(a) Definitions. As used in this clause--

"Internal confidentiality agreement or statement" means a confidentiality agreement or any other written statement that the contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor employees or subcontractors sign at the behest of a Federal agency.

"Subcontract" means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services to or for a prime contractor or another subcontractor.

(b) The Contractor shall not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (e.g., agency Office of the Inspector General).

(c) The Contractor shall notify current employees and subcontractors that prohibitions and restrictions of any preexisting internal confidentiality agreements or statements covered by this clause, to the extent that such prohibitions and restrictions are inconsistent with the prohibitions of this clause, are no longer in effect.

(d) The prohibition in paragraph (b) of this clause does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

However, when an applicable medical inspection authority is present, a decision to reject product rests with the medical authority under the following conditions such as :

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:
 (c) Changes.
 (1) In addition to bilateral modifications the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.
 (2) The Contracting Officer may at any time, by unilateral written order, make changes within the general scope of this contract in any one or more of the following:
 (i) method of shipment or packing;
 (ii) place, manner, or time of delivery.
 (3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.
 (4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal for adjustment submitted before final payment of the contract.

3. Paragraph (g), Invoice, is revised to add the following:
 (3) Each delivery will be accompanied by the Contractor's delivery ticket/invoice. Two (2) identical copies shall accompany the shipment. The customer shall sign both copies, keep one (1) copy and return the other to the Prime Vendor. Any changes must be made by the customer on the face of both documents ; attachments are not acceptable.
 (4) All invoicing for payment is to be filed electronically using EDI transaction set 810 (see for Subsistence Total Order and Receipt Electronic System (STORES) EDI Information). No paper invoices shall be submitted to DFAS for payment. All invoices submitted by the Contractor must be "clean," i.e. all debits and/or credits must be reflected on the invoice prior to submission. Electronic invoices should be filed promptly (i.e. once all credits and/or credit adjustments are made) and in any case, in fewer than 90 days after delivery.
 (5) Invoice transactions may be submitted to DLA TROOP SUPPORT daily; however, all internal debit/credit transactions must be completed prior to the submission of the invoice. Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The Prime Vendor will be responsible for correction and re-submission.
 (6) The same invoice cannot be submitted with different dollar amounts.
 (7) For catch weight items, standard rounding methods must be observed, i.e. < 5: rounded down; = 5 or > 5: rounded up. All weights must be rounded to whole pounds using standard rounding methods. Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the Prime Vendor.
 (8) Unit prices and extended prices must be formatted not more than two (2) decimal places to the right of the decimal point. Subsistence Total Order and Receipt Electronic System (STORES) will not accommodate positions of 3 and above beyond the decimal point.
 (9) The following address must appear in the "Bill To" or "Payment Will Be Made By" block of the Contractor's invoice:
 DFAS - Columbus Center
 Attn: DFAS - CO-
 P.O. BOX 182317
 COLUMBUS, OH 43218-6260

(10) Each invoice shall contain sufficient data for billing purposes. This includes, but is not limited to:

(11) Prime Vendors are required to use the Vendor Reconciliation Tool [see below paragraph (i) Payment (10) Vendor Reconciliation Tool] to identify and correct mismatches between invoices submitted and customers' posted receipts. It is the responsibility of the Prime Vendor to adjust as necessary and communicate with the customer or DLA TROOP SUPPORT as needed, in order to resolve any/all discrepancies. In the event of an unresolved payment discrepancy, the Prime Vendor must present a signed delivery ticket/invoice.

4. Paragraph (i), Payment, is revised to add the following:
 (7) DFAS Columbus Center is the payment office for this acquisition.
 (8) All 810 electronic invoices must be submitted with accurate, sufficient, clean data before any payment can be made.
 (9) All offerors must have the ability to accept an 820 transaction set from its financial institution. DFAS Columbus will no longer forward a detailed summary of payment(s); this information will only be available from your bank.
 (10) Vendor Reconciliation Tool: In an effort to improve the payment process, Prime Vendors will have availability to view what the customer has or has not receipted, via the website <http://www.troopsupport.dla.mil/subs/recon1.pdf>. The Prime Vendor will have access to "unreconciled" information, i.e. the invoice does not match the receipt because of a quantity or price discrepancy, or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the BSM website by the Prime Vendor. While the Prime Vendor will not have the capability to update customer receipt information, update capability will be available for unreconciled invoice information for approximately 30 days.
 (11) The Government intends to make payments under the resultant contract by electronic funds transfer (EFT). Reference Clause 52.232-33, "Mandatory Information for Electronic Funds Transfer Payment" appearing in the section of this solicitation entitled "Contract Clauses." However, the election as to whether to make payment by check or electronic funds transfer is at the option of the Government.

The CPARS applications are designed for UNCLASSIFIED use only. Classified information is not to be entered into these systems. In general, Contractor performance assessments or evaluations provide a record, both positive and negative, for a given contract during a specified period of time. When evaluating Contractor performance each assessment or evaluation is based on objective facts and is supported by program and contract management data, such as cost performance reports, customer comments, quality reviews, technical interchange meetings, financial solvency assessments, construction/production management reviews, Contractor operations reviews, functional performance evaluations, and earned contract incentives. (ii) A Department of Defense (DoD) Public Key Infrastructure (PKI) Certificate is required for all DoD users accessing CPARS. A DoD PKI Certificate is required for all Contractor users accessing CPARS. The requirement for PKI certificates is implemented in accordance with DoD security policy promoting secure electronic transactions. (2) Obtaining a PKI certificate (i) Contractors who do not work at a Department of Defense facility may purchase a DoD PKI certificate from one of three External Certificate Authorities (ECAs). The ECAs are vendors who provide digital certificates to DoD's industry partners who are using their own equipment or working in non-government facilities. A list of ECAs is available at http://iase.disa.mil/pki/eca/certificate.html. Each Contractor employee accessing CPARS will need an Identity Certificate (An Encryption Certificate is not required). Certificate prices range in from \$109 - \$149 per certificate per year, with volume discounts at some ECAs.</p>

- 52.204-13 - System for Award Management Maintenance. (Oct 2018)
- (a) Definition. As used in this clause--
"Electronic Funds Transfer (EFT) indicator" means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management (SAM) records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.
"Registered in the System for Award Management (SAM)" means that--
- (1) The Contractor has entered all mandatory information, including the unique entity identifier and the EFT indicator (if applicable), the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14), into the SAM;
 - (2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM;
 - (3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and
 - (4) The Government has marked the record "Active".
- "System for Award Management (SAM)" means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes--
- (1) Data collected from prospective Federal awardees required for the conduct of business with the Government;
 - (2) Prospective contractor-submitted annual representations and certifications in accordance with FAR subpart 4.12;
- and
- (3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.
- "Unique entity identifier" means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.
- (b) If the solicitation for this contract contained the provision 52.204-7 with its Alternate I, and the Contractor was unable to register prior to award, the Contractor shall be registered in SAM within 30 days after award or before three days prior to submission of the first invoice, whichever occurs first.
- (c) The Contractor shall maintain registration in SAM during contract performance and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement. The Contractor is responsible for the currency, accuracy and completeness of the data within SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in SAM after the initial registration, the Contractor is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in SAM to ensure it is current, accurate and complete. Updating information in SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (d)
- (1)
- (1) If a Contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to--
 - (A) Change the name in the SAM;
 - (B) Comply with the requirements of subpart 42.12 of the FAR; and

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (d)(1)(i) of this clause, or fails to perform the agreement at paragraph (d)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR subpart 32.8, Assignment of Claims). Assignees shall be separately registered in SAM. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(3) The Contractor shall ensure that the unique entity identifier is maintained with the entity designated at www.sam.gov for establishment of the unique entity identifier throughout the life of the contract. The Contractor shall communicate any change to the unique entity identifier to the Contracting Officer within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the unique entity identifier does not necessarily require a novation to be accomplished.

(e) Contractors may obtain additional information on registration and annual confirmation requirements at <https://www.sam.gov>.

(End of Clause)

(2) The Contractor shall protect the information against unauthorized release or disclosure.

(3) The Contractor shall ensure that its employees are subject to use and non-disclosure obligations consistent with this clause prior to the employees being provided access to or use of the information.

(4) The third-party contractor that reported the cyber incident is a third-party beneficiary of the non-disclosure agreement between the Government and Contractor, as required by paragraph (b)(3) of this clause.

(5) A breach of these obligations or restrictions may subject the Contractor to-

(i) Criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(ii) Civil actions for damages and other appropriate remedies by the third party that reported the cyber incident, as a third party beneficiary of this clause.

(c) Subcontracts. The Contractor shall include this clause, including this paragraph (c), in subcontracts, or similar contractual instruments, for services that include support for the Government's activities related to safeguarding covered defense information and cyber incident reporting, including subcontracts for commercial items, without alteration, except to identify the parties.

(End of clause)

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) Other safeguarding or reporting requirements. The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) Subcontracts. The Contractor shall-

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement.
