## CAUTION - CONTRACTOR CODE OF BUSINESS ETHICS (FEB 2012)

FAR Part 3.1002(a) requires all government contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving

fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act. (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

### **RAPIDGATE**

"Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at [www.rapidgate.com](http://www.rapidgate.com).

Please note that RapidGate is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement."

## **STATEMENT OF WORK (SCOPE)**

### **I. INTRODUCTION**

- A. DLA Troop Support intends to enter into an Indefinite Quantity Contract (IQC) contract with a commercial firm to supply a full-line of USDA No.1 or better Fresh Fruit and Vegetable (FF&V) products to Department of Defense (Troop) and Non-Department of Defense (USDA School) customers in Alabama & Florida Panhandle.
- B. This solicitation consists of one (1) zone in Alabama & Florida Panhandle. Group 1 will consist of DoD customers to include Troop customers. Group 2 will consist of non-DoD customers to include School customers. The Government intends to make one (1) award, which includes both Groups 1 and 2, however; it reserves the right to have multiple awards based on the lowest aggregate evaluated price technically acceptable offer for each Group. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.
- C. This solicitation is a Small Business Set-Aside. It utilizes the Lowest Price Technically Acceptable Source Selection Process. See 52.212-2 Evaluation – Commercial Items, Page 77.
- D. Any award made against this solicitation will result in an Indefinite Quantity Contract (IQC) Fixed Price with Economic Price Adjustment-Actual Material Costs for Subsistence Delivered Price Business Model. An IQC will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504 (a)).

### **II. EFFECTIVE PERIOD OF CONTRACT**

- A. Each resultant contract may be for a total of 4.5 years (one [18 month] base period plus two [18 month] option periods) commencing on the effective date of the contract.
- B. The base term of the resultant contract, and the term of any option under that contract, will not exceed 18 months. The total length of the contract will not exceed fifty-four (54) months, or four and a half (4.5) years.
- C. Exercising of an option is not automatic and depends upon such conditions as acceptable vendor performance in meeting contract specifications and verifying an ongoing demand for this requirement.

### III. OPTIONS

- A. There are two (18 month) option periods in this solicitation. Acceptance of these options is mandatory. Distribution Prices (see Economic Price Adjustment (EPA) Clause 52.216-9064, page 62, for definition), must be submitted for each option period, as well as for the base period. The Distribution Prices offered on each option period will be calculated with the Delivered Price (see Economic Price Adjustment (EPA) Clause 52.216-9064, page 62, for definition), proposed for each evaluated item. The Distribution Price for each option period may be offered as a dollar value, increase or decrease, from the base period. **Changes expressed as a percentage will not be accepted.**
- B. Failure to propose an increase or decrease of distribution prices in the option periods will be considered, and evaluated as, no change per option period.

### IV. ESTIMATED DOLLAR VALUE/GUARANTEED MINIMUM/MAXIMUM

- A. The following chart includes the 18 month estimated dollar value and the 4.5 year estimated dollar value, along with the guaranteed 10% minimum and 200% maximum. The guaranteed minimum and maximum, although based on estimates, are a firm dollar amount calculated as a percentage of the estimated dollar value; that firm dollar amount constitutes the Government's legal ordering obligation under the contract.

| Alabama & Florida Panhandle | 18 Month Estimate (Base Period) | 4.5 Year Estimate (Total incl. Options) | 10% Min             | 200% Max (4.5 Years)   |
|-----------------------------|---------------------------------|-----------------------------------------|---------------------|------------------------|
| <b>Group 1 (Troops)</b>     | \$3,400,000.00                  | \$10,200,000.00                         | \$340,000.00        | \$20,400,000.00        |
| <b>Group 2 (Schools)</b>    | \$4,100,000.00                  | \$12,300,000.00                         | \$410,000.00        | \$24,600,000.00        |

The term "18 Month Estimate" refers to the Government's good faith estimate of the requirement for the base period.

The total minimum contract dollar value is \$750,000.00.

The maximum contract dollar value is \$45,000,000.00.

### V. REQUIREMENTS

- A. **Start-up-Period:** The Contractor's startup period will take place prior to the first order and is included in the 18 month period of the base period. The Contractor shall submit a proposed implementation schedule to the Contracting Officer within fifteen (15) days after award highlighting the steps that will be taken to implement a

fully functional distribution account, including all EDI transactions for all customers covered by this solicitation. An additional thirty (30) days will be granted for actual implementation. No more than forty-five (45) days after award will be permitted for each contractor to have fully functional distribution accounts in place for all customers.

## VI. CATALOGS

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

### A. Catalog Maintenance

#### 1. New Items

- (a) Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.
- (b) After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA Troop Support (if required) and add the item to the ordering catalog via an 832 catalog transaction. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer provided form when requesting all item approvals (additions and/or changes). The form is mandatory and is Attachment 2.
- (c) The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

#### 2. Catalog Pricing

- (a) Schedule of Items Pricing: Items priced in the Schedule of Items (See Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.

- (b) Catalog Price Changes: Once an item is listed on the ordering catalog, the contracting officer will make on-going price reasonableness determinations. In accordance with clause 52.216-9064 Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model, contractors are permitted to submit a weekly EPA for items found on the catalog. For each item the vendor is requesting a price change, the contracting officer will conduct a separate price reasonableness determination. The item will be removed from the catalog until a fair and reasonable price can be determined by the Contracting Officer.
- (c) Catalog Additions: Before an item is added to the catalog vendors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment 2). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote, and proposed distribution price. **The request is due by 9:00 AM EST on the Monday prior to inclusion of the Wednesday catalog updates.** The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.
- (d) Pricing Requirements: The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a minimum of all orders issued during the first ordering week (from Sunday at 12:01 AM through the following Saturday until midnight). The prices shall remain in effect for all subsequent ordering weeks except as otherwise adjusted IAW clause 52.216-9064 Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model (Nov 2011).
- (i) On the first week's catalog the vendor shall submit final evaluated prices as awarded using the 832 transaction unless lower market prices are available at time of award whereby the vendor shall adjust their catalog prices to provide all available lower prices to the Government. Because this award is being made as Low Price Technically Acceptable, there is no upward adjustment on the final evaluated price for the first week's catalog. For Troop Customers the vendor retains the right to limit deliveries under the first week's catalog to delivery days in the first week plus the following Monday and Tuesday.

### 3. Rebates/Discounts and Price-Related Provisions

- (a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances or other similar economic incentives or benefits received by the Contractor at any time during the period of performance shall be passed to the Government via a reduced catalog price. Instructions for identifying discounts, rebates, allowances or other similar economic incentives or benefits that shall be provided to the Government or retained by the contractor are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.
- (b) The contractor may retain Early Payment discounts that meet the following conditions:
  - (i) the Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
  - (ii) the Early Payment discount is consistent with commercial practice;
  - (iii) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;
  - (iv) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;
  - (v) the Early Payment discount is no more than 2 percent of the manufacturer/grower's invoice and the early payment is required within 10 days to obtain the discount; and
  - (vi) the contractor actually made the required payment within the time period required to receive the discount.
- (c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and

for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with “No payment terms.”

- (d) The government may require the contractor to submit invoices and other documentation from all subcontractor tiers or any supplier or person in the delivered price supply chain, to substantiate all discounts, rebates, allowances or other similar economic incentives or benefits. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other similar economic incentive or benefit should have been passed on to the Government, or if price verifications reveal any instance of overpricing or underpricing, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the amount of the overcharges or discounts, rebates, allowances or other similar economic incentives or benefits, including interest and the contractor shall be entitled to a credit for any undercharges. The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records relevant to the existence of discounts, rebates, allowances or other similar economic incentives or benefits, and commercial customer delivered prices. Failure to exercise this right shall not constitute a defense or alter the Government's entitlement to any other remedies by contract or by law.

## **VII. DEFENSE APPROPRIATIONS ACT**

- A. A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables, dated 16 May 2008 has been approved under the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities (Jun 2012), which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at U.S. market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.
- B. Notwithstanding this DNAD, the USDA requires that produce supplied via Federal Entitlement for tribal reservation or School lunch funding must be domestic. If State funding is utilized, this policy may vary for individual states. Contact the Contracting Officer for guidance on specific state board funding policy.

## VIII. CUSTOMERS

- A. Adding Customers within the Contract Geographic Distribution Region/Zone.
  1. Additional DoD federal government customers that request DLA TROOP SUPPORT Produce support will be added on to the resultant prime contract under this solicitation, without any new acquisition or competition process, if the customer(s) is clearly within the geographic distribution region/zone covered by this contract.
  2. In this case, the contractor shall include this customer(s) at the effective contract prices applicable to that contract zone or region.
  3. The decision as to whether the new customer is clearly within the contract region or zone and will be added to the contract without further competition and at existent contract prices, shall be the sole decision of the DLA TROOP SUPPORT Contracting Officer.
- B. Adding Customers outside the Contract Geographic Distribution Region/Zone that are not Covered by a Current Produce Long Term Contract.
  1. This provision applies to the following customers:
    - (a) A new DoD federal customer that is not clearly within the contract geographic distribution region/zone and for which the contractor will not accept the customer(s) at the effective contract price,
    - (b) A customer(s) located in an area that may be considered adjacent or proximal to the geographic distribution region/zone covered by more than one contractor.
    - (c) The above instances may occur when new customers request DLA TROOP SUPPORT Produce support or a current Contractor is no longer able to support that proximal customer installation(s). In these latter events, the DLA TROOP SUPPORT will utilize this provision to expeditiously source a Contractor for the customer installation(s).
  2. The customer installations described in paragraph B above, and their Produce requirements, will be added to a Contractor's contract as follows:
    - (a) Complete price proposals to support the subject new customer(s), to include distribution and delivered prices, will be requested from only existing Subsistence Produce contractors that are proximal to the new customer, i.e. close in distance. Also, the Government may use any in house records.

3. The contract maximum may not be exceeded, even with the addition of a new customer(s).
4. The decision as to which contractors are proximal to the new customer and will be requested to provide a proposal to support such customer shall be the sole decision of the DLA TROOP SUPPORT Contracting Officer.

## **IX. CUSTOMER SERVICE**

- A. Military, USDA School Lunch Program, and DoD have periodic food menu board, and other types of meetings which the vendor may be required to attend. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products, demonstrate produce preparation, and provide nutritional information.
- B. Vendors shall provide at least one (1) full time Customer Service representative to maintain continuous contact with all of the ordering activities. The name of the representative and the phone number, mobile phone number, beeper number, email address, or any other method of communicating with the representative, shall be furnished to the customer after award.
- C. The vendor shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their choices.
- D. Since many of our customers only have access to the Government phone network, it is strongly preferred that a toll free number be provided.

## **X. VALUE ADDED SERVICES**

- A. Market Forecast: The vendor is required to provide the customer and the contracting officer with a weekly produce market forecast bulletin on Friday which outlines for the following week information regarding supply availability, product quality, associated growing areas, price trends, weather conditions, and handling tips.

In addition, this information

is passed to DLA Troop Support for the purposes of contractor payment and customer billing.

2. Customers will be able to order all of their requirements through STORES. The System will transmit orders to the vendor and DLA Troop Support.
3. The awardee shall be required to interface with STORES and must be able to support the following EDI transactions:

  7. The vendor will utilize the DLA Troop Support invoice reconciliation process, or other such systems as may become available, to the maximum extent, towards the goal of correcting invoices early and facilitating the payment process.
  8. In the event the STORES system or the vendors interface is not operational, the vendor must provide alternate ways for the customer to order (e.g., by fax by phone, pick up orders, etc.)
- B. Fresh Fruits and Vegetable Order Receipt System (FFAVORS WEB): Non-DoD customers (USDA school customers and Tribal Organizations) will utilize the Fresh Fruit and Vegetable Order Receipt System (FFAVORS) Web catalog. The successful awardee will be provided a User ID and password to Log in and receive orders through FFAVORS Web, a web-based ordering system. The vendor is

responsible for establishing and maintaining the FFAVORS WEB catalog in accordance with Attachment 5.

1. Accessed via the Internet. FFAVORS WEB is the Government's ordering system for USDA Customers. It is capable of accepting orders from the schools and tribal reservations.
2. Customers will be able to order all of their requirements through FFAVORS WEB. The system will transmit orders to the vendor and DLA-Troop Support. USDA will assume responsibility for this system beginning with school year 2013.
3. In the event the FFAVORS WEB system is not operational, the vendor must provide alternate ways for the customer to order (e.g., by fax, by phone, pick up orders.)

C. Public Key Infrastructure (PKI)/ External Certificate Authorities (ECA) Certificates: The Department of Defense (DoD) Public Key Infrastructure (PKI) Certificate will be required for all DoD users. A DoD PKI certificate will be required for all contractors. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions.

1. Obtaining a PKI certificate:
  - (a) Contractors who do not work on-site at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities (ECAs). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non – Governmental facilities. Certificate prices range from \$99 - \$115 per certificate per year, with volume discounts at some ECAs. A list of ECAs is available at [https://www.daas.dla.mil/daashome/pki\\_contacts.asp](https://www.daas.dla.mil/daashome/pki_contacts.asp).
  - (b) Each contractor must fully comply with the DoD requirement to implement PKI in order for our information systems to remain secure and viable.

## **XII. ORDER PLACEMENT**

- A. Troop Customers shall place their orders to accommodate at a minimum a "skip day" delivery. For example, an order placed on 1 September would have a required delivery date of 3 September. Orders may be placed with longer lead time not to exceed 10 days in advance of the requested delivery date; however, the minimum lead-time is "skip-day". Minimum order requirement for any resultant contract is \$100.00. The \$100.00 minimum order shall be based on the aggregate total of

orders to all customers located within a particular base or location. See Attachment 3 for specific delivery information for Troop customers.

- B. School Customers shall place their orders to accommodate a 3 day order/ship time. For example, the vendor downloads the order on Tuesday and prepares shipment for Friday, in effect, 3 day order/ship time. See Attachment 3 for a listing of the schools.
- C. All invoice pricing will be based upon the unit price at time of order. For example, for any item ordered on a Friday to be delivered the following week, pricing will be based upon the Friday price, regardless of whether the unit price for that item changed as part of the weekly catalog update.

### **XIII. ITEM AVAILABILITY**

- A. Vendors must have access to items in sufficient quantities to fill all ordering activity requirements. All supplies shall be furnished on a “fill or kill” basis. Partial shipments are acceptable if the customer is notified in advance and agrees to the partial shipments; however, the unfilled quantity is to be reported as not-in-stock (NIS). Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.
- B. Vendors shall notify the customer within 24 hours of order placement of the non-availability of any item. Vendors shall offer the customer a substitute of equal or higher quality and at an equal or lower cost, or advise them of the not-in-stock position of the item. Substituted product shall not be delivered without prior consent by the customer. Substituted items must be noted as such on the invoice.

### **XIV. PACKAGING, PACKING, LABELING AND MARKINGS**

- A. All labeling, packaging and packing shall be in accordance with good commercial practice. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as “KEEP REFRIGERATED” shall be used on all cases when appropriate.
- C. Protection during inclement weather is required. All products that are susceptible and sensitive to temperature must be protected by any means to prevent damage.

## **XV. DELIVERY INSTRUCTIONS**

- A. Vendors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. All delivery trucks must be equipped with a lift gate to expedite the offloading of products. Trucks shall maintain proper temperatures, as determined through standard commercial practices. Deliveries shall be F.O.B. destination to all ordering activities and delivery points. All items will be delivered to customer locations, free of damage, with all packaging and packing intact. The contractor shall remove all excess pallets used for delivery from the delivery point. A listing of all the delivery points per zone can be found at Attachment 3.
- B. Troop installation, School delivery schedules (days and times) routes and stop-off sequence will be coordinated and verified with the customers on a post award basis by the awardee(s). In general, each Troop customer receives three (3) deliveries per week and each school customer receives one (1) delivery per week.
- C. Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be segregated by drop-off point and loaded into the delivery vehicle in reverse drop sequence. The intent is to provide expeditious off-loading and delivery to the customer.
- D. The offeror shall also ensure that the personnel loading and delivering the product provide prompt and efficient service to the customer.

## **XVI. INSPECTION AND ACCEPTANCE**

- A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Dining Facility Manager, Food Service Advisor/Officer, or the Contracting Officer. Delivery vehicles may be required to stop at a central location for inspection before proceeding to the assigned delivery point(s). In addition, the delivery vehicles will be inspected for cleanliness and condition. Supplies transported in vehicles that are not sanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection.
- B. The authorized Government receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized Government receiving official's signature and printed name on the delivery ticket is required for acceptance of the product.
- C. The contractor shall forward three (3) copies of the delivery ticket with the shipment. The receiving official will use the delivery ticket as the receipt document. Two (2) copies of the signed and annotated delivery ticket will serve as the acceptance

document. No electronic invoice may be submitted for payment until acceptance is verified. Additionally, upon completing the delivery (or deliveries) and before the carrier leaves the installation, copies of the invoices may be required to be delivered to a central "Accounting/Troop Issue" activity on the installation.

## **XVII. AUTHORIZED RETURNS**

## **XVIII. REJECTION/RETURN PROCEDURES**

- A. **In the event an item is returned, the delivery ticket/invoice shall be annotated as to the item (s) rejected. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment.** Replacements will be authorized based on the customer's needs. On an as-needed basis, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go

unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, clin number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.

- B. In the event a product is rejected after initial delivery is made, the vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES/FFAVORS. If the vendor has already been paid for the product, a claim will be issued through DLA Troop Support's financial system. In all cases, one (1) copy of the credit memo is to be given to the customer and (1) copy of the credit memo is to be sent to the DLA Troop Support Contracting Officer.
- C. If a customer requires a one-to-one replacement, no additional paper work is necessary; the vendor delivery ticket/invoice will show that product is a replacement for a rejected item. The invoice shall reference the call number, CLIN number, and Purchase Order Number of the originally ordered product.

**It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.**

## **XIX. INVOICING**

- A. Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the invoice/delivery ticket, keep one (1) copy and return the **Original** copy to the vendor. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.**
- B. No paper invoices shall be submitted to DFAS for payment. For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <http://www.troopsupport.dla.mil>, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Requests for EDI guidelines).
- C. For all orders downloaded via USDA's customer ordering web-site FFAVORS web, invoicing for payment shall be done via invoice link from FFAVORS web homepage, <http://www.fns.usda.gov/fdd/ffavors.htm>.
- D. All invoices submitted by the vendor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. All vendors are required to ensure the accuracy of their invoices; the reconciliation tool provides you that medium.

- E. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.
- F. The same invoice cannot be submitted with different dollar amounts.
- G. The 810 invoices do not go through a testing phase. The vendors immediately begin sending their invoices in once they have successfully sent their first 850 purchase order.
- H. Any manually keyed, or emergency order, must contain the word “Emergency” in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and CLIN numbers will be entered as “9999” on the invoice. Failure to follow this procedure may result in the rejection of your invoice.
- I. **For catch weight items, standard rounding methods must be observed i.e. <5, rounded down; > or =5, rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the vendor. Note: Currently, no catch weight items apply to this solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.
- J. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. STORES will not accommodate positions of three (3) and above beyond the decimal point.
- K. Although invoices must be submitted electronically via an 810 Electronic Invoice, the following address must appear in the “Bill To” or “Payment Will Be Made By” block of the contractor’s invoice.

Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. - M. The vendor will have access to "un-reconciled" information, i.e., the invoice does not match the receipt because of the quantity price discrepancy, or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the website by the vendor. While the vendor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for approximately thirty days (30) days. It is the vendor's responsibility to ensure accurate invoices. This tool has been developed as an additional means for your internal accounting process.

The visits will be scheduled as a result of unsatisfactory ratings received during Troop Support Produce Quality Audits, customers' complaints, requests from the Contracting Officer, or as deemed necessary by the Government. QSMVs may include visits to subcontractors, growers, and/or suppliers/food distributors used by the contractor. If DLA Troop Support deems it necessary to conduct an on-site visit with a subcontractor, grower, produce supplier, and/or food distributor used by the contractor, the contractor shall make arrangements for these visits.
2. During the QSMV the Government will review/verify the contractor's implemented Quality Program and several or all of the following areas (this list is not inclusive) as deemed necessary: The methods and procedures used to comply with the terms of the contract; condition of storage facilities; product shelf-life management; inventory in-stock (age of product and condition, labeling, product rotation, etc.); product substitutions; control of material targeted for destruction/disposal as a result of DLA customers' returns including DLA Troop Support's audit results and recalls; review of paperwork for product destroyed/condemned including but not limited to product rated Blue/Red during the last DLA Troop Support audit, customer, returns, etc.; customer's notification on product recalls (product rated Blue/Red/other reason), etc; contractor's response to customer returns/issues, and contractor's visits to customers. Procedures and processes set forth in the contractor's proposal may be used as standards for a QSMV. If there is any conflict between the solicitation language and the contractor's proposal, the solicitation/contract/ language governs.
4. The Contractor must take corrective action to address any concerns identified as a result of the QSMV. Concerns identified during the QSMV, or contractor failure to take corrective action in response to QSMV findings, will be grounds for terminating the contract. Such action will not eliminate the government's right to terminate the contract should the identified concerns or contractor failure to take corrective action continue.

B. Produce Quality Audits:

1. Basic Audits:
  - (a) The DLA Troop Support Produce Quality Audit Program covers all produce items listed in the contractor's catalog (fresh, fruits and vegetables, fresh-cut products, etc.) and functions as a Service and Quality Assurance check for DLA Troop Support customers to ensure customers are receiving safe produce of an optimum quality level. The audit objectives focus on the following:
    1. Contractor's adherence to contractual requirements.
    2. Compliance with the specified US Grade or higher.
    3. The quality level of the products supplied is satisfactory and uniform.
    4. There is no product misrepresentation or unapproved substitution.
  - (b) The Produce Quality Audit objectives are accomplished utilizing the expertise of the US. USDA Agricultural Marketing Service (AMS) Fresh Products Branch personnel and DLA Troop Support Quality Auditors. Representatives from the above agencies form the DLA Troop Support Produce Quality Audit Team.
  - (c) Each contractor will undergo an initial audit once per contract period with the first audit occurring during the base period and other initial audits or QSMVs occurring once per option period. The Audits are conducted as a

product cutting. The average cost of one Produce Quality Audit is approximately \$1,000.00 (product cost only). The contractor is expected to provide samples of the Government's choice of a cost of approximately \$1,000.00 per audit. The contractor is required to provide the following support to the DLA Troop Support Produce Quality Audit Team: Personnel and equipment to select separate/move/discard audit samples, control of samples while at the contractor facility and during the audit. Additional cost may be incurred by the contractor if additional produce samples are selected due to initial audit failure or customer complaint or if the contractor's facility does not have a facility/kitchen or the equipment needed to perform the audit and/or space to accommodate customers attending the audit. NOTE: The Government reserves the right to conduct an Unannounced QSMV in lieu of an initial audit or a follow-up audit during the base period and/or any option period if deemed in the best interest of the Government.

## 2. Audit Process:

- (a) The Contractor will be given advanced notice of sixty (60) calendar days of an impending audit. Notwithstanding this, the Government reserves the right to conduct unannounced Produce Quality Audits or QSMVs.
- (b) The DLA Troop Support Produce Quality Audit is typically a two (2) day process. Day one is devoted to sample selection at the contractor's warehouse and performance of the USDA's Good Agricultural Practices (GAP) & Good Handling Practices (GHP) Audits. Day two encompass the performance of the actual Produce Quality audit.
- (c) Upon arrival at the contractor's facility (Day One), the Lead Auditor will provide a list of items identified for evaluation and the samples will be selected by a USDA-AMS' Auditor. The Lead Auditor will accompany the USDA-AMS during the performance of the GAP/GHP Audits.
- (d) Items selected for evaluation will be segregated from the contractor's regular inventory and appropriate procedures shall be used to maintain the integrity of the samples. Evidence that the contractor has replaced or tampered with samples, or otherwise interfered with the audit samples and/or audit process will result in the contractor failing the audit. One or more audit failures may be grounds for terminating the contract.
- (e) During the Produce Quality Audit (Day Two), the DLA Troop Support Lead Auditor will assign an item rating based on compliance with or departure from stated requirements in the DLA Troop Support NSN catalog and the specified US Grade Standard. Items will also be audited to

determine compliance with the Berry Amendment, as applicable, approved source requirements, FDA Retail Food Code, USDA Warehousing Standards, Good Manufacturing Practice, additional provisions of the Code of Federal Regulations and other applicable standards.

- (f) Failure to meet the specified US Grade, deviations from the required contract or stock number requirements will be color coded and classified based on the severity of departure from requirements as follows:

1. Contractor Product Audit Ratings (Color Code Ratings Symbology):

- a. **ACCEPTABLE (GREEN)** = Acceptable. No deviations from the contract or the item description stock number requirements.
- b. **MINOR NONCONFORMANCE (YELLOW)** = Not fully acceptable. A Minor nonconformance is a deviation from the contract or the item description stock number requirements. This minor nonconformance is not likely to materially reduce the usability or serviceability of the item for its intended purpose and, depending on the defect, or affect its condition and/or the continued storage of the item for further use. Products that meet the specified US Grade but exhibit product defects (decay, spoilage, skin breakdown, etc.) likely to continue affecting the condition of the product and continue deteriorating during storage and/or effecting good product if defective units are not removed from cases/containers. Examples of other minor nonconformances: Cataloging issues; Minor or workmanship/fabrication violations (fresh pre-cut products); Minor weight violations; Minor deviations from packing, packaging, labeling and marking requirements that would not necessitate a regulatory market suspension or affect DLA Troop Support's ability to recall the item.  
**ACTION REQUIRED:** Produce with defects (decay, spoilage, skin breakdown etc.) that will continue deteriorating or condition/defects that will affect the condition of good product during storage requires attention from the contractor such as reworking and removing defective product while in-storage or prior to delivering to customers. Minor nonconformances that will not change or further deteriorate (scars, size, weight, etc.) while product is in-storage or when delivered to the customer may be tolerated by the customer for a short period of time (until the contractor receives a new product at OCONUS but for no more than 30 days at CONUS locations).

- c. **MAJOR NONCONFORMANCE (BLUE)** = A major nonconformance, other than critical, is a deviation from the contract, the item description stock number and/or failure to meet the specified US Grade requirements. This major nonconformance is a deviation that materially affects or is likely to have a major effect on the serviceability, usability, condition and/or continued storage of an item for further use. Examples of major nonconformance's: Grade failures; Domestic source/regulatory/approved source violations; Wrong item; Major workmanship/fabrication violations (pre-cut items); Major weight violations; Item shelf life/ expiration date violations; Not latest season pack/crop year violations; Items that exhibit temperature abuse, and/or other off condition that although not likely to result in hazardous or unsafe conditions, the defect and/or combination of defects materially affect the item serviceability for its intended purpose; and/or major deviations from packing, packaging, labeling and markings that would necessitate a regulatory market suspension or have a major effect on DLA Troop Support 's ability to recall the product. **ACTION REQUIRED:** The contractor is required to STOP ISSUE of the item immediately, unless otherwise approved by the Contracting Officer.
- d. **CRITICAL NONCONFORMANCE (RED)** = A critical nonconformance is a deviation that judgment and experience indicate consumption of the item is likely to result in hazardous or unsafe conditions for individuals. An item will receive a Red Rating if it contains a critical defect(s) that involve food safety issues such as wholesomeness, foreign material, contamination or adulteration issues that judgment and experience indicate consumption of the item is likely to result in hazardous or unsafe conditions for individuals. Examples of critical nonconformance's: Items with food safety concerns are those items that exhibit contamination, foreign material, and/or other conditions that render an item unfit for human consumption. **ACTION REQUIRED:** Contractors are required to immediately STOP ISSUE of the product and notify DLA Troop Support customers to return or dispose of the product in question, and notify grower/supplier/distributor of the product (if applicable).

2. Notes:

- a. **MAJOR NONCONFORMANCE (BLUE)** = In OCONUS locations only, the Contracting Officer may approve continued issue of the product because of location extenuating circumstances and on a case-by-case basis. This approval is depending on the type and severity of the deviation/defect, the DLA Troop Support Quality Lead Auditor (lead Auditor that performed the audit) recommendation, customer approval, and if the substitute of equal/higher quality is Not-in-Stock at OCONUS location. Continue issue of the item may require and include contractor screening/rework of the nonconforming product (removal of defective product) and follow-up Government inspection/audit to verify action taken by the contractor (at no cost to the Government for inspection/travel costs). At CONUS/OCONUS locations, only the Contracting Officer, **NOT** the customer or the Lead Auditor, has the authority to accept wrong items (not meeting item description cited in DLA Troop Support catalog or not meeting the specified US Grade cited in the contract, etc.). The Rating assigned to the item WILL NOT be changed by the Lead Auditor because of acceptance with a waiver/rework/repair of the product in question. The DLA Troop Support Food Safety Office at the request of the Contracting Officer, may issue a restricted (to DLA Troop Support customers only) a Hazardous Food Recall for all those items originating from an unapproved source and distributed to DLA Troop Support customers.
- b. **CRITICAL NONCONFORMANCE (RED)** = The DLA Troop Support Food Safety Office will issue a Hazardous Food Recall for all critical nonconformance's involving items with food safety concerns that render an item unfit for human consumption or may present a health hazard for DLA Troop Support customers . If applicable, the Contracting Officer should suggest growers/suppliers of the item to review shipping documents to ensure the same item was not delivered to other DOD customers.

3. Contractor Audit Preparation:

- (a) The contractor is responsible and will bear all costs for the facility and the equipment/supplies used during the audit. Immediately upon receipt of the audit notification, the contractor shall make arrangements to use

their normal product cutting room/kitchen (if adequate) or find another facility for the audit. If there is no space available at the contractor facility or the space is inadequate other arrangements must be made by the contractor. The room must be equipped with running water. To ensure accurate weight of audited items, it is highly recommended that scales used during the audit are calibrated within the 60-day notification period and an applicable set of test weights are available to verify scale accuracy. A digital scale capable of weighing small items and a scale capable of weighing full cases are required. Cleanup of the cutting area/room and continuous cleanup of equipment will be the contractor's responsibility. The contractor must contact the Lead Auditor to discuss the location, adequacy of the facility, and equipment available as soon as possible but no later than 45 Calendar days prior to the audit. The following is the list of equipment/supplies needed:

1. Storage area to store samples selected. (Approximately 2 pallets).
2. Chill storage area for samples that require refrigeration (Approximately 2 pallets).
3. Tables for conducting the audit and demonstration.
4. Sinks/wash area equipped with sanitizing soap for cleaning knives and equipment.
5. Water jet spray attachment for the sink.
6. Calibrated Scales/Test Weights: One small digital scale able to record product weights in both ounces and grams and capable of measuring down to the nearest hundredth is preferable and a set of test weights with a recommended weight range of 1.0 ounce to 1 pound; and, one scale able to record product weights for full cases with an approximate weight range of 0 -100 lb and capable of measuring down to the nearest tenth is preferable and a 25 lbs test weight.
7. Cart to move samples around.
8. Cutting boards (two or three).
9. Large trash cans with bags.
10. Power hook-up for 2 computers.
11. Access to a copy machine.

12. Miscellaneous supplies: Paper towels; large heavy-duty plastic trash bags; one box of large latex gloves; paper flip chart/easel with markers (RED, BLUE, ORANGE, GREEN, BLACK); cellophane tape; binder clips; and a stapler.
13. Optional but considered highly desirable: Cloth towels and floor covering to maintain clean and sanitary floor areas.

4. Sample List / Selection of Samples:

- (a) Sample List/Selection of Samples the DLA Troop Support Lead Auditor will provide a list of sample items upon arrival at the contractor's facility. Two-case sample for each item will be selected. An on-hand inventory quantity report (i.e. number of cases on hand) should be developed for each item after receipt of the list. Warehousing assistance will be required to pull and prepare samples for the audit. Assistance with moving samples from the storage areas to the audit area and also continuous removal of items after review will be required on audit days. Some samples may require refrigeration; an area will need to be provided for sample storage. All samples must be stored in a controlled environment to protect from temperature abuse or tampering. Fruit and Vegetable commodities will consist of 8 - 13 samples (2-case/ shipping container per item) randomly selected per each commodity depending on last audit acceptability rating for each commodity. The entire contents of the two-case samples will be examined during the audit. Additional samples may be selected at the request of the Contracting Officer due to customer complaints.

**Note:** Certification/Documentation - To avoid delays/questions during the audit, the contractor should ensure that ALL products intended for DLA Troop Support's customers are derived from Approved Sources and meet the Berry Amendment requirements (unless otherwise is excluded in the contract/FAR/DFAR or authorized by the Contracting Officer). The contractor should obtain and have certification/documentation available during the sample selection (preferable) and/or during the audit should the Lead Auditor need to review documentation to verify compliance.

5. Audit Results:

- (a) The audit results are performance indicators that will be used in conjunction with a contractor's past performance. DLA Troop Support considers 85% acceptability for each commodity (fresh fruits and vegetables) as the minimum standard for acceptable performance. Contractors will be given a detailed report on each product reviewed. It will be the Contractor's responsibility to take immediate action to

correct any deficiency uncovered during the audit. Corrective action must include action to address the deficiency and the system which allowed the deficiency to occur. Audit failures and/or failure to take corrective action will be grounds for terminating the contract.

6. Follow-Up Audits:

- (a) Follow up audits may be scheduled within a one-year period of the initial audit or sooner as deemed necessary by the Government. Grounds for follow-up audits include but are not limited to failure to obtain an acceptable rating (<85%) in one or more commodities, repetitive failures, and customer complaints. All samples, audit facility, and equipment/supplies needed for the follow-up, same as indicated above for the initial audit, are to be at the expense of the Contractor. During a follow-up audit only the commodity that failed the initial audit (scored <85%) will be audited. Also, a commodity that had an unreasonable number of items not-in-stock (more than 50% of items listed in the contractor's catalog were NIS) during the initial audit, may also be audited during a follow-up. If the follow-up audit is for failure of the USDA-AMS' GAP or GHP Audits or other non-product issue, no product will be audited during the follow-up audit.

7. Audit Failures:

- (a) As noted herein, audit failures and/or failure to take corrective action will be grounds for terminating the contract. The government may, at its discretion, take other action to address the audit failure such as, but not limited to unannounced QSMVs and/or follow-up audits. Such action will not eliminate the government's right to terminate the contract should the deficiency or system which allowed the deficiency to occur remain uncorrected.

C. Markings:

1. Code Dates:

- (a) Products, as applicable, shall be identified with readable open code dates clearly showing the Use by Date, Date of Pack (DOP), Expiration Date, Manufacturer Sell-by-Date, and/or similar marking. The contractor/packer's product label shall clearly identify the item(s) shelf life information (using an open code date on the exterior of each case, if required or applicable). Fresh-cut products bags must be marked with the appropriate shelf life from the Date of Production (DOP).

2. Traceability Requirements for Contractors, Contractor's Suppliers Re-Packaging and Re-Labeling Products:

(a) All fresh fruits and vegetables must be able to be traced back to the grower/supplier of the product. If the contractor or the contractor's distributor/supplier removes the produce from the grower/packer's original packaging/shipping container and re-packages/re-labels an item, documentation must be maintained to trace back to the grower/packer to verify domestic origin, approved source as applicable, and/or in case of a hazardous food recall or an item is rated Red/Critical during a DLA Troop Support Produce Quality Audit. The contractor shall maintain or request from their suppliers/distributors documentation/certificates containing the following information: Item nomenclature, name of establishment/Grower, location, country of origin, date of production/pack (DOP), lot number, etc. If packaging of the item occurred in more than one establishment, documentation for each item must also be maintained / provided. These records must maintain traceability of the item to the extent that an item can be traced back to the original grower/packer of a product. In addition; the contractor shall maintain records of quantities and when and where the re-packaged/re-labeled item(s) were shipped. The contractor must be able to show/provide DLA Troop Support Produce Quality Audit Team the documentation for samples selected during Produce Quality Audits or Unannounced QSMVs. It is the contractor's responsibility to notify and ensure their suppliers understand and comply with this requirement. The above requirements are necessary in the event of a Hazardous Food Recall (i.e., ALFOODACT) of potentially hazardous product when a recall is issued by a Regulatory Agency and for the contractor to isolate suspected items in order to notify customers in an expeditious manner whenever products are rated "Red/Critical" during a DLA Troop Support Produce Quality Audit. The above requirements serve two main purposes:

1. To protect DLA Troop Support 's customers and expeditiously notify them in case of accidental or intentional tempering/contamination and/or to prevent consumption of unsafe/hazardous Produce and
2. To maintain traceability of re-packaged/re-labeled products in order to verify country of origin, approved source requirement during the shelf life cycle of a pre-cut/packaged product in the contractor storage and during the customer's receipt/storage of the product and be able to expedite the recall process for all suspected products intended for DLA Troop Support customers.

The report should specify fill rates per customer and an overall average fill-rate for all customers under the contract for the month being reported.

Many vendors elect to submit this report, in the form of a spreadsheet, on a weekly basis. The report should contain information on: customer, invoice number, call number, and invoice amount, amount paid, credit adjustments and balance due. It is suggested that this report contain as much information as possible to alleviate problems immediately.

However, in the event of a contingency operation or a humanitarian or peace keeping operation, as defined below, the Contracting Officer may, by written order, change 1) the method of shipment or packing, and 2) the place of delivery. If any such change causes an increase in the cost of, or the time required for performance, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract. The Contractor must assert its right to an adjustment within 30 days from the date of receipt of the modification.

“Contingency operation” means a military operation that-is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c)(1) If issued electronically, the order is considered “issued” when a copy has been posted to the Electronic Document Access system, and notice has been sent to the Contractor.

(2) If mailed or transmitted by facsimile, a delivery order or task order is considered “issued” when the Government deposits the order in the mail or transmits by facsimile. Mailing includes transmittal by U.S. mail or private delivery services.

(3) Orders may be issued orally only if authorized in the schedule.

### **52.216-19 Order Limitations (OCT 1995) – FAR**

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$100.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor --

(1) Any order for a single item in excess of \$25,000.

(2) Any order for a combination of items in excess of \$100,000.

(3) A series of orders from the same ordering office within 7 days that together call for quantities exceeding the limitation in subparagraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 1 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

#### **52.216-22 Indefinite Quantity (OCT 1995) – FAR**

(a) This is an indefinite-quantity contract for the supplies or services specified and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the “maximum.” The Government shall order at least the quantity of supplies or services designated in the Schedule as the “minimum.”

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 90 days from contract completion.

#### **52.216-9064 Economic Price Adjustment (EPA) – Actual Material Costs for Subsistence Delivered Price Business Model (NOV 2011) – DLAD**

(a) Warranties. For the portion of the schedule that is covered by this EPA clause, the Contractor warrants that—

(1) Contract unit prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) All price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) Definitions. As used throughout this clause, the term:

(1) “Contract Unit Price” means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support’s customers. The Contract Unit Price consists of two components: Delivered Price and Distribution Price. The unit price sum of the two component prices shall be rounded up or down as applicable, to the nearest cent to determine the final Contract Unit Price.

(2) “Delivered Price” means the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, inclusive of standard freight. The Delivered Price shall be based on free on board (f.o.b.) Destination. Delivered Price shall exclude all costs that are to be covered in the Distribution Price.

(i) Exceptions:

(A) Mandatory Source Items: The Delivered Price shall be limited to the nonprofit agency’s price for product as set in accordance with applicable law, plus applicable freight.

(B) A contiguous United States (CONUS)-based redistributor’s price for a specific manufacturer’s/grower’s/private label holder’s product (SKU) may be considered by the Government as long as the redistributor’s price for the quantity ordered is equal to or lower than the manufacturer’s/grower’s/private label holder’s published price inclusive of discounts/allowances. This exception must be approved by the Contracting Officer on a case by case basis. Supporting documentation may be required.

(3) “Product Allowance” means discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract (and subject to any exception in those provisions), all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer’s, grower’s or private label holder’s invoice (referred to as “off-invoice allowances”) or otherwise given to the Contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of these discounts, rebates, and allowances (Product Allowance), shall be reflected via a reduced Subsistence Total Order and Receipt Electronic System (STORES) price, resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the US Treasury, with an attached itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.

(4) “Distribution Price(s)” means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price is the only method for the Contractor to bill the Government for all aspects of contract performance other than Delivered Price; including but not limited to, the performance requirements of the SOW for the applicable SPV solicitation and resulting contract. As detailed above in (2), Delivered Price is distinct from and not to be included in the Distribution Price.

(5) “Ordering Catalog” means the electronic listing of items and their corresponding contract unit prices available for ordering under this contract.

(6) "Ordering Week" means from Sunday at 12:01 AM through the following Saturday until midnight (Eastern Time (ET), standard or daylight as applicable).

(c) Price adjustments.

(1) General.

(i) All contract unit prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this clause. After the first Ordering Week, if the Contractor's Delivered Price changes for any or all contract unit prices, the Contract Unit Price shall be changed in the next week's Ordering Catalog upon the Contractor's request, submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next Ordering Week. All Ordering Catalog Unit Prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent Ordering Week.

(ii) Catalog Delivered Prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into SPV Contractor's inventory).

(iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted weekly, no later than 12:00PM Eastern Time on Wednesday to be effective in the following Ordering Week's Ordering Catalog prices. The Delivered Price shall have any and all Product Allowance subtractions made prior to presenting the Delivered Price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an electronic data interchange (EDI) 832 transaction set. The change notice shall include the Contractor's adjustment in the Delivered Price component of the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such 832 price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's Ordering Catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next week's Ordering Catalog.

(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior Ordering Weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically

authorizes the posting. If the Contracting Officer does not notify the Contractor by close of business, 3:00PM Eastern Time each Friday that a price or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following Ordering Week. The posting of updated prices in the Ordering Catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.

(vi) Should the Contracting Officer determine that, or question whether a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is(are) higher than lower Delivered Prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business, 3:00PM Eastern Time on Friday. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's Ordering Catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the Ordering Catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.

(vii) In the event of a price change not posting or an Ordering Catalog Contract Unit Price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract Unit Price, the Prime Vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its Ordering Catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the Ordering Catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

(2) Limitations. All adjustments under this clause shall be limited to the effect on contract unit prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for—

(i) Supplies for which the delivered price is not affected by such changes;

(ii) Changes in the quantities of materials; and

(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

(d) Upward ceiling on economic price adjustment. The aggregate of contract Delivered Price increases for each item under this clause during the contract period inclusive of any option

period(s) shall not exceed 90 percent (%) for Fresh Fruits and Vegetables (FF&V) of the initial Contract Delivered Price, except as provided below:

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(1)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following week's ordering catalog.

(e) **DOWNWARD LIMITATION ON ECONOMIC PRICE ADJUSTMENTS.** There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

(f) **Examination of records.** The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(g) **Final invoice.** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.

(h) **Disputes.** Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

## **SOLICITATION PROVISIONS**

### **52.212-1 Instructions to Offerors – Commercial Items (FEB 2012) – FAR**

Note: 52.212-1, Instructions to Offerors – Commercial Items (FEB 2012) is incorporated in this solicitation by reference. Its full text may be accessed electronically at <https://www.acquisition.gov/far/index.html>. Text is available for viewing in Subpart 52.2 Text of Provisions and Clauses, through either the HTML or PDF Format links.

The following paragraphs of 52.212-1 are amended as indicated below:

**1. Paragraph (b), Submission of Offers.**

a. See pages 6-8, for any specific instructions on how to submit your offer if mailed or hand carried and see pages 104 - 108 for proposal submission information.

b. Faxed and E-mail offers are NOT authorized for this solicitation for initial closing and final proposal revisions (if necessary). If deemed necessary by the Contracting Officer, the Government reserves the right to conduct negotiations for the subject acquisition. Initial responses to negotiations shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail. However, any information provided during negotiations, to include all changes to the initial offer, must be reduced to writing and transmitted to the DLA Troop Support Business Opportunities Office by the time and date specified at the time of Final Proposal Revisions. Information not submitted to the DLA Troop Support Business Opportunities Office by the specified date and time will not be considered by the Government during final evaluations.

**2. Paragraph (c), Period for Acceptance of Offers, is revised as follows:**

Period of acceptance is **180** days.

**3. Paragraph (f), Late Submissions, Modifications, Revisions, and Withdrawals of Offers, is deleted in its entirety and replaced with the following:**

(f) Late Submissions, Modifications, Revision, and Withdrawals of Offers.

(1) Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and:

(i) It was sent by mail or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after the receipt at the Government installation.

(ii) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals.

(iii) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or it is the only proposal received.

(2) Any modification or revision of a proposal or response to requested information, including any final proposal revision, is subject to the same conditions indicated above.

(3) Notwithstanding the above, a late modification or revision of any otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(4) Proposals may be withdrawn by written notice (including facsimile) received at any time before award.

**4. Paragraph (h), *Multiple Awards*, is revised to add the following:**

The Government intends to make one (1) award, which includes both Groups 1 and 2, however; it reserves the right to have multiple awards based on the lowest aggregate evaluated price technically acceptable offer for each Group. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

**52.212-2 Evaluation – Commercial Items (JAN 1999) – FAR**

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Lowest Price Technically Acceptable (LPTA) – The resultant contract will be based on the lowest evaluated aggregate price of proposals for each Group meeting or exceeding the acceptability standards for the following non-price factor:

1. The offeror takes no exceptions to the terms and conditions for each Group in the solicitation.
2. Pricing: Pricing is required for all items found in the Schedule of Items. The Government will perform an aggregate price analysis on all items found in the Schedule of Items. The estimated quantities in the Schedule of Items shall be multiplied by the unit prices to determine the lowest aggregate price. Delivered and Distribution prices will be evaluated to determine if there are any outliers with the ultimate award decision based on the lowest evaluated aggregate price for each Group.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of

the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

### **52.216-1 Type of Contract (APR 1984) – FAR**

The Government contemplates award of a Fixed Price, with EPA, Indefinite Quantity Contract (IQC) contract resulting from this solicitation.

### **52.215-9023 Reverse Auction. (JUL 2012) – DLAD**

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

- (a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.
- (b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.
- (c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.
- (d) The lowest offeror’s price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror’s identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror’s proposed pricing, such as “Offeror A” or “lowest-priced offeror”). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.

(e) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307.

(f) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the

'trained offeror' designation from any trained offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.

**52.233-9001 Disputes – Agreement to use Alternative Dispute Resolution (ADR) (NOV 2011) – DLAD**

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the Contractor (see Federal Acquisition Regulation (FAR) clause 52.233-1), or, for the Agency, by the Contracting Officer, and approved at a level above the Contracting Officer after consultation with the ADR Specialist and with legal. Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the Contracting Officer before determining ADR to be inappropriate.

(c) The offeror should check here to opt out of this clause:

[ ] Alternate wording may be negotiated with the Contracting Officer.

**252.215-7008 Only One Offer (JUN 2012) – DFARS**

(a) The provision at FAR 52.215-20, Requirements for Certified Cost or Pricing Data and Data other Than Certified Cost or Pricing Data, with any alternate included in this solicitation, does not take effect unless the Contracting Officer notifies the offeror that—

(1) Only one offer was received; and

(2) Additional cost or pricing data is required in order to determine whether the price is fair and reasonable or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 2306a and FAR 15.403-3).

(b) Upon such notification, the offeror agrees, by submission of its offer, to provide any data requested by the Contracting Officer in accordance with FAR 52.215-20.

(c) If negotiations are conducted, the negotiated price should not exceed the offered price.

**52.215-20 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data (OCT 2010) – FAR**

(a) *Exceptions from certified cost or pricing data.*

(1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) *Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial item exception.* For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include --

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), *e.g.*, wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant

solely to the offeror's determination of the prices to be offered in the catalog or marketplace.

(b) *Requirements for certified cost or pricing data.* If the offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The offeror shall prepare and submit certified cost or pricing data, and data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-2 of FAR 15.408, which is incorporated by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-2 are incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. (2) United States means the 50 States, the District of Columbia, outlying areas, and the outer Continental Shelf as defined in 43 U.S.C. 1331.

(3) United States person is defined in Section 16(2) of the Export Administration Act of 1979 and means any United States resident or national (other than an individual resident outside the United States and employed by other than a United States person), any domestic concern (including any permanent domestic establishment of any foreign concern), and any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern which is controlled in fact by such domestic concern, as determined under regulations of the President.

**(b) Certification.**

By submitting this offer, the Offeror, if a foreign person, company or entity certifies that it--

(1) Does not comply with the Secondary Arab Boycott of Israel; and

(2) Is not taking or knowingly agreeing to take any action, with respect to the Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. Sec. 2407(a) prohibits a United States person from taking.

**(c) Representation of Extent of Transportation by Sea.** (This representation does not apply to solicitations for the direct purchase of ocean transportation services).

(1) The Offeror shall indicate by checking the appropriate blank in paragraph (c)(2) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term "supplies" is defined in the Transportation of Supplies by Sea clause of this solicitation.

(3) Any contract resulting from this solicitation will include clause 252.247-7023, Transportation of Supplies by Sea clause. **52.233-9000 Agency Protests (NOV 2011) – DLAD**

(a) Companies protesting this procurement may file a protest

(1) with the Contracting Officer,

(2) with the Government Accountability Office (GAO), or

(3) pursuant to Executive Order Number 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office.

(b) Protests filed with the agency should clearly state that they are an "Agency Level Protest under Executive Order Number 12979."

(Note: Defense Logistics Agency (DLA) procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the Contracting Officer; this process is not an appellate review of a Contracting Officer's decision on a protest previously filed with the Contracting Officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the Contracting Officer.

## **PROPOSAL SUBMISSION INFORMATION**

### **I. PRICING**

- A. The pricing for the zone will be evaluated through the Schedule of Items Approach. The Schedule of Items Approach is a grouping of items along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for 18 months for that particular group. Offers are required to submit their unit price for each item, broken down into the corresponding Delivered Price and Distribution Price components.

1. Pricing will be based on the following formula:

$$\text{Contract Unit Price} = \text{Delivered Price} + \text{Distribution Price}$$

2. In accordance with DLAD Clause 52.215-9023, Reverse Auction may be used for Distribution Prices only.

B. Definitions:

1. “Contract Unit Price” See Economic Price Adjustment (EPA) Clause 52.216-9064, on page 62.
2. “Delivered Price” See Economic Price Adjustment (EPA) Clause 52.216-9064, on page 62.
3. “Distribution Price” See Economic Price Adjustment (EPA) Clause 52.216-9064, on page 62.
4. Distribution prices shall be formatted to no more than two (2) places to the right of the decimal point, for example, \$2.50.
5. If multiple groups are covered under this solicitation, the offeror may submit a separate distribution price for each group. However, only one distribution price shall be offered for all items in each period (i.e. Base / Option).

### **II. SCHEDULE OF ITEMS: PRICING**

- A. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing information. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items.
- B. Estimated quantities for 18 month period are indicated next to each item and are for information and evaluation purposes only. The unit price found in the Schedule of Items will be multiplied by the estimate to calculate the aggregate against the

estimated 4.5 year requirements of the ordering activities and evaluated for the lowest overall aggregate cost to the Government.

- C. Offerors are to submit the most current unit prices. These prices are effective from Sunday, September 9, 2012 through Saturday, September 29, 2012. This unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$0.50, pricing should be formulated as follows:

$$\begin{aligned} & \$ 2.00 + \$ .50 = \$ 2.50 \\ & \text{(Prices used for illustrative purposes only)} \end{aligned}$$

1. Do Not Submit only the Unit Price; the two (2) elements must be shown separately.
2. Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue (THERE ARE NO EXCEPTIONS). All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog.

### **III. DISTRIBUTION PRICES**

- A. The offeror shall provide independent standard distribution pricing for each group in the Schedule of Items. Each distribution price shall be a case price. One Distribution price shall be offered on all items for the base period for each group in the Schedule of Items.
- B. The distribution prices shall remain constant for the contract period (i.e. base or option). The distribution price for the base period does not have to be the same as the price of the each option period. These prices can differ or remain the same as the base contract period; but must remain constant through the length of each period. Refer to Page 101 for instructions.

### **IV. DELIVERED PRICES**

- A. For evaluation purposes the schedule of items should reflect the delivered prices effective from Sunday, September 9, 2012 through Saturday, September 29, 2012. The offeror is required to submit pricing on all items that will meet the Government's minimum requirement.
- B. As part of the evaluation process the Government reserves the right to request that the offeror substantiate their proposed delivered price with an invoice. The Item Number must be marked on each invoice so as to identify the invoice's corresponding item. The preferred documentation is the grower/supplier invoice. If invoices are not available for that time period, a written quote from the grower/supplier will be accepted. If you do not have an invoice, the offeror needs to explain why, i.e. not in

season, do not carry, etc. The Government has a strong preference for invoices over market quotes. All invoices and quotes must be from sources that the offeror currently uses or plans to use to support the resultant contract. Any quote must be presented in the following manner:

1. Detailed on grower/manufacturer letterhead;
  2. Date price quote was supplied;
  3. Time period price quote is effective; to include expiration date;
  4. Quantity covered by price quote;
  5. Grower/Manufacturer part number; and
  6. Grower/Manufacturer's point of contact: including name, title, address, and phone numbers.
- C. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods should be observed. For example, a delivered price of \$4.578 should be rounded to \$4.58.
- D. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable, item that meets the Government's minimum requirements.
- E. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to DFARS 252.225-7012 Preference for Certain Domestic Commodities and procured from a Sanitarily Approved Source. All invoices and quotes must reflect compliance to contract terms and conditions.
- F. Offerors are required to submit this portion on a spreadsheet containing the following information (Attachment 1):
1. Stock Number.
  2. Item Description: Government Item Description.
  3. Estimated Quantity: Quantity provided.
  4. Unit of Issue: Self-explanatory. **Note:** Unit of Issue must be same as Government's listed in the Market Basket of Items.
  5. Delivered Price (DEP): The price you actually paid for the item, as substantiated by grower/manufacturer invoice.

6. Distribution Price (DIP): Your distribution price.
7. Unit Price: Delivered Price + Distribution Price.
8. Total: Estimated Quantity multiplied by Unit Price.
9. Gov't Average Case Weight: Provided.

Multiple distribution prices within a base or option period will not be accepted.
- B. When preparing the spreadsheet, totals must appear in the rows titled **"BASE TERM EVALUATION"**, **"OPTION 1 EVALUATION"**, **"OPTION 2 EVALUATION"**, and **"TOTAL EVALUATION INCLUDING OPTIONS"**. Each firm must submit a hard copy of their spreadsheet (s), for the base period and each option period, as well as a copy of the spreadsheet(s) on a CD/DVD.
- C. If requested to submit an invoice and the price on the invoice does not match the offered price due to a freight charge, the **freight charge must be indicated on the invoice.** This **must appear on the invoice submitted by the offeror if requested.** However, a separate freight invoice may be required as further documentation.
