STATEMENT OF WORK (SCOPE)

I. INTRODUCTION

- A. DLA Troop Support intends to enter into an Indefinite Quantity Contract (IQC) contract with a commercial firm to supply a full line of USDA No.1 or better Fresh Fruit and Vegetable (FF&V) products to Non-DoD USDA School customers.
- B. This solicitation consists of one zone in the Colorado region. Group 1 will consist of Non-DoD customers to include USDA School customers. The Government intends to make one (1) award per zone. Offerors are required to offer on all items in the Schedule of Items for a Group, failure to do so may result in exclusion from award consideration.
- C. This solicitation is a Small Business Set-Aside. It utilizes the Lowest Price Technically Acceptable Source Selection Process.
- D. Any award made against this solicitation will result in an Indefinite Quantity Contract (IQC) Fixed Price with an Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model. An IQC will provide for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference FAR 16.504(a)).

EFFECTIVE PERIOD OF CONTRACT

The resultant contract may be for a total of 4.5 years (one [18 month] base period plus two [18 month] option periods) commencing on the effective date of the contract.

The base term of the resultant contract, and the term of any option under that contract, will not exceed 18 months. The total length of the contract will not exceed fifty-four (54) months, or four and a half (4.5) years.

OPTIONS

- A. There are two (18 month) option periods in this solicitation. Acceptance of these options by the successful contractor is mandatory. Distribution Prices must be submitted for each option period, as well as for the base term. The Distribution Prices offered on each option year will be calculated with the delivered price proposed for each evaluated item. The Distribution Price for each option period may be offered as a dollar value, increase or decrease, from the base period. **Changes expressed as a percentage will not be accepted.**
- B. Failure to propose an increase or decrease of distribution prices in the option periods will be considered, and evaluated as, no change per option period.

ESTIMATED DOLLAR VALUE/GUARANTEED MINIMUM/MAXIMUM

- A. The following chart includes the 18 month estimated dollar value and the 4.5 year estimated dollar value, along with the guaranteed 10% minimum and 200% maximum. The guaranteed minimum and maximum, although based on estimates, are a firm dollar amount calculated as a percentage of the estimated dollar value; that firm dollar amount constitutes the Government's legal ordering obligation under the contract.

| Colorado Schools | 18- Month Estimate (Base Period) | 4.5 Year Estimate (Total incl. Options) | 10% MIN | 200% MAX (4.5 Years) |
|--------------------------------|----------------------------------|---|--------------|----------------------|
| <i>Group I NON- DOD</i> | \$6,202,177.47 | \$18,606,532.41 | \$620,217.75 | \$37,213,064.82 |

The term "18 Month Estimate" refers to the Government's good faith estimate of the requirement for the base period.

The minimum contract dollar value is \$620,217.75.

The maximum contract dollar value is \$37,213,064.82.

REQUIREMENTS

I. START-UP PERIOD

The Contractor's start up period will take place prior to the first order. The Contractor shall submit a proposed implementation schedule to the Contracting Officer within fifteen (15) days after award highlighting the steps that will be taken to implement a fully functional distribution account, including all EDI transactions for all customers covered by this solicitation. An additional thirty (30) days will be granted for actual

implementation. No more than forty-five (45) days after award will be permitted for each contractor to have fully functional distribution accounts in place for all customers.

II. ORDERING CATALOGS

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

III. CATALOG MAINTENANCE

- A. In accordance with clause 52.216-9064 Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model, vendors may change prices in their Subsistence Total Order and Receipt Electronic System (STORES) and/or Fresh Fruit and Vegetables Order and Receipt System (FFAVORS) Web Catalogs weekly. The submissions are to be made by **Wednesday, 12:00 PM EST**, to be in effect the following Sunday. All catalog changes to STORES must be submitted to DLA Troop Support via 832 EDI Transaction Set. DLA Troop Support will review all catalog updates to check for price and other changes; however, **the accuracy of the vendor item catalogs is the responsibility of the vendor.** **If catalog updates are not submitted by Wednesday they shall only be submitted with approval from the Contracting Officer.**

NEW ITEMS

1. Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request to the Contracting Officer.
2. After ordering commencement, if a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog, the contractor will be allowed a maximum of twenty (20) days to source the item, obtain a stock number from DLA Troop Support (if required) and add the item to the ordering catalog via FFAVORS Web. These items should then become a permanent part of the contractor's inventory, dependent upon availability, after the Contracting Officer's determination of fair and reasonable pricing. The contractor shall utilize the Contracting Officer provided form when requesting all item approvals (additions and/or changes). The form is **mandatory** and is Attachment 2.
3. The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

CATALOG PRICING

1. **Best Price Guarantee:** During contract performance, the contractor shall provide unit prices that are equal or lower than its most favored commercial customers, including any applicable discounts and allowances.
2. **Schedule of Items Pricing:** Items priced in the Schedule of Items (See Attachment 1) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price during the first week of customer ordering.
3. **Catalog Price Changes:** Once an item is listed on the ordering catalog, the contracting officer will make on-going price reasonableness determinations. In accordance with clause 52.216-9064 Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model, contractors are permitted to submit a weekly EPA for items found on the catalog. For each item the vendor is requesting a price change, the contracting officer will conduct a separate price reasonableness determination. The item will be removed from the catalog until a fair and reasonable price can be determined by the Contracting Officer.
4. **Catalog Additions:** Before an item is added to the catalog, vendors are required to submit a request to the Contracting Officer (See Attachment 2). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote. **The request is due by 9:00 AM EST on the Monday prior to inclusion of the Wednesday catalog updates.** The Contracting Officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.
5. **Pricing Requirements:** The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a minimum of all orders issued during the first ordering week (from Sunday at 12:01 AM through the following Saturday until midnight). The prices shall remain in effect for all subsequent ordering weeks except as otherwise adjusted IAW clause 52.216-9064 Economic Price Adjustment –Actual Material Costs for Subsistence Delivered Price Business Model (Nov 2009).

On the first week's catalog the vendor shall submit final evaluated prices as awarded using the 832 transaction unless lower market prices are available at time of award whereby the vendor shall adjust their catalog prices to provide all available lower prices to the Government. Because this award is being made as Low Price Technically Acceptable, there is no upward adjustment on the final evaluated price for the first week's catalog. For Troop Customers the vendor retains the right to limit deliveries under

the first week's catalog to delivery days in the first week plus the following Monday and Tuesday.

REBATES/DISCOUNTS & PRICE RELATED PROVISIONS

(a) The contractor shall employ prevailing commercial methods in the pursuit of discounts, rebates, allowances or other similar economic incentives or benefits, for the customers supported under this contract, throughout the period of performance. For all items, the contractor warrants, on a continuing basis throughout the period of performance, that its delivered price under this contract is equal to or lower than its delivered price to its commercial customer accounts. All NAPA discounts, food show discounts, early payment discounts (except as identified in paragraph (b) herein), and other discounts, rebates, allowances or other similar economic incentives or benefits received by the Contractor at any time during the period of performance shall be passed to the Government via a reduced catalog price. Instructions for identifying discounts, rebates, allowances or other similar economic incentives or benefits that shall be provided to the Government are set forth in the submission requirements in the Business Proposal/Pricing and in the Reports section of the Statement of Work.

(b) The contractor may retain Early Payment discounts that meet the following conditions:

- (i) the Early Payment discount is an incentive to encourage payment earlier than the normal payment due date;
- (ii) the Early Payment discount is consistent with commercial practice;
- (iii) the Early Payment discount is routinely given by the manufacturer/growers to customers other than the Prime Vendor/Contractor at the same discount rate and under the same conditions as provided to the Prime Vendor/Contractor;
- (iv) the Early Payment discount is not established, requested, or negotiated for the purpose of avoiding giving DLA Troop Support a lower cost or a rebate or in exchange for a higher invoice price;
- (v) the Early Payment discount is no more than 2 percent of the manufacturer/grower's invoice and the early payment is required within 10 days to obtain the discount; and
- (vi) the contractor actually made the required payment within the time period required to receive the discount.

(c) Upon request the contractor shall provide to the Government any invoices, quotes, or agreements relevant to the delivered price component for existing catalog items, for any new items being added to the catalog, and for requested price changes to existing catalog items. The contractor must include detailed payment terms on each invoice or quote used to substantiate delivered price, including any applicable discounts or rebates. If there are no payment terms associated with the document, the contractor must annotate it with "No payment terms."

(d) The government may require (as needed) the contractor submit invoices and other documentation from all subcontractor tiers or any manufacturer/grower or person in the

delivered price supply chain, to substantiate that all discounts, rebates, allowances or other similar economic incentives or benefits have been applied to the delivered price charged to the Government and/or to substantiate that delivered prices under this contract are equal to or lower than delivered prices that are given to its commercial customers. If the Contracting Officer determines, after reviewing an invoice or other documentation, that a discount, rebate, allowance or other similar economic incentive or benefit should have been passed on to the Government, or if price verifications reveal any instance of overpricing or underpricing, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the amount of the overcharges or discounts, rebates, allowances or other similar economic incentives or benefits, including interest and the contractor shall be entitled to a credit for any undercharges. Likewise, if the Contracting Officer determines that a delivered price was not equal to or lower than that given the contractor's commercial customer accounts, the Government shall be entitled to a prospective delivered price reduction and a retroactive refund for the difference between the delivered price charged to the Government and the delivered price charged to the contractor's commercial customers, including interest. The Contracting Officer, or authorized representative, shall have the right to examine and audit all the Contractor's records (as defined at FAR 52.215-2(a)) relevant to the existence of discounts, rebates, allowances or other similar economic incentives or benefits, and commercial customer delivered prices. Failure to exercise this right shall not constitute a defense or alter the Government's entitlement to any other remedies by contract or by law.

DEFENSE APPROPRIATIONS ACT

A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables, dated 16 May 2008 has been approved under the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities (Dec 2008), which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at U.S. market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.

Notwithstanding this DNAD, the USDA requires that produce supplied via Federal Entitlement for tribal reservation or School lunch funding must be domestic. If State funding is utilized, this policy may vary for individual states. Contact the Contracting Officer for guidance on specific state board funding policy.

CUSTOMERS

A. Adding customers within the contract geographic distribution region/zone.

a. Additional Non-DoD or DoD (if necessary) federal government customers that request DLA TROOP SUPPORT Produce support will be added on to the resultant prime contract under this solicitation, without any new acquisition or competition process, if the customer(s) is clearly within the geographic distribution region/zone covered by this contract.

b. In this case, the contractor shall include this customer(s) at the effective contract prices applicable to that contract zone or region.

c. The decision as to whether the new customer is clearly within the contract region or zone and will be added to the contract without further competition and at existent contract prices, shall be the sole decision of the DLA TROOP SUPPORT Contracting Officer.

B. Adding customers outside the contract geographic distribution region/zone that are not covered by a current Produce Long Term Contract.

a. This provision applies to the following customers:

i. A new Non-DoD or DoD (if necessary) federal customer that is not clearly within the contract geographic distribution region/zone and for which the contractor will not accept the customer(s) at the effective contract price,

ii. A customer(s) located in an area that may be considered adjacent or proximal to the geographic distribution region/zone covered by more than one contractor.

iii. The above instances may occur when new customers request DLA TROOP SUPPORT Produce support or a current Contractor is no longer able to support that proximal customer installation(s). In these latter events, the DLA TROOP SUPPORT will utilize this provision to expeditiously source a Contractor for the customer installation(s).

b. The customer installations described in para. (a) above, and their Produce requirements, will be added to a Contractor's contract as follows:

i. Complete price proposals to support the subject new customer(s), to include distribution and delivered prices, will be requested from only existing Subsistence Produce contractors that are proximal to the new customer, i.e. close in distance. Also, the Government may use any in house records.

c. The addition of a new customer(s) may not exceed the contract maximum dollar stated.

d. The decision as to which contractors are proximal to the new customer and will be requested to provide a proposal to support such customer shall be the sole decision of the DLA TROOP SUPPORT Contracting Officer.

CUSTOMER SERVICE

A. Vendors shall treat every customer covered under its contract as of its best customers. Therefore, any treatment and/or customer service policy given to other accounts shall also be given to the customers under these contracts.

B. Military, USDA School Lunch Program, and DoD customers have periodic food menu board, school district and other types of meetings which the vendor may be required to attend. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products,

demonstrate produce preparation, and provide nutritional information. The email address; of the respective agencies representatives, or any other method of communicating, shall be furnished to the customers after award.

- C. Vendors shall provide at least one (1) full time Customer Service representative to maintain continuous contact with all of the ordering activities. The name of the representative and the phone number, mobile phone number, beeper number, email address, or any other method of communicating with the representative, shall be furnished to the customer after award.
- D. The vendor shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their choices.
- E. Since many of our customers only have access to the Government phone network, it is strongly preferred that a toll free number be provided.

VALUE ADDED SERVICES

Market Forecast: The vendor is required to provide the customer and the contracting officer with a weekly produce market forecast bulletin on Friday which outlines for the following week information regarding supply availability, product quality, associated growing areas, price trends, weather conditions, and handling tips.

ORDERING SYSTEMS

A. Fresh Fruit and Vegetable Order Receipt System (FFAVORS Web)

Non-DoD customers (USDA School customers and Tribal Organizations) will utilize the Fresh Fruit and Vegetable Order Receipt System (FFAVORS) Web catalog. The successful awardee will be provided a User ID and password to Log in and receive orders through FFAVORS Web, a web-based ordering system. The vendor is responsible for establishing and maintaining the FFAVORS WEB catalog in accordance with Attachment 5.

1. Accessed via the Internet. FFAVORS WEB is the Government's ordering system for USDA Customers. It is capable of accepting orders from the schools and tribal reservations.
2. Customers will be able to order all of their requirements through FFAVORS WEB. The system will transmit orders to the vendor and DLA-Troop Support.
3. In the event the FFAVORS WEB system is not operational, the vendor must provide alternate ways for the customer to order (e.g., by fax, by phone, pick up orders.)

ORDER PLACEMENT

- A. School Customers and Tribal Organizations shall place their orders to accommodate a 72 hour order/ship time. For example, the vendor downloads the order on Monday and prepares shipment for Friday, in effect, 72 hour order/ship time. Orders may be placed with longer lead time not to exceed 10 days in advance of the requested delivery date; however, the minimum lead-time is “72 hour”.
- B. The \$100.00 minimum order shall be based on the aggregate total of orders to all customers located within a particular location. The \$100.00 minimum does not apply to any emergency orders.
- C. All invoice pricing will be based upon the unit price at time of order. For example, for any item ordered on a Friday to be delivered the following week, pricing will be based upon the Friday price, regardless of whether the unit price for that item changed as part of the weekly catalog update.

ITEM AVAILABILITY

- A. Vendors must have access to items in sufficient quantities to fill all ordering activity requirements. All supplies shall be furnished on a “fill or kill” basis. Partial shipments are acceptable if the customer is notified in advance and agrees to the partial shipments; however, the unfilled quantity is to be reported as not-in-stock (NIS). Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.
- B. Vendors shall notify the customer within 24 hours of order placement of the non-availability of any item. Vendors shall offer the customer a substitute of equal or higher quality and at an equal or lower cost, or advise them of the not-in-stock position of the item. Substituted product shall not be delivered without prior consent by the customer. Substituted items must be noted as such on the invoice.

PACKAGING, PACKING, LABELING AND MARKINGS

- A. All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as “KEEP REFRIGERATED” shall be used on all cases when appropriate.

DELIVERY INSTRUCTIONS

- A. Vendors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. All trucks shall maintain proper temperatures, as determined through standard commercial practices. Deliveries shall be F.O.B. destination to all ordering activities and delivery points. All items will be delivered to customer locations, free of damage, with all packaging and packing intact. The contractor shall remove all excess pallets used for delivery from the delivery point. A listing of all the delivery points per zone can be found at Attachment 3.
- B. USDA School Customer delivery schedules (days and times) routes and stop-off sequence will be coordinated and verified with the customers on a post award basis by the awardee(s).
- C. The offeror shall also ensure that the personnel loading and delivering the product provide prompt and efficient service to the customer.

INSPECTION AND ACCEPTANCE

- A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Dining Facility Manager, Food Service Advisor/Officer, or the Contracting Officer. Delivery vehicles may be required to stop at a central location for inspection before proceeding to the assigned delivery point(s). In addition, the delivery vehicles will be inspected for cleanliness and condition. Supplies transported in vehicles that are not sanitary, or which are not equipped to maintain prescribed temperatures, may be rejected without further inspection.
- B. The authorized receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized receiving official's signature and printed name on the delivery ticket is required for acceptance of the product.
- C. The contractor shall forward three (3) copies of the delivery ticket with the shipment. The receiving official will use the delivery ticket as the receipt document. Two (2) copies of the signed and annotated delivery ticket will serve as the acceptance document. No electronic invoice may be submitted for payment until acceptance is verified. Additionally, upon completing the delivery (or deliveries) and before the carrier leaves the installation, copies of the invoices may be required to be delivered to a central "Accounting/Troop Issue" activity on the installation.

AUTHORIZED RETURNS

The contractor/vendor shall accept returns under the following conditions:

1. Products shipped in error
2. Products damaged in shipment
3. Products with concealed or latent damage
4. Products that are recalled
5. Products that do not meet shelf life requirements
6. Products that do not meet the minimum quality requirements as defined for the items listed in the schedule
7. Products delivered in unsanitary delivery vehicles
8. Products delivered that fail to meet the minimum/maximum specified temperature
9. Quantity excess as a result of order input error and/or purchase ratio factor error
10. Products that are not from a sanitarily approved source.
11. Products that do not comply with DFARS 252.225-7012 Preference for Certain Domestic Commodities (Berry Amendment), if no waiver to this clause has been granted.
12. Any other condition not specified above that is deemed by the customer to be valid reasons for return.

REJECTION/RETURN PROCEDURES

- A. **In the event an item is returned, the delivery ticket/invoice shall be annotated as to the item (s) rejected. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment.** Replacements will be authorized based on the customer's needs. On an as-needed basis, same day re-delivery of items that were previously rejected shall be made, so that the customer's food service requirements do not go unfulfilled for that day. The re-delivered items will be delivered under a separate invoice utilizing the same call number, clin number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.
- B. In the event a product is rejected after initial delivery is made, the vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in STORES/FFAVORS. If the vendor has already been paid for the product, a claim will be issued through DLA Troop Support's financial system. In all cases, one (1) copy of the credit memo is to be given to the customer and (1) copy of the credit memo is to be sent to the DLA Troop Support Contracting Officer
- C. If a customer requires a one-to-one replacement, no additional paper work is necessary; the vendor delivery ticket/invoice will show that product is a replacement for a rejected item. The invoice shall reference the call number, CLIN number, and Purchase Order Number of the originally ordered product.

It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.

INVOICING

- A. Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the invoice/delivery ticket, keep one (1) copy and return the **Original** copy to the vendor. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.**
- B. **No paper invoices shall be submitted to DFAS for payment.** For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <http://www.dscp.dla.mil>, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Repts for EDI guidelines).
- C. For all orders downloaded via DLA Troop Support's USDA customer ordering website, invoicing for payment shall be done via Produce EDI Web Invoicing Tool located at <http://www.dscp.dla.mil/subs/prodedi.htm>.
- D. All invoices submitted by the vendor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. All vendors are required to ensure the accuracy of their invoices; the reconciliation tool provides you that medium.
- E. **All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.
- F. The same invoice cannot be submitted with different dollar amounts.
- G. The 810 invoices do not go through a testing phase. The vendors immediately begin sending their invoices in once they have successfully sent their first 850 purchase order.
- H. Any manually keyed, or emergency order, must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and CLIN numbers will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of your invoice.

- I. **For catch weight items, standard rounding methods must be observed i.e. <5, rounded down; > or =5, rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the vendor. Note: Currently, no catch weight items apply to this solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.
- J. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. STORES will not accommodate positions of three (3) and above beyond the decimal point.
- K. Although invoices must be submitted electronically via an 810 Electronic Invoice, the following address must appear in the “Bill To” or “Payment Will Be Made By” block of the contractor’s invoice.

Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.

M. Vendor Reconciliation Tool - in an effort to improve the payment process, vendors have the ability to view what the customer has or has not receipted, via the Business System Modernization (BSM) website. The vendor will have access to “un-

reconciled” information, i.e., the invoice does not match the receipt because of the quantity price discrepancy, or because the customer has not posted a receipt. Both invoice information and receipt information will be available for review on the BSM website by the vendor. While the vendor will not have the capability to update customer receipt information, update capability will be available for un-reconciled invoice information for approximately thirty days (30) days. It is the vendor’s responsibility to ensure accurate invoices. This tool has been developed as an additional means for your internal accounting process.

The authorized receiving official for each customer is responsible for signing for and accepting products when they are delivered. The final disposition decision rests with the food service officer and/or the authorized receiving official.”

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

- (1) In addition to bilateral modifications, the Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.

- (3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

- (4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."
- (c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.
- (d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 180 days after expiration of the contract.

52.216-9064 ECONOMIC PRICE ADJUSTMENT- ACTUAL MATERIAL COSTS FOR SUBSISTENCE DELIVERED PRICE BUSINESS MODEL (JUL 2011)- DLAD

As prescribed at 16.203-4(d) (2) (95), insert the following clause:

ECONOMIC PRICE ADJUSTMENT- ACTUAL MATERIAL COSTS FOR SUBSISTENCE DELIVERED PRICE BUSINESS MODEL

(a) **WARRANTIES:** For the portion of the schedule that is covered by this EPA clause, the contractor warrants that –

(1) Contract Unit Prices covered by this contract do not include allowances for any portion of the contingency covered by this clause; and

(2) All price adjustments invoiced under this contract shall be computed in accordance with the provisions of this clause.

(b) **DEFINITIONS:** As used throughout this clause, the term:

(1) "Contract Unit Price" means the total price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support's customers. The Contract Unit Price consists of two components: Delivered Price and Distribution Price. The unit price sum of the two component prices shall be rounded up or down as applicable to the nearest cent to determine the final Contract Unit Price.

(2) "Delivered Price" means the most recent manufacturer, grower or private label holder commercial price per unit to the Contractor, inclusive of standard freight. The Delivered

Price shall be based on FOB Destination. Delivered Price shall exclude all costs that are to be covered in the Distribution Price.

(i) Exceptions:

(A) Mandatory Source Items: The Delivered Price shall be limited to the nonprofit agency's price for product as set in accordance with applicable law, plus applicable freight.

(B) A CONUS-based redistributor's price for a specific manufacturer's/grower's/private label holder's product (SKU) may be considered by the Government as long as the redistributor's price for the quantity ordered is equal to or lower than the manufacturer's/grower's/private label holder's published price inclusive of discounts/allowances. This exception must be approved by the Contracting officer on a case by case basis. Supporting documentation may be required.

(3) "Product Allowance" means discounts, rebates, and allowances to be passed on to the Government. In accordance with other provisions of the contract (and subject to any exception in those provisions), all discounts, rebates, or allowances on particular items which are reflected in the amounts shown on the face of the manufacturer's, grower's or private label holder's invoice (referred to as "off-invoice allowances") or otherwise given to the contractor by the manufacturer, grower or private label holder, shall be passed by the Contractor to the Government, in the form of an up-front price reduction. The total of

these discounts, rebates, and allowances (Product Allowance), shall be reflected via a reduced Subsistence Total Order and Receipt Electronic System (STORES) price, resulting in a lower invoice price to the customer. Any rebates that must be passed to the Government and which cannot be applied as an up-front price reduction must be submitted via check made to the US Treasury, with an attached itemized listing of all customer purchases by line item to include contract number, call number, purchase order number and CLIN number.

(4) "Distribution Price(s)" means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price is the only method for the Contractor to bill the Government for all aspects of contract performance other than Delivered Price, including but not limited to, the performance requirements of the SOW for the applicable SPV solicitation and resulting contract. As detailed above in (2), Delivered Price is distinct from and not to be included in the Distribution Price.

(5) "Ordering Catalog" means the electronic listing of items and their corresponding Contract Unit Prices available for ordering under this contract.

(6) "Ordering Week" means from Sunday at 12:01AM through the following Saturday until Midnight (Eastern Time ET, standard or daylight as applicable).

(c) PRICE ADJUSTMENTS:

(1) General:

(i) All Contract Unit Prices shall be fixed and remain unchanged until changed pursuant to this clause or other applicable provision of the contract. Only the Delivered Price component of the Contract Unit Price is subject to adjustment under this clause. After the first Ordering Week, if the Contractor's Delivered Price changes for any or all Contract Unit Prices, the Contract Unit Price shall be changed in the next week's Ordering Catalog upon the Contractor's request, submitted in accordance with paragraph (iii) below, by the same dollar amount of the change in the Delivered Price, subject to the limitations in paragraph (d). The price change shall be effective at the beginning of the next Ordering Week. All Ordering Catalog Unit Prices computed in accordance with this clause and in effect when an order is placed shall remain in effect for that order through delivery. DLA Troop Support will be charged the Contract Unit Price in effect at the time of each order regardless of any changes in the unit price occurring in any subsequent Ordering Week.

(ii) Catalog Delivered Prices must be reflective of the prime vendor's last receipt price (the price of the stock most recently received into SPV contractor's inventory).

(iii) Updates to the Delivered Price: All notices and requests for new item Delivered Prices and price changes shall be submitted weekly, no later than Wednesday, 12:00 Eastern Time to be effective in the following Ordering Week's Ordering Catalog prices. The Delivered Price shall have any and all Product Allowance subtractions made prior to presenting the Delivered Price to DLA Troop Support. The Contractor shall notify the Contracting Officer of its notice/request in the form of an EDI 832 transaction set. The change notice shall include the Contractor's adjustment in the Delivered Price component of

the applicable Contract Unit Price. Upon the Contracting Officer's acceptance of such 832

price changes in accordance with paragraph (v) below, the price change transaction sets will post in the next week's Ordering Catalog and each Contract Unit Price shall be changed by the same dollar amount of the change in the Delivered Price in the next week's Ordering Catalog.

(iv) All price changes, and catalog contract prices, are subject to review by the Government. The Contracting Officer may at any time require the submission of supporting data to substantiate any requested price change or the requested continuation of the pre-existing price for any item, including prices applicable to prior Ordering Weeks. Upon notice from the Contracting Officer that supporting data is required, the Contractor shall promptly furnish to the Government all supporting data, including but not limited to, invoices, quotes, price lists, supplier documentation regarding rebates/allowances, and any other substantiating information requested by the Contracting Officer.

(v) Price change requests that the Contracting Officer questions or finds to be inconsistent with the requirements of this clause shall not be posted until the Contracting Officer specifically authorizes the posting. If the Contracting Officer does not notify the Contractor by close of business Eastern Standard Time each Friday by 3:00PM that a price

or a price change request is being questioned or has been found to be erroneous, the price change(s) will post to the ordering catalog effective the beginning of the following Ordering Week. The posting of updated prices in the Ordering Catalog, calculated in accordance with this clause, constitutes a modification to this contract. No further contract modification is required to effect this change.

(vi) Should the Contracting Officer determine that, or question whether, a price change request contained an erroneous unit price or price change, or cannot otherwise determine the changed price(s) to be fair and reasonable, such as when the changed price(s) is (are) higher than lower Delivered Prices for items of comparable quality which are reasonably available to the Government or Contractor from other sources, the Contracting Officer will so advise the Contractor, prior to close of business Eastern Standard Time on Friday, 3:00PM. If the Contracting Officer cannot determine a price fair and reasonable, and the Contracting Officer and the Contractor cannot negotiate a fair and reasonable price, the Contracting Officer may reject any price change and direct in writing that the item in question be removed from the Contractor's Ordering Catalog, without Government liability. The Contracting Officer may subsequently remove any such item from the Ordering Catalog if the Contractor fails to remove it. The Government has the right to procure such removed items from any alternate source of supply, and the failure of the Contractor to supply such item will be considered a negative instance of performance.

(vii) In the event of a price change not posting or an Ordering Catalog Contract Unit Price not computed in accordance with this clause, resulting in an incorrectly increased or decreased Contract Unit Price, the Prime Vendor shall immediately notify the Contracting Officer in writing and promptly thereafter correct its Ordering Catalog and submit a refund for any amounts paid to the Contractor resulting from the erroneous price. In the event of an erroneous price decrease in the Ordering Catalog, if the Contractor can demonstrate to the satisfaction of the Contracting Officer that the error did not result from the fault or negligence of the Contractor, the Contractor may submit a request for equitable adjustment for consideration by the Contracting Officer.

(2) Limitations: All adjustments under this clause shall be limited to the effect on Contract Unit Prices of actual increases or decreases in the Delivered Prices for material. There shall be no upward adjustment for --

(i) Supplies for which the Delivered Price is not affected by such changes;

(ii) Changes in the quantities of material; and

(iii) Increases in unit prices that the Contracting Officer determines are computed incorrectly (i.e. not adhering to the Contract Unit Price definition in this clause) and/or increases in unit prices that the Contracting Officer determines are not fair and reasonable.

(d) UPWARD CEILING ON ECONOMIC PRICE ADJUSTMENT: The aggregate of contract Delivered Price increases for each item under this clause during the contract period inclusive of any option period(s) shall not exceed 90% for Fresh Fruits and Vegetables (FF&V) of the initial Contract Delivered Price, except as provided below:

(I) If at any time the Contractor has reason to believe that within the near future a price adjustment under the provisions of this clause will be required that will exceed the current contract ceiling price for any item, the Contractor shall promptly notify the Contracting Officer in writing of the expected increase. In the event the latest actual market price for an item would result in a contract unit price that will exceed the allowable ceiling price under the contract, then the Contractor shall immediately notify the Contracting Officer in writing or via its EDI 832 price change request and separate email no later than the time specified in paragraph (c)(I)(iii) above. With either such notification the Contractor shall include a revised ceiling the Contractor believes is sufficient to permit completion of remaining contract performance, along with appropriate explanation and documentation as required by the Contracting Officer.

(2) If an actual increase in the delivered price would raise a contract unit price for an item above the current ceiling, the Contractor shall have no obligation under this contract to fill future orders for such items, as of the effective date of the increase, unless the Contracting Officer issues a contract modification to raise the ceiling. If the contract ceiling will not be raised, the Contracting Officer shall so promptly notify the Contractor in writing. After evaluation of a requested actual price increase, if the Contracting Officer authorizes the change in the contract unit price, the Contractor shall submit an EDI 832 price change. The price change shall be posted for the following week's ordering catalog.

(e) **DOWNWARD LIMITATION ON ECONOMIC PRICE ADJUSTMENTS:** There is no downward limitation on the aggregated percentage of decreases that may be made under this clause.

(f) **EXAMINATION OF RECORDS:** The Contracting Officer or designated representative shall have the right to examine the Contractor's books, records, documents and other data, to include commercial sales data, that the Contracting Officer deems necessary to verify Contractor adherence to the provisions of this clause. Such examination may occur during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(g) **FINAL INVOICE:** The Contractor shall include a statement on the final invoice that the amounts invoiced hereunder have applied all decreases required or authorized by this clause.

(h) **DISPUTES:** Any dispute arising under this clause shall be determined in accordance with the "Disputes" clause of the contract.

52.217-9 – OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within two (2) days; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 months.

SOLICITATION PROVISIONS

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (JUNE 2008)

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (b), Submission of Offers.

a. See page 6, for any specific instructions on how to submit your offer if mailed or hand carried.

b. Faxed and E-mail offers are NOT authorized for this solicitation for initial closing and final proposal revisions (if necessary). If deemed necessary by the Contracting Officer, the Government reserves the right to conduct negotiations/discussions for the subject acquisition. Initial responses to negotiations shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail. However, any information provided during negotiations, to include all changes to the initial offer, must be reduced to writing and transmitted to the DLA Troop Support Business Opportunities Office by the time and date specified at the time of Final Proposal Revisions. Information not submitted to the DLA Troop Support Business Opportunities Office by the specified date and time will not be considered by the Government during final evaluations.

INSTRUCTIONS FOR PROPOSAL SPREADSHEET-ATTACHMENT 1

A. Please fill in the white boxes only. For example, for Group 1 Non-DoD USDA School customers, fill in Delivered Price Including Freight cells F7 to F85, and Base Term Distribution Price cells G7 to G85. The offeror must submit option year unit prices. Additionally, be sure to fill out cells L7 for Option 1 and M7 for Option 2 Distribution Prices for Group 1 in Attachment 1. By filling out these cells, it will calculate your total evaluated price for each option. All components of the option period unit price must be rounded to two (2) places beyond the decimal point. If an offeror does not submit option year prices, the offeror's proposal may be rejected. Option year price increases or decreases are to be expressed in dollars and cents only. The firm may also elect to offer no change in the distribution prices over the life of the contract. If you are not changing option year distribution pricing, all offerors must fill in cell L7 for Option 1 and cell M7 for Option 2 with the same distribution pricing as the "Base Term Distribution Price" column. As a reminder, all offerors must submit one distribution price for every item in the schedule of items. Multiple distribution prices within a base or option period, will not be accepted.

B. When preparing the spreadsheet, totals must appear in the rows titled "BASE TERM EVALUATION", "OPTION 1 EVALUATION", "OPTION 2 EVALUATION", and "TOTAL EVALUATION INCLUDING OPTIONS". Each firm must submit a hard copy of their spreadsheet (s), for the base period and each option period, as well as a copy of the spreadsheet(s) on a CD/DVD.

C. If the price on the invoice does not match the offered price due to a freight charge, the freight charge must be indicated on the invoice. This must appear on the invoice submitted by the offeror. However, a separate freight invoice may be required as further documentation. Bulk freight charges are to be broken down by the case.

- 2. Paragraph (c),** Period for Acceptance of Offers, is revised as follows:
Period of acceptance is **180** days.

3. Paragraph (f), Late Submissions, Modifications, Revisions, and Withdrawals of Offers, is deleted in its entirety and replaced with the following:

(f) Late Submissions, Modifications, Revision, and Withdrawals of Offers.

(1) Any proposal received at the office designated in the solicitation after the exact time specified for receipt of offers will not be considered unless it is received before award is made and:

(i) It was sent by mail or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after the receipt at the Government installation.

(ii) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals.

(iii) There is acceptable evidence to establish that it was received at the activity designated for receipt of offers and was under the Government's control to the time set for receipt of offers, and the Contracting Officer determines that accepting the late offer would not unduly delay the procurement; or it is the only proposal received.

(2) Any modification or revision of a proposal or response to requested information, including any final proposal revision, is subject to the same conditions indicated above.

(3) Notwithstanding the above, a late modification or revision of any otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(4) Proposals may be withdrawn by written notice (including facsimile) received at any time before award.

- 4. Paragraph (h),** Multiple Awards, is revised to add the following:
The Government intends to make one award.

52.212-2-EVALUATION-COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

The resultant contract will be made based on the lowest evaluated aggregate price of proposals meeting:

1. The offer takes no exceptions to the terms and conditions in the solicitation.

Pricing – Pricing is required for all items found in the Schedule of Items. The Government will perform an aggregate price analysis on all items found in the Schedule of Items. The estimated quantities in the Schedule of Items shall be multiplied by the unit prices to determine the lowest aggregate price to the Government. Delivered and distribution prices will be evaluated to determine if there are any outliers with the ultimate award decision being based on the aggregate price.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

52.212-3 -- Offeror Representations and Certifications -- Commercial Items (May 2011)

An offeror shall complete only paragraphs (b) of this provision if the offeror has completed the annual representations and certificates electronically at <http://orca.bpn.gov> . (h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full

payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Act wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

52.216-1 -- TYPE OF CONTRACT (Apr 1984)

The Government contemplates award of a Fixed Price, with EPA, Indefinite Quantity Contract (IQC) contract resulting from this solicitation.

52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (ADR) (JUN 2001) DLAD

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here []. Alternate wording may be negotiated with the contracting officer.

(1) Foreign person means any person other than a United States person as defined in Section 16(2) of the Export Administration Act of 1979 (50 U.S.C. App. Sec. 2415).

(2) United States means the 50 States, the District of Columbia, outlying areas, and the outer Continental Shelf as defined in 43 U.S.C. 1331.

(3) United States person is defined in Section 16(2) of the Export Administration Act of 1979 and means any United States resident or national (other than an individual resident outside the United States and employed by other than a United States person), any domestic concern (including any permanent domestic establishment of any foreign concern), and any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern which is controlled in fact by such domestic concern, as determined under regulations of the President.

(b) Certification.

By submitting this offer, the Offeror, if a foreign person, company or entity certifies that it--

(1) Does not comply with the Secondary Arab Boycott of Israel; and

(2) Is not taking or knowingly agreeing to take any action, with respect to the Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. Sec. 2407(a) prohibits a United States person from taking.

(c) *Representation of Extent of Transportation by Sea.* (This representation does not apply to solicitations for the direct purchase of ocean transportation services).

(1) The Offeror shall indicate by checking the appropriate blank in paragraph (c)(2) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term “supplies” is defined in the Transportation of Supplies by Sea clause of this solicitation.

(2) Representation.

The Offeror represents that it--

___Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

___Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

52.233-9000 AGENCY PROTESTS (SEP 1999) DLAD

Companies protesting this procurement may file a protest 1) with the contracting officer, 2) with the General Accounting Office, or 3) pursuant to Executive Order No. 12979, with the Agency for a decision by the Activity's Chief of the Contracting Office. Protests filed with the agency should clearly state that they are an “Agency Level Protest under Executive Order No. 12979.” (Note: DLA procedures for Agency Level Protests filed under Executive Order No. 12979 allow for a higher level decision on the initial protest than would occur with a protest to the contracting officer; this process is not an appellate review of a contracting officer's decision on a protest previously filed with the contracting officer). Absent a clear indication of the intent to file an agency level protest, protests will be presumed to be protests to the contracting officer.

PROPOSAL SUBMISSION INFORMATION

I. PRICING

The pricing for each zone will be evaluated through the Schedule of Items Approach. The Schedule of Items Approach is a grouping of items along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for 18 months for that particular group. Offers are required to submit their unit price for each item, broken down into the corresponding Delivered Price and Distribution Price components.

Pricing will be based on the following formula:

$$\text{Contract Unit Price} = \text{Delivered Price} + \text{Distribution Price}$$

B. Definitions:

(1) “Contract Unit Price” means the total fixed price per unit charged to DLA Troop Support for a product delivered to DLA Troop Support’s customers. The Contract Unit Price consists of two components: Delivered Price and Distribution Price. The unit price sum of the two component prices shall be rounded up or down as applicable, to the nearest cent.

(2) “Delivered Price” is the most recent supplier price per unit to the Contractor, inclusive of standard freight, for that product delivered to the initial point of entry into the Contractor’s distribution network (normally referred to as the landed or delivered price). For this contract, the Delivered Price shall be the contractor’s last Delivered Price through close of business Wednesday 12:00PM EST for submission not later than Wednesday 12:00PM EST for updating the following week’s Ordering Catalog price. The Delivered Price shall have any and all Product Allowance subtractions made prior to presenting the Delivered Price to DLA Troop Support.

(3) “Distribution Price” means the firm fixed price portion of the Contract Unit Price, offered as a dollar amount per unit of issue, rounded up or down to the nearest cent. The Distribution Price is the only method for the Contractor to bill the Government for all costs of contract performance other than Delivered Price; for example, operational costs, overhead and profit. The Distribution price shall remain constant for the entire contract period.

Distribution prices shall be formatted to no more than two (2) places to the right of the decimal point, for example, \$2.50.

If multiple groups are covered under this solicitation, the offeror may submit a separate distribution price for each group. However, only one distribution price shall be offered per group.

If the item quoted by the offeror does not match the government average weight, the vendor shall prorate this item prior to submitting their proposal. This documentation shall be submitted with the proposal.

- C. Offerors are to submit the most current unit prices (valid within two weeks prior to issue date of solicitation for each of these items). This unit price must be in a format that shows the delivered price and the distribution price as separate entries, then totaled. For example, if the delivered price is \$2.00 and the distribution price is \$0.50, pricing should be formulated as follows:

$$\begin{aligned} & \$ 2.00 + \$.50 = \$ 2.50 \\ & \text{(Prices used for illustrative purposes only)} \end{aligned}$$

- i. Do Not Submit only the Unit Price; the two (2) elements must be shown separately.
- ii. Delivered and Distribution Prices for all items are to be submitted according to the Government's Unit of Issue (THERE ARE NO EXCEPTIONS). All items listed in the solicitation will ultimately become part of the vendor's catalog. The most recent prices submitted prior to award will be incorporated into the vendor's catalog.

DISTRIBUTION PRICES

1. The offeror shall provide separate standard distribution pricing for all categories of items for each Group(s). Offerors can submit the same distribution price for each Group(s) of customers. Each distribution price shall be a case price. One Distribution price shall be offered on all items in each contract period. (i.e. base or option).
2. The distribution prices shall remain constant for the contract period (i.e. base or option). The distribution price for the base year does not have to be the same as the price of the each option period. These prices can differ or remain the same as the base contract year; but must remain constant through the length of each term.

DELIVERED PRICES

1. For evaluation purposes the schedule of items should reflect the delivered prices effective within two (2) weeks prior to issue date of solicitation. The offeror is required to submit pricing on all items that will meet the government's minimum requirement.
2. As part of the evaluation process the Government reserves the right to request that the offeror substantiate their proposed delivered price with an invoice. The Item Number must be marked on each invoice so as to identify the invoice's corresponding item. The preferred documentation is the grower/supplier invoice. If invoices are not available for that time period, the most recent invoices shall be submitted. Invoices that reflect small

quantities will be considered the equivalent of a quote. If you do not have an invoice, a written quote from the grower/supplier will be accepted. The Government has a strong preference for invoices over market quotes. All invoices and quotes must be from sources the offeror the currently uses or plans to use to support the resultant contract. Any quote must be presented in the following manner:

1. Detailed on grower/manufacturer letterhead;
2. Date price quote was supplied;
3. Time period price quote is effective; to include expiration date
4. Quantity covered by price quote;
5. Grower/Manufacturer part number; and
6. Grower/Manufacturer's point of contact: including name, title, address, and phone numbers.

3. Prices must not extend more than two [2] places to the right of the decimal point. Standard rounding methods should be observed. For example, a delivered price of \$4.578 should be rounded to \$4.58

4. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable, item that meets the Government's minimum requirements.

5. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to DFARS 252.225-7012 Preference for Certain Domestic Commodities and procured from a Sanitarily Approved Source. All invoices and quotes must reflect compliance to contract terms and conditions.

6. Offerors are required to submit this portion on a spreadsheet containing the following information:

1. ***Stock Number***
2. ***Item Description*** – Government Item Description
3. ***Estimated Quantity*** - Quantity given
4. ***Unit of Issue*** – Self-explanatory. Note: Unit of Issue must be same as Government's listed in the Market Basket of Items.
5. ***Delivered Price (DEP)*** - the price you actually paid for the item, as substantiated by grower/manufacturer invoice.
6. ***Distribution Price (DIP)*** - your distribution price
7. ***Unit Price*** - Delivered Price + Distribution Price
8. ***Total*** - Estimated Quantity multiplied by Unit Price
9. ***Gov't Average Case Weight*** – provided
