(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

This solicitation contains the estimated bread and bakery requirements for customers in **Region 1 – Elmendorf Air Force Base, Alaska Customer List.**

The resultant contract will be an Indefinite Quantity Contract (IQC) type that provides for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.504(a)). The total contract period will not exceed 12-months.

- B. **The resultant award will be issued as an IDPO not to exceed twelve months or \$150,000 aggregate value, whichever occurs first.** The effective ordering period of any contract resulting from this solicitation shall begin from **March 18, 2018 through March 16, 2019.**
- C. The current delivery schedule for each location is set forth on Deliveries section. Offerors shall indicate their agreement to the current schedule or propose an alternate schedule. Delivery on all products is required, no less than on a weekly basis and should be in accordance with standard commercial practice.

II. PRICING

- A. The Schedule of Items in Attachment #2 represents 100% of the estimated dollar value of this procurement for the twelve-month period. Offerors must submit pricing information on the pricing spreadsheet.
- B. Offerors are required to submit an electronic copy of their current Wholesale Price List, Catalog Price Schedule or other documents containing commercial pricing information.
- C. Prices shall be FOB Destination only.
- D. **Offerors are required to cross-reference the prices on the Wholesale Price List, Catalog Price Schedule or other pricing documents to the item number on the solicitation.** There are several ways of accomplishing this, including writing the item number, as specified in the solicitation, next to the price and item description on the price list. **Please do not submit a separate list of information especially prepared for this solicitation; the pricing catalog, complete with cross-references, is requested.**
- E. In order to accommodate the Government's ordering system, the Subsistence Total Order

and Receipt Electronic System (STORES), unit prices are limited to a maximum of two (2) places after the decimal point.

- F. Prices for the contract(s) resulting from this solicitation will be FIRM FIXED for all items for twelve months.

III. ORDER LIMITATIONS

- A. Minimum order: When the Government requires supplies or services covered by this contract in an amount of less than \$100.00, the Government is not obligated to purchase, nor is the contractor obligated to furnish, those supplies or services under the contract.

IV. SCHEDULE OF ITEMS

- A. IMPORTANT NOTE: Items not on the STORES catalog CANNOT be ordered from the contractor under the resulting contract. Payments will not be made for items not appearing on the catalog at time of order. The STORES catalog for this contract will only consist of items solicited in the Schedule of Items of this solicitation.
- B. If a customer desires to order a bread or pastry item not listed on the resultant contract, a written request to the DLA Troop Support Market Ready Contract Specialist shall be submitted to have the item added. The Contract Specialist will contact the vendor and arrange to have the item added to the STORES catalog in coordination with the Contracting Officer.
- C. Prior to its inclusion in the STORES catalog, the pricing for each additional item must be negotiated and the Contracting Officer must determine that the price for the respective item is fair and reasonable.
- D. Additional items may be added or removed from the contract; however, any items that are added may not increase the contract maximum of \$150,000.
- E. The Government reserves the right to remove any items from the Schedule of Items from the Group should an (all) offeror(s) not bid on all items in any Group.

V. ADDITIONAL CUSTOMERS

- A. The Government reserves the right to add DoD and non-DoD customers from the same distribution area as the successful contractor, based on a mutually agreed upon implementation plan followed by formal modification to the contract.
- B. The increase in the new business will not change the contract maximum of \$150,000.
- C. Additional customers are limited to those that receive Federal funding.
- D. The Government reserves the right to unilaterally remove DoD and non-DoD customers from the resultant award by way of formal modification.

VI. CUSTOMER SERVICE POLICY

The contractor shall treat each of the customers covered under the contract as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under the resulted contract.

VII. NON-MANUFACTURER / NON-DISTRIBUTOR

All offerors are required to provide product originating from a sanitarily approved source and in delivery conveyances that are subject to the Sanitary Conditions clause in the solicitation. Offerors indicating a Place of Performance (manufacturing location) that is not under the day-to-day control and management of the offeror shall submit documentation that an agreement for production and distribution is in effect at the time of offer covering the period of the contract. The documentation must be signed by the offeror and the proposed subcontractor(s). This does not include similar entities & affiliates of the offeror but applies to non-manufacturers, partners, subcontractors and similar entities that would be performing on the proposed contract but are not the offeror itself. Offerors using a consortium, joint venture or other teaming approaches shall provide evidence of experience pertaining to the execution of the requirements of the solicitation. The freshness requirement of the product being delivered may not be compromised. The offeror's distance from the delivery location is very important. The offeror must be capable of delivering product to arrive at the delivery location the same day for emergency orders.

Ordering System

1. Subsistence Total Order and Receipt Electronic System (STORES)
 - A. STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an EDI (Electronic Data Interchange) format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.
 - B. Customers will be able to order all of their Bread and Bakery requirements through STORES.
 - C. Initially, a copy of the STORES Orders will be transmitted via FAX (unless they are an EDI vendor) from the customers listed in this solicitation to the successful awardee. While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.
 - D. EDI capability is not a requirement for award under this solicitation; however, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:

- Catalog (Vendor to DLA TROOP SUPPORT)
- Purchase Order
- Functional Acknowledgment
- Receipt
- Invoice (optional at this time)

- E. It is preferred that the successful vendor has access to the Internet and is able to send and receive electronic mail (e-mail).
- F. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a 16-ounce loaf of whole wheat bread would be described as "Bread, Whole Wheat, Fresh, pan baked, round top, 16 oz. pg."
- G. **Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point.**

2. Order Placement

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Orders shall generally be sent no later than 10:00 a.m. two (2) days prior to the desired delivery date (or specified lead-time on contract) in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on Section VI-A. Holidays of this Solicitation.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the vendor shall either offer the customer a substitute of equal or higher quality and of equal or lower cost, or advise the customer of its Not-in-Stock position.
- C. There shall be no line-item (LSN) additions to existing STORES orders. Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.
- D. All pricing is at the time the order is placed.

Purchase Orders

There shall only be one invoice per purchase order and only one purchase order per day. This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

All products shall be processed, packaged, and packed in such a manner, to prevent crushing or damage to the product prior to delivery. Product MUST be allowed to cool sufficiently after baking so that condensation does not occur within the bags, which could result in molding of the product.

Packaging, Packing and Labeling

- A. All packaging and packing shall be in accordance with good commercial practice.
- B. All items must be identified with readable dates (open code dates), coded dates, or with color-coded twist ties. Contractors that do not use open dating will provide a product code number key/twist tie color listing. - A. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.
- B. All deliveries are subject to military veterinary inspection. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of its products before proceeding to any other designated delivery point. In addition, the delivery vehicles may be inspected for cleanliness and condition.
- C. The Food Service Officer (and/or) Authorized Receiving Official (ARO) at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall not be signed prior to inspection of the product. A signature on the delivery ticket/invoice denotes acceptance of the product.

Contractor Quality Program

The contractor should develop and maintain a quality program for product acquisition, warehousing and distribution to assure the following:

- Standardized product quality;
- The usage of First-In, First-Out (FIFO) principles;
- Product shelf life is monitored;

- Salvaged items or products shall not be used;

The vendor is responsible to contract for independent third party warehouse audits for each proposed place of performance as part of any resultant contract. At a minimum, the third party audits are to take place annually and submitted to the contracting officer within 30 days calendar days of completion of audit. The vendor must achieve a passing score without major deficiencies in order to continue performance under any resultant contract. The vendor is to submit a copy of each third party warehouse audit (i.e., American Institute of Baking (AIB) certification other state or federal sanitation inspections) to the contracting officer prior to contract award. Failure to submit timely and complete audit reports may result in termination of the

contract (**Third party warehouse audits exclude Government agency audits**). The vendor shall have in place the proper temperature controls in their warehouse to ensure product is stored at commercially acceptable temperature settings.

Warehousing and Sanitation Program/Stored Product Pest Management

The contractor shall develop and maintain a sanitation program and a stored product pest management program for food and other co-located non-food items that comply with industry standard programs such as the Code of Federal Regulations, Title 21, part 110, Food Manufacturing Practices, the Federal Insecticide, Fungicide and Rodenticide Act, the Food, Drug, and Cosmetic Act of 1938 as well as all pertinent state and local laws and regulations. Records of inspections performed by the firm, subcontractor, or recognized industry association shall be maintained and made available to the Government at the Contracting Officer's request.

Contractor Quality Audits

The Government may conduct formalized audits to verify the vendor's adherence to the contract requirements and the quality of product being supplied under any resultant contract.

Recall Procedures Requirements

In the event that a product recall is initiated by the USDA, vendor, supplier or manufacturer, the vendor shall follow the procedures as outlined below:

- (1) Immediately notify the following personnel:
 - a. Customers that have received the recall product
 - b. DLA Troop Support Pacific, Procurement Office Hawaii at email:
TroopSupportPacificProcurement-Hawaii@dla.mil
 - c. DLA Troop Support Customer Safety Officer at email: dscpconssafofc@dla.mil

- (2) Provide the following information to the DLA Troop Support Consumer Safety Officer:

 - d. Amount of product
 - e. List of customers that have received product
 - f. Name and phone number of responsible person (Recall Coordinator)

- (3) The vendor should provide a Final Status Report of Recall, when completed, to the DLA Troop Support Consumer Safety Officer.

- (4) At the discretion of the affected customers, the vendor shall either replace at no additional cost or adjust the invoice quantity for any recalled product. Delivery of replacement product shall occur at the discretion of the customer.

Non-Compete Provision

The offeror warrants that it will not actively promote, encourage, or market any of the customers on this acquisition away from a resultant DLA Troop Support contract and onto a contract of any other Government agency or commercial entity. This prohibition applies both on a pre-award and post-award basis.

Food Defense/Force Protection

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The offeror must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing, storage, and delivery process. Contract awardee will ensure to complete security of all conveyances to any military installations. The offeror must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies. As the holder of a contract with the Department of Defense, the awardees should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardees to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

Rapid Gate

Many bases currently require enrollment in RapidGate and will not allow entry without RapidGate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate or another security program is required for access to each location. If RapidGate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have RapidGate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for RapidGate enrollment and must ensure that a RapidGate enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate is encountered during the implementation period, the contractor MUST contact RapidGate and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate enrollment so that the contractor will be able to deliver as required. For additional information regarding RapidGate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided therein are in addition to and do not limit any rights afforded to the Government by Clause 52.212-4(o) “Warranty” contained in the solicitation.

Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official (ARO). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer (FSO) (and/or) Authorized Receiving Official.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity(ies) were affected. The line item dollar value, as well as the total invoice dollar value, must be adjusted to reflect the adjusted value of the shipment.
- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. Cumulative delivery order closeout will result in total contract closeout. It is the Government’s intent to closeout contracts within 60 days from the date of the final delivery.

Deliveries and Performance

- B. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

5. Substitutions Procedures

- A. If an item is not available, vendor is NOT to substitute an item without having a separate purchase order for the additional item. Customer MUST zero-out unavailable item(s) in STORES. Customer will be directly responsible for payment of any items not appearing on a STORES purchase order.
- B. The customer must authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.
- C. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

- B. The vendor shall provide, at maximum, two (2) emergency orders per month, per individual ordering activity or individual ship or vessel, at no additional cost to the Government.
- C. The vendor is responsible for furnishing the name of the designated point of contact responsible for handling emergency orders, and his/her phone number and/or pager number, to the customers.
