CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (NOV 2021)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the Government, in connection with the award, performance, or closeout of a Government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733).

Form (CONTINUED)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

RAPID GATE, DEFENSE BIOMETERIC IDENTIFICATION SYSTEM (DBIDS) REQUIREMENT and/or OTHER SECURITY PROGRAMS

Many bases may require enrollment in a particular system for base security such as RapidGate, the Defense Biometric Identification System (DBIDS), or other similar system(s). Such systems manage access to Department of Defense (DoD) installations, and will not allow entry without clearance. During the contract start-up/ implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate, DBIDS, or another security program is required for access to each location. If RapidGate, DBIDS, or other security enrollment is required, the Contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. The Contractor is responsible for any costs associated with RapidGate, DBIDS, and/or other security program enrollment and must ensure that a properly enrolled driver is available for all deliveries. We currently estimate that RapidGate or DBIDS enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate, DBIDS or other security enrollment may vary, so the Contractor should contact the specific security system contractor to determine its own costs. If more than one driver is required, enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment is encountered during the start-up/implementation period, the Contractor MUST contact the specific security system contractor and/or the Security Officer at the applicable customer locations to resolve any issues with processing enrollment so that the Contractor will be able to deliver as required.

For additional information on current base security systems including RapidGate and DBIDS, including enrollment instructions, please visit their websites at <https://www.fortiorsolutions.com/products/rapidgate/> and <http://dbids.dmdc.mil/>.

STATEMENT OF WORK

I. INTRODUCTION

A. Defense Logistics Agency ("DLA") - Troop Support ("Agency") intends to enter into an indefinite quantity contract(s) ("IQC") with a commercial firm(s) to supply a full-line of United States Department of Agriculture ("USDA") Grade Number 1 or better quality fresh fruits and vegetables ("FF&V") and Shell Eggs (if required) products to Department of Defense ("DoD", or "Troop") and USDA ("Schools") customers in the State of South Florida. Specific quality requirements per item are included in the Schedule of Items (Attachment 1). Failure to propose the specified quality requirement per item as identified in Attachment 1 may render an offeror's proposal technically unacceptable. If the item's description in Attachment 1 does not provide a specific quality grade, the minimum quality grade that is required to meet the terms of this Solicitation is USDA Grade Number 1.

A successful offeror(s) will be required to source, purchase, store, and deliver a variety of FF&V items to DLA Troop Support customers on an ongoing basis, while at the same time maintaining acceptable fill rates, levels of customer service, and product quality. Therefore, an offeror must currently possess the physical, logistical, and financial resources to serve as a commercial distributor of a variety of FF&V items. It is neither sufficient nor acceptable for an offeror to be a third-party logistics ("3PL") company (i.e. a company that does not intend to serve as the FF&V supplier but instead intends to subcontract out the majority of aspects required by the contract, including but not limited to ordering, warehousing, distribution, etc.). By offering, an offeror affirms its status as a current and functioning commercial distributor of FF&V items. In order to determine whether an offeror meets the technical requirement of being a current and functioning commercial FF&V distributor, the Contracting Officer will require an offeror to provide its current, valid Perishable Agricultural Commodities Act ("PACA") license. In addition, the Contracting Officer will require an offeror to submit a valid Good Agricultural Practices ("GAP")/Good Handling Practices ("GHP") or independent third-party certifying company audit inspection report(s) / certificate for each place of performance identified in the offeror's proposal. The audit report(s) must demonstrate that a passing score(s) was/were received. Please note that a request for the aforementioned information by the Contracting Officer will be used to make a determination of whether or not the offeror meets the technical requirement of being a current and functioning commercial distributor of FF&V. This information is not being sought to determine an offeror's likelihood of success in performing the contract as would be the case in a responsibility analysis.

B. The aforementioned zone is comprised of (2) Groups in the area described above. Group 1 consists of DoD Troop customers in South Florida and Group 2, consists of Non-DoD USDA School Customers in the South Florida. The Agency intends to award one separate contract per Group. Offerors may submit a proposal for any Group or all Groups. The offeror must support all the customers in the Group for which they make an offer. Offerors are required to propose and properly substantiate pricing on all items in the Schedule of Items for each Group on which it offers. Failure to do so may result in its proposal being deemed

CONTINUED ON NEXT PAGE

Form (CONTINUED)

technically unacceptable and therefore excluded from further consideration for award. Because the Contracting Officer is not obligated to initiate negotiations, each offeror shall submit its most competitive proposal for each Group it has chosen to propose on. Said proposal shall be responsive to all of the Solicitation's requirements and free from any deficiencies.

- C. This solicitation is being issued as 100% Small Business set-aside acquisition under full and open competition procedures. The North American Industry Classification System (NAICS) is 311991 and size standard is 500. A waiver of the Non-Manufacturer rule has not been requested for this acquisition because it is an acquisition for multiple items. In accordance with 13 CFR 121.406(e), if at least 50% of the estimated contract value of an acquisition for multiple items is composed of items that are manufactured by small business concerns, then a waiver of the Non-Manufacturer rule is not required. As such, for this acquisition, it is expected that items comprising at least 50% of the contract value will be manufactured by small business concerns. The contracting officer must be immediately notified if it appears as though this requirement will not be met.
- D. This Solicitation utilizes the Lowest Price Technically Acceptable ("LPTA") Source Selection Procedures. As part of this selection process, the Agency will incorporate a weighting factor in its evaluation. Said factor will only be applied for evaluation purposes to the Aggregate Distribution Price. Please refer to the Addendum to FAR 52.212-2 contained in this Solicitation for additional information about how each offeror's price, and price components, will be evaluated.
- E. Any award resulting from this Solicitation will be an IQC that is fixed in price subject to the applicable Economic Price Adjustment ("EPA") provision. For additional information regarding the EPA, refer to page 12 of the Solicitation. An IQC will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504(a)).

II. EFFECTIVE PERIOD OF CONTRACT

- A. Any resulting contract from this Solicitation will not exceed 5 years commencing on the effective date of the contract.

III. TIERS

- A. The 5 year contract period is divided into one (1) 24-month tier period, and two (2) 18-month periods (hereafter individually referred to as "Tiers"). Each Tier affords offerors an opportunity to provide different Distribution Prices, as defined in the EPA provision of the Solicitation, per Tier. Each Distribution Price offered must be expressed as a dollar value (up to two decimal places) and NOT a percentage. If an offeror submits the latter, it will NOT be accepted. If an offeror fails to provide a Distribution Price for any of the Tiers, the Contracting Officer will assume that it is the offeror's intention that no change in Distribution Price was meant after the most recent preceding tier period that included a Distribution Price. For instance, if an offeror proposes a Distribution Price for Tier 1 of \$3.00 and fails to propose anything for Tier 2, the Contracting Officer will interpret that omission as meaning that the \$3.00 Distribution Price pertains to both Tiers.
- B. Although different distribution prices may be offered for each tiered period, the distribution prices will be firm-fixed and, thus, not subject to change during a tiered period. Contract deliveries may fall outside of the tier effective periods (e.g., an order placed during Tier 1 may be delivered during Tier 2). Prices will be based on the time an order is placed, not when an order is delivered. For example, if an order is placed during Tier 1, but delivery is made during Tier 2, then the prices in effect for that order will be the Tier 1 prices.

IV. ESTIMATED DOLLAR VALUE / GUARANTEED MINIMUM / MAXIMUM

- A. The following chart includes the 24-month estimated dollar value for Tier 1, and the overall 5-year period, along with the 10% and 300% guaranteed minimum and contract maximum values, respectively. Though both figures are based on estimates, the

CONTINUED ON NEXT PAGE

Form (CONTINUED)

guaranteed minimum and the contract maximum are both fixed firm dollar amounts, which are calculated as a percentage of 12 months of the Tier 1 and 5-year estimated dollar values, respectively.

- B. NOTE:** The guaranteed minimum, per group, which is shown in the “Guaranteed Minimum” column below, constitutes the Agency’s full legal obligation as to its ordering requirements for that group. The guaranteed minimum covers the entire contract term (inclusive of all tiers) and, once this obligation is met, there is no further ordering obligation on the part of the Agency regardless of what tier period said obligation is met within. If multiple groups are awarded under the contract, the aggregate guaranteed minimum and aggregate contract maximum dollar values for those groups apply to the entire contract, and not on a per group basis.

South Florida Zone	24 Month Estimate (1 st Tier)	5 Year Estimate (Total Including all Tiers)	Guaranteed Minimum	300% Max (5 Years)
Group 1: South Florida Troops	\$267,200.00	\$668,000.00	\$13,360.00	\$2,004,000.00
Group 2: South Florida Schools	\$25,000,000.00	\$62,500,000.00	\$1,250,000.00	\$187,500,000.00

The term “estimate” refers to the Agency’s good faith estimate of the requirement for the specific tier periods stated.

V. CONTRACT START-UP PERIOD

- A. After an award is made, the Contractor (also referred to as the Awardee) will be required to take steps to implement its new contract prior to initial ordering/delivery. Within 15 days after the award is made, the Contractor shall submit a proposed implementation schedule to the Contracting Officer that details all of the necessary steps that are required to ensure proper contract performance. This may include but is not limited to catalog/ordering/invoice testing (Subsistence Total Order and Receipt Electronic System (STORES) and/or Fresh Fruit And Vegetables Order Receipt System (FFAVORS)), sourcing new items, finalize delivery schedule per customer location, etc. An additional 60 days will be granted for actual completion of the tasks included in the proposed schedule. No more than 90 calendar days after award, however, will be given to complete the schedule and have a fully functional distribution account in place for all customers covered under the contract(s). The timeline for the “start-up” period, as described above, is included in the first 24-month Tier 1 period.

VI. ELECTRONIC ORDERING CATALOGS

An offeror that receives an award will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. These catalogs will be either STORES (for Troop contracts) or FFAVORS (for Schools and/or Tribal Organization contracts). Each item in the catalog shall contain the corresponding national or local stock number (as appropriate), Government item description, packaging characteristics, unit of issue, and unit price.

A. Catalog Maintenance**1. New Items**

- (a) Prior to commencement of the first order, DLA Troop Support, its customers, and the Contractor will collaborate

CONTINUED ON NEXT PAGE

Form (CONTINUED)

to identify items not found in the solicited Schedule of Items that will be required to be added to the ordering catalog. This effort is limited in its scope but necessary to update the catalog with items that were not required previously due to seasonality and other contingent circumstances unknown to the Contracting Officer at the time of solicitation. Neither a Contractor nor customers are permitted to add new items to the catalog without initiating a new item request to the Contracting Officer, which requires a separate fair and reasonable price analysis per item.

- (b) If a customer seeks to order an FF&V item that is not a part of the catalog after the customers' ordering period commences (i.e. post "start-up" period), the Contractor will be afforded a maximum of 20 days to source the item, obtain a stock number from the Agency (in the event that one does not already exist), and add the item to the ordering catalog via an 832 catalog transaction. The final step prior to the item being "live" on the catalog is for the Contracting Officer to determine the item's price "fair and reasonable." Once this is complete, the item should remain a constant within the contractor's inventory, subject to limited seasonal and other availability issues. When requesting all item approvals (including new additions and/or changes to an existing item, such as pack size, etc.) with the Contracting Officer, the Contractor shall use the "Request for New Item" Form (Attachment 3). This form is mandatory and without it, no new items or changes to existing items will be processed by the Contracting Officer.
- (c) Upon receiving the award, it is expected that the Contractor assume the responsibility of introducing new produce items to the customers, as well as showing cost-effective alternatives to their current choices. However, the requirements will ultimately be determined by the customer(s) and added to the ordering catalog by the Contracting Officer per the process outlined below.

2. Catalog Pricing

- (a) Schedule of Items Pricing: Items priced in the Schedule of Items (see Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be fixed as the catalog price during the first two weeks of customer ordering.
- (b) Contractor-Requested Catalog Price Changes: Upon award, all items included in the Solicitation's Schedule of Items that ultimately are included in the ordering catalogs have been deemed "fair and reasonable" from a pricing standpoint by the Contracting Officer. No further analysis is necessary with regard to those prices until said prices are subject to change per a request by the Contractor under the terms of the EPA provision. In accordance with said provision, a Contractor is permitted to submit a bi-weekly adjustment request for any items found on the catalog when consistent with actual price changes of said items encountered by the Contractor as reflected in the commercial market. When such a request occurs, the Contracting Officer is required to make an entirely new "fair and reasonable" determination of that item's new requested price. Prices are to be adjusted downward or upward, as appropriate, according to "last receipt" price, as defined under the EPA terms of this solicitation. If the new requested price cannot be found "fair and reasonable" by the Contracting Officer, the last approved price will remain effective for purposes of the ordering catalog and the Contractor shall continue support of that item(s) for Agency customers the following two-week period and beyond until a new "fair and reasonable" price is approved. The Contracting Officer's failure to approve a Contractor's request for a bi-weekly adjustment of a price will NOT result in the automatic removal of the corresponding item from the following ordering period's ordering catalog. In a circumstance where an item's price is "held over" from a prior two-week period, having not been adjusted due to the Contracting Officer's

CONTINUED ON NEXT PAGE

Form (CONTINUED)

rejection of a subsequent bi-weekly price adjustment request (i.e. newly proposed price cannot be determined "fair and reasonable"), it is expected that the terms of the EPA provision continue to be strictly adhered to. It is unacceptable, and a breach of said terms, if a Contractor uses a "held over" price to overcharge the Government at a point when that price exceeds the item's true price as paid by the Contractor in its business, which reflects commercial market conditions for that item. Therefore, in the "held over" scenario as described above as well as all scenarios encountered during contract performance, price decreases are expected when and where applicable. Please note that the Contracting Officer has wide discretion in managing the above-described processes and resolving any resulting issues.

- (c) Contractor-Requested Catalog Additions: Before an item is added to the catalog, the Contractor is required to submit to the Contracting Officer the "Request for New Item" Form as previously addressed (see Attachment 3). Said request shall include the stock number, Government item description including the quality grade of the item, proposed unit price with a corresponding supplier invoice or quote (quotes permitted in very limited circumstances as approved by the Contracting Officer; e.g. Contractor never purchased item before or stale prices due to seasonality), and previously agreed upon distribution price. **The request is due by 9:00 A.M. Eastern Time (ET) (standard or daylight as applicable) on the Monday prior to Wednesday's catalog updates. Please note that meeting this deadline does not guarantee that the item's price will be approved as "fair and reasonable" nor does it mean that the Contracting Officer will have been able to complete his/her review of the request prior to the time necessary to incorporate it into the following ordering period's ordering catalog.** The Contracting Officer will review the catalog addition request and upon determining the price fair and reasonable will contact the Contractor to indicate acceptance. The Contractor shall then include the item on the next scheduled Wednesday catalog update after the request is approved. Should the proposed price fail to be determined "fair and reasonable," the Contracting Officer will conduct negotiations with the Contractor. If, after negotiations, the proposed price still cannot be determined "fair and reasonable," the item will not be added to the catalog.

- (d) Pricing Requirements: The Contractor's catalog prices, as awarded, constitute the initial catalog prices. These prices are in effect during the first two ordering weeks (from Sunday at 12:00 AM (Eastern Time (ET), standard or daylight as applicable) through 11:59 PM on the Saturday of the second week following (i.e. the 14th day). The prices shall remain in effect for all subsequent ordering periods, except as otherwise adjusted in accordance with the EPA provision.

VII. ECONOMIC PRICE ADJUSTMENT ("EPA") - ACTUAL MATERIAL COSTS FOR SUBSISTENCE FRESH FRUITS & VEGETABLES ("FF&V" or "Produce") AND SHELL EGGS MODEL

A. Warranties. For any items covered by this EPA language, the Contractor warrants that:

1. Contract Unit Price and the components of the Contract Unit Price, i.e. Delivered Price and Distribution Price, shall not include allowances for any portion of the contingency covered by this language; and
2. Price adjustments requested during the performance of the contract shall be computed in accordance with the provisions of this language.

B. Definitions. As used throughout this language the term:

1. **"Contract Unit Price"** means the total price per unit of a particular item charged to the Government for a product delivered to customers under this contract. The Contract Unit Price consists of two separate and distinct components: 1) Delivered

CONTINUED ON NEXT PAGE

Form (CONTINUED)

Price, less Rebates/Discounts, and 2) Distribution Price. The unit price sum of these two components shall be rounded up or down to the nearest cent, to determine the Contract Unit Price.

2. "Delivered Price"

- (i) "Delivered Price" means the commercial manufacturer, grower, or private label holder price per unit charged to the Contractor, inclusive of standard freight to the Contractor's facility/facilities, for the purchase of a representative quantity of the item as compared to orders under this contract. Delivered Price is the manufacturer, grower, or private label holder price that is input into the Contractor's purchasing system as the starting basis for its pricing to customers prior to applying or deducting any additional costs or expenses, such as distribution, overhead, profit, rebates/discounts, or other costs/expenses stemming from separate financial arrangements. Delivered Price shall be substantiated with an actual invoice paid by the Contractor. In limited circumstances, quotations may be used to substantiate a Delivered Price, but only with specific approval of the Contracting Officer. The Delivered Price shall not include costs to be included in the Distribution Price.

(A) Redistributor Exception:

On a case by case basis, for a specific item or stock keeping unit ("SKU"), a contiguous United States (CONUS) redistributor's most recent commercial price per unit, inclusive of standard freight to the Contractor's facility/facilities to the Contractor of a representative quantity of product as compared to orders under the contract may be used to establish Delivered Price. A redistributor's commercial price may only be used to establish Delivered Price when the redistributor's price for the quantity ordered is equal to or lower than a manufacturer's, grower's, or private label holder's current market price for a representative quantity of product inclusive of rebates/discounts. The Contracting Officer must specifically approve the use of this exception. When seeking approval for the use of this exception, at a minimum, the Contractor must supply invoices from the redistributor. Quotes from the redistributor are unacceptable. Additional supporting documentation (e.g., published price list, manufacturer letter, or similar proof of price comparison) may be required. The determination of whether the supporting documentation offered is sufficient to establish a manufacturer's, grower's, or private label holder's current market price, as well as the decision to permit the use of this exception, rests solely with the Contracting Officer.

3. "**Distribution Price(s)**" means the firm-fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price component includes all costs associated with the Contractor's performance that are not included in the Delivered Price, including, but not limited to: human resources, insurance, special packaging, overhead, profit, transportation from the Contractor's facility or other place of performance to the end customers, split-case fees, ancillary in-house processing fees, subcontractor costs, etc.
4. "**Grower**" means the business concern that raises produce for marketing.
5. "**Manufacturer**" mean the business concern that, with its own facilities, performs primary activities of processing or transforming agricultural products into the end item being acquired.
6. "**Ordering Catalog**" means the electronic listing of items and Contract unit prices available for ordering under this contract.

CONTINUED ON NEXT PAGE

Form (CONTINUED)

7. **"Ordering Period"** means from Sunday at 12:00 AM (Eastern Time (ET), standard or daylight as applicable) through 11:59 PM on the second Saturday following.(i.e. the 14th day).
8. **"Private Label Holder"** means:
- (i) A manufacturer or grower with whom the Contractor holds an ownership and/or financial interest, or ownership and/or financial interest in a specific item(s) produced by a manufacturer or grower;
 - (ii) An entity holding an intellectual property interest, whether by ownership or license, in the label under which product is being sold in the commercial marketplace; or
 - (iii) An entity holding exclusive marketing and/or sales authority of a product, or one holding property rights in a proprietary product formula.
9. **"Rebates/Discounts"** means all rebates, discounts, product allowances, food show discounts, early payment discounts (other than qualifying early payment discounts as may be defined elsewhere in this contract), and any other rebates, discounts, economic incentives, or similar financial arrangements available at the manufacturer, grower, private label holder, or redistributor level that ultimately reduces the Contractor's price paid for a product supplied under the contract. In accordance with this language as well as other provisions of this contract, and subject to any applicable exceptions, all rebates/discounts shall be passed on to the Government via a reduced catalog price for the item to which the rebates/ discounts pertain (i.e. "off invoice"). Any rebates/discounts that cannot be applied as an up-front price reduction must be submitted to the Contracting Officer via check payable to the U.S. Treasury, with an attached itemized listing of all customer purchases by line item, including contract number, call number, purchase order number and contract line item number ("CLIN").
10. **"Redistributor"** means an entity independent of the contractor that operates in the existing commercial marketplace and from which the contractor purchases product for purposes of consolidating quantities and/or obtaining lower delivered prices. Examples may include: brokers, dealers, distributors, and buying groups.
11. **"Standard Freight"** means the published list price or prevailing market rate for transportation of items ordered under this contract from the manufacturer, grower, private label holder, or redistributor (when the Redistributor Exception applies) to the Contractor's facility/facilities. Standard Freight must be documented in an invoice; however, quotes may be an acceptable form of substantiation in limited circumstances and if authorized by the Contracting Officer. Standard freight may include certain ancillary costs associated with transportation which are consistent with commercial practice in the produce industry, including, but are not limited to, pallets, temperature recording devices, Tectrol, etc.
- (i) In the event that the Contractor picks up its own product directly from a manufacturer, grower, private label holder, or redistributor (when the Redistributor Exception applies) on an F.O.B Origin basis, or arranges for delivery transportation from a third party source other than the manufacturer, grower, private label holder, or redistributor (when the Redistributor Exception applies), the standard freight cost shall be based on market tariffs/conditions and consistent with prevailing market rates. At no time shall that cost exceed the manufacturer's, grower's, private label holder's, or redistributor's, or such entity's carrier's freight price normally payable by the Contractor for inbound shipments of such products and quantities to the Contractor's facility(ies).

C. Price adjustments.

Form (CONTINUED)

1. General.

- (i) All Contract Unit Prices shall be fixed and remain unchanged until changed pursuant to this language or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this section. After the first ordering period, if the Contractor's Delivered Price changes for any or all Contract Unit Prices, the Contract Unit Price shall be changed in the next period's ordering catalog upon the Contracting Officer's approval of the Contractor's request, which must be submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraphs C.2 and D, below. Any price changes approved by the Contracting Officer shall become effective at the beginning of the next ordering period. All ordering catalog unit prices computed in accordance with this section and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time the order is placed, regardless of any changes in the Contract Unit Price occurring before delivery or in any subsequent ordering period.
- (ii) Delivered Prices included in the catalog shall equal the Contractor's last receipt price for the item as reflected in an invoice (or quote in limited circumstances) for a representative quantity compared to typical Government purchases. For the purpose of the contract catalog, the "last receipt price" means the price of the product charged on the most recent invoice at the time the price change is requested. For example, if by Wednesday (i. e. the day price change requests are due to the Contracting Officer) the Contractor had recently received two invoices for the product in question, one on Monday and one on Tuesday, then the most recent invoice is the one from Tuesday (assuming it contains a representative quantity as described above). It is important to note that a Delivered Price must in almost all cases be justified using an invoice as described in this paragraph. Use of a quote is only permitted in extremely limited circumstances, such as when an item has not been purchased before by the Contractor or the price of the item is stale due to seasonality and other similar issues. Outside of those limited circumstances, which will be reviewed and approved by the Contracting Officer on a case-by-case basis, a Delivered Price will not be substantiated by using the price of an item that is the latest to arrive at the Contractor's facility but does not yet have an invoice to support it. Ultimately, the invoice (or quote in limited circumstances) justifying the Delivered Price request is subject to review by the Contracting Officer at the time the request is made.
- (iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted bi-weekly, no later than 12:00 p.m. (Noon) Eastern Time on Wednesday to be effective in the following ordering period's ordering catalog. Invoices submitted to support price change requests shall also identify all rebates/discounts that will be subtracted from the requested delivered prices when calculating the revised contract unit prices that would go on the catalog. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange ("EDI") 832 transaction set when using STORES or an update to FFAVORS web. The change notice shall include the Contractor's adjustment in the Delivered Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such EDI 832/FFAVORS Web price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next ordering period's ordering catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next ordering period's ordering catalog.
- (iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may, at any time, require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior ordering

Form (CONTINUED)

periods. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government, all supporting data, including, but not limited to, invoices, quotes, price lists, documentation regarding rebates/discounts, and any other substantiating information from the Contractor and any and all of its suppliers in the supply chain, including the manufacturer, grower, private label holder, or redistributor.

- (v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this provision shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by 9:00 a.m. Eastern Time each Friday that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following ordering period. The posting of updated prices in the ordering catalog, calculated in accordance with this section, constitutes a modification to this contract. No further contract modification is required to effect this change. Any changes that post to the ordering catalog do not constitute a waiver of any of the rights delineated elsewhere in the Solicitation, any resulting contract(s), or otherwise by law or regulation.
- (vi) Should the Contracting Officer determine that, or question whether, a price change request contained an erroneous Contract Unit Price or price change, or cannot otherwise determine the changed price(s) to be "fair and reasonable," such as when the changed price(s) is(are) higher than delivered prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to 9:00 a.m. Eastern Time on Friday. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct, in writing, that the item in question be retained on the catalog at the most recent previously-approved price consistent with current market conditions. In the alternative, the Contracting Officer may authorize the removal of an item.
- (vii) In the event of a price change not posting or an ordering catalog Contract Unit Price not computed in accordance with this section, resulting in an incorrectly increased or decreased Contract Unit Price, upon discovery of such occurrence the Contractor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its ordering catalog. In the event of an erroneous price increase in the ordering catalog, the Contractor shall submit a refund, including interest if applicable, for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the ordering catalog, the Contractor may submit a request for an equitable adjustment in the amount of the undercharge for consideration by the Contracting Officer. The request may be entertained if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor. The Contractor will not be entitled to reimbursement if the undercharge was the fault or negligence of the Contractor.

2. Limitations. All adjustments under this section shall be limited to the effect on Contract Unit Prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for --

- (i) Supplies for which the Delivered Price is not affected by such changes;
- (ii) Changes in the quantities of materials; and
- (iii) Increases in Contract Unit Prices that the Contracting Officer determines are computed incorrectly (i.e. not

CONTINUED ON NEXT PAGE

Form (CONTINUED)

adhering to the Contract Unit Price definition in this provision) and/or increases in Contract Unit Prices that the Contracting Officer determines are not fair and reasonable.

D. Upward ceiling on economic price adjustment. The aggregate of Delivered Price increases for each item under this section during the entire contract period shall not exceed 120% for Department of Defense (DoD) Troop and United States Department of Agriculture (USDA) School & Tribal Reservation customers, of the initial contract Delivered Price, except as provided below:

1. If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this language will be required that will exceed the Delivered Price ceiling for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event that the latest actual market price for an item does result in a Delivered Price that exceeds the allowable ceiling price under the contract, the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832/FFAVORS Web price change request no later than the time specified in paragraph C.1.(iii), above. With either such notification, the Contractor shall include a revised ceiling that the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.
2. The price change shall be posted for the following period's ordering catalog. If an actual increase in the Delivered Price would raise the price for an item above its current ceiling, and the Contracting Officer and Contractor cannot negotiate a fair and reasonable price below the ceiling or if the Contracting Officer does not issue a contract modification to raise the ceiling, the Contracting Officer may reject the price change and direct that the item be retained on the contract at the last approved price. If the Contracting Officer decides to retain the item, the contractor shall continue to perform with the item at the last approved price. In the alternative, the Contracting Officer may authorize the removal of an item. The decision regarding whether to modify the contract, retain the item, or remove the item rests solely with the Contracting Officer.

E. Downward limitation on economic price adjustments. There is no downward limitation on the aggregated percentage of decreases that may be made under this section.

F. Price Audit. The Contracting Officer may require the Contractor to submit invoices and other documentation from all subcontractors at all tiers and/or all suppliers or persons in the Delivered Price supply chain, up to and including the grower, manufacturer, and/or redistributor, for the purpose of confirming Delivered Prices charged to the Government, as well as to substantiate all rebate/ discounts applicable to orders under the contract. In performing the price audit, the Government shall have the right to examine books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this section and any other terms and conditions of the contract. Such price audits may occur up to twice a year (except as provided for below) until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation ("FAR"), whichever is earlier. In addition to price audits, the Government may conduct additional examinations of records, as required by the Contracting Officer to ensure contract compliance.

G. Final invoice. The Contractor shall include a statement on the final invoice for each order that the amounts invoiced hereunder have applied all decreases required or authorized by this section.

H. Disputes. Any dispute arising under this section shall be determined in accordance with the "Disputes" clause of the contract.

VIII. REBATES/DISCOUNTS AND PRICE-RELATED PROVISIONS (COMPONENT PRICE MODEL FOR PRODUCE)**CONTINUED ON NEXT PAGE**

Form (CONTINUED)

- A. Terms used in this provision shall have the same definition as those included in Economic Price Adjustment (EPA) language, included herein.
- B. Rebates/Discounts
1. All NAPA discounts, food show discounts, early payment discounts (except Qualifying Early Payment discounts discussed herein), and other discounts, rebates, allowances, economic incentives, financial arrangements, or other benefits, which reduce the Contractor's price paid for products supplied under this contract or which are otherwise attributable to products sold under this contract, shall be passed to the Government via a reduced catalog price. Any Rebates/Discounts that cannot be applied as an up-front price reduction must be submitted via check payable to the U.S. Treasury, with an attached itemized listing of all customer purchases by line item, including contract number, call number, purchase order number and contract line item number ("CLIN"). Instructions for identifying discounts, rebates, allowances or other economic incentives or benefits that shall be provided to the Government or retained by the Contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.
 2. The Contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other economic incentives or benefits for the Government throughout the period of performance of this contract.
 3. The Contractor may retain Qualifying Early Payment discounts that meet the following conditions:
 - (i) The Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
 - (ii) The Early Payment discount is consistent with commercial practice;
 - (iii) The Early Payment discount is routinely given by the manufacturer, grower, private label holder, or redistributor to their customers, other than the Contractor, at the same discount rate and under the same conditions as provided to the Contractor;
 - (iv) The Early Payment Discount is not established, requested, or negotiated for the purpose of avoiding giving DLA Troop Support a lower cost or application of a rebate/discount resulting in a higher invoice price;
 - (v) The Early Payment discount is no more than 2 percent of the manufacturer's, grower's, private label holder's, or redistributor's invoice and the early payment is required within 10 days to obtain the discount; and
 - (vi) The contractor actually made the required payment within the time period required to receive the discount.
 4. The Government may require the contractor to submit invoices and other documentation from all subcontractors (as defined in FAR Part 44.101) and/or any entity in the delivered price supply chain to substantiate or identify any Rebates/Discounts. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a Rebate/Discount should have been, but was not, passed on to the Government, the Government shall be entitled to a refund in the amount of the overcharges, inclusive of interest. If the Contractor believes it erroneously credited a rebate/discount to the Government, Contractor may submit a request for an equitable adjustment for the amount of the undercharge. The request may be entertained if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor. The Contractor will not be entitled to reimbursement if the undercharge was the fault or negligence of the Contractor.
 5. The Contracting Officer, and/or authorized representative(s), shall have the right to examine and audit the Contractor's records relevant to pricing under the contract, including records related to the existence and proper accounting of rebates, discounts, etc. The Government may also review/audit the Contractor's electronic purchasing system to confirm that the Delivered Price of a product sold to the Government is accurate.

Form (CONTINUED)

6. Failure on the part of the Contracting Officer to identify non-compliance with this provision or to challenge the Contractor's erroneous interpretation of this provision shall not constitute waiver or a defense against the Government's entitlement to any of Rebates/Discounts or any other remedies afforded by this section, the contract, or other applicable laws and regulations.

IX. DOMESTIC NON-AVAILABILITY DETERMINATION - FRESH FRUITS AND VEGETABLES

- A. A Class Domestic Non-Availability Determination ("DNAD") for Federal Supply Class 8915, Fresh Fruits and Vegetables (FF&V), dated 16 May 2008 was approved and is in effect for the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities, which is applicable to this Solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at U.S. market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.
- B. The instant DNAD as applied affects resulting contracts supporting Department of Defense customers (i.e. Troops) only.
- C. Notwithstanding this DNAD, the USDA requires that fresh produce supplied via its Federal Entitlement for the USDA School Lunch Program must be from a domestic source. Therefore, the aforementioned DNAD does not impact or negate the Government's requirement for domestic produce in its contracts supporting Non-Department of Defense customers (i.e. Schools and Tribal Reservations).

X. ADDITION OF NEW CUSTOMERS

- A. Adding Customers within the Contract's Geographic Distribution Region/Zone:
 1. After contract award, there may be instances when new customers request support of their fresh produce requirements. Additional DoD and/or Non-DoD federal government customers that request DLA Troop Support produce support may be added to the contract without any new acquisition or competition process, if the customer(s) is/are within the geographic distribution region/zone covered by this contract.
 2. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be the sole decision of the DLA Troop Support Contracting Officer.
 3. Pursuant to the above, the Contracting Officer will instruct the Contractor to include the customer(s) at the effective contract prices applicable to that distribution zone/region.
- B. Adding Customers outside the Contract's Geographic Distribution Region/Zone:
 1. This provision applies to the following customers:
 - (a) A new DoD or Non-DoD federal customer that is deemed by the Contracting Officer to be outside the contract's geographic distribution region/zone.
 - (b) An existing DoD or non-DoD federal customer that is deemed by the Contracting Officer to be outside the contract's geographic distribution region/zone but has been previously supported on a separate contract covering a geographic distribution region/zone.

CONTINUED ON NEXT PAGE

Form (CONTINUED)

2. The customers described in paragraph B.1., above, and their produce requirements, may be added to any contract resulting from this solicitation as follows:

(a) In the judgment of the Contracting Officer, the customer(s) at issue is/are located in an area that is considered adjacent or proximal to the geographic distribution region/zone of the resulting contract. In a circumstance where the customer is located in an area that is adjacent or proximal to multiple existing produce contracts, the decision of which contract is most satisfactory to the Government for purposes of adding the customer(s) will be the sole decision of the Contracting Officer, taking into consideration numerous factors, including but not limited to those contained in this provision. Further, to that end, it is the Contracting Officer's sole decision as to which existing contractors available in the aforementioned region/zone (s) will be solicited for the support of the customer(s).

(i) The Contracting Officer will request complete price proposals to support the subject new customer(s), to include distribution and delivered prices. Prior to any customer being added to the resulting contract, the Contracting Officer shall determine all proposed prices to be fair and reasonable. To this end, negotiations may be required, in which the same processes and procedures contained within the instant solicitation may be employed.

(b) In the judgment of the Contracting Officer, the customer(s) at issue is/are not located in an area adjacent or proximal to the geographic distribution region/zone of the resulting contract, and/or the anticipated customer requirement is insubstantial, the customer(s) will not be added.

C. Under no circumstance may the resulting contract's maximum dollar value be exceeded with the addition of any customer(s) and its respective produce requirements.

XI. CUSTOMER SERVICE

A. Troop, USDA, and other customers conduct periodic food menu boards and similar meetings that the Contractor may be required to attend. At these meetings, the customers typically review their internal business practices and may request that the Contractor show new products, demonstrate produce preparation, and/or provide nutritional information.

B. The Contractor shall provide at least one full-time Customer Service representative to maintain continuous contact with all of the ordering customers, as well as at least one back-up representative.

C. As an industry expert, the Contractor shall assume the responsibility of introducing new FF&V items to the customers, as well as to show cost-effective alternatives to their current choices, if the customer so desires. (For procedures to add items, see New Items paragraph under the Section VI. Electronic Ordering Catalogs.) However, the decision as to which items are ultimately included in the Ordering Catalog are at the discretion of the customer(s) and the Contracting Officer.

XII. ORDERING SYSTEMS

A. Subsistence Total Order & Receipt Electronic System ("STORES"): DOD customers will order using the STORES catalog as applicable. The Contractor is responsible for establishing and maintaining the STORES catalog.

1. Accessed via the Internet, STORES is the Government's translator/ordering system that is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy, or Marines, individual ordering systems and translating them into an Electronic Data Interchange ("EDI") format. In addition, this information is passed to DLA Troop Support for the purposes

CONTINUED ON NEXT PAGE

Form (CONTINUED)

of contractor payment and customer billing.

2. Customers will be able to order all of their requirements through STORES. The System will transmit orders to the Contractor and DLA Troop Support.
 3. The Contractor is required to interface with STORES and must be able to support the following EDI transactions:
 - 810 Electronic Invoice
 - 820 Payment Voucher Information
 - 832 Catalog (Outbound - Vendor to DLA Troop Support)
 - 850 Purchase Order
 - 861 Receipt
 - 997 Functional Acknowledgement
- Note:** A complete description of these transaction sets is included in the "EDI Implementation Guidelines" and can be found at <http://www.dla.mil/TroopSupport/Subsistence/Doing-Business-with-Sub/STORES/>, click STORES and EDI Requirements.
4. The Contractor shall have access to the Internet and be able to send and receive electronic mail (email).
 5. Unit prices must be formatted not more than two (2) places to the right of the decimal point in all ordering catalogs. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
 6. Contractors are required to utilize the Government's item descriptions on all electronic ordering catalogs (832 transmissions) as well as on its invoices, delivery ticket to customer and 810 invoice transaction set.
 7. The Contractor will utilize the DLA Troop Support invoice reconciliation process, or other such systems as may become available, to the maximum extent, towards the goal of correcting invoices early and facilitating the payment process.
 8. In the event the STORES system or the Contractor's interface is not operational, the Contractor must provide alternate ways for the customer to order (e.g., by fax by phone, pick up orders, etc.) Be aware that even in this situation, however, it is mandatory that the Contractor subsequently place the same order through STORES when it becomes operational again in order to effect obligation/receipt/payment.
 9. Public Key Infrastructure ("PKI")/ External Certificate Authorities ("ECA") Certificates: The Department of Defense ("DoD") PKI Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.
 - (a) Obtaining a PKI certificate:
 - (i) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities ("ECAs"). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non - Governmental facilities. Certificate prices range from \$99 - \$179 per certificate per year, with volume discounts at some

CONTINUED ON NEXT PAGE

Form (CONTINUED)

ECAs. A list of ECAs is available at the following web address: https://www.transactionservices.dla.mil/daashome/pki_contacts.asp.

- (ii) Each contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

B. Fresh Fruits and Vegetable Order Receipt System ("FFAVORS"): USDA customers (School customers and Tribal Organizations) will utilize the FFAVORS Web catalog as applicable. The Contractor, upon award, will be provided a User ID and password to Log in and receive orders through FFAVORS Web, a web-based ordering system. The Contractor is responsible for establishing and maintaining the FFAVORS WEB catalog in accordance with the FFAVORS Web Manual (Attachment 4).

1. Accessed via the Internet. FFAVORS WEB is the Government's ordering system for USDA Customers. It is capable of accepting orders from the schools and tribal reservations.
2. Customers will be able to order all of their requirements through FFAVORS WEB. The system will transmit orders to the Contractor and DLA-Troop Support.
3. In the event that the FFAVORS WEB system is not operational, the Contractor must provide alternate ways for the customer to order (e.g., by fax, by phone, pick up orders). Be aware that even in this situation, however, it is mandatory that the Contractor subsequently place the same order through FFAVORS when it becomes operational again in order to effect obligation/receipt/payment.

XIII. ORDER PLACEMENT, LEAD TIME, and ADJUSTMENTS/CANCELLATION OF ORDERS

- A. The minimum order requirement for any resultant contract is \$150.00. This requirement shall be based on the aggregate total of orders for a specific delivery date to all customers located within a particular military base or delivery location.
- B. **Troop customers** shall place their orders to accommodate at a minimum a 2-day lead time, i.e "skip day" delivery. For example, an order placed on Monday, September 1st would have a required delivery date of Wednesday, September 3rd. Orders may be placed with a longer lead time not to exceed 21 days in advance of the requested delivery date. See Attachment 2 Delivery Schedule.
- C. **School customers** shall place their orders to accommodate at a minimum a 4-day lead time. For example, an order placed on Monday, September 1st would have a required delivery date of Friday, September 5th. See Attachment 2 Delivery Schedule.
- D. All invoice pricing will be based upon the Contract Unit Price at time of order by the customer(s). Therefore, for any item ordered on a Friday to be delivered the following ordering period, pricing will be based upon the catalog price in effect the day of order (Friday in this example), regardless of whether the unit price for that item subsequently changes as part of the next ordering period's ordering catalog updates.
- C. Once submitted through the applicable electronic ordering system (i.e. STORES or FFAVORS), an order may be cancelled by a customer up to 24 hours before scheduled delivery via written notification to the Contractor and the Contracting Officer. Within less than 24 hours from delivery, an order may be cancelled by mutual agreement between the customer and the Contractor. In the event of an act of God, such as extreme weather, the specific situation regarding a cancelled delivery will be dealt with in an equitable manner by the Contracting Officer, who has the ultimate authority and discretion to resolve said issues.

Form (CONTINUED)

D. Adjustments - For procedures discussing adjustments to order, refer to Attachment 4 (FFAVORS and STORES manuals).

XIV. ITEM AVAILABILITY

- A. Contractors must have the ability to provide to the customers a wide range of FF&V items in sufficient quantities to fill all customer requirements and maintain the overall 98% contract fill rate. All supplies shall be delivered on a "fill or kill" per line item basis (i.e. If a Contractor cannot fill a line item, the line item dies). Therefore, item substitutions are not authorized.
- B. Contractors shall notify the customer within 24 hours (for Troop customers) or within 72 hours (for Schools/Tribal Reservation customers) of required delivery date/time of the non-availability of any particular ordered item, whether in whole or in part. The customer may choose to replace the non-available item with another item from the contract catalog by placing a new, separate order for the item in STORES or FFAVORS, as applicable. Assuming the proper procedure is followed, this circumstance (i.e. replacement of a not in stock "NIS" item with a separate order for another catalog item) will not negatively impact a Contractor's fill rate.

XV. REPACKAGING & SPLITTING OF CASES

- A. For some items, DLA customers, particularly School and Tribal Reservations, may require smaller pack sizes than are commonly available in the commercial marketplace. Such items are included in the instant Schedule of Items and may be added at a later date during contract performance. It is incumbent on the Contractor to determine how it will supply these items in accordance with the required pack sizes. In so doing, the Contractor may decide to split cases and repackage product at its own facility.
- B. Splitting cases and repackaging product, as described in the preceding paragraph, do not constitute processing, and, therefore, do not meet the conditions of a private label holder, as defined in Section VII. Accordingly, the Contractor is prohibited from including any costs associated with its own in-house splitting of cases and repackaging product in the Contractor's Delivered Price. Instead, the costs associated with in-house splitting cases and repackaging product must be included in the Contractor's Distribution Price.

XVI. PACKAGING, PACKING, LABELING, AND MARKINGS

- A. All labeling, packaging and packing shall be in accordance with good commercial practice. Shipping containers shall comply with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as "KEEP REFRIGERATED" shall be used on all cases when appropriate.
- C. Protection during inclement weather is required. All products that are susceptible and sensitive to temperature must be protected by any means to prevent damage.

XVII. DELIVERY INSTRUCTIONS

- A. Contractors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. All delivery trucks must be equipped with a lift gate to expedite the offloading of products. Trucks shall maintain proper temperatures in accordance with standard commercial practices. Deliveries shall be FOB Destination to all delivery points. Delivery will be completed when the Contractor has unloaded the order(s) from the vehicle and placed them on the dock, and customer receiving

personnel has accepted the delivery ticket, in accordance with Section XVIII below. All items will be delivered to customer locations free of damage and with all packaging and packing intact. The Contractor shall remove all excess pallets used for delivery from the delivery point. See Attachment 2 Delivery Schedule.

- B. Customers' delivery schedules (days and times), routes, and stop-off sequences will be coordinated and verified with the customers on a post-award basis by the Contractor immediately following award and on an annual basis as required. At a minimum, each Troop customer receives three deliveries per week and each School (and Reservation, if applicable) customer receives one delivery per week. However, these schedules may be revised as necessary on a case-by-case basis at the approval of the Contracting Officer
- C. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be palletized and segregated by drop-off point and loaded into the delivery vehicle in reverse drop sequence. The intent is to provide expeditious off-loading capability and delivery to the customers.
- D. The Contractor shall ensure that the personnel loading and delivering the product provide professional, prompt, and efficient service to the customer. Failure to adhere to these standards will be reported to the Customer Representative and the Contracting Officer by the affected customer(s) whereby appropriate corrective action will be coordinated with the Contractor.

XVIII. INSPECTION AND ACCEPTANCE

- A. Inspection and acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Dining Facility Manager, Food Service Advisor/Officer, or the Contracting Officer. Delivery vehicles may be required to stop at a central location for inspection before proceeding to the assigned delivery point(s). In addition, the delivery vehicles will be inspected for cleanliness and condition. Supplies transported in vehicles that are unsanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection. Failure to identify latent defects or similar issues at time of acceptance will not absolve the Contractor of its liability or preclude the customer from obtaining appropriate remedy upon the timely discover of said defects or issues after-the-fact. In this circumstance, the customer shall notify the Customer Representative who will coordinate with the Contracting Officer in seeking an appropriate resolution.
- B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product. All signatures MUST be legible along with a printed name and title block. Failure to adhere to this requirement may result in disputes against the Contractor.
- C. Delivery Ticket and related information. No electronic invoice may be submitted for payment until acceptance is verified.
 - 1. Troops: The Contractor shall provide three copies of the delivery ticket with the shipment. The first copy is provided to the receiving official (i.e. the customer) who will use the delivery ticket as the new receipt document. The second copy will be retained by the Contractor (or its agent) for invoicing and the final copy will be forwarded (Either as the driver leaves the base or faxed/emailed with 24 hours of delivery) to the Logistics Center "LC" or Industrial Supply Center "ISC" located at the prospective Base.
 - 2. Schools/Tribal Reservations: The Contractor shall provide two copies of the delivery ticket with the shipment. The first copy is provided to the receiving official (i.e. the customer) who will use the delivery ticket as the new receipt document.

Form (CONTINUED)

The second copy will be retained by the Contractor (or its agent) for invoicing.

XIX. AUTHORIZED RETURNS

A. The Contractor shall accept returns under the following conditions:

1. Products shipped in error.
2. Products damaged in shipment.
3. Products with concealed or latent damage.
4. Products that are recalled.
5. Products that do not meet shelf life requirements.
6. Products that do not meet the minimum quality requirements as defined for the items listed in the schedule.
7. Products delivered in unsanitary delivery vehicles.
8. Products delivered that fail to meet the minimum/maximum specified temperature.
9. Quantity excess as a result of catalog error by the Contractor.
10. Products that are not from a sanitarily approved source.
11. Products that do not comply with DFARS 252.225-7012 Preference for Certain Domestic Commodities (Berry Amendment), if no exception to this clause is applicable (see DNAD explanation above).
12. Any other condition not specified above that is deemed by the customer to be valid reasons for return, confirmed by the Contracting Officer within his/her discretion.

XX. REJECTION/RETURN PROCEDURES

- A. In the event an item is returned for any of the reasons cited in Section XIX., the delivery ticket/invoice shall be annotated as to the item(s) rejected/returned. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. On an as-needed basis determined by customer need, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, contract line item number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.
- B. In the event a product is rejected after initial delivery is made, the Contractor will pick up the rejected product or make other disposition arrangements deemed acceptable by the customer. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES or FFAVORS, as applicable. If the Contractor has already been paid for the product, a claim will be issued through DLA TROOP SUPPORT's financial system and the Contractor shall promptly pay the claimed amount. In all cases, one (1) copy of the credit memo is to be given to the customer and one (1) copy of the credit memo is to be sent to the DLA TROOP SUPPORT Contracting Officer.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.

XXI. INVOICING

- A. Each delivery will be accompanied by the Contractor's delivery ticket/invoice. The customer shall sign all copies of the invoice/

delivery ticket. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.** See Section XVIII, para. C.

- B. No paper invoices shall be submitted to DFAS for payment. For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <https://www.dla.mil/TroopSupport/>, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Requests for EDI guidelines).
- C. For all orders downloaded via USDA's customer ordering website FFAVORS web, invoicing for payment shall be done via invoice link from FFAVORS web homepage, <http://www.fns.usda.gov>.
- D. All invoices submitted by the Contractor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. The Contractor is required to ensure the accuracy of its invoices. The Reconciliation Tool in STORES and/or Invoicing Tool in FFAVORS Web provides the Contractor the ability to ensure said accuracy.
- E. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Contractor will be responsible for correction and re-submission.
- F. The same invoice cannot be submitted with different dollar amounts.
- G. The 810 invoices do not go through a testing phase. The Contractor immediately begins sending its invoices in once it has successfully sent its first 850 purchase order.
- H. Any manually keyed, or emergency, orders must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and contract line item number (CLIN) will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of the Contractor's invoice.
- I. **For catch weight items, standard rounding methods must be observed, i.e. less than .5 is rounded down; greater than or equal to .5 is rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the Contractor. Note: Currently, no catch weight items apply to this Solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.
- J. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
- K. Although invoices must be submitted electronically via an 810 Electronic Invoice; the following address must appear in the "Bill To" or "Payment Will Be Made By" block of the Contractor's invoice.

DFAS - Columbus Center (SL4701)
Attn: DFAS-BVDP
P. O. Box 369031
Columbus, OH 43236-9031

Each invoice shall contain sufficient data for billing purposes. This includes, but is not limited to:

3. Purchase Order Number
4. DoD Activity Address Code (DODAAC)
5. Contract line item numbers (CLINs) listed in numeric sequence (CLIN order)
6. Item nomenclature
7. Local Stock Number (LSN) or National Stock Number (NSN), as applicable
8. Quantity purchased per item in DLA Troop Support's unit of issue
9. Total dollar value on each invoice (reflecting changes to the shipment, if applicable)

L. Invoice transactions may be submitted to DLA Troop Support daily. All internal debit/credit transactions must be completed prior to the submission of the invoice. Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Contractor will be responsible for correction and re-submission.

M. Invoice Reconciliation. The following tools have been developed to provide an additional method for the Contractor to ensure the accuracy of its own internal accounting process.

1. For STORES: **Vendor Reconciliation Tool** - In an effort to improve the payment process, Contractors are required to view what the customer has or has not receipted via the DLA Troop Support STORES website: https://www.stores.dla.mil/stores_web/Admin_Logon.aspx. The Contractor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. While the Contractor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for 120 days. It is the Contractor's responsibility to ensure accurate invoices.
2. For FFAVORS: **Invoicing Tool** - In an effort to improve the payment process, Contractors are required to view what the customer has or has not receipted via the USDA FFAVORS website: <http://www.fns.usda.gov/fdd/fresh-fruits-and-vegetables-order-receipt-system-ffavors>. The Contractor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. It is the Contractor's responsibility to ensure accurate invoices.

XXII. PRICE AUDITS

A. Price Audits. Contractors are advised that the Government may conduct price verification analysis of the Contractor's performance on the resulting contract in the following manner:

1. At the Contracting Officer's discretion, an internal Price Verification Team in conjunction with the Contracting Officer may require the Contractor to provide copies of specific invoices from suppliers, as defined in the EPA provision of this Solicitation, covering up to 100 items that were included on the catalog at a given time.
2. The Price Verification Team will request the above documentation in writing and the Contractor will have thirty (30) days after the request to furnish the documentation.
3. A report of overcharges and undercharges (if applicable) will be forwarded to the Contractor, and the Contractor may be required to pay the Government for the net amount owed for overcharges. The Government reserves all rights and remedies

Form (CONTINUED)

provided by law or under the contract in addition to recovering any overcharges. Undercharges will be evaluated by the Contracting Officer on a case-by-case basis consistent with other terms and conditions of the instant Solicitation.

1. The Government may elect to expand / reduce the scope of the price verification analysis, and frequency of future analyses, as deemed appropriate by the Contracting Officer.

B. The Government reserves the right to conduct additional price audits as necessary in the opinion of the Contracting Officer to verify price accuracy and potentially recoup any overcharges. In such instances, the Contractor will be required to submit invoices and any other supporting price documentation that the Contracting Officer deems appropriate.

XXIII. FILL RATE

A. Order fill rates shall be calculated by the Contractor on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. To ensure accuracy in the Contractor's reported fill rates, the Government will utilize its own internal data for comparison purposes. The fill rate shall be calculated as follows and shall not include mis-picks, damaged cases or rejected items (**No other method of calculating fill rate will be accepted**):

$$\frac{\text{Cases accepted} * 100}{\text{Cases ordered}} = \text{fill rate \%}$$

B. Definitions:

1. Cases Accepted: Product that the customer has received and receipted not including damaged cases, rejected items, or mis-picks.

2. Cases Ordered: Product ordered by a customer through STORES or FFAVORS.

C. Contractor is required to maintain at a minimum a **98.0%** fill-rate.

D. The Contractor will submit a monthly report, by customer, to the DLA Troop Support Contracting Officer with the following information:

1. Fill Rate
2. List of all items that were Not in Stock, Returned, Damaged, and/or Mis-picked.

XXIV. HOLIDAYS

A. All orders are to be delivered on the specified delivery date, except for Federal holidays, as outlined below. When a scheduled delivery day falls on one of these days, or one designated by your firm, delivery should occur on the next business day, unless otherwise agreed to by the customer.

New Year's Day Labor Day

XXV. EMERGENCY ORDERS

- A. Troop requirements can accelerate and surge during wartime, civil emergencies, natural disasters, adverse weather or other conditions. Therefore, last minute ordering may take place as necessary to fulfill customers' requirements.
- B. For Troop customers only, the Contractor will provide up to one emergency order per month per customer at no additional cost to the Government. As specified by the customer, all emergency order(s) for supplies must be same day or next day. Expedient fulfillment of the emergency requirement is imperative. Unless otherwise noted by the Contractor, the Contractor's Tailor Vendor Logistics Specialist ("TVLS") or Customer Service Representative ("CSR") will be the point of contact for emergency orders, and will vet the appropriateness of such a request.

XXVI. FOOD DEFENSE

- A. DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The Contractor must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. The Contractor must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.
- B. As the holder of a contract with the Department of Defense, the Contractor should be aware of the vital role it plays in supporting the Agency's customers. It is incumbent upon the Contractor to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.
- C. Accordingly, the Contractor shall submit a Food Defense Plan prior to the start of performance under any resultant contract to describe what steps it has taken and will take to prevent product tampering and contamination. The Contractor will also describe what steps have been or will be taken that relate to overall plant security and food safety. The Contractor must describe in detail the types of measures in place or scheduled to be put in place for the performance period of this contract. (NOTE: to download a copy of the DLA Troop Support Food Defense Checklist please go to the following website: http://www.dla.mil/Portals/104/Documents/TroopSupport/Subsistence/FoodSafety/FoodQuality/food_defense_check.pdf or contact the applicable Contracting Officer or the DLA Troop Support Quality Audits & Food Defense Branch). Contractors should include specific security measures relating to, but not limited to, the following areas:
1. Employee Identification
 2. Background checks where applicable
 3. Control of access to plant facility, gates and doors at the facility
 4. Internal Security
 5. Training and security awareness
 6. Product Integrity
 7. Transportation Security
- D. The DLA Troop Support Produce Quality Audit Team will review Food Defense during Produce Quality Audits / Quality Systems Managements Visits (QSMVs), as part of the USDA-AMS Good Agricultural Practices ("GAP") & Good Handling Practices ("GHP") Audits (<http://www.ams.usda.gov/services/auditing/gap-ghp>), to verify the implementation, compliance and effectiveness of the firm's Food Defense Plan/Program.

The product quality shall be equal to that described in the pertinent item specification and/or specified US Grade Standard.
- B. The Contractor shall develop and maintain a quality program for the product acquisition, warehousing, and distribution to assure the following:
1. Standardized product quality.
 2. Wholesome product by veterinary standards.
 3. The usage of First-In, First-Out ("FIFO") principles and/or First-Expired, First-Out ("FEFO").

The USDA GAP/GHP certificate must demonstrate a passing score, and specifically passing with respect to the following parts: General, Wholesale Distribution (6) and Preventive Food Defense (7). XXIX. WAREHOUSING AND SANITATION PROGRAM/STORED PRODUCT PEST MANAGEMENT

CONTINUED ON NEXT PAGE

Form (CONTINUED)

part 110, Food Manufacturing Practices, the Federal Insecticide, Fungicide and Rodenticide Act, as well as all pertinent state and local laws and regulations. Records of inspections performed by the Contractor, its subcontractor, or other recognized industry association hired by the Contractor shall be maintained and made available to the Government at the Contracting Officer's request. Any findings by the Contractor or its agent documenting a critical sanitation deficiency shall be reported immediately to the Contracting Officer with an attached report of corrective action.

XXX. PRODUCT SANITARILY APPROVED SOURCE REQUIREMENTS AND SANITARY CONDITIONS

- A. Applicable food products (food products include bulk fresh fruits and vegetables), including pre-cut and packaged fruits, vegetables and salads, mushrooms, sprouts, etc., delivered to customers listed in this solicitation, as well as any customer added at a later date, shall originate either from an establishment (this includes suppliers/subcontractors or direct farm deliveries) listed in the "Directory of Sanitarily Approved Establishments for Armed Forces Procurements" or one which has been inspected under the guidance of the United States Department of Agriculture ("USDA"). The USDA Guidance for fresh fruits and vegetables is the USDA-AMS Good Agricultural Practices ("GAP") Verification Directory or the USDA-AMS Good Handling Practices ("GHP") Verification Directory for fresh fruits and vegetables, as applicable. Bulk Fresh fruits and vegetables suppliers must be inspected and listed under the USDA-AMS GAP and/or the GHP Directory.
- B. Food Establishments.
1. All establishments and distributors furnishing subsistence items under DLA Troop Support contracts are subject to sanitation approval and surveillance as deemed appropriate by the Military Medical Service or by other Federal agencies recognized by the Military Medical Service. The Government does not intend to make any award for, nor accept, any subsistence products manufactured, processed, or stored in a facility which fails to maintain acceptable levels of food safety and food defense, is operating under such unsanitary conditions as may lead to product contamination or adulteration constituting a health hazard, or which has not been listed in an appropriate Government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs 2 and 3 below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Public Health Command (USAPHC) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at <http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDApprovedFoodSources.aspx>). Compliance with the current edition of DoD Military Standard 3006A, Sanitation Requirements for Food Establishments, is mandatory for listing of establishments in the Worldwide Directory. Suppliers also agree to inform the Contracting Officer immediately upon notification that a facility is no longer sanitarily approved and/or removed from the Worldwide Directory and/or other Federal agency's listing, as indicated in paragraph 2 below. Suppliers also agree to inform the Contracting Officer when sanitary approval is regained and listing is reinstated.
 2. Establishments furnishing the products listed below and appearing in the publications indicated need not be listed in the worldwide directory. Additional guidance on specific listing requirements for products/plants included in or exempt from listing is provided in Appendix A of the worldwide directory.
 - (i) Shell eggs may be supplied from establishments listed in the USDA, Agriculture Marketing Service (AMS) search engine results. The search engine can be found at https://apps.ams.usda.gov/plantbook/Query_Pages/PlantBook_Query.asp
 3. Establishments exempt from Worldwide Directory listing. Refer to AR 40-657/NAVSUPINST 4355.4H/MCO P1010.31H, Veterinary/Medical Food Safety, Quality Assurance, and Laboratory Service, for a list of establishment types that may be exempt from Worldwide Directory listing. (AR 40-657 is available from National Technical Information Service, 5301 Shawnee Road, Alexandria, VA 22312; 1-888-584-8332; or download from web site: <https://armypubs.army.mil>) For the most current listing of exempt plants/products, see the Worldwide Directory (available at: <http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDApprovedFoodSources.aspx>).

CONTINUED ON NEXT PAGE

Form (CONTINUED)

4. Subsistence items other than those exempt from listing in the Worldwide Directory, bearing labels reading "Distributed By", "Manufactured For", etc., are not acceptable unless the source of manufacturing/processing is indicated on the label or on accompanying shipment documentation.
5. When the Military Medical Service or other Federal agency acceptable to the Military Medical Service determines the levels of food safety and food defense of the establishment or its products have or may lead to product contamination or adulteration, the Contracting Officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the Contractor to request an extension of any delivery date. In the event the Contractor fails to correct such objectionable conditions within the time specified by the Contracting Officer, the Government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

C. Delivery conveyances: The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent tampering with and /or adulteration or contamination of the supplies, and if applicable, equipped to maintain a prescribed temperature. The delivery conveyances shall be subject to inspection by the government at all reasonable times and places. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, adulteration, constitute a health hazard, or the delivery conveyance is not equipped to maintain prescribed temperatures, or the transport results in product 'unfit for intended purpose', supplies tendered for acceptance may be rejected without further inspection.

XXXI. QUALITY SYSTEMS MANAGEMENT VISITS & PRODUCE QUALITY AUDITS

A. See Attachment 5.

XXXII. RECALL PROCEDURES REQUIREMENTS

A. In the event that a product recall is initiated by the USDA, the Contractor, or the Contractor's supplier or manufacturer, the Contractor shall follow the procedures as outlined below:

1. Immediately notify the following personnel:
 - (a) Customers that have received the recalled product.

Proof of a current, valid PACA license must be submitted with the offeror's proposal or the offer may be deemed technically unacceptable and removed from further award consideration. See Addendum to FAR 52.212-2 for further details regarding this proposal submission requirement. Additionally, upon award, the Contractor must maintain a valid PACA license throughout the life of the contract. Failure to do so may result in termination of the contract.

XXXIV. NON-COMPETE PROVISION

A. The offeror warrants that upon receiving the award, it will not actively promote, engage, or market any of the customers on this acquisition away from the resultant DLA Troop Support contract and onto a fresh fruits and vegetable subsistence contract or account of any other Government agency or commercial entity. This prohibition is in effect during the life of the resultant contract and restricts competition in the specific area or zone that is the subject of this acquisition. A violation of this term may result in the Contracting Officer terminating the contract, documenting this action as part of the awardee's past performance data, and taking other appropriate recourse as permitted by contract or applicable regulations and law.

XXXV. LOCAL PURCHASE (SCHOOLS/TRIBAL RESERVATIONS)

- A. DLA Troop Support and the USDA support the use of local purchase to the maximum extent practicable. Therefore, Contractors are encouraged to source local produce taking into consideration price, availability, quality, and other factors.

C. For contracts using FFAVORS catalogs, Contractors are required to include state of origin information for all products in the FFAVORS catalog. FFAVORS includes a data field for this purpose.

D. Within 45 days after contract award, the successful Contractor(s) for schools and/or tribal reservations will submit to the Contracting Officer a Local Purchase Procurement plan which will include the following elements:

4. A list of resources that might assist in efforts to source more local products.

E. Contractors may be required to attend information sessions related to local sourcing and promotion of local products.

XXXVI. MANAGEMENT REPORTS

A. The Contractor shall electronically transmit the following reports to the DLA Troop Support Contracting Officer and Account Manager on a monthly basis. All reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month (e.g., for the reporting period of January 1 through January 31, the reports must be received by February 7).

1. Product Line Listing (Manufacturer, Grower, Private Label Holder and Redistributor, collectively referred to as "Supplier"): This report shall list all items purchased along with quantity and dollar value. It shall be sorted by Supplier and annotate whether the Supplier is a large business or small business and whether the Supplier is local or non-local.
2. Fill Rate Report: The fill-rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. No other method of calculating fill rates should be included. Mis-picks and damaged or rejected cases should not be included in this calculation. The report should specify fill rates per customer and an overall average fill-rate for all customers under the contract for the month being reported.
3. Rebates, Discounts, Allowances and Other Economic Incentives (collectively referred to as "Incentives"):
 - (a) All incentives for the prior month (i.e. the month being reported) that have been passed along to the customer(s) or that are due to the customer(s) shall be summarized by listing each customer and the incentive amount per line item. Also include the Supplier (see definition in section A.1. above) offering the incentive and the product usage. The total should be per customer and per order.
 - (b) Also, the Contractor must report on any and all financial arrangements under which the Contractor: (i) receives money from any of the Contractor's suppliers, and (ii) asserts that such money is not an incentive that is owed to the Government under the terms of this solicitation and the resulting contract. The Contractor must report the name of each supplier that provided money to the Contractor during the month, a brief description of each financial arrangement, and, the respective dollar amount received for each financial arrangement. If a new financial arrangement (i.e. an arrangement that was not previously provided in the Contractor's proposal under this solicitation) is reported, then the monthly report must also explain why the Contractor believes that the new financial arrangement should not be considered an incentive that would be owed to the Government under the terms of the resultant contract. This

explanation is not required in the monthly report if the explanation was previously provided with the Contractor's proposal under this solicitation.

(c) The above reports shall be prepared in documents that include the Contractor's own letterhead. Said reports shall be signed by the appropriate official within the Contractor's organization holding the requisite authority to bind the Contractor and act on its behalf for purposes of this reporting. By signing such reports, the Contractor certifies that it understands the reporting requirements, that it understands the relevant contractual terms and conditions, and that the information provided is true and accurate.

DNAD: On a monthly basis, the Contractor shall create and electronically transmit an excel spreadsheet to the Contracting Officer with the stock number, item description, case count, pounds, and dollar value of non-domestic orders filled during the month. All subsequent reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month (e.g. for the reporting period of June 1 through June 30, the report must be received by July 7). The Contractor shall code the EDI 832 Ref 03 (Foreign Source Indicator) with "Y" for each item that is foreign product and "N" for each item that is not foreign product. NOTE: The DNAD report is required only for Troop contracts because the Contractor is prohibited from providing any non-domestic products under the USDA contracts (i.e. contracts supporting School/Tribe customers).
5. Financial Status Reports: In order to help track timely payments, an accounts receivable report shall be submitted on a monthly basis, at a minimum. Many Contractors elect to submit this report, in the form of a spreadsheet, on a weekly basis. The report should contain: customer identification, invoice number, call number, invoice amount, amount paid, credit adjustments, and balance due. This information is necessary to help alleviate payment problems as soon as possible. However, the submission of this report does not relieve the Contractor's responsibility to monitor the STORES Reconciliation tool, as detailed in section XXI.
6. Customer Service Report: The Contractor shall develop and provide a report summarizing all discrepancies, complaints and all positive feedback from ordering activities and the respective resolutions by providing details of each customer service incident, including any customer service visits.
7. Descending Dollar Value Report: Sorted by line item; each line is to contain, at a minimum: DLA Troop Support stock number, Item Description, pack or size, brand description, quantity, and total dollar value of units shipped. Dollar amounts will be totaled. This report shall be submitted by individual customer accounts and also by the total customer base in each zone.

B. The Contractor will also submit an annual report on the status of its performance regarding its Local Purchase Plan. The report will enable DLA and its customers to provide assistance as needed in identifying local sources. See Section XXXV for detailed information.

(i) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract.

Part 12 Clauses (CONTINUED)

(ii) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract.

(2) For covered contractor information systems that are not part of an IT service or system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1) of this clause, the following security requirements apply:

(i) Except as provided in paragraph (b)(2)(ii) of this clause, the covered contractor information system shall be subject to the security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" (available via the internet at <http://dx.doi.org/10.6028/NIST.SP.800-171>) in effect at the time the solicitation is issued or as authorized by the Contracting Officer.

For all contracts awarded prior to October 1, 2017, the Contractor shall notify the DoD Chief Information Officer (CIO), via email at osd.dibcsia@mail.mil, within 30 days of contract award, of any security requirements specified by NIST SP 800-171 not implemented at the time of contract award.

(B) The Contractor shall submit requests to vary from NIST SP 800-171 in writing to the Contracting Officer, for consideration by the DoD CIO. The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.

(C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) Cyber incident reporting requirement.

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall --

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to

(e) Media preservation and protection. When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) Access to additional information or equipment necessary for forensic analysis. Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

(g) Cyber incident damage assessment activities. If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) DoD safeguarding and use of contractor attributional/proprietary information. The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) Use and release of contractor attributional/proprietary information not created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD --

Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph (i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government's use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) Other safeguarding or reporting requirements. The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) Subcontracts. The Contractor shall --

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial items, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require protection under this clause, and, if necessary, consult with the Contracting Officer; and

(2) Require subcontractors to --

(i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and

As prescribed in [12.301\(b\)\(1\)](#), insert the following provision:

Instructions to Offerors --Commercial Products and Commercial Services (Nov 2021)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code(s) and small business size standard(s) for this acquisition appear elsewhere in the solicitation. However, the small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees if the acquisition --

(1) Is set aside for small business and has a value above the simplified acquisition threshold;

(2) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the [SF 1449](#), letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

(2) The time specified in the solicitation for receipt of offers;

Part 12 Provisions (CONTINUED)

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at Federal Acquisition Regulation (FAR) [52.212-3](#) (see FAR [52.212-3](#)(b) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the [SF 1449](#), include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with FAR [subpart 4.10](#)), or alternative commercial products or commercial services for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under

Part 12 Provisions (CONTINUED)

the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

Part 12 Provisions (CONTINUED)**Addendum to 52.212-1**

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (b), Submission of Offers.

- b. Email is an acceptable form of transmission for submission of initial proposals or revisions to proposals submitted in response to this solicitation. E-mailed submissions should be sent to Fabio Patino, Fabio.patino@dla.mil, and Michelle J. Moore, michelle.j.moore@dla.mil. Limit the file size of any individual email attachment to 5MB, and the total size of any email to 10MB. Multiple email submissions may be required. If submitting multiple emails as a proposal submission, label each email with a number (e.g., 1 of 8), accordingly. After transmitting an email submission, offerors should confirm receipt of all emails with the intended recipients.
- c. Facsimile is not an acceptable form of transmission for submission of initial proposals or revisions to initial proposals submitted in response to this solicitation. As directed by the Contracting Officer, facsimile may be used during discussions/negotiations, if discussions/negotiations are held, for proposal revisions, including Final Proposal Revisions.

2. Paragraph (c), Period for Acceptance of Offers, is revised as follows:

Period of acceptance is **180** days.

3. Paragraph (h), Multiple Awards, is revised to add the following:

The Government intends to make one (1) award, for each Group based on the technically acceptable offer with the lowest aggregate evaluated price. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on and properly substantiate pricing for all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

4. Paragraph (g), Contract Award, is revised as follows:

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest, and waive informalities and minor irregularities in offers received.

PROPOSAL SUBMISSION INFORMATION**A. Pricing**

1. An offeror's price proposal shall consist of prices submitted for each of the items found in the Schedule of Items (Attachment 1). The Schedule of Items is a grouping of items expected to be ordered by the customers along with the estimated quantities. Part 12 Provisions (CONTINUED)

and Distribution Price components. Pricing will be based on the following formula:

$$\text{Contract Unit Price} = (\text{Delivered Price} - \text{Rebates/Discounts}) + \text{Distribution Price}$$

See Economic Price Adjustment section of this solicitation for price component definitions.

2. Formatting of Prices: Prices shall be formatted to no more than two places to the right of the decimal point, for example, \$2.50. In the event that the offeror submits a price that exceeds this limitation, the price will be rounded up or down using standard rounding methods. For example, a price of \$2.215 or higher will be rounded up to \$2.22 and a price of \$2.214 or lower will be rounded down to \$2.21.
3. Distribution Prices - Multiple Groups and Tiers:
 - a. Multiple Groups. The offeror is permitted to submit a separate Distribution Price for each Group. In this instance, "Group" refers to a distinct and separate set of customers that require produce support (i.e. Troops vs. Schools). In the event that an offeror includes a Distribution Price for only one Group but through its proposal submission clearly indicates that it had intended to submit a proposal for multiple Groups covered by the Solicitation (i.e. submits pricing for all items contained in the Schedule of Items for all Groups), the Contracting Officer will interpret the offeror's omission of a separate Distribution Price for the other Group as its willingness to retain the same Distribution Price as the Group it was provided for and apply it to all Groups. Per this provision, this interpretation by the Contracting Officer is reasonable and acceptable by the offeror.
 - b. Tiers. Only one Distribution Price shall be offered for all items in each Tier. Offerors may propose a different Distribution Price per Tier. As described above in paragraph A.3.a., if an offeror fails to propose a Distribution Price for all of the Tiers, the Contracting Officer will utilize the last proposed Tier and apply it onward for each subsequent Tier. For instance, an offeror proposes a Distribution Price of \$3.00 for Tier 1 and fails to provide any Distribution Price for Tier 2. The Contracting Officer will apply the \$3.00 Distribution Price from Tier 1 to Tier 2. This application is reasonable and acceptable by the offeror per the terms of this section.

B. Schedule of Items: Pricing

1. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing for all items in the Schedule of Items.
2. Estimated quantities for each tier (3 separate Tiers, consisting of one (1) 24-month time period, and two (2) 18-month time periods) are indicated next to each item and are for information and evaluation purposes only.
3. Offerors are to submit proposed prices in accordance with the definitions of the separate price components identified earlier in this Solicitation. The Delivered Prices proposed must reflect those prices that were paid by the offeror for the various items during the Sunday April 17, 2022 through Saturday May 21, 2022 timeframe. Upon request from the Contracting Officer, an offeror may be required to substantiate the aforementioned proposed Delivered Prices with a product invoice (quotes may be accepted in very limited circumstances per Contracting Officer discretion) and accompanying freight invoice. The offeror's proposed Contract Unit Prices must be in a format that identifies the Delivered Price, minus any applicable Rebates/Discounts, and the Distribution Price as separate entries, then totaled together as one lump sum (i.e. the Contract Unit Price). For example, if the Delivered Price is \$20.00, the applicable Rebates/Discounts equal \$0.25, and the Distribution Price is \$3.00 an offeror's proposed Contract Unit Price for that item should be indicated as follows:

CONTINUED ON NEXT PAGE

Part 12 Provisions (CONTINUED)

$$(\$20.00 - \$0.25) + \$ 3.00 = \$ 22.75$$

(Prices used for illustrative purposes only)

- (a) An offeror shall NOT submit only the Contract Unit Price. All three components, as demonstrated above, shall be provided for each item.
- (b) Delivered Prices, applicable Rebates/Discounts, and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue. There are NO exceptions to this requirement. Failure to do so may result in an offeror's proposal being deemed technically unacceptable and therefore eliminated from further consideration for award. Please note that all items listed in the Solicitation's Schedule of Items will ultimately become part of the Contractor's catalog.
- (c) It is important to note that the Rebates/Discounts reported by an offeror during the proposal and subsequent evaluation stage will be relied upon by the Contracting Officer in demonstrating the favorable business relationships and resulting pricing terms that the offeror has with its suppliers. These favorable pricing terms, as well as any other terms represented in its proposal, should be available and utilized during the performance of the contract if the offeror is selected as the awardee. Therefore, it is required that the offeror be realistic and accurate in its reporting of said Rebates/Discounts. **TO BE CLEAR:** All offerors are on notice that the Contracting Officer expects each's proposal to accurately reflect the way in which that offeror intends to perform the contract if it is selected as the awardee. It is unacceptable to propose favorable terms that are inaccurate, false, or unrealistic for the purpose of misleading the Contracting Officer and tainting the evaluation process so that the offending offeror receives an award. Such behavior, when discovered, will result in immediate adverse action against the offeror or contractor as permitted by the terms of this Solicitation, applicable regulations, laws, or otherwise.

C. Distribution Prices

1. The offeror shall provide Distribution Prices for each Group (i.e. Troops vs. Schools/Tribal Reservations) and for each Tier, as discussed in paragraph A.3 of this section. Each Distribution Price shall reflect performance costs on a per-case basis. Each Group may have a different Distribution Price. Also, each Tier may have a different Distribution Price, but each Tier's Distribution Price shall apply to all items during the entire Tier period.
2. Unlike Delivered Prices (as discussed further below), Distribution Prices shall remain constant for the entirety of each individual contract Tier. As such, the Distribution Price for Tier 1 does not have to be equal to the Distribution Price for Tier 2. These prices can differ or remain the same as the Tier 1 price; but ultimately will remain constant for the duration of each Tier period.

D. Delivered Prices

1. The offeror is required to submit pricing on all items within the Schedule of Items. For evaluation purposes, an offeror's proposed prices on the Schedule of Items shall reflect the offeror's Delivered Prices, as previously defined, that were effective from Sunday April 17, 2022 through Saturday May 21, 2022.
2. As part of the evaluation process and requirement for proposal submission, the Government requires offerors to substantiate all of its proposed Delivered Prices with an invoice / quote from the manufacturer, grower, private label holder, or redistributor (collectively referred to as "Supplier") along with the corresponding freight invoice. The line item number must be clearly marked on each invoice (product and freight) to identify the invoice's corresponding item. The preferred documentation is the manufacturer, grower, or private label holder invoice. If a particular line item was not stocked during that time period, a written quote from a manufacturer, grower or private label holder may be accepted.

CONTINUED ON NEXT PAGE

Part 12 Provisions (CONTINUED)

However, please note that anything other than an invoice, such as quotes, are the exception to the rule and may not be satisfactory to the Contracting Officer in substantiating an offeror's Delivered Price. If unsatisfactory to the Contracting Officer, said price will be unacceptable and treated as though the offeror didn't submit a price at all. This situation may result in the offeror's proposal being deemed technically unacceptable and removed from further consideration for award. If an offeror does not have an invoice, the offeror needs to explain why, e.g. not in season, do not carry, etc. As stated, the Government has a strong preference for invoices over market quotes or other documentation. All invoices, quotes, or other documentation must be from sources that the offeror currently uses or plans to use to support the resultant contract. All invoices (or quotes, when approved by the contracting officer) must be based on quantities that are representative of the quantities expected to be purchased under the contract. For example, an invoice for a quantity of 1 will not be accepted when the Government routinely purchases quantities well in excess of that amount. Conversely, an invoice (or quotes, when approved by the contracting officer) based upon a quantity significantly larger than expected to be purchased under the contract will not be accepted. Quotes shall not be used for the purpose of submitting a price lower than an existing invoice price within the offeror's possession for the particular time period required by the Solicitation. This type of gamesmanship (i.e. lowballing) threatens the integrity of the procurement process and runs afoul of the clear intention of this Solicitation. As such, it will not be tolerated. By submitting a quote, the offeror is certifying that it did not purchase, nor have in stock, the item for the time period being evaluated. Information that is later obtained by the Contracting Officer that casts doubt on the veracity of this certification will be handled as appropriate per the terms of this Solicitation, applicable regulations, laws, or otherwise. The Contracting Officer has the sole authority and ultimate discretion in addressing the above-identified situations and scenarios and ultimately deciding on what information is acceptable and substantiates an offeror's proposed Delivered Prices.

Any quote must be presented in the following manner:

- (a) Detailed on Manufacturer, Grower, or Private Label Holder letterhead;
- (b) Date price quote was supplied;
- (c) Time period price quote is effective; to include expiration date;
- (d) Quantity covered by price quote;
- (e) Manufacturer, Grower, or Private Label Holder part number; and
- (f) Manufacturer, Grower, or Private Label Holder's point of contact: including name, title, address, and phone numbers.

E. Contract Unit Prices

1. Prices must not extend more than two places to the right of the decimal point. Standard rounding methods must be observed. For example, a delivered price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
2. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable, item that meets the Government's minimum requirements.
3. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to, DFARS 252.225-7012, Preference for Certain Domestic Commodities, and the requirement that items be procured from a sanitarily approved source. All invoices and quotes must contain sufficient information to clearly reflect compliance with solicitation/contract terms and conditions.

4. Offerors are required to submit a spreadsheet containing the following information (Attachment 1):

- (a) Government Item Number
- (b) Stock Number
- (c) Average Gov't Case Weight: Provided.
- (d) Item Description: Government Item Description.
- (e) Estimated Quantity: Quantity provided.
- (f) Unit of Issue: Self-explanatory. Note: Unit of Issue must be the same as that identified in the Government's Schedule of Items.
- (g) Delivered Price (DEP): The price you actually paid for the item minus any applicable Rebates/Discounts, as substantiated by a Manufacturer, Grower, or Private Label Holder invoice or quote. In limited circumstances as described above, this price may be substantiated by a Redistributor's invoice (Redistributor Exception). Conversely, under no circumstances will a quote be accepted from a Redistributor.
- (h) Distribution Price (DIP): Your distribution price.
- (i) Contract Unit Price: (Delivered Price - Rebates/Discounts) + Distribution Price.
- (j) Total Delivered Price: (Delivered Price - Rebates/Discounts) * Estimated quantity.
- (k) Total Distribution Price: Distribution price * Estimated quantity.
- (l) Total Evaluated Price: Total Delivered Price + Total Distribution Price.
- (m) Tier 2 Distribution Price:
- (n) Tier 3 Distribution Price:

F. Instructions for Proposal Spreadsheet - Attachment 1

1. Please fill in the white boxes only for each Group. For *Group 1*, DoD Troop customers-, fill in Delivered Price, including Freight, cells G8 to G39. For *Group 2*, Non-DoD School customers-, fill in Delivered Price, including Freight, cells G8 to G43. The offeror may propose different Distribution Prices for each Group and for each Tier, but all items within each Tier shall have the same distribution price. The offeror must submit Tier period Distribution Prices by filling in cells **H8 for Tier 1, M8 for Tier 2, and N8 for Tier 3 for Groups 1, and 2 in Attachment 1**. The spreadsheet will automatically calculate your total evaluated price for each Tier. All prices must be rounded to two places to the right of the decimal point using standard rounding methods (see paragraph A.2. above). If an offeror does not submit Distribution Prices for the Tier periods, the offeror's proposal may be rejected as technically unacceptable. **Distribution Prices by Tier are to be expressed in dollars and cents only.** An offeror may elect to offer no change in the Distribution Prices over the life of the contract. If you are not changing tier period Distribution Prices, all offerors must fill in cell **M8 for Tier 2 with the same distribution pricing as the "Tier 1 Price" column**. Failure to do so will be read as the offeror's intention to have the most recent preceding Tier distribution price apply to the subsequent Tier periods. As a reminder, all offerors must submit **ONE DISTRIBUTION PRICE** per Tier that will apply to every item in a Group in the Schedule of Items. Multiple Distribution Prices within a Tier period will not be accepted.
2. When preparing the spreadsheet, totals must appear in the rows titled "TIER 1 EVALUATION", "TIER 2 EVALUATION", "TIER 3 EVALUATION", and "TOTAL EVALUATION INCLUDING ALL TIERS".

G. Financial Arrangements: As part of a proposal, an offeror must submit, on signed letterhead, a list identifying any and all financial arrangements under which the offeror:

- (i) receives money from any of the offeror's suppliers, and
- (ii) asserts that such money is not a rebate, discount, or other economic incentive that would be owed to the Government under the terms of this solicitation and the resulting contract.

The offeror must provide the name of each supplier with whom the contractor has such a financial arrangement(s), provide a brief description of each financial arrangement, provide written agreement, and explain why the offeror believes that each financial

arrangement should not be considered a rebate, discount, or other incentive that would be owed to the Government under the terms of this solicitation and the resulting contract.

Note: A negative response is required.

H. Proposal Submission: Each offeror must submit:

- (i) a signed copy of the solicitation (and amendments, if applicable),
- (ii) all solicitation attachments (including Attachment 1 with proposed prices),
- (iii) signed financial arrangement information,
- (iv) a copy of a valid PACA License, and
- (v) a valid GHP / GAP audit for each place of performance. Failure to do so may render an offeror's proposal technically unacceptable.

For email submissions, offerors are reminded to limit the file size of any required documents being emailed, i.e., signed copy of the solicitation, amendments, completed Attachment 1, PACA license, financial arrangement letter, completed list of Places of Performance, valid USDA Good Agricultural Practices and Good Handling Practices or independent third-party certifying company audit inspection reports / certificates, invoices, etc. No individual document submitted should be greater than 5MB and no entire email should be larger than 10 MB. Multiple emails are likely necessary. When submitting multiple emails as a proposal submission, label each email with a number (e.g., 1 of 8), accordingly. In addition, label each individual document according to submission requirement with which it corresponds.

52.212-2 -- Evaluation -- Commercial Items.

This provision is incorporated by reference.

Addendum to FAR 52.212-2

The following paragraphs of 52.212-2 are amended or added as indicated below:

(a) The Government will award a contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. Technical Acceptability - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements, including submissions relating to the two subfactors listed below. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the award. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation. The following sub-factors will be evaluated and must be found acceptable for a proposal to be eligible for award:

A. Perishable Agricultural Commodities Act (PACA) License - The offeror shall possess and submit proof of a valid current PACA license.

B. Good Agricultural Practices (GAP) and Good Handling Practices (GHP) Audit - The offeror shall submit a valid, current USDA GAP/GHP audit report / certificate covering a full range of fresh fruits and vegetables for each place of performance

Part 12 Provisions (CONTINUED)

identified in the offeror's proposal. The audit report must demonstrate a passing score, and specifically passing in the following parts: General, Wholesale Distribution (6) and Preventive Food Defense (7). In lieu of a USDA GAP/GHP audit report / certificate, the offeror may submit an audit report / certificate conducted by a recognized private independent third-party certifying company certifying to an industry recognized food safety standard that exceeds all aspects of the USDA GAP/GHP audit report / certificate requirements. The audit report(s) must demonstrate that a passing score(s) was/were received. NOTE: Offerors relying on a non-USDA GAP/GHP audit report / certificate must agree to have a USDA GAP/GHP audit report / certificate for each place of performance by the start of contract performance.

2. Pricing - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and failing to properly substantiate all pricing for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis on all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's Evaluated Aggregate Price, the Weighted Aggregate Distribution Price will be added to the Aggregate Delivered Price. Please refer to paragraph (d) of this provision for further details regarding these price components. The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(d) Price Components:

1. Weighted Aggregate Distribution Price:

Aggregate Distribution Price is obtained by first multiplying the proposed distribution price for each item in the Schedule of Items by the item's estimated quantity to calculate the total distribution price for each item. Then, the total distribution prices of all items will be added together to determine the total distribution price for tier 1. The total distribution price for each subsequent tier will also be calculated. The total distribution prices for all tiers will be added together to determine the Aggregate Distribution Price. The Aggregate Distribution Price is then multiplied by a weighting factor of 6 to arrive at the Weighted Aggregate Distribution Price. Note: the weighting factor is applied only to the overall Aggregate Distribution Price (not on a line item basis), and is to be used for evaluation purposes only. The Government's use of a weighting factor of 6 for distribution pricing is done in order to more accurately balance the significance of the pricing components and their respective impact on any subsequent contract(s) issued under this solicitation.

2. Aggregate Delivered Price:

The Aggregate Delivered Price is obtained by first multiplying the proposed delivered price of each item in the Schedule of Items by the item's estimated quantity to calculate the total delivered price for each item. Then, the total delivered prices of all items will be added together to determine the total delivered price for tier 1. The total delivered price for each subsequent tier will also be calculated. The total delivered prices for all tiers will be added together to determine the Aggregate Delivered Price.

CONTINUED ON NEXT PAGE

Part 12 Provisions (CONTINUED)

3. Evaluated Aggregate Price:

The Evaluated Aggregate Price is obtained by adding the Weighted Aggregate Distribution Price and and Aggregate Delivered Price together.

4. For purposes of the Price Proposal Evaluation, Weighted Aggregate Distribution Price and Aggregate Delivered Price are considered equal. This equality is accounted for mathematically by applying a weighting factor of 6 (based on current Government data) to the Aggregate Distribution Price.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I. R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full

(a) *Exceptions from certified cost or pricing data.* (1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) *Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial product and commercial service exception.* For a commercial product and commercial service exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include -

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered in the catalog or marketplace.

(b) *Requirements for certified cost or pricing data.* If the offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The offeror shall prepare and submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

L09 REVERSE AUCTION (OCT 2016)

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify Offerors of this decision and the following provisions will apply:

(a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each Offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.

(b) Following the decision to conduct discussions using reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide Offerors determined to be in the competitive range with information concerning the auction process.

(c) Prior to conducting the reverse auction, the Contracting Officer may hold discussions with the Offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.

(d) Unless auction instructions indicate that only Offeror's rankings will be displayed, the lowest Offeror's price(s) for each round of the reverse auction will be disclosed to other Offerors and anyone else having authorized access to the auction. This disclosure is anonymous, meaning that each Offeror's identity will be concealed from other Offerors (although it will be known to the Government; only a generic identifier will be used for each Offeror's proposed pricing, such as "Offeror A" or "lowest-priced Offeror"). By submitting a proposal in response to the solicitation, Offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other Offerors, during the reverse auction.

(e) An Offeror's final auction price at the close of the reverse auction will be considered its final price proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final price proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(f) The following requirements apply when the Government uses a commercial web-based product to conduct the reverse auction:

(1) Each Offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the Offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such Offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other Offeror's pricing in confidence until after contract award.

(4) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is

CONTINUED ON NEXT PAGE

Part 12 Provisions (CONTINUED)

inconsistent with the purpose of the reverse auction. If a tie offer is submitted and no evaluation factors other than price were identified in the solicitation, the "Not Lead" Offeror that submitted the tie offer must offer a changed price; otherwise its offer will be ineligible for award if their final price in the auction is the tie offer price. If evaluation factors in addition to price were listed in the solicitation, tie offers that are "Not Lead" will be considered and evaluated in accordance with those evaluation factors.

(5) Any Offerors unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the Offeror's inability to enter pricing is determined to be without fault on the part of the Offeror and outside the Offeror's control.

(6) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(7) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to Offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an Offeror who successfully completes the training shall be designated as a "Trained Offeror." Only Trained Offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that Offerors provide an alternate Offeror employee to become a Trained Offeror. The Contracting Officer also reserves the right to take away the Trained Offeror's designation from any Trained Offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.

52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS —NOTICE AND REPRESENTATION (JUN 2020) FAR

(a) *Definitions.* As used in this provision --

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means --

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;

 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
 - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that --

- (1) It [] is [] is not a foreign person; and
- (2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that --I am claiming on the IRS Form W-14 [] a full exemption, or [] partial or no exemption [*Offeror shall select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then --

- (1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and
- (2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.
