This solicitation consists of **one zone** in Montana State. The zone consists of Non-DoD customers to include USDA School and Tribe customers. The Government intends to make one (1) award per zone, but reserves the right to award more than one (1) award per zone. The Government reserves the right to award to any combination of offers. Offerors are required to offer on all items in the **Schedule of Items** for a Group, failure to do so may result in exclusion from award consideration.

This solicitation is unrestricted. It utilizes the Lowest Price Technically Acceptable (LPTA) Source Selection Process (SSP).

Any award made against this solicitation will result in an Indefinite Delivery Purchase Order (IDPO) Firm Fixed Price for a period of 3 months and not to exceed \$150,000.00. An IDPO will provide for an indefinite delivery, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference DLAD 13.390)

**REQUIREMENTS****I. Contract Performance Start**

Contract performance will begin with first delivery Tuesday, October 04, 2016. Awardee contractor will have established a catalog in FFAVORS Web by Saturday, September 24, 2016. Customers will place orders during the week beginning Sunday, September 25, 2016 for delivery week beginning Sunday, October 02, 2016. Prices for delivery week beginning Sunday, October 02, 2016 will be from the vendor's catalog prices determined fair and reasonable at time of award and will remain in effect for a 3 month period (90 days).

**ORDERING CATALOGS****CONTINUED ON NEXT PAGE**

Offerors will be required to maintain electronic catalogs that list all items available to the customers covered under this solicitation. Each item in the catalog shall contain the corresponding national or local stock number, Government item description, packaging characteristics, unit of issue and unit price.

#### NEW ITEMS

1. Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request, Attachment form, to the Contracting Officer. If a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog the contractor should forward the request to the contracting officer via the Item Request form. The form is mandatory. The item may be added to the customers catalog upon contracting officer's approval.

3. The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

#### CATALOG PRICING

1. **Schedule of Items Pricing:** Items priced in the Schedule of Items (See Attachment) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price at time of award and will remain fixed for a period of 3 months (90 days).

2. **Catalog Additions:** Before an item is added to the catalog vendors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote, and proposed distribution price. **The request is due by 9:00 AM EST on the Monday prior to inclusion of the Wednesday catalog updates.** The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.

3. **Pricing Requirements:** The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a 3 month period (90 days).

#### DEFENSE APPROPRIATIONS ACT

A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables, dated 16 May 2008 has been approved under the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities (Jun 2010), which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at U.S. market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.

Notwithstanding this DNAD, the USDA requires that produce supplied via Federal Entitlement for tribal reservation or School lunch funding must be domestic. If State funding is utilized, this policy may vary for individual states. Contact the Contracting Officer for guidance on specific state board funding policy.

#### CUSTOMER SERVICE

Vendors shall treat every customer covered under its contract as it treats its commercial customers. Therefore, any standard treatment and/or customer service policy given to other accounts shall also be given to the customers under these contracts.

USDA School Lunch Program customers have periodic food menu board, school district and other types of meetings which the vendor may be required to attend. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products, demonstrate produce preparation, and provide nutritional information. The email address; of the respective agencies representatives, or any other method of communicating, shall be furnished to the customers after award.

**CONTINUED ON NEXT PAGE**

Vendors shall provide at least one (1) full time Customer Service representative to maintain continuous contact with all of the ordering activities. The name of the representative and the phone number, mobile phone number, beeper number, email address, or any other method of communicating with the representative, shall be furnished to the customer after award.

The vendor shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their choices.

Since many of our customers only have access to the Government phone network, it is strongly preferred that a toll free number be provided.

## **ORDERING SYSTEM**

### **Fresh Fruit and Vegetable Order Receipt System (FFAVORS Web)**

Non-DoD customers (USDA school customers and Tribal Organizations) will utilize the Fresh Fruit and Vegetable Order Receipt System (FFAVORS) Web catalog. The successful awardee will be provided a User ID and password to Log in and receive orders through FFAVORS Web, a web-based ordering system. The vendor is responsible for establishing and maintaining the FFAVORS WEB catalog in accordance with Attachment 3.

1. Accessed via the Internet. FFAVORS WEB is the Government's ordering system for USDA Customers. It is capable of accepting orders from the schools and tribal reservations.
2. Customers will be able to order all of their requirements through FFAVORS WEB. The system will transmit orders to the vendor and DLA-Troop Support.
3. In the event the FFAVORS WEB system is not operational, the vendor must provide alternate ways for the customer to order (e.g., by fax, by phone, pick up orders.)

School Customers shall place their orders to accommodate a 10 day order/ship time. For example, the vendor downloads the order on Tuesday and prepares shipment for Friday, in effect, 10 day order/ship time.

All invoice pricing will be based upon the unit price at time of order. For example, for any item ordered on a Friday to be delivered the following week, pricing will be based upon the Friday price, regardless of whether the unit price for that item changed as part of the weekly catalog update.

## **ITEM AVAILABILITY**

Vendors must have access to items in sufficient quantities to fill all ordering activity requirements. All supplies shall be furnished on a "fill or kill" basis. Partial shipments are acceptable if the customer is notified in advance and agrees to the partial shipments; however, the unfilled quantity is to be reported as not-in-stock (NIS). Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.

Vendors shall notify the customer within 24 hours of order placement of the non-availability of any item. Vendors shall offer the customer a substitute of equal or higher quality and at an equal or lower cost, or advise them of the not-in-stock position of the item. Substituted product shall not be delivered without prior consent by the customer. Substituted items must be noted as such on the invoice.

## **PACKAGING, PACKING, LABELING AND MARKINGS**

All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as "KEEP REFRIGERATED" shall be used on all cases when appropriate.

**CONTINUED ON NEXT PAGE**

**DELIVERY INSTRUCTIONS**

Vendors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. All trucks shall maintain proper temperatures, as determined through standard commercial practices. Deliveries shall be F.O.B. destination to all ordering activities and delivery points. All items will be delivered to customer locations, free of damage, with all packaging and packing intact. The contractor shall remove all excess pallets used for delivery from the delivery point. A listing of all the delivery points per zone can be found in Attachment.

School/Tribal Reservation delivery schedules (days and times) routes and stop-off sequence will be coordinated and verified with the customers on a post award basis by the awardee(s).

Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be segregated by drop-off point and loaded into the delivery vehicle in reverse drop sequence. The intent is to provide expeditious off-loading and delivery to the customer.

The offeror shall also ensure that the personnel loading and delivering the product provide prompt and efficient service to the customer.

**INSPECTION AND ACCEPTANCE**

Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either Food Service Advisor, or the Contracting Officer.

The authorized receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized receiving official's signature and printed name on the delivery ticket is required for acceptance of the product.

The contractor shall forward three (3) copies of the delivery ticket with the shipment. The receiving official will use the delivery ticket as the receipt document. Two (2) copies of the signed and annotated delivery ticket will serve as the acceptance document. No electronic invoice may be submitted for payment until acceptance is verified.

**AUTHORIZED RETURNS**

The contractor/vendor shall accept returns under the following conditions:

- Products shipped in error
- Products damaged in shipment
- Products with concealed or latent damage
- Products that are recalled
- Products that do not meet shelf life requirements
- Products that do not meet the minimum quality requirements as defined for the items listed in the schedule
- Products delivered in unsanitary delivery vehicles
- Products delivered that fail to meet the minimum/maximum specified temperature
- Quantity excess as a result of order input error and/or purchase ratio factor error
- Products that are not from a sanitarily approved source.
- Products that do not comply with DFARS 252.225-7012 Preference for Certain Domestic Commodities (Berry Amendment), if no waiver to this clause has been granted.
- Any other condition not specified above that is deemed by the customer to be valid reasons for return.

**REJECTION/RETURN PROCEDURES**

**In the event an item is returned, the delivery ticket/invoice shall be annotated as to the item (s) rejected. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment.** Replacements will be authorized based on the customer's needs. On an as-needed basis, same day re-delivery of items that were previously rejected shall be made by a mutual agreement between the customer and vendor, if determined commercially reasonable. The re-delivered items will be delivered under a separate invoice utilizing the same call number, CLIN number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.

In the event a product is rejected after initial delivery is made, the vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in FFAVORS. If the vendor has already been paid for the product, a claim will be issued through DLA Troop Support's financial system. In all cases, one

**CONTINUED ON NEXT PAGE**

(1) copy of the credit memo is to be given to the customer and (1) copy of the credit memo is to be sent to the DLA Troop Support Contracting Officer

If a customer requires a one-to-one replacement, no additional paper work is necessary; the vendor delivery ticket/invoice will show that product is a replacement for a rejected item. The invoice shall reference the call number, CLIN number, and Purchase Order Number of the originally ordered product.

It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.

## INVOICING

Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the invoice/delivery ticket, keep one (1) copy and return the **Original** copy to the vendor. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.**

No paper invoices shall be submitted to DFAS for payment. For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <http://www.dscp.dla.mil>. Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Reqts for EDI guidelines).

For all orders downloaded via DLA Troop Support's USDA customer ordering web-site FFAVORS WEB, invoicing for payment shall be done via invoice link from FFAVORS WEB homepage. [https://www.ffavorsweb.troopsupport.dla.mil/ffavors\\_web/default.aspx](https://www.ffavorsweb.troopsupport.dla.mil/ffavors_web/default.aspx)

All invoices submitted by the vendor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. All vendors are required to ensure the accuracy of their invoices; the reconciliation tool provides you that medium.

**All internal debit/credit transactions must be completed prior to the submission of the invoice.** Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.

The same invoice cannot be submitted with different dollar amounts.

The 810 invoices do not go through a testing phase. The vendors immediately begin sending their invoices in once they have successfully sent their first 850 purchase order.

Any manually keyed, or emergency order, must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and CLIN numbers will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of your invoice.

**For catch weight items, standard rounding methods must be observed i.e. <5, rounded down; > or =5, rounded up. All weights must be rounded to whole pounds using standard rounding methods.** Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the vendor. Note: Currently, no catch weight items apply to this solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.

Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. STORES will not accommodate positions of three (3) and above beyond the decimal point.

Although invoices must be submitted electronically via an 810 Electronic Invoice, the following address must appear in the "Bill To" or "Payment Will Be Made By" block of the contractor's invoice.

DFAS – Columbus Center (SL4701)  
Attn: DFAS-BVDP  
P. O. Box 369031  
Columbus, OH 43236-9031

Each invoice shall contain sufficient data for billing purposes. This includes, but is not limited to:

**CONTINUED ON NEXT PAGE**

Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.

#### PRICE AUDITS

Price Verification Audits. Contractors are advised that the Government may conduct price verification analysis in the following manner:

Audits will be limited to contractor's provision of verification that delivery invoices to customers reflect that the product prices charged by vendor match the quoted product price for the applicable period.

The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention.

#### FILL RATE

Order fill rates shall be calculated on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. The fill rate shall be calculated as follows and shall not include substitutions, mis-picks, damaged cases or rejected product (No other method of calculating fill rate will be accepted):

$$\frac{\text{Cases accepted}}{\text{Cases ordered}} \times 100 = \text{fill rate \%}$$

#### Definitions:

*Cases accepted* - product that the customer has received and receipted not including damaged cases, mis-picks, and product substitutions.

(g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). (k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) *Subcontracts.* The Contractor shall—

- (1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve a covered contractor information system, including subcontracts for commercial items, without alteration, except to identify the parties; and

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)

(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. (i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(1) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.
