**CAUTION - CONTRACTOR CODE OF BUSINESS ETHICS (FEB 2012)**

FAR Part 3, 1002(a) requires all government Contractors to conduct themselves with the highest degree of integrity and honesty. Contractors should have a written code of business ethics and conduct within thirty days of award. To promote compliance with such code of business ethics and conduct, Contractors should have an employee business ethics and compliance training program that facilitates timely discovery and disclosure of improper conduct in connection with government contracts and ensures corrective measures are promptly instituted and carried out. A Contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the government, in connection with the award, performance, or closeout of a government contract performed by the Contractor or a subcontract awarded there under, credible evidence of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 of the United States Code or a violation of the False Claims Act. (31 U.S.C. 3729-3733)

If this solicitation or contract includes FAR clause 52.203-13 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT; the Contractor shall comply with the terms of the clause and have a written code of business ethics and conduct; exercise due diligence to prevent and detect criminal conduct; promote ethical conduct and a commitment to compliance with the law within their organization; and timely report any violations of federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in title 18 of the United States Code or any violations of the False Claims Act (31 U.S.C. 3729-3733). When FAR 52.203-13 is included in the contract, Contractors must provide a copy of its written code of business ethics and conduct to the contracting officer upon request by the contracting officer.

**CONTRACTOR BASE ENTRY PASS PROCEDURES**

Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at [www.rapidgate.com](http://www.rapidgate.com).

Please note that RapidGate is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement.

(1) ☐ Are, ☒ are not presently ~~debarred, suspended,~~ proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☒ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ☐ Are, ☒ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☒ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click

#### PPI MODEL CLAUSE

#### 52.216-9901 ECONOMIC PRICE ADJUSTMENT- DEPARTMENT OF LABOR PRICE INDEX (MARCH 2012) - DLA TROOP SUPPORT-SUBSISTENCE (FAR DEVIATION 12-01)

##### (a) WARRANTIES.

The Contractor warrants that--

- (1) The unit prices set forth in the Schedule do not include allowances for any portion of the contingency covered by this clause; and
- (2) The prices to be invoiced shall be computed in accordance with the provisions of this clause.

##### (b) DEFINITIONS, As used throughout this clause--

- (1) "Price Index" for the purpose of price adjustment under this clause shall be the first published index reported in the monthly publication entitled, "Producer Price Indexes", published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS") for the following code number(s) and title(s): see attached schedule of items/list of 36 PPI categories.

The first published index is the initial publication of the index ("preliminary" with a "(P)") for a given month. It is available from [www.bls.gov/ppi](http://www.bls.gov/ppi) approximately two calendar weeks into the following month and will be used to update unit prices. This index will always be the most recently published index at the time the adjustment is made. No further adjustment shall be made due to any subsequent revision that may be published by the BLS.

- (2) "Base price index" is the benchmark index used to measure all changes in price. It is the first published index at the later of these two dates: 1.) the closing date for receipt of proposals; or 2.) if applicable, the date required for receipt of final proposal revisions. (Archived data is available at [http://www.bls.gov/ppi/ppi\\_dr.htm](http://www.bls.gov/ppi/ppi_dr.htm))

For contract option periods, the base price index is the adjusting price index at the end of the immediately preceding contract period.

- (3) "Adjusting price index" shall always be the most recently published index available on the day in which the adjusting contract modification becomes effective.

- (4) "Base unit price" is the unit price for each contract line item, established at the later of these two dates: 1.) the closing date for receipt of proposals; or 2.) if applicable, the date required for receipt of final proposal revisions. This price is exclusive of any adjustment pursuant to this clause. For contract option periods, the base unit price is the final adjusted unit price at the end of the immediately preceding contract period, which shall include adjustments pursuant to this clause.

- (5) "Adjustment period" is the amount of time, measured in months, during which the unit price for each contract line item must remain fixed.
- (A) The initial unit price (see (b)(7), *infra*) shall be the price for the first adjustment period. The first adjustment period may run shorter or longer than subsequent adjustment periods depending on the day on which the contract becomes effective;
- (B) Each adjustment period following the first adjustment period shall begin on (the first Sunday of the month);

(C) Unit Prices may only be adjusted between each adjustment period;

(D) Unit Prices shall never change within any single adjustment period;

(E) There shall be 12 adjustment periods per calendar year;

(F) ) The length of each adjustment period, in months, shall be calculated by

dividing 12 by the number of adjustments allowed per year pursuant to the fill-in in (b)(5)(E), above.

(6) "Adjusted Unit Price" is the adjusted price for each contract line item at the start of each new adjustment period.

(7) "Initial Unit Price" is the price for each contract line item at the start of the contract. The initial unit price is always established by taking the percentage change between these two index values:

(A) ) The value of the most recently published index at the time the government receives the base unit price (e.g. the base price index—see (b)(2), supra); and

(B) ) The value of the most recently published index at the start of the contract performance period.

This percentage change is applied pursuant to (c) Adjustments, infra, to the base unit price. If the index value has not changed between these two points in time, the initial unit price shall be the base unit price. The initial unit price shall not be considered an adjustment; rather, this mechanism serves to

protect the government and the contractor from market fluctuations that occur between receipt of proposals/proposal revisions (see "base unit price" definition, (b)(4) supra) and the commencement of the contract period. All future adjustments (whether these are done monthly, quarterly or otherwise) shall be made pursuant to (c) Adjustments, infra.

(c) ADJUSTMENTS. Prior to the end of each adjustment period, the Contracting Officer shall obtain the adjusting price index from BLS and calculate any adjusted unit price(s) for the next adjustment period and modify the contract accordingly. Price adjustments pursuant to this clause shall be made by contract modification, issued by the Contracting Officer, and will show the following five elements for each contract line item: 1.) the base price index; 2.) the adjusting price index; 3.) the base unit price; 4.) the mathematical calculations; and 5.) the adjusted unit price(s).

The price adjustment(s) shall be applicable to orders issued during the following adjustment period. The price adjustment(s) for each adjustment period shall be based on the percentage change between 1.) the base price index; and 2.) the adjusting price index for the adjustment period, as applied to the base unit price.

(1) The Government shall be entitled to a price decrease in any particular adjustment period if the adjusting price index is less than the base price index. Accordingly, the contractor shall be entitled to a price increase in any particular adjustment period if the adjusting price index is greater than the base price index.

(2) Example of adjustment calculation:

Step 1: (Adjusting Price Index – Base Price Index)/Base Price Index = Change in Index\* Step 2: Base Unit Price x Change in Index = Unit Price Adjustment\*\*

Step 3: Base Unit Price + Unit Price Adjustment = Adjusted Unit Price

Base Price Index: 109.9 Adjusting Price Index: 112.7 Base Unit Price: \$50.00

Step 1:  $(112.7 - 109.9) / 109.9 = 0.0255$  (2.55%) Step 2:  $\$50.00 \times 0.0255 = \$1.28^{**}$   
Step 3:  $\$50.00 + \$1.28 = \$51.28$

\* This figure shall be rounded to the fourth decimal place.

\*\* All dollar figures shall be rounded to the nearest cent.

(3) New items added to the catalog shall be adjusted in the same manner as existing catalog items, subject to the following clarifications:

(A) The base unit price shall be negotiated and shall be effective on the date the contracting officer signs the catalog add approval form;

(B) The base price index shall be the adjusting price index effective on the date the contracting officer signs the catalog add approval form. This may or may not be the most recently published index by BLS but will place the new item add on the same time schedule as the rest of the items on the catalog.

(d) UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT. No upward ceiling, for the entire contract, shall apply under this economic price adjustment clause except for items with associated BLS series codes which are measured beyond the six-digit level (an index "beyond the six-digit level" means an index whose identifier exceeds six-digits). Not every line item shall be measured beyond six-digits—these shall be identified in the solicitation.

For any BLS series that is beyond the six-digit level, the following ceiling shall apply: The Contractor agrees that the increases on the unit price of each beyond-six-digit line item under this clause shall not exceed 90 % (percent) of the base unit price, except as provided hereafter. This is not cumulative for all beyond-six-digit line items, but shall be measured on an item by item basis.

(1) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the adjustment ceiling for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. The notification shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an increase in the price index would raise the unit price for an item above the current ceiling, the Contracting Officer may issue a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall promptly notify the Contractor in writing.

(c) INVOICES. The prices payable under this contract will be based on the latest adjusted unit price incorporated into the contract as of the date of order.

(f) REVISION OF PRICE INDEX. In the event-

(1) Any applicable price index is discontinued or its method of derivation is altered substantially;  
or

- (2) The Contracting Officer determines that the price index consistently and substantially fails to reflect market conditions, the parties shall mutually agree upon an appropriate and comparable substitute and the contract shall be modified to reflect such substitute effective on the date the price index was discontinued, altered, or began to consistently and substantially fail to reflect market conditions.
- (g) FINAL INVOICE. The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required by this clause.
- (h) DISPUTES. Any dispute arising under this clause shall be determined in accordance with and subject to the "Disputes" clause of the contract.

(End of clause)

The Government does not intend to make any award for, nor accept, any subsistence products manufactured, processed, or stored in a facility which fails to maintain acceptable levels of food safety and food defense, is operating under such unsanitary conditions as may lead to product contamination or adulteration constituting a health hazard, or which has not been listed in an appropriate Government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the U.S. Army Public Health Command (USAPHC) Circular 40-1, Worldwide Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement, (Worldwide Directory) (available at: <http://phc.amedd.army.mil/topics/foodwater/ca/Pages/DoDAApprovedFoodSources.aspx>). Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the Contractor to request an extension of any delivery date.
