such as "Offeror A" or "lowest-priced offeror"). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.

(e) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is inconsistent with the purpose of the reverse auction. If a tie offer is submitted, the "Not Lead" offeror that submitted the tie offer must offer a changed price; it will be ineligible for award if the final price in the auction is the tie offer price.

(f) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(g) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3)) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4)) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the 'trained offeror' designation from any trained offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.
