Offerors are required to offer on all items in the **Schedule of Items** for a Group, failure to do so may result in exclusion from award consideration.

This solicitation is unrestricted. It utilizes the Lowest Price Technically Acceptable (LPTA) Source Selection Process (SSP).

Any award made against this solicitation will result in an Indefinite Delivery Purchase Order (IDPO) Firm Fixed Price for a period of 3 months and not to exceed \$150,000.00. An IDPO will provide for an indefinite delivery, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (reference DLAD 13.390)

NEW ITEMS

1. Prior to commencement of the first order, DLA Troop Support, the customer and the vendor will collaborate to identify items not found in the Schedule of Items which are to be added to the ordering catalog. Neither the vendor nor customer is permitted to add a new item to the catalog without initiating a new item request, Attachment form, to the Contracting Officer. If a customer desires to order a Fresh Fruit and Vegetable (FF&V) item that is not part of the ordering catalog the contractor should forward the request to the contracting officer via the Item Request form. The form is mandatory. The item may be added to the customers catalog upon contracting officer's approval.
3. The successful awardee shall assume the responsibility of introducing new produce items to the customers, as well as showing cost effective alternatives to their current choices.

CATALOG PRICING

1. **Schedule of Items Pricing:** Items priced in the Schedule of Items (See Attachment) will be included in the ordering catalog following award. Schedule of Items will be determined fair and reasonable prior to award. The final proposed price for each item in the Schedule of Items will be the catalog price at time of award and will remain fixed for a period of 3 months (90 days).
2. **Catalog Additions:** Before an item is added to the catalog vendors are required to submit to the contracting officer a request of proposed catalog additions (See Attachment). The request shall include the stock number, Government item description, proposed unit price and a corresponding supplier invoice or quote, and proposed distribution price. **The request is due by 9:00 AM EST on the Monday prior to inclusion of the Wednesday catalog updates.** The contracting officer will review the catalog addition request and upon determining the price fair and reasonable will contact the contractor to indicate acceptance. The contractor shall then include the item on Wednesday's catalog update. Should the proposed price fail to be determined fair and reasonable, the contracting officer will conduct negotiations with the vendor. If after negotiations the proposed pricing still cannot be determined fair and reasonable the item will not be added to the catalog.
3. **Pricing Requirements:** The final negotiated contract fixed unit price for each item delivered to all customers shall be in effect for a 3 month period (90 days).

DEFENSE APPROPRIATIONS ACT

A Class Domestic Non-Availability Determination (DNAD) for Federal Supply Class 8915, Fresh Fruits and Vegetables, dated 16 May 2008 has been approved under the DLA Troop Support/DLA Produce Long-Term Contracts. This DNAD establishes a limited Berry Amendment waiver to the requirements of DFARS 252.225-7012, Preference for Certain Domestic Commodities (Jun 2010), which is applicable to this solicitation. As a result of the DNAD, non-domestic FF&V may be supplied under this contract when domestic FF&V of satisfactory quality and sufficient quantity cannot be procured as and when needed at U.S. market prices. This determination will remain in effect until these circumstances have changed and the DNAD is formally rescinded.

Notwithstanding this DNAD, the USDA requires that produce supplied via Federal Entitlement for tribal reservation or School lunch funding must be domestic. If State funding is utilized, this policy may vary for individual states. Contact the Contracting Officer for guidance on specific state board funding policy.

CUSTOMER SERVICE

Vendors shall treat every customer covered under its contract as it treats its commercial customers. Therefore, any standard treatment and/or customer service policy given to other accounts shall also be given to the customers under these contracts.

USDA School Lunch Program customers have periodic food menu board, school district and other types of meetings which the vendor may be required to attend. At these meetings, the customers not only review their internal business practices, but the offeror can utilize this forum to show new products, demonstrate produce preparation, and provide nutritional information. The email address; of the respective agencies representatives, or any other method of communicating, shall be furnished to the customers after award.

Vendors shall provide at least one (1) full time Customer Service representative to maintain continuous contact with all of the ordering activities. The name of the representative and the phone number, mobile phone number, beeper number,

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE300-16-X-0023	PAGE 8 OF 37 PAGES
--------------------	--	--------------------

email address, or any other method of communicating with the representative, shall be furnished to the customer after award.

The vendor shall assume the responsibility of introducing new food items to the customers, as well as to show cost effective alternatives to their choices.

Since many of our customers only have access to the Government phone network, it is strongly preferred that a toll free number be provided.

ORDERING SYSTEM

Fresh Fruit and Vegetable Order Receipt System (FFAVORS Web)

Non-DoD customers (USDA school customers and Tribal Organizations) will utilize the Fresh Fruit and Vegetable Order Receipt System (FFAVORS) Web catalog. The successful awardee will be provided a User ID and password to Log in and receive orders through FFAVORS Web, a web-based ordering system. The vendor is responsible for establishing and maintaining the FFAVORS WEB catalog in accordance with Attachment 3.

1. Accessed via the Internet. FFAVORS WEB is the Government's ordering system for USDA Customers. It is capable of accepting orders from the schools and tribal reservations.
2. Customers will be able to order all of their requirements through FFAVORS WEB. The system will transmit orders to the vendor and DLA-Troop Support.
3. In the event the FFAVORS WEB system is not operational, the vendor must provide alternate ways for the customer to order (e.g., by fax, by phone, pick up orders.)

School Customers shall place their orders to accommodate a **10 day** order/ship time. For example, the vendor downloads the order on Tuesday and prepares shipment for Friday, in effect, **10 day** order/ship time.

All invoice pricing will be based upon the unit price at time of order. For example, for any item ordered on a Friday to be delivered the following week, pricing will be based upon the Friday price, regardless of whether the unit price for that item changed as part of the weekly catalog update.

ITEM AVAILABILITY

Vendors must have access to items in sufficient quantities to fill all ordering activity requirements. All supplies shall be furnished on a "fill or kill" basis. Partial shipments are acceptable if the customer is notified in advance and agrees to the partial shipments; however, the unfilled quantity is to be reported as not-in-stock (NIS). Offerors are required to have procedures for handling NIS situations. The contractor is required to stipulate timeframes in which the NIS item will be identified to the customer prior to delivery, in order that a substitute item may be requisitioned via a new order. Only substitutes of comparable description, quality, and price may be offered to the customer.

Vendors shall notify the customer within 24 hours of order placement of the non-availability of any item. Vendors shall offer the customer a substitute of equal or higher quality and at an equal or lower cost, or advise them of the not-in-stock position of the item. Substituted product shall not be delivered without prior consent by the customer. Substituted items must be noted as such on the invoice.

PACKAGING, PACKING, LABELING AND MARKINGS

All packaging and packing shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated there under. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

To ensure that the carrier and the receiving activity properly handle and store items, standard commercial precautionary markings such as "KEEP REFRIGERATED" shall be used on all cases when appropriate.

DELIVERY INSTRUCTIONS

CONTINUED ON NEXT PAGE

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SPE300-16-X-0023	PAGE 9 OF 37 PAGES
--------------------	--	--------------------

Vendors shall ensure all products are delivered in sanitary trucks that are of a commercially acceptable standard. All trucks shall maintain proper temperatures, as determined through standard commercial practices. Deliveries shall be F.O.B. destination to all ordering activities and delivery points. All items will be delivered to customer locations, free of damage, with all packaging and packing intact. The contractor shall remove all excess pallets used for delivery from the delivery point. A listing of all the delivery points per zone can be found in Attachment.

School/Tribal Reservation delivery schedules (days and times) routes and stop-off sequence will be coordinated and verified with the customers on a post award basis by the awardee(s).

Products for individual customers/dining facilities must be segregated. Many of the military bases have more than one delivery point. All products shall be segregated by drop-off point and loaded into the delivery vehicle in reverse drop sequence. The intent is to provide expeditious off-loading and delivery to the customer.

The offeror shall also ensure that the personnel loading and delivering the product provide prompt and efficient service to the customer.

INSPECTION AND ACCEPTANCE

Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either Food Service Advisor, or the Contracting Officer.

The authorized receiving official at each delivery point is responsible for inspecting and accepting products as they are delivered. The delivery ticket shall not be signed prior to the inspection of each product. All overages/shortages/returns are to be noted on the delivery ticket by the receiving official and truck driver. The authorized receiving official's signature and printed name on the delivery ticket is required for acceptance of the product.

The contractor shall forward three (3) copies of the delivery ticket with the shipment. The receiving official will use the delivery ticket as the receipt document. Two (2) copies of the signed and annotated delivery ticket will serve as the acceptance document. No electronic invoice may be submitted for payment until acceptance is verified.

AUTHORIZED RETURNS

The contractor/vendor shall accept returns under the following conditions:

- Products shipped in error
- Products damaged in shipment
- Products with concealed or latent damage
- Products that are recalled
- Products that do not meet shelf life requirements
- Products that do not meet the minimum quality requirements as defined for the items listed in the schedule
- Products delivered in unsanitary delivery vehicles
- Products delivered that fail to meet the minimum/maximum specified temperature
- Quantity excess as a result of order input error and/or purchase ratio factor error
- Products that are not from a sanitarily approved source.
- Products that do not comply with DFARS 252.225-7012 Preference for Certain Domestic Commodities (Berry Amendment), if no waiver to this clause has been granted.
- Any other condition not specified above that is deemed by the customer to be valid reasons for return.

REJECTION/RETURN PROCEDURES

In the event an item is returned, the delivery ticket/invoice shall be annotated as to the item (s) rejected. These items shall then be deducted from the delivery ticket/invoice. The invoice total must be adjusted to reflect the correct dollar value of the shipment. Replacements will be authorized based on the customer's needs. On an as-needed basis, same day re-delivery of items that were previously rejected shall be made by a mutual agreement between the customer and vendor, if determined commercially reasonable. The re-delivered items will be delivered under a separate invoice utilizing the same call number, CLIN number, and purchase order number for the discrepant line. These re-deliveries will not constitute an emergency order requirement.

In the event a product is rejected after initial delivery is made, the vendor will pick up the rejected product. Credit due to the ordering activity as a result of the rejected product being returned, will be handled through a receipts adjustment process in FFAVORS. If the vendor has already been paid for the product, a claim will be issued through DLA Troop Support's financial system. In all cases, one (1) copy of the credit memo is to be given to the customer and (1) copy of the credit memo is to be sent to the DLA Troop Support Contracting Officer

If a customer requires a one-to-one replacement, no additional paper work is necessary; the vendor delivery ticket/invoice will show that product is a replacement for a rejected item. The invoice shall reference the call number, CLIN number, and Purchase Order Number of the originally ordered product.

It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies. See clause 52.212-4, paragraph (o) and addendum to clause 52.212-4, paragraph 1.

INVOICING

Each delivery will be accompanied by the contractor's delivery ticket/invoice. Three (3) copies (an original plus two) shall accompany the shipment. The customer shall sign all copies of the invoice/delivery ticket, keep one (1) copy and return the **Original** copy to the vendor. **Any changes must be made on the face of the delivery ticket/invoice; attachments are not acceptable.**

No paper invoices shall be submitted to DFAS for payment. For all orders placed via STORES and sent via EDI transaction set 850, invoicing for payment is to be filed electronically using EDI transaction set 810 (see <http://www.dscpl.dla.mil>, Select supply chains: Select Subsistence, Select Information: Select Stores & EDI Reqts for EDI guidelines).

For all orders downloaded via DLA Troop Support's USDA customer ordering web-site FFAVORS WEB, invoicing for payment shall be done via invoice link from FFAVORS WEB homepage. https://www.ffavorsweb.troopsupport.dla.mil/ffavors_web/default.aspx

All invoices submitted by the vendor must be "clean", i.e. all debits and/or credits must be reflected on the invoice prior to its submission. All vendors are required to ensure the accuracy of their invoices; the reconciliation tool provides you that medium.

All internal debit/credit transactions must be completed prior to the submission of the invoice. Invoice lines that do not contain the correct invoice data and/or contain incorrect quantities delivered or prices charged will be rejected. The vendor will be responsible for correction and re-submission.

The same invoice cannot be submitted with different dollar amounts.

The 810 invoices do not go through a testing phase. The vendors immediately begin sending their invoices in once they have successfully sent their first 850 purchase order.

Any manually keyed, or emergency order, must contain the word "Emergency" in the Purchase Order field when the invoice is submitted for payment. In addition, the CALL number and CLIN numbers will be entered as "9999" on the invoice. Failure to follow this procedure may result in the rejection of your invoice.

For catch weight items, standard rounding methods must be observed i.e. <5, rounded down; > or =5, rounded up. All weights must be rounded to whole pounds using standard rounding methods. Any line submitted for other than whole numbers will be rejected and require correction and re-submission by the vendor. Note: Currently, no catch weight items apply to this solicitation. This does not preclude the possibility that catch weight items may be added in the future for certain items.

Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. STORES will not accommodate positions of three (3) and above beyond the decimal point.

Although invoices must be submitted electronically via an 810 Electronic Invoice, the following address must appear in the "Bill To" or "Payment Will Be Made By" block of the contractor's invoice.

The following paragraph(s) of 52.212-4 are amended as indicated below:

1. Paragraph (a), Inspection/Acceptance, is revised to add the following:

2. Paragraph (c), Changes, is deleted in its entirety and replaced with the following:

(c) Changes.

- (1) The Contracting Officer, at his/her discretion, may unilaterally invoke any of the contingency options set forth in this contract.

 - (i) Method of shipment or packing;
 - (ii) Place, manner, or time of delivery.

If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. The Contractor and the Government expressly agree that, in addition to any excess costs of repurchase, or any other damages resulting from such default, the Contractor shall pay, and the Government shall accept, the sum of \$1155.00 as payment in full for the administrative costs of such repurchase. This assessment of damages for administrative costs shall apply for any termination for cause following which the Government repurchases the terminated supplies or services together with any incidental or consequential damages incurred because of the termination. (h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) () **Are, () are not presently debarred**, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) () **Have, () have not, within a three-year period** preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) () **Are, () are not presently indicted for**, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) () **Have, () have not, within a three-year period preceding this offer**, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.
