Part 12 Clauses**STATEMENT OF WORK****CAUTION NOTICE**

THE CONTENT AND STRUCTURE OF SOLICITATION SPE300-17-R-0024 IS NEW. PLEASE READ CAREFULLY BEFORE SUBMITTING YOUR OFFER.

This solicitation is being issued as 100% Small Business set-aside acquisition under full and open competition procedures. NAICS is 311991 and size standard is 500. It contains two (18 month) Tier periods. The length of the contract is 36 months (3) years including all Tiers.

The awardee will be required to have a computer system capable of accepting delivery orders and processing Electronic Data Interchange (EDI) transactions. This contract will require the contractor to have electronic commerce/electronic data interchange EC/EDI capabilities.

All contractors who choose to conduct business with the Department of Defense must now be registered in the System of Award Management (SAM) database. In addition, we encourage all vendors who receive contract awards as a result of this solicitation to access the "Dynamic Small Business Search" feature of SAM to identify potential suppliers and teaming partners for this initiative. You may go to the System of Award Management at www.sam.gov and click on the "Dynamic Small Business Search" button. When making your procurement decisions we encourage one's consideration of local business as a means to nurture small business and local economies.

All contractors who receive awards as a result of this initiative are encouraged to utilize the SBA SUBNet database to assist them in further identifying additional small business sources of supply. Vendors may post notices of sources sought for teaming partners and subcontractors on future contracts. Small business can review this web site to identify opportunities in their area of expertise. You may access the SBA PRONet database through the SBA Website at: www.sba.gov.

In this proposal submission all offerors are required to provide invoices, on all lines in the Schedule of Items, to substantiate pricing. For more information, see section XXXVI, para. D, item 2.

CONTRACTOR CODE OF BUSINESS ETHICS (FEB 2012)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud,

conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

RAPID GATE, DEFENSE BIOMETRIC IDENTIFICATION SYSTEM (DBIDS) REQUIREMENT and/or OTHER SECURITY PROGRAMS

Many bases may require enrollment in either RapidGate or the Defense Biometric Identification System (DBIDS). Both RapidGate and DBIDS manages access to Department of Defense (DoD) installations and will not allow entry without clearance. During the contract start-up/ implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate, DBIDS, or another security program is required for access to each location. If RapidGate, DBIDS, or other security enrollment is required, the Contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. The Contractor is responsible for any costs associated with RapidGate, DBIDS, and/or other security program enrollment and must ensure that a RapidGate or DBIDS enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the Contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate or DBIDS enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate or DBIDS is encountered during the start-up/implementation period, the Contractor MUST contact RapidGate, DBIDS, and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate, or DBIDS enrollment so that the Contractor will be able to deliver as required.

Please note that RapidGate and/or the Defense Biometric Identification System (DBIDS) is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs now or at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement.

For additional information regarding RapidGate and DBIDS, including enrollment instructions, please visit their websites at www.rapidgate.com and <http://dbids.dmdc.mil/DBIDS>.

STATEMENT OF WORK (SCOPE)**I. INTRODUCTION**

- A. DLA Troop Support intends to enter into an Indefinite Quantity Contract (IQC) contract with a commercial firm to supply a full-line of USDA No.1 or better Fresh Fruit and Vegetable (FF&V) and Shell Eggs (if required) products to DoD (Ship & Export) customers located in the State of Virginia Zone. The rating of USDA No. 1 or better (Product must be free of internal and external defects), is subject to what is actually called for in the schedule of items. The schedule of items ultimately controls the specific quality rating per item and the generic language of "U.S. Grade 1 or better" only speaks to the bare minimum requirement.
- B. This solicitation consists of one (1) zone and one group, Ships and Exports in the state of VA zone. Group 1 will consist of DoD customers to include Troop customers. The Government intends to make one (1) award for the Group based on the technically acceptable offer with the lowest aggregate evaluated price ("lowest price technically acceptable" or "LPTA"). In its LPTA evaluation of offerors' pricing, the Government will incorporate a weighting factor to the distribution pricing component of the overall evaluated price. Please refer to FAR 52.212-2 Evaluation - Commercial Items (Jan 2017) for additional information. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.
- C. This solicitation is Total Small Business Set-Aside. It utilizes the Lowest Price Technically Acceptable Source Selection Plan. See 52.212-2 Evaluation – Commercial Items.
- D. This Solicitation utilizes the Lowest Price Technically Acceptable ("LPTA") Source Selection Process. As part of this selection process, the Agency will incorporate a weighting factor in its evaluation. Said factor will apply to the Distribution Price component only of the overall Contract Unit Price. Please refer to FAR 52.212-2 contained in this Solicitation for additional information about how each offeror's price, and price components, will be evaluated.
- E. Any award made against this solicitation will result in an Indefinite Quantity Contract (IQC) Fixed Price with Economic Price Adjustment-Actual Material Costs for Subsistence Delivered Price Business Model. An IQC will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504 (a)).

II. EFFECTIVE PERIOD OF CONTRACT

- A. Each resultant contract is for a total of 3 years, two (2) 18-month Tier periods. Tier period one will commence on the effective date of the contract.
- B. The first Tier period of the resultant contract, and the second Tier period under that contract, will not exceed 18 months each. The total length of the contract will not exceed 36 months, or 3 years.

III. TIERS

- A. The 3-year contract period is divided into two 18-month Tier periods. Each Tier affords offerors an opportunity to provide different Distribution Prices as defined in the EPA provision. Each Distribution price offered must be expressed as a dollar value (up to two decimal places) and NOT a percentage. If an offeror submits the latter, it will not be accepted. If an offeror fails to provide a Distribution Price for any of the Tiers, the Contracting Officer will assume that it is the offeror's intention that no change in Distribution Price was meant after the most recent preceding Tier period that included a Distribution Price. For instance, if an offeror proposes a Distribution Price for Tier 1 of \$3.00 and fails to propose anything for Tier 2, the Contracting Officer will interpret that omission as meaning that the \$3.00 Distribution Price pertains to all two (2) Tiers.
- B. Although different distribution prices may be offered for each Tiered period, the distribution prices will be firm-fixed and, thus, not subject to change during a Tiered period. Contract deliveries may fall outside of the Tier effective periods (i.e. an order placed during Tier 1 may be delivered during Tier 2). Prices will be based on the time an order is placed, not when an order is delivered. For example, if an order is placed during Tier 1, but delivery is made during Tier 2, then the prices in effect for that order will be the Tier 1 prices.

IV. ESTIMATED DOLLAR VALUE / GUARANTEED MINIMUM / MAXIMUM

- A. The following chart includes the 18 month estimate (1st Tier period), 36 month (i.e. 3 year) estimated dollar values, the guaranteed 10% minimum dollar values, and the 200% maximum dollar values for each group. The guaranteed minimum values and the maximum values, although based on estimates, are firm dollar

amounts calculated as a percentage of the estimated dollar values. The guaranteed minimum dollar value constitutes the Government's legal ordering obligation under the contract. In addition, the Government may place, and the contractor must fill, additional orders above the guaranteed minimum dollar value, not to exceed the maximum dollar value.

- B. **NOTE:** The guaranteed minimum, which is shown in the "10% Minimum" column below, constitutes the Agency's full legal obligation as to its ordering requirements. Once this obligation is met, there is no further ordering obligation on the part of the Agency regardless of what tier period said obligation is met within

| Virginia Ships and Exports zone | 18 – Month Estimate (1st Tier) | 3 Year Estimate (Total Including all Tiers) | 10% Min (Tier 1) | 200% Max (3 Years) |
|---------------------------------|--------------------------------|---|------------------|--------------------|
| Group 1 – Ships & Exports | \$12,300,000.00 | \$24,600,000.00 | \$1,230,000.00 | \$49,200,000.00 |
| Total | \$12,300,000.00 | \$24,600,000.00 | \$1,230,000.00 | \$49,200,000.00 |

The term "estimate" refers to the Agency's good faith estimate of the requirement for the specific tier periods stated.

V. CONTRACT START-UP PERIOD

- A. Within 15 days after the award is made, the Contractor shall submit a proposed implementation schedule to the Contracting Officer that details all of the necessary aforementioned steps that are required to ensure proper contract performance. This may include but is not limited to catalog/ordering/invoice testing (STORE), sourcing new items, finalize delivery schedule per customer location, etc. An additional 30 days will be granted for actual completion of the proposed schedule. No more than 45 days after award, however, will be given to complete the schedule and have a fully functional distribution account in place for all customers covered under the contract(s). The timeline for the "start-up" period, as described above, is included in the first 18-month Tier 1 period.

VI. ELECTRONIC ORDERING CATALOGS

An offeror that receives an award will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. These catalogs will be STORES (for Ship & Export contracts). Each item in the catalog shall contain the corresponding national or local stock number (as appropriate), Government item description, packaging characteristics, unit of issue, and unit price.

A. Catalog Maintenance

1. New Items

- Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items, which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.
- After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA Troop Support (if required) and add the item to the ordering catalog via an 832 catalog transaction. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer-provided form when requesting all item approvals (additions and/or changes). The form is mandatory and is Attachment 3.
- The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices. However, the requirements will ultimately be determined by the customer(s) and added to the ordering catalog by the Contracting Officer per the process outlined below.

2. Catalog Pricing

- Schedule of Items Pricing: Items priced in the Schedule of Items (See Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be

determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.

- (b) Contractor-Requested Catalog Price Changes: Upon award, all items included in the Solicitation's Schedule of Items that ultimately are included in the ordering catalogs have been deemed "fair and reasonable" from a pricing standpoint by the Contracting Officer. No further analysis is necessary with regard to those prices until said prices are subject to change per a request by the Contractor under the terms of the EPA provision. In accordance with said provision, a Contractor is permitted to submit a weekly adjustment request for any items found on the catalog when consistent with actual price changes of said items encountered by the Contractor as reflected in the commercial market. When such a request occurs, the Contracting Officer is required to make an entirely new "fair and reasonable" determination of that item's new requested price. Prices are to be adjusted downward or upward, as appropriate, according to "last invoice" price. If the new requested price cannot be found "fair and reasonable" by the Contracting Officer, the last approved price will remain for purposes of the ordering catalog and the Contractor shall continue support of that item(s) for Agency customers the following week and beyond until a new "fair and reasonable" price is approved. The Contracting Officer's failure to approve a Contractor's request for a weekly adjustment of a price will NOT result in the automatic removal of the corresponding item from the following week's ordering catalog. In a circumstance where an item's price is "held over" from a prior week, having not been adjusted due to the Contracting Officer's rejection of a subsequent weekly price adjustment request (i.e. newly proposed price cannot be determined "fair and reasonable"), it is expected that the terms of the EPA provision continue to be strictly adhered to. It is unacceptable, and a breach of said terms, if a Contractor uses a "held over" price to overcharge the Government at a point when that price exceeds the item's true price as paid by the Contractor in its business, which reflects commercial market conditions for that item. Therefore, in the "held over" scenario as described above as well as all scenarios encountered during contract performance, price decreases are expected when and where applicable. Please note that the Contracting Officer has wide discretion in managing the above-described processes and resolving any resulting issues.
- (c) Contractor-Requested Catalog Additions: Before an item is added to the catalog, the Contractor is required to submit to the Contracting Officer the "Request for New Item" Form as previously addressed (see Attachment 2). Said request shall include the stock number, Government item description including the quality grade of the item, proposed unit price with a corresponding supplier invoice or quote (quotes permitted in very limited circumstances as approved by the Contracting Officer; i.e. Contractor never purchased item before or stale prices due to seasonality, etc.), and previously agreed upon distribution price. The request is due by 9:00 AM ET on the Monday prior to Wednesday's catalog updates. Please note that meeting this deadline does not guarantee that the item's price will be approved as "fair and reasonable" nor does it mean that the Contracting Officer will have been able to complete his/her review of the request prior to the time necessary to incorporate it into the following week's ordering catalog. The Contracting Officer will review the catalog addition request and upon determining, the price fair and reasonable will contact the Contractor to indicate acceptance. The Contractor shall then include the item on Wednesday's catalog update of whichever week the request is approved. Should the proposed price fail to be determined "fair and reasonable," the Contracting Officer will conduct negotiations with the Contractor. If, after negotiations, the proposed price still cannot be determined "fair and reasonable," the item will not be added to the catalog cannot be determined fair and reasonable, then the item will not be added to the catalog.
- (d) Pricing Requirements: The Contractor's catalog prices, as awarded, constitute the initial catalog prices. These prices are in effect during the first ordering week (from Sunday at 12:00 a.m. Eastern Time (ET) (standard or daylight as applicable) through the following Saturday at 11:59 p.m. ET. The prices shall remain in effect for all subsequent ordering weeks, except as otherwise adjusted in accordance with the EPA provision.

3. Rebates/Discounts and Price-Related Provisions

- (a) Terms used in this provision shall have the same definition as those included in Economic Price Adjustment (EPA) language, included herein.
- (b) Rebates/Discounts

1. All NAPA discounts, food show discounts, early payment discounts (except Qualifying Early Payment discounts discussed herein), and other discounts, rebates, allowances, economic incentives, financial arrangements, or other benefits, which reduce the Contractor's price paid for products supplied under this contract or which are otherwise attributable to products sold under this contract, shall be passed to the Government via a reduced catalog price. Any Rebates/Discounts that cannot be applied as an up-front price reduction must be submitted via check payable to the U.S. Treasury, with an attached itemized listing of all customer purchases by line item, including contract number, call number, purchase order number and contract line item number ("CLIN"). Instructions for identifying discounts, rebates, allowances or other economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.
2. The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other economic incentives or benefits for the Government throughout the period of performance of this contract.
3. The contractor may retain Qualifying Early Payment discounts that meet the following conditions:
 - (i) The Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
 - (ii) The Early Payment discount is consistent with commercial practice;
 - (iii) The Early Payment discount is routinely given by the manufacturer, grower/shipper, private label holder, or redistributor to their customers, other than the Contractor, at the same discount rate and under the same conditions as provided to the Contractor;
 - (iv) The Early Payment Discount is not established, requested, or negotiated for the purpose of avoiding giving DLA Troop Support a lower cost or application of a rebate/discount resulting in a higher invoice price;
 - (v) The Early Payment discount is no more than 2 percent of the manufacturer's, grower/shipper's, private label holder's, or redistributor's invoice and the early payment is required within 10 days to obtain the discount; and
 - (vi) The contractor actually made the required payment within the time period required to receive the discount.
4. The Government may require the contractor to submit invoices and other documentation from all subcontractors (as defined in FAR Part 44.101) and/or any entity in the delivered price supply chain to substantiate or identify any Rebates/Discounts. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a Rebate/Discount should have been, but was not, passed on to the Government, the Government shall be entitled to a refund in the amount of the overcharges, inclusive of interest. If the Contractor believes it erroneously credited a rebate/discount to the Government, Contractor may submit a request for an equitable adjustment in the amount of the undercharge. The request may be entertained if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor. The Contractor will not be entitled to reimbursement if the undercharge was the fault or negligence of the Contractor.
5. The Contracting Officer, and/or authorized representative(s), shall have the right to examine and audit the Contractor's records relevant to pricing under the contract, including records related to the existence and proper accounting of rebates, discounts, etc. The Government may also review/audit the Contractor's electronic purchasing system to confirm that the Delivered Price of a product sold to the Government is accurate.
6. Failure on the part of the Contracting Officer to identify non-compliance with this provision or to challenge the Contractor's erroneous interpretation of this provision shall not constitute waiver or a defense against the Government's entitlement to any

of Rebates/Discounts or any other remedies afforded by this section, the contract, or other applicable laws and regulations.

(c) Pricing

1. The Contractor shall utilize best commercial practices in purchasing items provided under this contract, to include seeking and using competition to the maximum extent practicable for all sourcing, as well as purchasing in the most economical order quantities with accompanying terms and conditions. Those commercial practices shall be used to reduce the Delivered Price charged to the Government.
2. Upon the Contracting Officer's request, the Contractor shall provide to the Government any invoices, quotes, or agreements relevant to the Delivered Price component for cataloged items, previously cataloged items, new items being added to the catalog, or catalog price changes. The contractor must ensure detailed payment terms are clear on each invoice or quote used to substantiate Delivered Price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with "No payment terms."
3. The Delivered Price component shall not include costs other than what is included in the definition of Delivered Price. Any Contractor costs related to performance aspects of this contract that have been subcontracted shall be borne from the Distribution Price component of the Contract Unit Price. This includes payments made to manufacturers, growers, private label holders, or redistributors for charges, which exceed the actual product costs. Layering of subcontractor costs in Delivered Price is unacceptable. Use of any subcontractor at any tier, including redistributors, for purposes of inflating Contractor costs, and the price charged to the Government under this contract, is unacceptable and a breach of the contract. Use of any subcontractor at any tier, including redistributors, to conceal documentation to support a Delivered Price and/or the accounting of rebates/discounts is unacceptable and a breach of the contract.
4. The Contractor shall not purchase items at a price that exceeds the actual market price at the time of purchase for the purpose of increasing an item's Delivered Price under this contract. Inflating Delivered Prices, whether by overpaying for an item on the market or by purchasing an item at low quantities that do not reflect ordering behavior under the contract in order to obtain documentation reflecting higher prices, is unacceptable. Evidence of these practices may result in immediate action on the part of the Government including, but not limited to, termination of the contract, affirmative claims against the Contractor, referral to civil or criminal investigative bodies, and any other remedies afforded to the Government by law.

VII. ECONOMIC PRICE ADJUSTMENT ("EPA") – ACTUAL MATERIAL COSTS FOR SUBSISTENCE FRESH FRUITS & VEGETABLES ("FF&V" or "Produce") and SHELL EGGS MODEL

A. Warranties. For any items covered by this EPA clause, the Contractor warrants that:

1. Contract Unit Price and the components of the Contract Unit Price, i.e. Delivered Price and Distribution Price, shall not include allowances for any portion of the contingency covered by this clause; and
2. Price adjustments requested during the performance of the contract shall be computed in accordance with the provisions of this clause.

B. Definitions. As used throughout this clause the term:

1. **"Contract Unit Price"** means the total price per unit of a particular item charged to the Government for a product delivered to customers under this contract. The Contract Unit Price consists of two separate and distinct components: 1) Delivered Price, less Rebates/Discounts, and 2) Distribution Price. The unit price sum of these two components shall be rounded up or down to the nearest cent, to determine the Contract Unit Price.
2. **"Delivered Price"**
 - (i) "Delivered Price" means the commercial manufacturer, grower, or private label holder price per unit charged to the Contractor, inclusive of standard freight to the Contractor's facility/facilities, for the purchase of a representative quantity of the item as compared to

orders under this contract. Delivered Price is the manufacturer, grower, or private label holder price that is input into the Contractor's purchasing system as the starting basis for its pricing to customers prior to applying or deducting any additional costs or expenses, such as distribution, overhead, profit, rebates/discounts, or other costs/expenses stemming from separate financial arrangements. Delivered Price shall be substantiated with an actual invoice paid by the Contractor. In limited circumstances, quotations may be used to substantiate a Delivered Price, but only with specific approval of the Contracting Officer. The Delivered Price shall not include costs to be included in the Distribution Price.

(A) **Redistributor Exception:**

On a case by case basis, for a specific item or stock keeping unit ("SKU"), a contiguous United States (CONUS) redistributor's most recent commercial price per unit, inclusive of standard freight to the Contractor's facility/facilities to the Contractor of a representative quantity of product as compared to orders under the contract may be used to establish Delivered Price. A redistributor's commercial price may only be used to establish Delivered Price when the redistributor's price for the quantity ordered is equal to or lower than a manufacturer's, grower's, or private label holder's current market price for a representative quantity of product inclusive of rebates/discounts. The Contracting Officer must specifically approve the use this exception. When seeking approval for the use of this exception, at a minimum, the Contractor must supply invoices from the redistributor. Quotes from the redistributor are unacceptable. Additional supporting documentation (e.g., published price list, manufacturer letter, or similar proof of price comparison) may be required. The determination of whether the supporting documentation offered is sufficient to establish a manufacturer's, grower's, or private label holder's current market price, as well as the decision to permit the use of this exception, rests solely with the Contracting Officer.

3. **"Distribution Price(s)"** means the firm-fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price component includes all costs associated with the Contractor's performance that are not included in the Delivered Price, including, but not limited to: human resources, insurance, special packaging, overhead, profit, transportation from the Contractor's facility or other place of performance to the end customers, split-case fees, ancillary in-house processing fees, subcontractor costs, etc.
4. **"Grower"** means the business concern that raises produce for marketing.
5. **"Manufacturer"** mean the business concern that, with its own facilities, performs primary activities of processing or transforming agricultural products into the end item being acquired.
6. **"Ordering Catalog"** means the electronic listing of items and Contract unit prices available for ordering under this contract.
7. **"Ordering Week"** means from Sunday at 12:00 AM (Eastern Time (ET), standard or daylight as applicable) through 11:59 PM on the Saturday of the following week.
8. **"Private Label Holder"** means:
 - (i) A manufacturer or grower with whom the Contractor holds an ownership and/or financial interest, or ownership and/or financial interest in a specific item(s) produced by a manufacturer or grower;
 - (ii) An entity holding an intellectual property interest, whether by ownership or license, in the label under which product is being sold in the commercial marketplace; or
 - (iii) An entity holding exclusive marketing and/or sales authority of a product, or one holding property rights in a proprietary product formula.
9. **"Rebates/Discounts"** means all rebates, discounts, product allowances, food show discounts, early payment discounts (other than qualifying early payment discounts as may be defined elsewhere in this contract), and any other rebates, discounts, economic incentives, or similar financial arrangements available at the manufacturer, grower, private label holder, or redistributor level that ultimately reduces the Contractor's price paid for a product supplied under the contract. In accordance with this clause as well as other provisions of this contract, and subject to any applicable exceptions, all rebates/discounts shall be passed on to the Government via a reduced

catalog price for the item to which the rebates/discounts pertain (i.e. "off invoice"). Any rebates/discounts that cannot be applied as an up-front price reduction must be submitted to the Contracting Officer via check payable to the U.S. Treasury, with an attached itemized listing of all customer purchases by line item, including contract number, call number, purchase order number and contract line item number ("CLIN").

10. **"Redistributor"** means an entity independent of the contractor that operates in the existing commercial marketplace and from which the contractor purchases product for purposes of consolidating quantities and/or obtaining lower delivered prices. Examples may include: brokers, dealers, distributors, and buying groups.
11. **"Standard Freight"** means the published list price or prevailing market rate for transportation of items ordered under this contract from the manufacturer, grower, private label holder, or redistributor (when the Redistributor Exception applies) to the Contractor's facility/facilities. Standard Freight must be documented in an invoice; however, quotes may be an acceptable form of substantiation in limited circumstances and if authorized by the Contracting Officer. Standard freight may include certain ancillary costs associated with transportation which are consistent with commercial practice in the produce industry, including, but are not limited to, pallets, temperature recording devices, Tectrol, etc.
 - (i) In the event that the Contractor picks up its own product directly from a manufacturer, grower, private label holder, or redistributor (when the Redistributor Exception applies) on an F.O.B Origin basis, or arranges for delivery transportation from a third party source other than the manufacturer, grower, private label holder, or redistributor (when the Redistributor Exception applies), the standard freight cost shall be based on market tariffs/conditions and consistent with prevailing market rates. At no time shall that cost exceed the manufacturer's, grower's, private label holder's, or redistributor's, or such entity's carrier's freight price normally payable by the Contractor for inbound shipments of such products and quantities to the Contractor's facility(ies).

C. Price adjustments.

1. General.

- (i) All Contract Unit Prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this section. After the first ordering week, if the Contractor's Delivered Price changes for any or all Contract Unit Prices, the Contract Unit Price shall be changed in the next week's ordering catalog upon the Contracting Officer's approval of the Contractor's request, which must be submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraphs C.2 and D, below. Any price changes approved by the Contracting Officer shall become effective at the beginning of the next ordering week. All ordering catalog unit prices computed in accordance with this section and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time the order is placed, regardless of any changes in the Contract Unit Price occurring before delivery or in any subsequent ordering week.
- (ii) Delivered Prices included in the catalog shall equal the Contractor's last receipt price for the item as reflected in an invoice (or quote in limited circumstances) for a representative quantity compared to typical Government purchases. For the purpose of the contract catalog, the "last receipt price" means the price of the product charged on the most recent invoice at the time the price change is requested. For example, if by Wednesday (i.e. the day price change requests are due to the Contracting Officer) the Contractor had recently received two invoices for the product in question, one on Monday and one on Tuesday, then the most recent invoice is the one from Tuesday (assuming it contains a representative quantity as described above). It is important to note that a Delivered Price must in almost all cases be justified using an invoice as described in this paragraph. Use of a quote is only permitted in extremely limited circumstances, such as when an item has not been purchased before by the Contractor or the price of the item is stale due to seasonality and other similar issues. Outside of those limited circumstances, which will be reviewed and approved by the Contracting Officer on a case-by-case basis, a Delivered Price will not be substantiated by using the price of an item that is the latest to arrive at the Contractor's facility but does not yet have an invoice to support it. Ultimately, the invoice (or quote in limited circumstances) justifying the

Delivered Price request is subject to review by the Contracting Officer at the time the request is made.

- (iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted weekly, no later than 12:00 p.m. (Noon) Eastern Time on Wednesday to be effective in the following week's ordering catalog. Invoices submitted to support price change requests shall also identify all rebates/discounts that will be subtracted from the requested delivered prices when calculating the revised contract unit prices that would go on the catalog. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange ("EDI") 832 transaction set when using STORES or an update to FFAVORS web. The change notice shall include the Contractor's adjustment in the Delivered Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such EDI 832/FFAVORS Web price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's ordering catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next week's ordering catalog.
- (iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may, at any time, require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior ordering weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government, all supporting data, including, but not limited to, invoices, quotes, price lists, documentation regarding rebates/discounts, and any other substantiating information from the Contractor and any and all of its suppliers in the supply chain, including the manufacturer, grower, private label holder, or redistributor.
- (v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this provision shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by 9:00 a.m. Eastern Time each Friday that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following ordering week. The posting of updated prices in the ordering catalog, calculated in accordance with this section, constitutes a modification to this contract. No further contract modification is required to effect this change. Any changes that post to the ordering catalog do not constitute a waiver of any of the rights delineated elsewhere in the Solicitation, any resulting contract(s), or otherwise by law or regulation.
- (vi) Should the Contracting Officer determine that, or question whether, a price change request contained an erroneous Contract Unit Price or price change, or cannot otherwise determine the changed price(s) to be "fair and reasonable," such as when the changed price(s) is(are) higher than delivered prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to 9:00 a.m. Eastern Time on Friday. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct, in writing, that the item in question be retained on the catalog at the most recent previously-approved price consistent with current market conditions. In the alternative, the Contracting Officer may authorize the removal of an item.
- (vii) In the event of a price change not posting or an ordering catalog Contract Unit Price not computed in accordance with this section, resulting in an incorrectly increased or decreased Contract Unit Price, upon discovery of such occurrence the Contractor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its ordering catalog. In the event of an erroneous price increase in the ordering catalog, the Contractor shall submit a refund, including interest if applicable, for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the ordering catalog, the Contractor may submit a request for an equitable adjustment in the amount of the undercharge for consideration by the Contracting Officer. The request may be entertained if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor. The Contractor will not be entitled to reimbursement if the undercharge was the fault or negligence of the Contractor.

2. Limitations. All adjustments under this section shall be limited to the effect on Contract Unit Prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for—
 - (i) Supplies for which the Delivered Price is not affected by such changes;
 - (ii) Changes in the quantities of materials; and
 - (iii) Increases in Contract Unit Prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this provision) and/or increases in Contract Unit Prices that the Contracting Officer determines are not fair and reasonable.
- D. Upward ceiling on economic price adjustment. The aggregate of Delivered Price increases for each item under this section during the entire contract period shall not 90% for Department of Defense (DoD) Troop and N/A for United States Department of Agriculture (USDA) School & Tribal Reservation customers, of the initial contract Delivered Price, except as provided below:
 1. If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the Delivered Price ceiling for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event that the latest actual market price for an item does result in a Delivered Price that exceeds the allowable ceiling price under the contract, the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832/FFAVORS Web price change request no later than the time specified in paragraph C.1.(iii), above. With either such notification, the Contractor shall include a revised ceiling that the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.
 2. The price change shall be posted for the following week's ordering catalog. If an actual increase in the Delivered Price would raise the price for an item above its current ceiling, and the Contracting Officer and Contractor cannot negotiate a fair and reasonable price below the ceiling or if the Contracting Officer does not issue a contract modification to raise the ceiling, the Contracting Officer may reject the price change and direct that the item be retained on the contract at the last approved price. If the Contracting Officer decides to retain the item, the contractor shall continue to perform with the item at the last approved price. In the alternative, the Contracting Officer may authorize the removal of an item. The decision regarding whether to modify the contract, retain the item, or remove the item rests solely with the Contracting Officer.
- E. Downward limitation on economic price adjustments. There is no downward limitation on the aggregated percentage of decreases that may be made under this section.
- F. Price Audit. The Contracting Officer may require the Contractor to submit invoices and other documentation from all subcontractors at all tiers and/or all suppliers or persons in the Delivered Price supply chain, up to and including the grower, manufacturer, and/or redistributor, for the purpose of confirming Delivered Prices charged to the Government, as well as to substantiate all rebate/discounts applicable to orders under the contract. In performing the price audit, the Government shall have the right to examine books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this section and any other terms and conditions of the contract. Such price audits may occur up to twice a year (except as provided for below) until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation ("FAR"), whichever is earlier. In addition to price audits, the Government may conduct additional examinations of records, as required by the Contracting Officer to ensure contract compliance.
- G. Final invoice. The Contractor shall include a statement on the final invoice for each order that the amounts invoiced hereunder have applied all decreases required or authorized by this section.
- H. Disputes. Any dispute arising under this section shall be determined in accordance with the "Disputes" clause of the contract.

VIII. DOMESTIC NON-AVAILABILITY DETERMINATION – FRESH FRUITS AND VEGETABLES

- A. A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables (FF&V), dated 16 May 2008 was approved and is in effect for the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the

requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities, which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at US market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.

IX. ADDITION OF NEW CUSTOMERS

A. Adding Customers within the Contract's Geographic Distribution Region/Zone:

1. After contract award, there may be instances when new customers request support of their fresh produce requirements. Additional DoD and/or Non-DoD federal government customers that request DLA Troop Support produce support may be added to the contract without any new acquisition or competition process, if the customer(s) is/are within the geographic distribution region/zone covered by this contract.
2. The decision as to whether a potentially new customer is within the contract region or zone and, thus, will be added to the contract without further competition and at the existing contract prices, shall be the sole decision of the DLA Troop Support Contracting Officer.
3. Pursuant to the above, the Contracting Officer will instruct the contractor to include the customer(s) at the effective contract prices applicable to that distribution zone/region.

B. Adding Customers outside the Contract's Geographic Distribution Region/Zone:

1. This provision applies to the following customers:
 - (a) A new DoD or Non-DoD federal customer that is deemed by the Contracting Officer to be outside the contract's geographic distribution region/zone.
 - (b) An existing DoD or non-DoD federal customer that is deemed by the Contracting Officer to be outside the contract's geographic distribution region/zone but has been previously supported on a separate contract covering a geographic distribution region/zone.
2. The customers described in paragraph B.1., above, and their produce requirements, may be added to any contract resulting from this solicitation as follows:
 - (a) In the judgment of the Contracting Officer, the customer(s) at issue is/are located in an area that is considered adjacent or proximal to the geographic distribution region/zone of the resulting contract. In a circumstance where the customer is located in an area that is adjacent or proximal to multiple existing produce contracts, the decision of which contract is most satisfactory to the Government for purposes of adding the customer(s) will be the sole decision of the Contracting Officer, taking into consideration numerous factors, including but not limited to those contained in this provision. Further, to that end, it is the Contracting Officer's sole decision as to which existing contractors available in the aforementioned region/zone(s) will be solicited for the support of the customer(s).
 - (i) The Contracting Officer will request complete price proposals to support the subject new customer(s), to include distribution and delivered prices. Prior to any customer being added to the resulting contract, the Contracting Officer shall determine all proposed prices to be fair and reasonable. To this end, negotiations may be required, in which the same processes and procedures contained within the instant solicitation may be employed.
 - (b) In the judgment of the Contracting Officer, the customer(s) at issue is/are not located in an area adjacent or proximal to the geographic distribution region/zone of the resulting contract, and/or the anticipated customer requirement is insubstantial, the customer(s) will not be added.

C. Under no circumstance may the resulting contract's maximum dollar value be exceeded with the addition of any customer(s) and its respective produce requirements.

X. CUSTOMER SERVICE

- A. Military and other DOD activities have periodic food menu boards, and other types of meetings, which the vendor may be required to attend. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products, demonstrate produce preparation, and provide nutritional information.

- B. The contractor shall provide at least one full-time Customer Service representative to maintain continuous contact with all of the ordering customers, as well as at least one back-up representative.
- C. As an industry expert, the Contractor shall assume the responsibility of introducing new FF&V items to the customers, as well as to show cost-effective alternatives to their current choices, if the customer so desires. (For procedures to add items, see New Items paragraph under the Section VI. Electronic Ordering Catalogs.) However, the decision as to which items are ultimately included in the Ordering Catalog are at the discretion of the customer(s) and the Contracting Officer.

XI. ORDERING SYSTEMS

- A. Subsistence Total Order & Receipt Electronic System (STORES): DOD customers will order using the Subsistence Total Order and Receipt Electronic System (STORES) catalog. The vendor is responsible for establishing and maintaining the STORES catalog.

1. Accessed via the Internet, STORES is the Government's translator/ordering system that is capable of accepting orders from any of the Services, i.e. Army, Air Force, Navy, or Marines, individual ordering systems and translating them into an Electronic Data Interchange (EDI) format. In addition, this information is passed to DLA Troop Support for the purposes of contractor payment and customer billing.
2. Customers will be able to order all of their requirements through STORES. The System will transmit orders to the vendor and DLA Troop Support.
3. The contractor is required to interface with STORES and must be able to support the following EDI transactions:
 - 810 Electronic Invoice
 - 820 Payment Voucher Information
 - 832 Catalog (Outbound - Vendor to DLA Troop Support)
 - 850 Purchase Order
 - 861 Receipt
 - 997 Functional Acknowledgement

Note: A complete description of these transaction sets is included in the "EDI Implementation Guidelines" and can be found at <http://www.dla.mil/TroopSupport/Subsistence/Doing-Business-with-Sub/STORES/>, click STORES and EDI Requirements.

4. The contractor shall have access to the Internet and be able to send and receive electronic mail (email).
5. Unit prices must be formatted not more than two (2) places to the right of the decimal point in all ordering catalogs. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
6. Contractors are required to utilize the Government's item descriptions on all electronic ordering catalogs (832 transmissions) as well as on its invoices, delivery ticket to customer and 810 invoice transaction set.
7. The vendor will utilize the DLA Troop Support invoice reconciliation process, or other such systems as may become available, to the maximum extent, towards the goal of correcting invoices early and facilitating the payment process.
8. In the event the STORES system or the contractors interface is not operational, the vendor must provide alternate ways for the customer to order (e.g., by fax by phone, pick up orders, etc.)
9. Public Key Infrastructure (PKI)/ External Certificate Authorities (ECA) Certificates: The Department of Defense (DoD) Public Key Infrastructure (PKI) Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.

(a). Obtaining a PKI certificate:

- (i) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities (ECAs). The ECAs are contractors who provide digital certificates to DoD's

industry partners who are using their own equipment or working in non – Governmental facilities. Certificate prices range from \$99 - \$115 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at https://www.transactionservices.dla.mil/daashome/pki_contacts.asp.

- (ii) Each contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

XII. ORDER PLACEMENT, LEAD TIME, and ADJUSTMENTS/CANCELLATION OF ORDERS

- A. The minimum order requirement for any resultant contract is \$100.00. This requirement shall be based on the aggregate total of orders for a specific delivery date to all customers located within a particular military base or delivery location.
- B. Troop Customers shall place their orders to accommodate at a minimum a 2-day lead time, i.e “skip day” delivery. For example, an order placed on Monday, September 1st would have a required delivery date of Wednesday, September 3rd. Orders may be placed with a longer lead time not to exceed 21 days in advance of the requested delivery date. See Attachment 3 Delivery Schedule.
- C. All invoice pricing will be based upon the Contract Unit Price at time of order by the customer(s). Therefore, for any item ordered on a Friday to be delivered the following week, pricing will be based upon the catalog price in effect the day of order (Friday in this example), regardless of whether the unit price for that item subsequently changes as part of the next week’s catalog updates.
- D. Once submitted through the applicable electronic ordering system (i.e. STORES or FFAVORS), an order may be cancelled by a customer up to 24 hours before scheduled delivery via written notification to the Contractor and the Contracting Officer. Within less than 24 hours from delivery, an order may be cancelled by mutual agreement between the customer and the Contractor. In the event of an act of God, such as extreme weather, the specific situation regarding a cancelled delivery will be dealt with in an equitable manner by the Contracting Officer, who has the ultimate authority and discretion to resolve said issues.
- E. Adjustments – For procedures discussing adjustments to order, refer to Attachment 4 (STORES manuals).

XIII. ITEM AVAILABILITY

- A. Contractors must have the ability to provide to the customers a wide range of FF&V items in sufficient quantities to fill all customer requirements and maintain the overall 98% contract fill rate. All supplies shall be delivered on a “fill or kill” per line item basis (i.e. If a Contractor cannot fill a line item, the line item dies). Therefore, item substitutions are not authorized.
- B. Contractors shall notify the customer within 24 hours (for Troop customers) or within 72 hours (for Schools/Tribal Reservation customers) of required delivery date/time of the non-availability of any particular ordered item, whether in whole or in part. The customer may choose to replace the non-available item with another item from the contract catalog by placing a new, separate order for the item in STORES, as applicable. Assuming the proper procedure is followed, this circumstance will not negatively impact a Contractor’s fill rate.
- C. Unfilled line items will be counted as Not In Stock (“NIS”). Partial shipments (for example, 5 cases delivered against 10 cases ordered) are acceptable if the customer is notified in advance, and agrees to the partial shipment.

XIV. PACKAGING, PACKING, LABELING, MARKINGS, REPACKING & SPLITTING OF CASES

- A. All labeling, packaging and packing shall be in accordance with good commercial practice. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as “KEEP REFRIGERATED” shall be used on all cases when appropriate.
- C. Protection during inclement weather is required. All products that are susceptible and sensitive to temperature must be protected by any means to prevent damage.

D. For some items, DLA customers, may require smaller pack sizes than are commonly available in the commercial marketplace. Such items are included in the instant Schedule of Items and may be added at a later date during contract performance. It is incumbent on the Contractor to determine how it will supply these items in accordance with the required pack sizes. In so doing, the Contractor may decide to split cases and repackage product at its own facility. If this course of action is selected by the Contractor, it is important to note that any projected costs associated with repackaging and splitting of cases must be included in the Contractor's Distribution Price. Under no circumstances will a Contractor be permitted to include such costs in its Delivered Price component.

1. The actions described in paragraph A of this provision do not constitute processing, and therefore do not meet the conditions of a private label holder as defined in Section VII.

XV. DELIVERY INSTRUCTIONS

A. USDA Inspections: Contractors shall ensure all products destined to delivery points have a completed and documented valid USDA Inspection prior to delivery. A valid USDA inspection is defined as an inspection conducted within 24 hours of scheduled delivery. Additional requirements:

1. Contractors shall ensure USDA Inspector is available on all necessary days and at a minimum of forty (40) hours per calendar week.
2. ALL cases must be stamped or rolled by USDA Inspector.
3. Any items failing to meet standards must be replaced and re-inspected prior to delivery.
3. USDA Inspection Certificates must be sent to the U.S. Army Public Health Command personnel prior to scheduled deliveries.
4. Inspection fees for USDA Inspections must be broken down to a per case price and included in the Distribution Fee portion of the contractor's proposal.

B. Contractors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. All delivery trucks must be equipped with a lift gate to expedite the offloading of products. Trucks shall maintain proper temperatures in accordance with standard commercial practices. Deliveries shall be FOB Destination to all delivery points. Delivery will be completed when the Contractor has unloaded the order(s) from the vehicle and placed them on the dock, and customer receiving personnel has accepted the delivery ticket, in accordance with Section XVI below. All items will be delivered to customer locations free of damage and with all packaging and packing intact. The Contractor shall remove all excess pallets used for delivery from the delivery point. See Attachment 3 Delivery Schedule.

C. Pallets: Shall not exceed six (6) feet tall, however; orders referred to as "Fleet Freight," which are orders that are placed for US Naval Ships out at sea, are required to be fifty-four (54) inches tall. All pallets are required to be solid upon delivery and free from any broken boards. The contractor shall remove all excess pallets used for delivery from the delivery point.

D. Ship and Export delivery schedules (days and times) routes and stop-off sequence will be coordinated and verified with the customers on a post award basis by the awardee(s). In general, export customers receive 1 – 2 deliveries per week at a central delivery point and in general, Ship customers receive 3 deliveries per week. All deliveries to ship customers shall be made within 30 minutes of the requested delivery time as shown on the daily schedule that will be sent to the Long Term Produce Contractor (LTPC). Ship customer deliveries will be made to the brow of the ship and report to the Quarter Deck to advise customer of delivery..

E. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be palletized and segregated by drop-off point and loaded into the delivery vehicle in reverse drop sequence. The intent is to provide expeditious off-loading capability and delivery to the customers.

F. The contractor shall ensure that the personnel loading and delivering the product provide professional, prompt, and efficient service to the customer. Failure to adhere to these standards will be reported to the Customer Representative and the Contracting Officer by the affected customer(s) whereby appropriate corrective action will be coordinated with the Contractor.

XVI. INSPECTION AND ACCEPTANCE

A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the U.S. Public Health Command Inspector, Food Service Advisor/Officer, or the Contracting Officer. Delivery

vehicles may be required to stop at a central location for inspection before proceeding to the assigned delivery point(s). In addition, the delivery vehicles will be inspected for cleanliness and condition. Supplies transported in vehicles that are not sanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection. Failure to identify latent defects or similar issues at time of acceptance will not absolve the Contractor of its liability or preclude the customer from obtaining appropriate remedy upon the timely discover of said defects or issues after-the-fact. In this circumstance, the customer shall notify the Customer Representative who will coordinate with the Contracting Officer in seeking an appropriate resolution.

- B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product. All signatures and printed names MUST be legible. Failure to adhere to this requirement may result in disputes going against that party as its failure can severely limit the Contracting Officer's judgment.
- C. Delivery Ticket and related information. No electronic invoice may be submitted for payment until acceptance is verified.
 - 1. The Contractor shall forward provide three copies of the delivery ticket with the shipment. The first copy is provided to the receiving official (i.e. the customer) who will use the delivery ticket as the new receipt document. The second copy will be retained by the Contractor (or its agent) for invoicing and the final copy will be forwarded to the Fleet Logistics Center "FLC" or Fleet Industrial Supply Center "FISC" located at the respective military base/installation.

XVII. AUTHORIZED RETURNS

A. The contractor/vendor shall accept returns under the following conditions:

- 1. Products shipped in error.
- 2. Products damaged in shipment.
- 3. Products with concealed or latent damage.
- 4. Products that are recalled.
- 5. Products that do not meet shelf life requirements.
- 6. Products that do not meet the minimum quality requirements as defined for the items listed in the schedule.
- 7. Products delivered in unsanitary delivery vehicles.
- 8. Products delivered that fail to meet the minimum/maximum specified temperature.
- 9. Quantity excess as a result of order input error and/or purchase ratio factor error.
- 10. Products that are not from a sanitarily approved source.
- 11. Products that do not comply with DFARS 252.225-7012 Preference for Certain Domestic Commodities (Berry Amendment), if no exception to this clause is applicable (see DNAD explanation above).
- 12. Any other condition not specified above that is deemed by the customer to be valid reasons for return.

XVIII. REJECTION/RETURN PROCEDURES

- A. In the event an item is returned for any of the reasons cited in Section XVII., the delivery ticket/invoice shall be annotated as to the item(s) rejected/returned. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. On an as-needed basis determined by customer need, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be

delivered under a separate invoice utilizing the same call number, CLIN number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.

- B. In the event a product is rejected after initial delivery is made, the Contractor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES. If the Contractor has already been paid for the product, a credit may be issued through DLA Troop Support's financial system. In all cases, one copy of the credit memo is to be given to the customer and one copy of the credit memo is to be sent to the DLA Troop Support Contracting Officer.
- C. If a customer requires a one-to-one replacement, no additional paper work is necessary; the vendor delivery ticket/invoice will show that product is a replacement for a rejected item. The invoice shall reference the call number, CLIN number, and Purchase Order Number of the originally ordered product.
- D. **It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.**

XIX. INVOICING

- A. Each delivery will be accompanied by the Contractor's delivery ticket/invoice. The customer shall sign all copies of the invoice/delivery ticket. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.** See Section XVI, para. C.
- B. **No paper invoices shall be submitted to DFAS for payment.** For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <https://www.troopsupport.dla.mil>, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Requests for EDI guidelines).
- C. All invoices submitted by the Contractor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. The Contractor is required to ensure the accuracy of its invoices. The Reconciliation Tool in STORES provides the Contractor the ability to ensure said accuracy.
- D. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Contractor will be responsible for correction and re-submission.
- E. The same invoice cannot be submitted with different dollar amounts.
- F. The 810 invoices do not go through a testing phase. The Contractor immediately begins sending its invoices in once it has successfully sent its first 850 purchase order.
- G. Any manually keyed, or emergency, orders must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and contract line item number (CLIN) will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of the Contractor's invoice.
- H. **For catch weight items, standard rounding methods must be observed, i.e. less than .5 is rounded down; greater than or equal to .5 is rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the Contractor. Note: Currently, no catch weight items apply to this Solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.
- I. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be applied. For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
- J. Although invoices must be submitted electronically via an 810 Electronic Invoice; the following address must appear in the "Bill To" or "Payment Will Be Made By" block of the Contractor's invoice.

DFAS – Columbus Center (SL4701)
Attn: DFAS-BVDP
P. O. Box 369031
Columbus, OH 43236-9031

8. Quantity purchased per item in DLA Troop Support's unit of issue
9. Total dollar value on each invoice (reflecting changes to the shipment, if applicable)

K. Invoice transactions may be submitted to DLA Troop Support daily. All internal debit/credit transactions must be completed prior to the submission of the invoice. Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Contractor will be responsible for correction and re-submission.

L. Invoice Reconciliation. The following tools been developed to provide an additional method for the Contractor to ensure the accuracy of its own internal accounting process.

1. **Vendor Reconciliation Tool ("STORES")** - In an effort to improve the payment process, Contractors are required to view what the customer has or has not receipted via the DLA Troop Support STORES website: https://www.stores.dla.mil/stores_web/Admin_Logon.aspx. The Contractor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity and/or price discrepancy or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the Contractor. While the Contractor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for 120 days. It is the Contractor's responsibility to ensure accurate invoices.

XX. PRICE AUDITS

A. Price Verification Audits. Contractors are advised that the Government may conduct price verification analysis in the following manner:

1. At the Contracting Officer's discretion, an internal Price Verification Team in conjunction with the Contracting Officer may require the Contractor to provide copies of specific invoices from suppliers, as defined in the EPA provision of this Solicitation, covering up to 100 items that were included on the catalog at a given time.
2. The Price Verification Team will request the above documentation in writing and the contractor will have thirty (30) days after the request to furnish the documentation.
3. A report of overcharges and undercharges (if applicable) will be forwarded to the contractor, and the contractor may be required to pay the Government for the net amount owed for overcharges. The Government reserves all rights and remedies provided by law or under the contract in addition to recovering any overcharges. Undercharges will be evaluated by the Contracting Officer on a case-by-case basis consistent with other terms and conditions of the instant Solicitation.
4. The Government may elect to expand the scope of the price verification analysis, and the frequency of future price audits, if overcharges are discovered. The Government may also elect to reduce the scope and frequency of future price verification audits if no overcharges are discovered.

B. The Government reserves the right to conduct additional price audits to verify price accuracy and recoup overcharges. In such instances, contractors will be required to submit invoices and any other supporting price documentation.

C. The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention.

XXI. FILL RATE

A. Order fill rates shall be calculated on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. The fill rate shall be calculated as follows and shall not include

substitutions, mis-picks, damaged cases or rejected product (No other method of calculating fill rate will be accepted):

$$\frac{\text{Cases accepted}}{\text{Cases ordered}} \times 100 = \text{fill rate \%}$$

B. Definitions:

1. Cases Accepted: Product that the customer has received and receipted not including damaged cases or rejected produce, mis-picks, and product substitutions.

The submitted PACA license must be effective for at least thirty (30) days after the solicitation closing date. Failure to submit proof of a PACA license, which satisfies the above requirements, may result in a proposal being deemed technically unacceptable and removed from further award consideration. Additionally, the contract awardee(s) must maintain a valid PACA license throughout the life of the contract. Failure to do so may result in termination of the contract.

XXXI. NON-COMPETE PROVISION

The offeror warrants that upon receiving the award, it will not actively promote, engage, or market any of the customers on this acquisition away from the resultant DLA Troop Support contract and onto a fresh fruits and vegetable subsistence contract or account of any other Government agency or commercial entity. This prohibition is in effect during the life of the resultant contract, and restricts competition in the specific area or zone that is the subject of this acquisition. A violation of this term may result in the Contracting Officer terminating the contract, documenting this action as part of the awardee's past performance data, and taking other appropriate recourse as permitted by contract or applicable regulations and law.

XXXII. LOCAL PURCHASE

DLA Troop Support and the USDA support the use of local purchase to the maximum extent practicable. Therefore, Contractors are encouraged to source local produce taking into consideration price, availability, quality, and other factors.

All reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month (e.g., reporting period of January 1 through January 31, the reports must be received by February 7).
1. Product Line Listing (Manufacturer, Grower/Shipper, Private Label Holder and Redistributor, collectively referred to as "Supplier"): This report shall list all items purchased along with quantity and dollar value. It shall be sorted by Supplier and annotate whether the supplier is a large business or small business and whether the supplier is local or non-local.
 2. Fill Rate Report: The fill-rate is calculated by dividing the number of cases accepted by the customer by the number of cases ordered. No other method of calculating fill rates should be included. Mis-picks and damaged or rejected cases should not be included in this calculation. This report should reflect the fill-rates with and without substitutions. The report should specify fill rates per customer and an overall average fill-rate for all customers under the contract for the month being reported.
 3. Rebates, Discounts, Allowances and Other Economic Incentives (collectively referred to as "Incentives"):
 - (a) All incentives for the prior month (i.e. the month being reported) that have been passed along to the customer or that are due to the customers shall be summarized by listing each customer and the incentive amount. Also include the supplier (see definition in

(b) Also, the contractor must report on any and all financial arrangements under which the contractor: (i) receives money from any of the contractor's suppliers, and (ii) asserts that such money is not an incentive that is owed to the Government under the terms of this solicitation and the resulting contract. The contractor must report the name of each supplier that provided money to the contractor during the month, a brief description of each financial arrangement, and the respective dollar amount received for each financial arrangement. If a new financial arrangement, which was not previously provided in the contractor's proposal under this solicitation, is reported, then the monthly report must also explain why the contractor believes that the new financial arrangement should not be considered an incentive that would be owed to the Government under the terms of the resultant contract. This explanation is not required in the monthly report if it was previously provided with the contractor's proposal under this solicitation.

(c) The above reports shall be prepared in documents that include the Contractor's own letterhead. Said reports shall be signed by the appropriate official within the Contractor's organization holding the requisite authority to bind the Contractor and act on its behalf for purposes of this reporting. **Through its submission, the Contractor warrants to the Contracting Officer that the information contained within its reports is both accurate and truthful.**

All subsequent reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month (e.g. reporting period of June 1 through June 30, the report must be received by July 7). The Contractor shall code the EDI 832 Ref 03 (Foreign Source Indicator) with "Y" for each item that is foreign product and "N" for each item that is not foreign product.

5. **Financial Status Reports:** In order to track timely payments, an accounts receivable and/or a "days of outstanding sales" shall be submitted on a monthly basis, at a minimum. Many vendors elect to submit this report, in the form of a spreadsheet, on a weekly basis. The report should contain information on: customer, invoice number, call number, and invoice amount, amount paid, credit adjustments and balance due. It is suggested that this report contain as much information as possible to alleviate problems immediately.

6. **Customer Service Report:** The Contractor shall develop and provide a report summarizing all discrepancies, complaints and all positive feedback from ordering activities and the respective resolutions by providing details of each customer service incident, including any customer service visits.

7. **Descending Dollar Value Report:** Sorted by line item; each line is to contain, at a minimum: DLA Troop Support stock number, Item Description, pack or size, brand description, quantity, and total dollar value of units shipped. Dollar amounts will be totaled. This report shall be submitted by individual customer accounts and also by the total customer base in each zone.

B. The Contractor will also submit an annual report on the status of its performance regarding its Local Purchase Plan. The report will enable DLA and its customers to provide assistance as needed in identifying local sources. See Section XXXV for detailed information.

XXXV. CONTRACT ADMINISTRATION INFORMATION

A. **Contract Authority:** The DLA Troop Support Contracting Officer is the only person authorized to approve changes, or modify any requirement of the contract. Notwithstanding any provisions contained elsewhere in the contract, said authority remains solely with the DLA Troop Support Contracting Officer.

1. In the event the vendor effects any change at the direction of any person other than the DLA Troop Support Contracting Officer, the change will be considered to have been made without authority and any additional costs incurred by the Agency due to an unauthorized change will be reimbursed by the Vendor. The Contracting Officer must authorize any modification or costs associated with a change.

2. Requests for information on matters related to this contract, such as an explanation of terms or contract interpretation, shall be submitted to the DLA Troop Support Contracting Officer.

B. Payments: DFAS Columbus Center is the payment office for this acquisition.

1. Payment of delivery orders will be made in accordance with the terms and conditions of Paragraph (i) of Clause 52.212-4 "Contract Terms and Conditions - Commercial Items" that is incorporated by reference into this solicitation.
2. Payment will be made in ten (10) days after the receipt of a proper invoice, however, is still subject to the terms and conditions of the Prompt Payment Act (31 U.S.C. 3903). All 810 electronic invoices must be submitted with accurate, sufficient, clean data before any payment can be made.
3. The Contractor is responsible to use MyInvoice for detailed summary of payments (line by line analysis) which can be found at: <https://wawf.eb.mil/>.
4. The Government intends to make payments under the resultant contract by electronic funds transfer (EFT) based on the information contained in the System for Award Management Registration (SAM). Reference Clause 52.232-33, "Payment by Electronic Funds Transfer-System for Award Management" is incorporated by reference. However, the election as to whether to make payment by check or electronic funds transfer is at the option of the Government.

C. Administration:

1. The Contracting Officer from the DLA Troop Support Supplier Operations - Produce and Market Fresh Division will perform administration of the contract. The DLA Troop Support Contracting Officer must approve any changes to the resultant contract.

XXXVI. PROPOSAL SUBMISSION INFORMATION**A. Pricing**

1. An offerors price proposal shall consist of prices submitted for each of the items found in the Schedule of Items (Attachment 1). The Schedule of Items is a grouping of items expected to be ordered by the customers along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for that particular Group. Offerors are required to submit their Contract Unit Price for each item, broken down into the corresponding Delivered Price and Distribution Price components.

(a) Pricing will be based on the following formula:

$$\text{Contract Unit Price} = (\text{Delivered Price} - \text{Rebates/Discounts}) + \text{Distribution Price}$$

Definitions:

- (a) "Contract Unit Price". See Economic Price Adjustment (EPA).
- (b) "Delivered Price". See Economic Price Adjustment (EPA).
- (c) "Rebates/Discounts". See Economic Price Adjustment (EPA).
- (d) "Distribution Price". See Economic Price Adjustment (EPA).

2. **Formatting of Prices:** Prices shall be formatted to no more than two places to the right of the decimal point, for example, \$2.50. In the event that the offeror submits a price that exceeds this limitation, the price will be rounded up or down using standard rounding methods. For example, a price of \$2.215 or higher will be rounded up to \$2.22 and a price of \$2.214 or lower will be rounded down to \$2.21.

3. **Distribution Prices - Multiple Groups and Tiers:**

- a. Multiple Groups. If multiple Groups are covered under this Solicitation, the offeror is permitted to submit a separate Distribution Price for each Group. In this instance, "Group" refers to a distinct and separate set of customers that require produce support (i.e. Troops vs. Schools). In the event that an offeror includes a Distribution Price for only one Group but through its proposal submission clearly indicates that it had intended to submit a proposal for multiple Groups covered by the Solicitation (i.e. submits pricing for all items contained in the

Schedule of Items for all Groups), the Contracting Officer will interpret the offeror's omission of a separate Distribution Price for the other Group as its willingness to retain the same Distribution Price as the Group it was provided for and apply it to all Groups. Per this provision, this interpretation by the Contracting Officer is reasonable and acceptable by the offeror.

- b. Tiers. Only one Distribution Price shall be offered for all items in each Tier. Offerors may propose a different Distribution Price per Tier. As described above in paragraph A. 3. a., if an offeror fails to propose a Distribution Price for all of the Tiers, the Contracting Officer will utilize the last proposed Tier and apply it onward for each subsequent Tier. For instance, an offeror proposes a Distribution Price of \$1.00 for Tier 1 and fails to provide any Distribution Price for Tier 2. The Contracting Officer will apply the \$1.25 Distribution Price from Tier 1. This application is reasonable and acceptable by the offeror per the terms of this section.

B. Schedule of Items: Pricing

1. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing information. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items. This assessment may include, but is not limited to, comparison amongst offerors' prices as well as comparison against USDA market report prices and internal Government databases that are applicable.
2. Estimated quantities for each 18-month period (2 separate Tiers, each consisting of an 18-month time period) are indicated next to each item and are for information and evaluation purposes only. The Offeror's proposed Contract Unit Prices found in the Schedule of Items will be multiplied by the estimated quantities by Tier in order to calculate the Offeror's overall aggregate total price, which will be compared against the other offerors in order to identify the lowest overall price proposal.
3. Offerors are to submit proposed prices in accordance with the definitions of the separate price components identified under paragraph A., above, of this section. The Delivered Prices proposed must reflect those prices that were paid by the offeror for the various items during the time period from Sunday, June 25, 2017 through Saturday, July 29, 2017. Upon request from the Contracting Officer, an offeror may be required to substantiate the aforementioned proposed Delivered Prices with a product invoice (quotes may be accepted in very limited circumstances per Contracting Officer discretion) and accompanying freight invoice. The offeror's proposed contract unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$3.00, pricing should be formulated as follows:
 - a. The five (5) week time frame gives the offeror the ability to use an invoice already on hand for product purchased and brought into stock in the three weeks prior to closing date. For items not purchased recently and not in stock, the latter two weeks after closing date provide the offeror the opportunity to purchase the item, and provide the resulting invoice to substantiate its proposed price. For all invoices, the quantities purchased and price paid must be true and market-based, and not created for the purpose of submitting a low price.
 - b. The offeror's proposed contract unit price must be in a format that shows the delivered price, and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$3.00, pricing should be formulated as follows:

$$\begin{aligned} & \$ 2.00 + \$ 3.00 = \$ 5.00 \\ & \text{(Prices used for illustrative purposes only)} \end{aligned}$$

- a. Do Not Submit only the Unit Price; the two (2) elements must be shown separately.
- b. Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue. THERE ARE NO EXCEPTIONS to this requirement. Failure to do so may result in an offeror's proposal being deemed technically unacceptable and therefore eliminated from further consideration for award. All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog.

C. Distribution Prices

1. The offeror shall provide distribution prices for each Tier, as discussed under paragraph A.4., above, of this section, in the Schedule of Items. Each distribution price shall be provided on a per-case basis. Each group may have a different distribution price. Also, each Tier may have a different distribution price, but each Tier's distribution price shall apply to all items during the entire Tier period.
2. Unlike Delivered Prices (as discussed further below), Distribution Prices shall remain constant for the entirety of each individual contract Tier. As such, the Distribution Price for Tier 1 does not have to be equal to the Distribution Prices for Tier 2. These prices can differ or remain the same as the Tier 1 price; but ultimately will remain constant for the duration of each Tier period.

D. Delivered Prices

1. The offeror is required to submit pricing on all items within the schedule of items. For evaluation purposes, an offeror's proposed prices on the schedule of items shall reflect the offeror's delivered prices that were effective from Sunday, June 25, 2017 through Saturday, July 29, 2017.
2. As part of the evaluation process and requirement for proposal submission, the Government requires offerors to substantiate all of its proposed Delivered Prices with an invoice from the manufacturer, grower/shipper, private label holder, or redistributor (collectively referred to as "Supplier") along with the corresponding freight invoice. The freight charge must be indicated on the invoice with bulk freight charges broken down by the case. If requested, the line item number must be clearly marked on each invoice (both product and freight) to identify the invoice's corresponding item. The preferred documentation is the manufacturer, grower/shipper, or private label holder invoice. If a particular line item was not stocked during that time period, a written quote from a manufacturer or grower/shipper may be accepted. However, please note that anything other than an invoice, such as quotes, are the exception to the rule and may not be satisfactory to the Contracting Officer in substantiating an offeror's Delivered Price. If unsatisfactory to the Contracting Officer, said price will be unacceptable and treated as though the offeror did not submit a price at all. This situation may result in the offeror's proposal being deemed technically unacceptable and removed from further consideration for award. If an offeror does not have an invoice, then the offeror needs to explain why an invoice is not available (e.g. item not in season, do not carry, etc.). As stated, the Government has a strong preference for invoices over market quotes or other documentation. All invoices, quotes, or other documentation must be from sources that the offeror currently uses or plans to use to support the resultant contract. All invoices (and other documentation as permitted) must contain realistic quantities for which the price paid was based upon. For example, an invoice for a quantity of 1 will not be accepted when the Government routinely purchases quantities well in excess of that quantity. Conversely, an invoice (and other documentation as permitted) based upon an unrealistically large quantity will not be accepted. Quotes shall not be used for the purpose of submitting a price lower than an existing invoice price within the offeror's possession for the particular time period required by the Solicitation. This type of gamesmanship (i.e. lowballing) threatens the integrity of the procurement process and runs afoul of the clear intention of this Solicitation. As such, it will not be tolerated. By submitting a quote, the offeror is certifying that it did not purchase, nor have in stock, the item for the time period being evaluated. Information that is later obtained by the Contracting Officer that casts doubt on the veracity of this certification will be handled as appropriate per the terms of this Solicitation, applicable regulations, laws, or otherwise. The Contracting Officer has the sole authority and ultimate discretion in addressing the above-identified situations and scenarios and ultimately deciding on what information is acceptable and substantiates an offeror's proposed Delivered Prices. Any quote must be presented in the following manner:
 - a. Detailed on a manufacturer or grower/shipper letterhead;
 - b. Date price quote was supplied;
 - c. Time period price quote is effective; to include expiration date;
 - d. Quantity covered by price quote;
 - e. Manufacturer or grower/shipper part number; and
 - f. Manufacturer's or grower/shipper's point of contact: including name, title, address, and phone numbers.

3. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods must be observed. For example, a delivered price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
4. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable item that meets the Government's minimum requirements.
5. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to, DFARS 252.225-7012, Preference for Certain Domestic Commodities, and the requirement that items be procured from a sanitarily approved source. All invoices and quotes must contain sufficient information to clearly reflect compliance with solicitation/contract terms and conditions.
6. Offerors are required to submit this portion on a Schedule of Items containing the following information (Attachment 1):
 - (a) Stock Number.
 - (b) Item Description: Government Item Description.
 - (c) Estimated Quantity: Quantity provided.
 - (d) Unit of Issue: Self-explanatory. Note: Unit of Issue must be same as Government's listed in the Market Basket of Items.
 - (e) Delivered Price (DEP): The price you actually paid for the item, as substantiated by a manufacturer's, grower/shipper's, or private label holder's invoice. As discussed above, a quote may be accepted, in limited circumstances, to substantiate this price. Similar, as discussed below (see EPA section), a redistributor's invoice may be accepted, in limited circumstances, to substantiate this price.
 - (f) Distribution Price (DIP): Your distribution price.
 - (g) Contract Unit Price: Delivered Price + Distribution Price.
 - (h) Total: Estimated Quantity multiplied by Unit Price.
 - (i) Gov't Average Case Weight: Provided.

E. Instructions for Proposal Schedule of Items– Attachment 1

1. Please fill in the white boxes only. For Group 1, DoD to include Troop customers fill in Delivered Price Including Freight cells G7 to G63 and Tier 1 Distribution Price cell H7 and Tier 2 Distribution Price cell M7. The offeror must submit Tier 1 and Tier 2 distribution prices, which are automatically calculated by filling in cells H7 for Tier 1 and M7 for Tier 2 in **Attachment 1**. Filling in the Delivered Price including Freight as well as Tier Distribution Price cells will automatically calculate your total evaluated price for each Tier. All components of the Tier unit price must be rounded to two (2) places to the right of the decimal point. If an offeror does not submit Tier 1 and Tier 2 prices, the offeror's proposal may be rejected. **Tier price increases or decreases are to be expressed in dollars and cents only.** The firm may also elect to offer no change in the distribution prices over the life of the contract. If you are not changing Tier period distribution pricing, all offerors must fill in cell **H7 for Tier 1 and M7 for Tier 2 for the Troop with the same distribution pricing**. As a reminder, all offerors must submit **ONE DISTRIBUTION PRICE** which will apply to every item in a group in the schedule of items. Multiple distribution prices within Tier one or Tier two will not be accepted.
2. When preparing the spreadsheet, totals must appear in the rows titled **"TIER 1 EVALUATION", "TIER 2 EVALUATION", "TOTAL EVALUATION INCLUDING ALL TIERS (UNWEIGHTED)" and "TOTAL EVALUATION INCLUDING ALL TIERS (WEIGHTED)"**. Each firm must submit a hard copy of their spreadsheet(s) for the Tier 1 and Tier 2 periods, as well as a copy of the spreadsheet(s) on a CD/DVD. The offerors' entire proposal, including a copy of the solicitation and all other documents should also be on a CD/DVD.

F. Financial Arrangements: As part of a proposal, an offeror must submit a list identifying any and all financial arrangements under which the offeror:

- (i) receives money from any of the offeror's suppliers, and

- (ii) asserts that such money is not a rebate, discount, or other economic incentive that would be owed to the Government under the terms of this solicitation and the resulting contract.

The offeror must provide the name of each supplier with whom the contractor has such a financial arrangement(s), provide a brief description of each financial arrangement, provide written agreement, and explain why the offeror believes that each financial arrangement should not be considered a rebate, discount, or other incentive that would be owed to the Government under the terms of this solicitation and the resulting contract.

Note: A negative response is required.

SANITARY CONDITIONS

(a) Food establishments.

(1) All establishments and distributors furnishing subsistence items under DLA Troop Support contracts are subject to sanitation approval and surveillance as deemed appropriate by the Military Medical Service or by other Federal agencies recognized by the Military Medical Service. The Government does not intend to make any award for, nor accept, any subsistence products manufactured, processed, or stored in a facility which fails to maintain acceptable levels of food safety and food defense, is operating under such unsanitary conditions as may lead to product contamination or adulteration constituting a health hazard, or which has not been listed in an appropriate Government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Public Health Command (USAPHC) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at: <http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDAApprovedFoodSources.aspx>). Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the Contractor to request an extension of any delivery date. In the event the Contractor fails to correct such objectionable conditions within the time specified by the Contracting Officer, the Government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

(b) Delivery conveyances.

If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period at fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if—

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) Change the name in the SAM database;

(B) Comply with the requirements of Subpart 42.12 of the FAR;

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

Addendum 52.212-4

The following paragraph(s) of 52.212-4 are amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

"Inspection and acceptance of products will be performed at destination. The authorized Government receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer and/or the authorized Government receiving official."

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

(1) In addition to bilateral changes, the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.

(2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:

(i) Method of shipment or packing;

(ii) Place, manner, or time of delivery.

If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract. Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

3. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) *Termination for Cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

4. Paragraph (r) Compliance with laws unique to Government contracts. Is revised to include the following:

(r) The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, *et seq.*, Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; Section 1553 of the American Recovery and Reinvestment Act of 2009 relating to whistleblower protections for contracts funded under that Act; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

In addition to any other inspection examinations and tests required by the contract, the performance of the end items will be required to be as good as that of the samples submitted.

In the event of award, the contractor will be responsible for providing material that is in full compliance with all requirements in the contract or order. The surplus material to be furnished must meet the requirements of the current contract or order, whether or not the material met Government requirements in existence at the time the material was initially manufactured or sold to the Government.

Part 12 Provisions

52.212-01 and 52.212-02

52.212-1 -- Instructions to Offerors -- Commercial Items (Jan 2017) FAR

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn

CONTINUED ON NEXT PAGE

via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(j) *Unique entity identifier.* (Applies to all offers exceeding \$3,500, and offers of \$3,500 or less if the solicitation requires the Contractor to be registered in the System for Award Management (SAM) database.) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the unique entity identifier that identifies the Offeror's name and address. The Offeror also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Offeror to establish additional SAM records for identifying alternative EFT accounts (see subpart 32.11) for the same entity. If the Offeror does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one. The Offeror should indicate that it is an offeror for a Government contract when contacting the entity designated at www.sam.gov for establishing the unique entity identifier.

(k) *System for Award Management.* Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the SAM database accessed through <https://www.acquisition.gov>.

(l) *Debriefing.* If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.
- (2) The overall evaluated cost or price and technical rating of the successful and debriefed offeror and past performance information on the debriefed offeror.
- (3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.
- (4) A summary of rationale for award;
- (5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.
- (6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

Addendum 52.212-1

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (b), Submission of Offers.

- a. See pages 6-8, for any specific instructions on how to submit your offer if mailed or hand carried and see pages 101-106 for proposal submission information.
- b. Facsimile and e-mail offers are NOT authorized forms of transmission for submission of initial proposals or revisions to initial proposals (if necessary) submitted in response to this solicitation. If deemed necessary by the Contracting Officer, the Government reserves the right to conduct negotiations for the subject acquisition. All responses to discuss/negotiations, including Final Proposal revisions shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail.

2. Paragraph (c), Period for Acceptance of Offers, is revised as follows:

Period of acceptance is **180** days.

3. Paragraph (f), Late Submissions, Modifications, Revisions, and Withdrawals of Offers, is deleted in its entirety and replaced with the following:

(f) Late Submissions, Modifications, Revision, and Withdrawals of Offers.

- (1) Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and

- (i) It was sent by mail or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after the receipt at the Government installation.
- (ii) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals.
- (iii) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or it is the only proposal received.
- (2) Any modification or revision of a proposal or response to requested information, including any final proposal revision, is subject to the same conditions indicated above.
- (3) Notwithstanding the above, a late modification or revision of any otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (4) Proposals may be withdrawn by written notice (including facsimile) received at any time before award.

4. Paragraph (h), Multiple Awards, is revised to add the following:

The Government intends to make one (1) award, for each Group based on the technically acceptable offer with the lowest aggregate evaluated price. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

52.212-2 -- Evaluation -- Commercial Items (Oct 2014) FAR

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

[Contracting Officer shall insert the significant evaluation factors, such as

- (i) technical capability of the item offered to meet the Government requirement;*
- (ii) price;*
- (iii) past performance (see FAR 15.304);*

Technical and past performance, when combined, are _____ [Contracting Officer state, in accordance with FAR 15.304, the relative importance of all other evaluation factors, when combined, when compared to price.]

(b) **Options.** The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Addendum to 52.212-2

The following paragraphs of 52.212-2 are amended as indicated below:

(a) The Government will award a contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. **Technical Acceptability** - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements, including submissions relating to the two subfactors listed below. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the award. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation. The following sub-factors will be evaluated and must be found acceptable for a proposal to be eligible for award:

| <p>A. Perishable Agricultural Commodities Act (PACA) License – The offeror shall possess and submit proof of a valid current PACA license. The submitted PACA license must be effective for at least thirty (30) days after the solicitation closing date.</p> <p>B. USDA Good Agricultural Practices (GAP) and Good Handling Practices (GHP) Audit – The offeror shall submit a GAP/GHP audit report for each place of performance identified in the offeror’s proposal. The audit report(s) must demonstrate that a passing score(s) was/were received and the report(s) must be dated no more than six (6) months prior to the solicitation closing date.</p> <p>2. Pricing - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis on all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's Evaluated Aggregate Price, the Weighted Aggregate Distribution Price will be added to the Aggregate Delivered Price. Please refer to paragraph (d) of this provision for further details regarding these price components. The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.</p> <p>Technical and past performance, when combined, are not applicable.</p> <p>(b) Options are not included in this solicitation.</p> <p>(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.</p> <p>(d) Price Components:</p> <p>1. Weighted Aggregate Distribution Price:</p> <p>Aggregate Distribution Price is obtained by first multiplying the proposed distribution price for each item in the Schedule of Items by the item’s estimated quantity to calculate the total distribution price for each item. Then, the total distribution prices of all items will be added together to determine the total distribution price for tier 1. The total distribution price for each subsequent tier will also be calculated. The total distribution prices for all tiers will be added together to determine the Aggregate Distribution Price. The Aggregate Distribution Price is then multiplied by a weighting factor of 6 to arrive at the Weighted Aggregate Distribution Price. Note: the weighting factor is applied only to the overall Aggregate Distribution Price (not on a line item basis), and is to be used for evaluation purposes only. The Government’s use of a weighting factor of 6 for distribution pricing is done in order to more accurately balance the significance of the pricing components and their respective impact on any subsequent contract(s) issued under this solicitation.</p> <p>2. Aggregate Delivered Price:</p> <p>The Aggregate Delivered Price is obtained by first multiplying the proposed delivered price of each item in the Schedule of Items by the item’s estimated quantity to calculate the total delivered price for each item. Then, the total delivered prices of all items will be added together to determine the total delivered price for tier 1. The total delivered price for each subsequent tier will also be calculated. The total delivered prices for all tiers will be added together to determine the Aggregate Delivered Price.</p> <p>3. For purposes of the Price Proposal Evaluation, Weighted Aggregate Distribution Price and Aggregate Delivered Price are considered equal. (h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) () **Are, () are not presently debarred**, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) () **Have, () have not, within a three-year period** preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) () **Are, () are not presently indicted for**, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) () **Have, () have not, within a three-year period preceding this offer**, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]
