Ordering System

I. Subsistence Total Order and Receipt Electronic System (STORES)

- A. STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an EDI (Electronic Data Interchange) format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.
- B. Customers will be able to order all of their Pastry requirements through STORES.
- C. Initially, a copy of the STORES Orders will be transmitted via FAX (unless they are an EDI vendor) from the customers listed in this solicitation to the successful awardee. While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.
- D. EDI capability is not a requirement for award under this solicitation; however, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:
 - Catalog (Vendor to DLA TROOP SUPPORT)
 - Purchase Order
 - Functional Acknowledgment
 - Receipt
 - Invoice (optional at this time)
- E. It is preferred that the successful vendor has access to the Internet and is able to send and receive electronic mail (e-mail).
- F. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a 16 ounce loaf of whole wheat bread would be described as "Bread, Whole Wheat, Fresh, pan baked, round top, 16 oz. pg."
- G. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point.**

II. Order Placement

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Orders shall generally be sent no later than 10:00 a.m. two (2) days prior to the desired delivery date (or specified lead-time on contract) in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on Section VI-A. Holidays of this Solicitation.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the vendor shall either offer the customer a substitute of equal or higher quality and of equal or lower cost, or advise the customer of its Not-in-Stock position.
- C. There shall be no line-item (LSN) additions to existing STORES orders. Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.
- D. All pricing is at the time the order is placed. There shall only be one invoice per purchase order and only one purchase order per day. This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

The vendor is to submit a copy of each third party warehouse audit (i.e., American Institute of Baking (AIB) certification other state or federal sanitation inspections) to the contracting officer prior to contract award. Failure to submit timely and complete audit reports may result in termination of the contract (**Third party warehouse audits exclude Government agency audits**). The vendor shall have in place the proper temperature controls in their warehouse to ensure product is stored at commercially acceptable temperature settings.

The contractor shall develop and maintain a sanitation program and a stored product pest management program for food and other co-located non-food items that comply with industry standard programs such as the Code of Federal Regulations, Title 21, part 110, Food Manufacturing Practices, the Federal Insecticide, Fungicide and Rodenticide Act, the Food, Drug, and Cosmetic Act of 1938 as well as all pertinent state and local laws and regulations. Food Defense/Force Protection

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. Contract awardee will ensure to complete security of all conveyances to any military installations. The offeror must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies. As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

Packaging, Packing and Labeling

- A. All packaging and packing shall be in accordance with good commercial practice. Ship Customers Pastry Products are to be delivered in commercial type containers (Disposable Boxes) which prevents crushing, as well as excess movement, of the product(s). Large size boxes capable of two (2) or more layers must include fiberboard strips from side to side and dividers from top to bottom for layered packing to prevent crushing of product(s). Boxes shall be filled to an acceptable level allowing for additional space to prevent crushing of the product(s). Single layer boxes are acceptable and must be filled to an acceptable level which will prevent crushing of the product(s). Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

- B. All items must be identified with readable dates (open code dates), coded dates, or with color-coded twist ties. Contractors that do not use open dating will provide a product code number key/twist tie color listing. The product code number key/color coded twist tie listing shall explain the actual date of production or processing. After award of contract under this solicitation, the successful awardee shall provide a copy of key/color codes listing to each destination's receiving officer and each destination's inspection agency prior to the first delivery. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug, and Cosmetic Act and regulations promulgated there under.
- C. All items must be adequately protected during inclement weather.

INSPECTION AND ACCEPTANCE

Inspection and Acceptance

- A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.
- B. All deliveries are subject to military veterinary inspection. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of its products before proceeding to any other designated delivery point. In addition, the delivery vehicles may be inspected for cleanliness and condition.
- C. The Food Service Officer (and/or) Authorized Receiving Official (ARO) at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall not be signed prior to inspection of the product. All overages, shortages, and/or returns are to be noted on the delivery ticket by the receiving official and the truck driver. A signature on the delivery ticket/invoice denotes acceptance of the product.

Rapid Gate Requirement and/or Other Security Programs

Many bases currently require enrollment in RapidGate and/or other security programs and will not allow entry without clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

The Defense Biometric Identification System (DBIDS) is a DoD-owned and operated system, required for access to Joint Base Pearl Harbor – Hickam. Contractor must take all necessary steps to obtain this in a timely manner after award. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. There is no cost for DBIDS enrollment.

Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided

therein are in addition to and do not limit any rights afforded to the Government by Clause 52.212-4(o) "Warranty" contained in the solicitation.

Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official (ARO). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer (FSO) (and/or) Authorized Receiving Official.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity(ies) were affected. The line item dollar value, as well as the total invoice dollar value, must be adjusted to reflect the adjusted value of the shipment.
- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. Cumulative delivery order closeout will result in total contract closeout. It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

DELIVERIES AND PERFORMANCE**I. TERMS OF INDEFINITE QUANTITY CONTRACT**

- B. The customer must authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.
- C. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

VI. HOLIDAYS

CONTRACT ADMINISTRATION DATA

I. CONTRACTING AUTHORITY

- A. The DLA TROOP SUPPORT Contracting Officer is the only person authorized to approve changes to, or modify any requirement of, the contract. Notwithstanding any provisions contained elsewhere in the contract, said authority remains solely with the DLA TROOP SUPPORT Contracting Officer.
- B. In the event the vendor effects any change at the direction of any person other than the DLA TROOP SUPPORT Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made to cover any costs associated with such change.
- C. Requests for information on matters related to this contract, such as an explanation of terms or contract interpretation, shall be submitted to the DLA Troop Support Contracting Officer.

II. INVOICING

- A. Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the invoices/delivery ticket, keep one (1) copy and return the ORIGINAL copy to the vendor. Any changes must be made on the face of the invoice.
- B. All invoicing for payment is to be submitted electronically using the STORES/BSM Reconciliation (Recon) Tool website https://www.stores.dla.mil/stores_web/ (see pages 5 - 6).

No paper invoices shall be submitted to DFAS for payment.

Each invoice shall contain sufficient data for billing purposes. This includes:

1. Contract Number;
 2. Call Number or Delivery Order Number or Contract Order Number;
 3. Purchase Order Number;
 4. Contract Line Items listed in numeric sequence (also referred to as CLIN order);
 5. DODAAC
 6. Item Nomenclature;
 7. LSN or NSN;
 8. Quantity purchased per item in DLA TROOP SUPPORT's unit of issue;
 9. Clearly identified and annotated changes on all copies;
10. Total dollar value of each invoice (reflecting changes to the shipment, if applicable).

- C. All invoices must be “clean”, i.e. all debits and/or credits must be reflected on the invoice prior to its submission.
- D. Vendors shall submit **one invoice per purchase order.**
- E. Unit prices and extended prices must be formatted to only two (2) places beyond the decimal point. STORES will not accommodate positions of three (3) and above places beyond the decimal point. For example, an extended unit price of \$1.087 must be rounded up to \$1.09.
- F. Information on the STORES/BSM Reconciliation (Recon) Tool invoicing website: To create an account, go to the website https://www.stores.dla.mil/acct_mgr_tool/Login.asp and select **New Account Request Form** and follow the directions. After registration, you will receive a User Name and Password to access data from your contract. You will then be asked to review data on the website and either post new lines or change existing lines on the site to reflect what was delivered. EDI invoices will be generated, which will be sent to the paying office for payment.
- G. Vendor Reconciliation Tool - The STORES/BSM Reconciliation tool is available from the DLA Troop Support Subsistence Website at https://www.stores.dla.mil/acct_mgr_tool/Login.asp. This tool is only for vendors that have a DLA TROOP SUPPORT contract and are invoicing using the 810 transaction set. Both invoice and receipt information will be available for review on the EBS website by the Market Ready Vendor. In order to view information on this website you must apply for a password. The reconciliation tool will match the customers’ receipts to the vendors’ electronically submitted EDI 810 invoice. The vendors will be able to see the lines that did not match for review and possible update. A training tool is available on our homepage under Reconciliation tool training.
- H. All vendors are required to obtain a Public Key Interface (PKI) certificate for each individual that will have access to the DLA Troop Support Reconciliation Tool.

III. PAYMENTS

- A. DFAS Columbus is the payment office for this acquisition.

Customers are to place orders electronically that will flow through the DLA TROOP SUPPORT ordering system STORES. In the temporary event that order cannot be conducted electronically, customers are to process orders manually and a copy of the signed invoices must also be faxed to the Contract Specialist at 808-474-2946.
- B. Payment of delivery orders will be made in accordance with the terms and conditions of Paragraph (I) of Clause 52.212-4 “Contract Terms and Conditions – Commercial Items”, appearing in the section of this solicitation entitled “Contract Clauses”.
- C. All offerors must have the ability to accept an 820 transaction set from its financial institution. DFAS Columbus will no longer forward a detailed summary of payment(s). This information will only be available from your bank.
- D. Payment is currently being made in approximately ten (10) days after the receipt of a proper invoice; however, payment is still subject to the terms and conditions of the Prompt Payment Act (31 U.S.C. 3903). All electronic invoices must be submitted with accurate, sufficient, clean data before any payment can be made.
- E. The Government intends to utilize Electronic Funds Transfer (EFT) to make payments under the resultant contract(s). However, the Government reserves the right to use a manual payment system, i.e. check, if the need arises. Refer to Clause 52.232-33 “Mandatory Information for Electronic Funds Transfer Payment”.
