CAUTION NOTICE

This procurement is being solicited with a Price Only Evaluation Factor. The resultant contract is a Firm Fixed Price/Fixed Price EPA Indefinite Quantity Contract (IQC). This procurement is being solicited on an unrestricted basis with Hubzone evaluation preference. Solicitation SPM300-13-R-0039 is designed to place market ready fresh milk and dairy items all fully competitive, on contract(s) for various customers in the Puerto Rico area. The duration of the contract is for a term of 36 months, with the gallon milk items subject to a yearly EPA adjustment (items 1 and 2). All Gallon pricing will begin on the award date and be fixed subject to an Economic Price Adjustment clause for a 36 month period (June 23, 2013 through June 18, 2016). Vendors are permitted to reduce their gallon price by a prompt payment discount up to 2%. If the prompt payment discount is included in the original offer then it will apply for any later changes in the established EPA Board Price. The remainder of the items will have a fixed price and will be subject to two separate pricing tiers for the half pints and the 6 gallon BIB. The first pricing tier (items 3 – 7) shall begin on the award date and be for a 24 month period (June 23, 2013 through June 20, 2015). The second pricing tier (items 8 -12) shall be for the final 12 month performance period (June 21, 2015 through June 18, 2016). The item pricing will remain firm fixed for each pricing tier. The effective period for any contract resulting from this solicitation shall be from June 23, 2013 through June 18, 2016.

DLAD Clause 52.216-9033 Economic Price Adjustment - Established Prices (FEB 2009) (See page 26 of the Solicitation)

1. Per the Milk Industry Regulation Office, the fixed price of a gallon of milk in Puerto Rico is \$5.60 effective January 20, 2011. This price is set by law and subject to review on an annual basis in August. The only discount promotion of fresh milk that is permitted off of this fixed price, and future fixed prices, is a 2% discount for prompt payment. Therefore, for items 1 and 2 of this solicitation, \$5.60 is the set market price at present. If at some later date during the performance of a contract issued under the instant solicitation the Milk Industry Regulation Office revises the current set price, the awardee shall notify the Contracting Officer in writing regarding such change in accordance with the above EPA clause. As stipulated in the clause, the prices on items 1 and 2 may be adjusted upward to a maximum of 10% of the initial contract price or downward without any limit.
2. For purposes of the above EPA clause, the “established catalog and market prices” are directly controlled by the Milk Industry Regulation Office’s annual announcement.
3. Though this clause currently only applies to items 1 and 2, any additional items added to the contract at a later date that fall within the purview of the set prices controlled by the Milk Industry Regulation Office will also be bound by the above clause.

This contract is for a three-year period

STORES (Subsistence Total Order and Receipt Electronic System)

The automated STORES (Subsistence Total Order and Receipt Electronic System) will be used to the maximum extent practical on the resultant contracts from this solicitation. Orders will be sent via a computer-generated fax (STORES purchase order). In order to facilitate the receipt and payment process, there is specific information contained on the STORES purchase order that **MUST** be mirrored on the vendor's invoice. The information may have to be hand written on the invoice. Please ensure the information is correct and legible. Invoices for those customers placing orders under STORES must be submitted for payment to the following address:

DFAS BVDP (SL4701)
P.O. Box 369031
Columbus, Ohio 43236-9031

Electronic Invoicing by Suppliers via Electronic Commerce/Electronic Data Interchange:

All suppliers are required to process invoices electronically. **This is a condition for contract award.** An electronic invoicing system expedites payments by providing a real time system for invoice processing. In an effort to ensure that your firm is paid promptly for products that you supply, we want to utilize the best business practices available. The business practices of today reflect increased utilization of Electronic Commerce/Electronic Data Interchange providing more timely and cost effective ways of information exchange. DLA Troop Support, Subsistence is migrating towards more and more use of the electronic mediums available to conduct business with you as our business partners. The Defense Logistics Agency has undergone an Enterprise Business Systems (EBS) initiative. This EBS initiative will change the way you currently invoice. EBS conforms to a strict adherence of detailed line item payment in concert with the order. The manual paperwork will no longer be a viable way to invoice. Invoices need to be submitted for payment promptly after delivery.

Our intention is to provide you a quick and easy way to submit your invoices for payment and to help ensure prompt and accurate payments. Efforts have been underway for some time to bring a resolution for you to be able to accomplish Electronic Data Interchange with the invoices. Several alternatives are available:

1. If your company is able to exchange information electronically through ANSI X12 format, we could set your company up as an EDI vendor immediately, being able to receive orders and send invoices electronically.
2. There are companies available who for a fee will turn your flat files into EDI Invoices (810 transactions).
3. The Market Ready EDI Invoicing is another web application to submit your invoices electronically. This system can be found on the DLA TROOP SUPPORT web page for subsistence, http://www.DLA_Troop_Support.dla.mil/subs/index.asp. You will be issued a User ID and Password, after properly registering for this site. This application will allow you to see on the website receipts by the customers, for your contracts only. You can review the receipt and, if in agreement you will simply type in an invoice number to submit your invoice to DFAS. This receipt information is available at this website for 8 weeks. The user will have the ability to add lines or change existing lines to reflect what was delivered. The changes will be e-mailed to your DLA TROOP SUPPORT account manager, who will work at resolving the differences; however, the

customer must make the corrections electronically. Vendors are encouraged to wait until the receipt is adjusted to submit their invoices. The system will be updated daily from the receipt files. Invoices submitted using this website will generate an EDI invoice to flow through the paying process at DFAS. If you need additional information on electronic or alternate electronic invoice processing contact your DLA TROOP SUPPORT Account Manager or Buyer.

One of the above methods must be used as paper invoices are no longer a viable option.

A sample STORES order is illustrated for informational purposes only. The information indicated in the five elements below is required to be identified on the vendor's invoice in order for the vendor to be promptly paid by DFAS. These elements are on the system generated STORES purchase order, and the information needs to be transferred to the invoice.

1. Contract Number - i.e. SPM300-09-D-V500 (on attached sample). This number will remain constant throughout the life of the contract.
2. Call Number - i.e. 408Y (This is the Julian date and the Lap ID number of the purchase order). This number will change with every order.
3. Lead CLIN No. - i.e. 55 (This is the item number on the purchase order). This number will change with every order.
4. Purchase Order Number - i.e. FT123490912211. This number will change with every order.
5. Required Delivery Date (RDD) i.e. 4/3/09. This date will change with each order.

Contract Terms and Conditions – Commercial Items

The following paragraph(s) of 52.212-4 are amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

“Inspection and acceptance of products will be performed at destination. The authorized receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer and/or the authorized receiving official.

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

- (1) The Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
- (2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:
 - (i) Method of shipment or packing;
 - (ii) Place, manner, or time of delivery.
- (3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.
- (4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.
- (5) Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

3. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) *Termination for Cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If this contract is terminated in whole or in part for cause, and the supplies or services covered by the contract so terminated are repurchased by the Government, the Government will incur administrative costs in such repurchases. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1,350.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government

improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

DLAD 52.212-9000 Changes – Military Readiness (Nov 2011)

The commercial changes clause at Federal Acquisition Regulation (FAR) 52.212-4(c) is applicable to this contract in lieu of the changes clause at FAR 52.243-1. However, in the event of a Contingency Operation or a Humanitarian or Peace Keeping Operation, as defined below, the contracting officer may, by written order, change

- 1) The method of shipment or packing, and
- 2) The place of delivery. If any such change causes an increase in the cost of, or the time required for performance, the contracting officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract. The contractor must assert its right to an adjustment within 30 days from the date of receipt of the modification.

The term does not include routine training, force rotation, or stationing. (10 U.S.C. 2302 (8) and 41 U.S.C. 259(d)(2)(B)).

(3) The increased contract unit price shall not apply to quantities scheduled under the contract for delivery before the effective date of the increased contract unit price, unless failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the default clause.

(4) No modification increasing a contract unit price shall be executed under this paragraph (c) until the Contracting Officer verifies the increase in the applicable established price.

(5) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any undelivered portion of the contract items affected by the requested increase, except as follows.

(i) The Contractor may, after that time, deliver any items that were completed or in the process of manufacture at the time of receipt of the cancellation notice, provided the Contractor certifies and notifies the Contracting Officer of such items within 10 days after the Contractor receives the cancellation notice.

(ii) The Government shall pay for those items at the contract unit price increased to the extent provided by paragraph (d) of this clause.

(iii) Any standard steel supply item shall be deemed to be in the process of manufacture when the steel for that item is in the state of processing after the beginning of the furnace melt.

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Orders shall generally be sent no later than 10:00 A.M. two (2) days prior to the desired delivery date (or specified lead-time on the contract) in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on Section VI-A. Holidays.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, **the customer must zero-out the item in STORES and create a new purchase order for a replacement item.**
- C. **There shall be no line-item (LSN) additions to existing STORES orders.** Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.
- D. All pricing is at the time the order is placed.

Purchase Orders

There shall only be **one invoice per purchase order and only one purchase order per day.** This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

Product Quality

Acceptance of supplies awarded under this solicitation will be limited to fresh product. All products delivered under this contract must conform to the following **freshness requirements**. Fluid dairy products and other dairy products shall have sufficient remaining shelf life commensurate with good commercial practice. Each container, carton, etc. shall have visible, legible, and understandable "sell-by-date" or equivalent.

1. Milk, Whipping Cream (fresh), Cream (fresh) and Half-and-Half (fresh), Ice Milk Mix, Fresh (soft serve), Milk Shake Mix, Fresh (direct draw), Buttermilk and Eggnog must be delivered with a minimum 10 days shelf life remaining.
2. Whipping Cream (ultra-pasteurized), Half-and-Half (ultra-pasteurized), and Cream (ultra-pasteurized) must be delivered with a minimum 14 days shelf life remaining.
3. Cottage Cheese, cultured and acidified, normal and extended shelf life must be delivered with a minimum 14 days shelf life remaining.
4. Sour Cream must be delivered with a minimum 21 days shelf life remaining.

The vendor shall comply with any findings or corrective actions noted on all its mandatory monthly and yearly inspections and audits performed by County, State, and Federal Agencies including the Food and Drug Administration and US Department of Health & Human Services. The vendor will immediately notify the Contracting Officer of any negative findings by any of these auditing agencies which affect the performance of its contract(s) and of the vendor's corrective action. The Contracting Officer may request copies from the vendor of any negative County, State, or Federal health inspection which affects its contract(s). Failure to comply with County, State, and Federal milk regulations; apply corrective actions to audit findings; or not maintaining its pasteurization plant compliance at a rate of at least 90 percent or higher, as certified by a state milk sanitation officer and listed in "Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers" may result in termination of the contract at the vendor's expense. In the event the vendor is subcontracting milk, dairy, or ice cream products, the vendor shall be responsible for replacing any noncomplying subcontractor with an approved subcontracting source or risk termination of the contract.

The vendor shall have in place the proper temperature controls in their warehouse to ensure product is stored at commercially acceptable temperature settings.

The Government may conduct formalized audits to verify the vendor's adherence to the contract requirements and the quality of product being supplied under any resultant contract.

- (4) At the discretion of the affected customers, the vendor shall either replace at no additional cost or adjust the invoice quantity for any recalled product. Delivery of replacement product shall occur at the discretion of the customer.

Non-Compete Provision

The offeror warrants that it will not actively promote, encourage, or market any of the customers on this acquisition away from a resultant DLA Troop Support contract and onto a contract of any other Government agency or commercial entity. This prohibition applies both on a pre-award and post-award basis.

Food Defense/Force Protection

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. Contract awardee will ensure to complete security of all conveyances to any military installations. The offeror must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies.

As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

Packaging, Packing and Labeling

- A. All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

The product code number key/color coded twist tie listing shall explain the actual date of production or processing. After award of contract under this solicitation, the successful awardee

- C. All items must be adequately protected during inclement weather

Inspection and Acceptance

- A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.
- B. All deliveries are subject to military veterinary inspection. In addition, the delivery vehicles may be inspected for cleanliness and condition.
- C. The Food Service Officer (and/or) Authorized Receiving Official (ARO) at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall not be signed prior to inspection of the product. All overages, shortages, and/or returns are to be noted on the delivery ticket by the receiving official and the truck driver. A signature on the delivery ticket/invoice denotes acceptance of the product.
- D. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of his products before proceeding to any other designated delivery point.

Rapid Gate

Many bases currently require enrollment in Rapid Gate and will not allow entry without Rapid Gate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in Rapid Gate or another security program is required for access to each location. If Rapid Gate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have Rapid Gate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for Rapid Gate enrollment and must ensure that a Rapid Gate enrolled driver is available for all deliveries. We currently estimate that Rapid Gate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of Rapid Gate or other security enrollment may vary, so the contractor should contact Rapid Gate to determine its own costs. If more than one driver is required, Rapid Gate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in Rapid Gate is encountered during the implementation period, the contractor MUST contact Rapid Gate and/or the Security Officer at the applicable customer locations to resolve any issues with processing Rapid Gate enrollment so that the contractor will be able to deliver as required. For additional information regarding Rapid Gate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided therein are in addition to and do not limit any rights afforded to the Government by Clause 52.212-4(o) "Warranty" contained in the solicitation.

Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official (ARO). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer (FSO) (and/or) Authorized Receiving Official.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity(ies) were affected. The line item dollar value, as well as the total invoice dollar value, must be adjusted to reflect the adjusted value of the shipment.
- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. Cumulative delivery order closeout will result in total contract closeout. It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

Delivery Vehicle Requirements

Paragraph (a) is deleted in its entirety and replaced with the following:

(1) Are, are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have, have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

DLAD 52.217-9024 Special Provisions for Bulk Milk Dispensing Equipment – DLA Troop Support Subsistence (Nov 2011)

(a) **General.** Regulations require that the cost to the Government for bulk milk dispensing equipment must be identified and paid for from a different fund than the milk itself. Accordingly, unit and extended prices on each offered item requiring the furnishing of bulk milk dispensing equipment will be broken down and will state separately (1) the charge for the milk itself, and (2) the charge for the bulk milk dispensing equipment called for by that item. The dispensing equipment charge will include the cost of furnishing, installing, servicing, maintaining and removing such equipment. Evaluation of offers will be based on the total charge for each such item. By submission of this offer, the offeror confirms that the separate charges entered for such items represent the true and accurate charges for the milk and bulk milk dispensing equipment, and that the price offered for milk does not include any cost on account of bulk milk dispensing equipment. Dispensing equipment charge will be the per-gallon rate for equipment and services.

(b) **Invoices.** Invoices covering items requiring the furnishing of bulk milk dispensing equipment must show separately for each such item the charge for the milk product furnished and the applicable charge for the bulk milk dispensing equipment.

(c) **Computations.** (Applicable only in contracts which contemplate the use of both government-furnished and contractor-furnished dispensers.)

(1) **Basic.** To the extent both government-furnished and contractor-furnished equipment is to be used in the dispensing of bulk milk required under this contract, the following dispenser charge procedures shall apply. In each case, the Government shall give written notice to the contractor stating which of the consumption points will employ contractor-furnished dispensers exclusively. Such points shall be called “Contractor Dispenser Points”.

(2) **Central Deliveries.** Where bulk milk is delivered to a central delivery point for redistribution by the Government both to Contractor Dispenser Points and to other consumption points, data shall be furnished by such central delivery point to the contractor stating the gallonage issued during the invoice period to Contractor-Dispenser Points. Such data shall be the basis of invoicing dispenser charges.

(3) **Direct Deliveries.** Where bulk milk is delivered to Contractor Dispenser Points directly by contractor, delivery receipt data applicable to such points shall be the basis of such invoicing.

(4) **Mixed-Equipment Points.** Where bulk milk is delivered either directly or through a central delivery point to any consumption point where any or all of the dispensers are furnished by the Government, no dispenser charges shall be applicable to, such milk, except as provided below. Contractor shall not be required to furnish dispensers at any consumption point where any Government dispensers are located, except as provided below.

(5) **Urgency Exception.** Where urgent requirements, as determined by the ordering officer, necessitate the use of both government and contractor-furnished dispensers at the same consumption point, the minimum number of contractor-furnished dispensers shall be ordered in writing only and supplied to such point. In such case, dispenser charges (per line item) shall apply to that proportion of the bulk milk delivered to such point which corresponds to the proportion of contractor-furnished dispenser spigots to the total number of spigots at such point. (For example: If half the number of spigots used in dispensing chocolate milk at that point are contractor-furnished, half of the chocolate milk gallonage there shall be subject to the dispenser charge).

52.215-9023 Reverse Auction.

REVERSE AUCTION (NOV 2012)

The Contracting Officer may utilize on-line reverse auctioning as a means of conducting price discussions under this solicitation. If the Contracting Officer does not conduct a reverse auction, award may be made on the basis of initial offers or following discussions not using reverse auctioning as a pricing technique. If the Contracting Officer decides to use on-line reverse auctioning to conduct price negotiations, the Contracting Officer will notify offerors of this decision and the following provisions will apply.

(a) The award decision will be made in accordance with the evaluation factors as set forth in the solicitation. The reverse on-line auction will be used as a pricing technique during discussions to establish the final offered prices from each offeror. These prices will be used in conjunction with the evaluation factors stated elsewhere in the solicitation in order to make the award decision in accordance with the basis for award stated in the solicitation.

(b) Following the decision to conduct discussions using on-line reverse auctioning as a pricing technique, the Contracting Officer or his/her representative will provide offerors determined to

be in the competitive range with information concerning the on-line auction process. The Government intends to use a commercial web-based product to conduct the reverse auction.

(c) Prior to or simultaneously with conducting the on-line reverse auction, the Contracting Officer may hold discussions with the offerors concerning matters appropriate for discussion, such as issues involving technical proposals or unbalanced pricing.

(d) The lowest offeror's price(s) for each round of the reverse auction will be disclosed to other offerors and anyone else having authorized access to the on-line auction. This disclosure is anonymous, meaning that each offeror's identity will be concealed from other offerors (although it will be known to the Government; only a generic identifier will be used for each offeror's proposed pricing, such as "Offeror A" or "lowest-priced offeror"). By submitting a proposal in response to the solicitation, offerors agree to participate in the reverse auction and that their prices may be disclosed, including to other offerors, during the reverse auction.

(e) The reverse auction system currently in use designates offers as "Lead," meaning the current low price in that auction, or "Not Lead," meaning not the current low price in that auction. In the event of a tie offer, the reverse auction provider's system designates the first offer of that price as "Lead" and the second or subsequent offer of that price as "Not Lead." Offerors shall not submit a tie offer, since this is inconsistent with the purpose of the reverse auction. If a tie offer is submitted, the "Not Lead" offeror that submitted the tie offer must offer a changed price; it will be ineligible for award if the final price in the auction is the tie offer price.

(f) An offeror's final auction price at the close of the reverse auction will be considered its final proposal revision. No price revisions will be accepted after the close of the reverse auction, unless the Contracting Officer decides that further discussions are needed and final proposal revisions are again requested in accordance with Federal Acquisition Regulation (FAR) 15.307, or the Contracting Officer determines that it would be in the best interest of the Government to re-open the auction.

(g) The following information is provided regarding the procedures to be followed if a reverse auction is conducted.

(1) Each offeror identified by the Contracting Officer as a participant in the reverse auction will be contacted by Defense Logistic Agency's commercial reverse auction service provider to advise the offeror of the event and to provide an explanation of the process.

(2) In order for an Offeror to participate in the reverse auction, such offeror must agree with terms and conditions of the entire solicitation, including this provision, and agree to the commercial reverse auction service provider's terms and conditions for using its service. Information concerning the reverse auction process and the commercial service provider's terms and conditions is embedded within the email notification sent by the on-line reverse auction pricing tool system administrator.

(3) Offerors shall secure the passwords and other confidential materials provided by the commercial reverse auction service provider or the Government and ensure they are used only for purposes of participation in the reverse auction. Offerors shall keep their own and other offerors' pricing in confidence until after contract award.

(4) Any offeror unable to enter pricing through the commercial reverse auction service provider's system during a reverse auction must notify the Contracting Officer or designated representative immediately. The Contracting Officer may, at his/her sole discretion, extend or re-open the reverse auction if the reason for the offeror's inability to enter pricing is determined to be without fault on the part of the offeror and outside the offeror's control.

(5) The reverse auction will be conducted using the commercial reverse auction service provider's website as embedded in the email notification. Offerors shall be responsible for providing their own computer and internet connection.

(6) Training:

(i) The commercial reverse auction service provider and/or a Government representative will provide familiarization training to offerors' employees; this training may be provided through written material, the commercial reverse auction service provider's website, and/or other means.

(ii) An employee of an offeror who successfully completes the training shall be designated as a 'trained offeror.' Only trained offerors may participate in a reverse auction. The Contracting Officer reserves the right to request that offerors provide an alternate offeror employee to become a 'trained offeror.' The Contracting Officer also reserves the right to take away the 'trained offeror' designation from any trained offeror who fails to abide by the solicitation's or commercial reverse auction service provider's terms and conditions.

DLAD 52.233-9001 Disputes Agreement to Use Alternative Dispute Resolution (ADR). (NOV 2011)

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party.
