(i) The offeror certifies that each end product, except those listed in paragraph (g)(5)(ii) of this provision, is a U.S.-made or designated country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(ii) The offeror shall list as other end products those end products that are not U.S.-made or designated country end products.

Other End Products:

Line Item No	Country of Origin

[List as necessary]

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR [Part 25](#). For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals --

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3)  Are,  are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments

**CONTINUED ON NEXT PAGE**

**Part 12 Provisions (CONTINUED)**

and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

**STORES (Subsistence Total Order and Receipt Electronic System)**

The automated STORES (Subsistence Total Order and Receipt Electronic System) will be used to the maximum extent practical on the resultant contracts from this solicitation. Orders will be sent via a computer-generated fax (STORES purchase order). In order to facilitate the receipt and payment process, there is specific information contained on the STORES purchase order that **MUST** be mirrored on the vendor's invoice. The information may have to be hand written on the invoice. Please ensure the information is correct and legible. Invoices for those customers placing orders under STORES must be submitted for payment to the following address:

DFAS BVDP (SL4701)  
P.O. Box 369031  
Columbus, Ohio 43236-9031

**Electronic Invoicing by Suppliers via Electronic Commerce/Electronic Data Interchange:**

All suppliers are required to process invoices electronically. **This is a condition for contract award.** An electronic invoicing system expedites payments by providing a real time system for invoice processing. In an effort to ensure that your firm is paid promptly for products that you supply, we want to utilize the best business practices available. The business practices of today reflect increased utilization of Electronic Commerce/Electronic Data Interchange providing more timely and cost effective ways of information exchange. DLA Troop Support, Subsistence is migrating towards more and more use of the electronic mediums available to conduct business with you as our business partners. The Defense Logistics Agency has undergone an Enterprise Business Systems (EBS) initiative. This EBS initiative will change the way you currently invoice. EBS conforms to a strict adherence of detailed line item payment in concert with the order. The manual paperwork will no longer be a viable way to invoice. Invoices need to be submitted for payment promptly after delivery. Our intention is to provide you a quick and easy way to submit your invoices for payment and to help ensure prompt and accurate payments. Efforts have been underway for some time to bring a resolution for you to be able to accomplish Electronic Data Interchange with the invoices. Alternatives available are:

1. If your company is able to exchange information electronically through ANSI X12 format, we could set your company up as an EDI vendor immediately, being able to receive orders and send invoices electronically.
2. There are companies available who for a fee will turn your flat files into EDI Invoices (810 transactions).
3. The STORES/BSM Reconciliation (Recon) Tool web application is used to submit your invoices electronically. This system can be found on the DLA TROOP SUPPORT web page for Subsistence, [https://www.stores.dla.mil/stores\\_web/default.aspx](https://www.stores.dla.mil/stores_web/default.aspx). You will be issued a User ID and Password, after properly registering for this site. This application will allow you to see on the website receipts by the customers, for your contracts only. You can review the receipt and, if in agreement you will simply type in an invoice number to submit your invoice to DFAS. This receipt information is available at this website for 8 weeks. The user will have the ability to add lines or change existing lines to reflect what was delivered. The changes will be e-mailed to your DLA Troop Support Account Manager, who will work at resolving the differences; however, the customer must make the corrections electronically. Vendors are encouraged to wait until the receipt is adjusted to submit their invoices. The system will be updated daily from the receipt files. Invoices submitted using this website will generate an EDI invoice to flow through the paying process

at DFAS. If you need additional information on electronic or alternate electronic invoice processing, contact your DLA TROOP SUPPORT Account Manager or Buyer or use the Recon Training Tool.

**One of the listed methods must be used as paper invoices are no longer a viable option.**

A sample STORES order is illustrated for informational purposes only. The information indicated in the five elements below is required to be identified on the vendor's invoice in order for the vendor to be promptly paid by DFAS. These elements are on the system generated STORES purchase order, and the information needs to be transferred to the invoice.

1. Contract Number - i.e. SPE300-15-D-V500 (on attached sample). This number will remain constant throughout the life of the contract.
2. Call Number - i.e. 408Y (This is the Julian date and the Lap ID number of the purchase order). This number will change with every order.
3. Lead CLIN No. - i.e. 55 (This is the item number on the purchase order). This number will change with every order.
4. Purchase Order Number - i.e. FT123490912211. This number will change with every order.
5. Required Delivery Date (RDD) i.e. 4/3/15. This date will change with each order.

Each order will contain similar information. Contractor is responsible to extract the correct information from the STORES order for each invoice.

## Provisions and Clauses

### 52.216-9032 Economic Price Adjustment (EPA) - Established Market Price – Milk

#### ECONOMIC PRICE ADJUSTMENT (EPA) - ESTABLISHED MARKET PRICE – MILK (FEB 2009)

(a) To the extent that contingent cost increases are provided for by this clause, the Contractor warrants that prices included in the contract do not include any amount to protect against such contingent cost increases.

(b) This EPA clause applies to skim milk and butterfat fluid milk products classified as class I milk only (i.e., whole milk, fat-free milk, low fat milk, light milk, reduced fat milk, milk drinks, eggnog and cultured buttermilk, including any such beverage products that are flavored, cultured, modified with added nonfat milk solids, sterilized, concentrated, or reconstituted. As used in this paragraph, the term concentrated milk means milk that contains not less than 25.5 percent, and not more than 50 percent, total milk solids). Any package sizes other than gallons will be pro-rated based upon the price adjustment per gallon.

(c) Class I milk, as described in this clause, is subject to the regulations of the United States Department of Agriculture under the Federal milk marketing orders.

(d) The economic indicator for the purpose of prospective adjustments to contract prices under this clause shall be the Class I price [(base skim milk price for Class I times 0.965) plus (advanced butterfat pricing factor times 3.5)] in the announcement of advanced prices and pricing factors released by the U.S. Department of Agriculture, Agricultural Marketing Service, dairy programs. The announcement is released on the Friday before the 23rd of the month unless the 23rd of the month falls on a Friday in which case, Friday the 23rd will be the releasedate.

(e) Price adjustments shall be based on the following:

(1) The "base price" for the purpose of the initial adjustment calculation under this clause shall be the current month price of the economic indicator in effect at (i) the closing date for proposals, if no discussions are held, or (ii) the due date for final proposal revisions, if discussions are held. The "base price" for each subsequent monthly adjustment calculation shall be the adjusting price from the previous month.

(2) The "adjusting price" shall be the monthly price of the economic indicator released following the month used to determine the "base price".

(f) For the purpose of price adjustments pursuant to this clause:

(1) Adjustments will be made in increments of \$0.01 per gallon when and only when the change per gallon in either direction is equal to or greater than +/- \$0.0100.

(2) Adjustments in excess of \$0.0100 per gallon and in excess of \$0.0050 for units other than a gallon (i.e., half gallon, quart, pint and half pint) will be rounded to two decimal places to accommodate systems requirements of the subsistence total order receipt electronic system (STORES), as follows:

\$0.0050 to \$0.0099 = \$0.01  
 \$0.0100 to \$0.0149 = \$0.01  
 \$0.0150 to \$0.0199 = \$0.02  
 \$0.0200 to \$0.0249 = \$0.02  
 \$0.0250 to \$0.0299 = \$0.03, etc.

(3) One hundred weight (CWT) as used in the price of the economic indicator equates to 11.63 gallons of milk deliverable under this contract.

(g) Promptly following release of the announcement of advanced prices and pricing factors applicable to the following month, the Contracting Officer shall compute the adjustments, if any, to the current contract prices for the purpose of determining any revised prices applicable to orders for the next month in the manner detailed below:

- (1) Compute adjusting price.
- (2) Compute base price.
- (3) Compute change from base price.
- (4) Convert the price change to price per gallon.
- (5) Compute price change for other units other than a gallon.
- (6) Round price adjustment(s) from lines (4) and (5) to nearest \$0.01 increment (see paragraph (f)(2)).
- (7) Compute adjusted contract unit price(s). The following sample price computation is an illustration using January as the base price and February as the adjusting price.

(1) Adjusting price		
Base skim milk price for Class I	\$7.72 CWT X 0.965	\$ 7.4498
Advanced butterfat pricing factor	\$0.9302 LB X 3.5	\$ 3.2557
Class I Price		\$10.7055
(2) Base price base skim milk		
Price for Class I	\$7.72 CWT X 0.965	\$ 7.4498
Advanced butterfat pricing factor	\$0.9854 LB X 3.5	\$ 3.4489
Class I Price		\$10.8987
(3) Change from base price per CWT		(\$0.1932)
(4) Price change per gallon Line (3) divide by 11.63 gallons/cwt		(\$0.0166)
(5) Price change per half gallon		(\$0.0083)
Price change per quart		(\$0.0042)
Price change per pint		(\$0.0021)
Price change per half pint		(\$0.0010)
(6) Price adjustment per gallon		(\$0.02)
Price adjustment per half gallon		(\$0.01)
Price change per quart		\$0.00
Price change per pint		\$0.00

(7) Adjusted contract unit price		
Item per gallon (current unit price - \$0.02)		

Item per half gallon (current unit price - \$0.01)

Item per quart (No adjustment)

Item per pint (No adjustment)

Item per half pint (No adjustment)

(h) Revised prices will become effective on the 1st Sunday of the next month and will remain in effect until the next price change occurs.

(i) Price adjustments pursuant to this clause will not be made by separate contract modifications. Adjustments will be implemented by the government as follows, and these actions shall constitute a modification to the contract:

(1) The adjusted contract unit price(s) for the following month will be input in STORES,

(2) A facsimile transmission will be sent to Contractors who do not have electronic access, and

(3) The calculations used to derive the adjusted contract unit price(s) for the following month will be posted on the Internet.

(j) The aggregate of the increases in any contract unit price under this clause shall not exceed 30% of the original contract unit price. The original contract unit price is the price in effect on the date of award. If at any time during the term of the contract, a proposed economic price adjustment will exceed this ceiling, the Government reserves the right to raise this ceiling where changes in market conditions during the contract period support an increase. There is no percentage limitation on the amount of downward adjustments that may be made under this clause.

(k) In the event publication of the economic indicator is discontinued or its method of calculation substantially altered so that it no longer reflects market prices, the parties shall mutually agree upon an appropriate substitute for price adjustment(s) under this clause.

(l) Any dispute arising under this clause is subject to the "disputes" clause of the contract

## **ECONOMIC PRICE ADJUSTMENT**

### **EVALUATION OF OFFERS -**

(a) Offers in response to solicitations will be evaluated without adding any amount for economic price adjustment unless the economic price adjustment (EPA) clause included in the solicitation provides for offerors to specify the portion of the contract price subject to EPA. In this case, the offered price(s) subject to the EPA clause will be adjusted to the maximum possible extent under the EPA using the price ceiling limitation provision of such clause for the basic contract plus all options covered by the evaluation. The resulting price(s) will be used for evaluation of offers.

(b) If a successful offeror stipulates a lower maximum increase limitation than that included in the solicitation, it will be incorporated into the resulting contract.

(c) Offers which (1) increase the maximum ceiling percentage specified in the solicitation, (2) stipulate a maximum decrease limit, or (3) delete or otherwise alter the economic price adjustment clause, will not be considered for award, unless the Contracting Officer determines that award on such basis is in the best interests of the Government and all Offerors are afforded an opportunity to offer on the same basis.

## 52.212-1 -- Instructions to Offerors -- Commercial Items. (DEVIATION 2018-O0018)

### Instructions to Offerors -- Commercial Items (Oct 2018)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the

Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror’s initial offer should contain the offeror’s best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

#### **ADDENDUM to FAR 52.212-2, Evaluation of Commercial Items. (JAN 1999)**

(a) The Government will award contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. **Technical Acceptability** - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the award. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.
2. **Pricing** - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis for all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the unit prices to determine the lowest aggregate price, (for each Group, if applicable) to the Government. Offered prices, on an individual line item basis, will be evaluated to determine fair and reasonableness.

The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**DFARS 252.247-7022 Representation of Extent of Transportation by Sea.**

## REPRESENTATION OF EXTENT OF TRANSPORTATION BY SEA (June 2019)

(a) The Offeror shall indicate by checking the appropriate blank in paragraph (b) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term "supplies" is defined in the Transportation of Supplies by Sea clause of this solicitation.

(b) *Representation.* The Offeror represents that it—

\_\_\_\_\_ Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

\_\_\_\_\_ Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

(c) Any contract resulting from this solicitation will include the Transportation of

The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. If repair/replacement or reperformance will not correct the defects or is not possible, the government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights --

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(4) *Discount*. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails

to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. (o) *Warranty*. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End Use License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor

or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(3) If such change causes an increase or decrease in the cost of, or time required for, performance for any part of the work under this contract, the Contracting Officer shall make equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

(4) The Contractor must assert its right to an adjustment under this clause within thirty (30) days from the date of receipt of the written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.

(5) Failure to agree to any adjustment shall be a dispute under the Disputes Clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract.

3. Paragraph (m), Termination for Cause.

Delete paragraph (m) in its entirety and substitute the following:

(m) Termination for Cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government upon request, with adequate assurances of future performance. **ADDITIONAL CUSTOMERS**

The Government reserves the right to add or remove DoD customers from the same distribution area as the successful contractor, based on a mutually agreed upon implementation plan followed by formal modification to the contract.

The increase in the new business will be reflected in the \$250,000 maximum. Additional customers are limited to those that receive Federal funding. The Government reserves the right to unilaterally remove DoD customers from the resultant award by way of formal modification.

**CUSTOMER SERVICE POLICY**

The contractor(s) shall treat each of the customers covered under the contract as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under the resulted contract.

**NEGOTIATIONS**

For the subject acquisition, the Government intends to evaluate offers and award the contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint.

However, the Government reserves the right to conduct negotiations if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; and waive informalities and minor irregularities in offers received.

Initial responses to negotiations shall be in a form of communication customary in the industry for transmitting information to include phone, facsimile transmission, letter, in-person and e-mail.

**NON-MANUFACTURER / NON-DISTRIBUTER**

All offerors are required to provide product originating from a sanitarly approved source and in delivery conveyances that are subject to the Sanitary Conditions clause in the solicitation. Offerors indicating a Place of Performance (manufacturing location) that is not under the day to day control and management of the offeror shall submit documentation that an agreement for production and distribution is in effect at the time of offer covering the period of the contract. The documentation must be signed by the offeror and the proposed subcontractor(s). This does not include similar entities & affiliates of the offeror but applies to non-manufacturers, partners, subcontractors and similar entities that would be performing on the proposed contract but are not the offeror itself. Offerors using a consortium, joint venture or other teaming approaches shall provide evidence of experience pertaining to the execution of the requirements of the solicitation. The freshness requirement of the product being delivered may not be compromised. The offeror's distance from the delivery location is very important. The offeror must be capable of delivering product to arrive at the delivery location the same day for emergency orders.

Please make sure to read the instructions to fill out the Schedule of Items (SOI) spreadsheet correctly for each group you are offering on. Government has provided you with the customer's requirements and auto calculations as follows:

## Ordering System

### I. Subsistence Total Order and Receipt Electronic System (STORES)

STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an EDI (Electronic Data Interchange) format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.

Customers will be able to order all of their Milk and Dairy requirements through STORES.

- A. Initially, a copy of the STORES Orders will be transmitted via FAX (unless they are an EDI vendor) from the customers listed in this solicitation to the successful awardee. While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.
- B. EDI capability is not a requirement for award under this solicitation; however, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:
  - Catalog (Vendor to DLA TROOP SUPPORT)
  - Purchase Order
  - Functional Acknowledgment
  - Receipt
  - Invoice (optional at this time)
- C. It is preferred that the successful vendor has access to the Internet and is able to send and receive electronic mail (e-mail).
- D. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a half pint of whole milk would be described as "Milk, Whole, CHL (Chilled), ½ PT CO".
- E. Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point.

### II. Order Placement

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Orders shall generally be sent no later than 10:00 a.m. two (2) days prior to the desired delivery date (or specified lead-time on contract) in order to ensure maximum availability of product. However, a customer may decide to place an order with a longer lead-time for delivery except as noted on Section VI-A. Holidays of this Solicitation.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the vendor shall either offer the customer a substitute of equal or higher quality and of equal or lower cost, or advise the customer of its Not-in-Stock position.
- C. There shall be no line-item (LSN) additions to existing STORES orders. Requirements for additional LSN's to prior/existing orders shall be ordered by customers via STORES as a new and separate STORES order.
- D. All pricing is at the time the order is placed.

## Purchase Orders

There shall only be **one invoice per purchase order and only one purchase order per day**. This will reduce invoice and payment issues. At no time is a delivery driver permitted to deliver items that do not appear on the purchase order.

## **DESCRIPTIONS/SPECIFICATIONS**

### Product Quality

Acceptance of supplies awarded under this solicitation will be limited to fresh product. All products delivered under this contract must conform to the following **freshness requirements**. 1. Milk, Whipping Cream (fresh), Cream (fresh) and Half-and-Half (fresh), Ice Milk Mix, Fresh (soft serve), Milk Shake Mix, Fresh (direct draw), Buttermilk and Eggnog must be delivered with a minimum 10 days shelf life remaining.
2. Whipping Cream (ultra-pasteurized), Half-and-Half (ultra-pasteurized), and Cream (ultra-pasteurized) must be delivered with a minimum 14-day shelf life remaining.

5. Yogurt must be delivered with a minimum of 18-day shelf life remaining.
6. Ice Cream must be delivered with a minimum 120-day shelf life remaining.

Commercial standards should be used to maintain temperatures appropriate for the individual items.

### Contractor Quality Program

The contractor should develop and maintain a quality program for product acquisition, warehousing and distribution to assure the following:

- Standardized product quality;
- The usage of First-In, First-Out (FIFO) principles;
- Product shelf life is monitored;
- Items are free of damage;
- Correct items and quantities are selected and delivered;
- Customer satisfaction is monitored;
- Product discrepancies and complaints are resolved and corrective action is initiated;
- Supplier, FDA, or DoD initiated food recalls are promptly reported to customers and DLA Troop Support;

- Salvaged items or products shall not be used;

The vendor shall comply with any findings or corrective actions noted on all its mandatory monthly and yearly inspections and audits performed by County, State, and Federal Agencies including the Food and Drug Administration and US Department of Health & Human Services. The vendor will immediately notify the Contracting Officer of any negative findings by any of these auditing agencies which affect the performance of its contract(s) and of the vendor's corrective action. The Contracting Officer may request copies from the vendor of any negative County, State, or Federal health inspection which affects its contract(s).

Failure to comply with County, State, and Federal milk regulations; apply corrective actions to audit findings; or not maintaining its pasteurization plant compliance at a rate of at least 90 percent or higher, as certified by a state milk sanitation officer and listed in "Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers" may result in termination of the contract at the vendor's expense. In the event the vendor is subcontracting milk, dairy, or ice cream products, the vendor shall be responsible for replacing any noncomplying subcontractor with an approved subcontracting source or risk termination of the contract.

The vendor shall have in place the proper temperature controls in their warehouse to ensure product is stored at commercially acceptable temperature settings.

#### Warehousing and Sanitation Program/Stored Product Pest Management

The contractor shall develop and maintain a sanitation program and a stored product pest management program for food and other co-located non-food items that comply with industry standard programs such as the Code of Federal Regulations, Title 21, part 110, Food Manufacturing Practices, the Federal Insecticide, Fungicide and Rodenticide Act, the Food, Drug, and Cosmetic Act of 1938 as well as all pertinent state and local laws and regulations. Records of inspections performed by the firm, subcontractor, or recognized industry association shall be maintained and made available to the Government at the Contracting Officer's request.

#### Contractor Quality Audits

The Government may conduct formalized audits to verify the vendor's adherence to the contract requirements and the quality of product being supplied under any resultant contract.

A. The Contractor shall electronically transmit the following reports to the DLA Troop Support Contracting Officer and Account Manager on a monthly basis. All reports shall be cumulative for a one (1) month period and submitted no later than the seventh day of the following month (e.g., for the reporting period of January 1 through January 31, the reports must be received by February 7).

1. Fill Rate Report: The fill-rate is calculated by dividing the number of containers accepted by the customer by the number of containers ordered. No other method of calculating fill rates should be included. Mis-picks and damaged or rejected containers should not be included in this calculation. The report should specify fill rates per customer and an overall average fill-rate for all customers under the contract for the month being reported. For further fill rate explanation, see Section FILL RATE.

### Packaging, Packing and Labeling

- A. All packaging shall be in accordance with good commercial practice. Labeling shall be in accordance with commercial labeling complying with the Federal Food, Drug and Cosmetic Act and regulations promulgated thereunder. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.
- B. All items must be adequately protected during inclement weather.

## **INSPECTION AND ACCEPTANCE**

### Inspection and Acceptance

- A. Contractor's delivery vehicles will stop and report to the veterinary inspection points as designated for inspection of products before proceeding to any other designated delivery point.
- B. Inspection and Acceptance of products will be performed at destination. The inspection is normally limited to identity, count and condition; however, this may be expanded if deemed necessary by either the military Veterinary Inspector, Medical Personnel, or Contracting Officer.
- C. All deliveries are subject to military veterinary inspection. In addition, the delivery vehicles may be inspected for cleanliness and condition.
- D. The Food Service Officer (and/or) Authorized Receiving Official (ARO) at each delivery point (are/is) responsible for inspecting and accepting products as they are delivered. The invoice/delivery ticket shall

not be signed prior to inspection of the product. All overages, shortages, and/or returns are to be noted on the delivery ticket by the receiving official and the truck driver. A signature on the delivery ticket/invoice denotes acceptance of the product.

### RapidGate, Defense Biometric Identification System (DBIDS) Requirement and/or Other Security Programs

Many bases may require enrollment in either RapidGate or the Defense Biometric Identification System (DBIDS). Both RapidGate and DBIDS manage access to Department of Defense (DoD) installations and will not allow entry without clearance. During the contract start-up/ implementation period, the Contractor must contact all customer locations to determine whether enrollment in RapidGate, DBIDS, or another security program is required for access to each location. If RapidGate, DBIDS, or other security enrollment is required, the Contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have clearance may result in a vendor being turned away from the base and being unable to complete delivery. The Contractor is responsible for any costs associated with RapidGate, DBIDS, and/or other security program enrollment and must ensure that a RapidGate or DBIDS enrolled driver is available for all deliveries. We currently estimate that RapidGate enrollment will cost about \$250 per company and \$200 per enrolled employee for 1 year of access to multiple locations, but the cost of RapidGate or other security enrollment may vary, so the Contractor should contact RapidGate to determine its own costs. If more than one driver is required, RapidGate or DBIDS enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in RapidGate or DBIDS is encountered during the start-up/implementation period, the Contractor MUST contact RapidGate, DBIDS, and/or the Security Officer at the applicable customer locations to resolve any issues with processing RapidGate, or DBIDS enrollment so that the Contractor will be able to deliver as required.

Please note that RapidGate and/or the Defense Biometric Identification System (DBIDS) is currently a requirement for access to some military bases; however, these and other locations may require enrollment in other security programs now or at some time in the future. In this event, the contractor is responsible for obtaining all required enrollments and clearances for each of their drivers as soon as they receive notice of such a requirement.

For additional information regarding RapidGate and DBIDS, including enrollment instructions, please visit their websites at [www.rapidgate.com](http://www.rapidgate.com) and <http://dbids.dmdc.mil/DBIDS>

### Warranties

The supplies furnished under the resultant contract(s) shall be covered by the most favorable commercial warranties the contractor gives to any customer for such supplies and the rights and remedies provided therein are in addition to and do not limit any rights afforded to the Government by Clause 52.212-4(o) "Warranty" contained in the solicitation.

### Rejection Procedures

- A. If product is determined to be defective, damaged, or compromised in any other manner, it may be rejected by the Authorized Receiving Official (ARO). All suspect items shall be segregated.
- B. When product is found to be nonconforming or damaged or otherwise suspect, the receiving personnel shall notify the Food Service Officer (FSO) (and/or) Authorized Receiving Official.
- C. It is a requirement of this solicitation that product shall be inspected upon receipt as promptly as practicable. However, failure to promptly inspect or accept supplies shall not relieve the contractor from responsibility, nor impose liability on any of the customers, for nonconforming supplies.
- D. If an item is rejected at the time of delivery, the delivery ticket/invoice must be annotated to reflect what item(s) and quantity (ies) were affected. The line item dollar value, as well as, the total invoice dollar value must be adjusted to reflect the adjusted value of the shipment.

- E. If product is rejected after the delivery occurred, the vendor must pick up the rejected product at the time the next regular shipment is made.

### Contract Closeout

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. Cumulative delivery order closeout will result in total contract closeout. It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

## **DELIVERIES AND PERFORMANCE**

### **I. ITEM AVAILABILITY**

All items must be available in sufficient quantities to fill the customers' requirements. **ALL DELIVERIES MUST BE MADE WITHIN 48 HOURS AFTER ORDER PLACEMENT OR LEAD TIME STATED IN CONTRACT UNLESS OTHERWISE AUTHORIZED BY THE CUSTOMER.**

Contractors must have the ability to provide to the customers a range of milk and other dairy items in sufficient quantities to fill all customer requirements and maintain the overall 97% contract fill rate. All supplies shall be delivered on a "fill or kill" per line item basis (i.e. If a Contractor cannot fill a line item, the line item dies). Therefore, item substitutions are not authorized.

- B. Contractors shall notify the customer within 24 hours of required delivery date/time of the non-availability of any particular ordered item, whether in whole or in part. The customer may choose to replace the non-available item with another item from the contract catalog by placing a new, separate order for the item in STORES as applicable. Assuming the proper procedure is followed, this circumstance (i.e. replacement of a NIS item with a separate order for another catalog item) will not negatively impact a Contractor's fill rate.

### **II. DELIVERY INSTRUCTIONS**

- A. Deliveries shall be made FOB Destination to each ordering activity and shall be free of damage, with all packing and packaging intact.
- B. Deliveries shall be made when and as requested by the Ordering Officer(s) of the activity concerned, and shall be accompanied by the delivery ticket of the dealer in triplicate, showing the exact quantities delivered. Deliveries shall be made by the contractor any day, except Holidays, between the hours and location specified by the Ordering Officer (see Delivery Points /Schedule).
- C. Deliveries are required as indicated and between the hours listed on the delivery under Times/Frequency. Occasionally, delivery times may need to be readjusted by the ordering activity.
- D. The customer will be responsible to notify the contractor of any changes in location or departure date.
- E. The contractor warrants that they will provide a person and telephone number where orders and changes can be received between 9:00 am and 4:00 pm, Monday through Saturday.

### **III. DELIVERY VEHICLE REQUIREMENTS**

- A. Supplies transported in vehicles that are not sanitary, or that have not maintained the proper temperatures, may be rejected at destination without further inspection.
- B. Shipping containers shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification Code.

**IV. NO SUBSTITUTIONS**

- A. If an item is not available, vendor is NOT to substitute an item without having a separate purchase order for the additional item. Customer MUST zero-out unavailable item(s) in STORES. Customer will be directly responsible for payment of any items not appearing on a STORES purchase order.
- B. The customer must authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.
- C. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

**V. HOLIDAYS**

- A. All orders are to be delivered on the specified delivery date, except for Federal holidays as outlined below. When a scheduled delivery day falls on one of these days, or one designated by your firm, delivery should occur on the next scheduled business day, unless otherwise agreed to by the customer.

New Year's Day	Labor Day
Martin Luther King's Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

NOTE: Saturday holidays are celebrated on the preceding Friday; Sunday holidays are celebrated on the following Monday.

- B. Holidays celebrated by your firm other than those specified above must be listed below. Also specify your policy for celebrating holidays that fall on the weekend.

**VI. EMERGENCY ORDERS**

- A. In order to adequately support emergency orders, the vendor must have the ability to provide "same day service" to a customer that is experiencing an emergency situation.
- B. The vendor shall provide, at maximum, two (2) emergency orders per month, per individual ordering activity or individual ship or vessel, at no additional cost to the Government.
- C. The vendor is responsible for furnishing the name of the designated point of contact responsible for handling emergency orders, and his/her phone number and/or pager number, to the customers.

**VII. AUTHORIZED RETURNS**

- A. The contractor shall accept returns under the following conditions:
  - 1. Products shipped in error;
  - 2. Products damaged in shipment;
  - 3. Products with concealed or latent damage;

4. Products that are recalled;
5. Products that do not meet shelf-life requirements;
6. Products that do not meet the minimum quality requirements;
7. Products delivered in unsanitary vehicles;
8. Quantity excess as a result of order input error and/or Purchase Ratio Factor error.

- B. Any other conditions not specified above that are deemed to be valid reasons for return by the customer.

#### VIII. SHORT SHIPMENTS/SHIPPING ERRORS

- A. All short shipments must be annotated by the receiving official on the delivery ticket/invoice accompanying the shipment.
- B. Any product delivered in error must be picked up by the vendor on the same day or by the next delivery day after notification by the ordering activity.

#### IX. DELIVERY

- A. A delivery ticket will accompany each delivery citing order number, unit price, itemized, extended and totaled.
- B. It is mandatory that the Delivery Ticket includes the **contract number, call number, lead CLIN number, purchase order number, government unit of issue**. Total quantity shall be based on Government unit of issue.
- C. Prices cited on delivery tickets for STORES orders will be the prices at the time of order and not the prices at time of delivery.
- D. All deliveries exclude national legal holidays unless otherwise indicated by ordering activity.
- E. Items will be off-loaded from the contractor vehicle(s) and contractor personnel will place items delivered inside the dining halls, etc. Deliveries to ships shall be brought to the brow of the vessel, when applicable.
- F. Except for deliveries made to ships, vendors are required to shelf stock in accordance with standard commercial practice unless otherwise directed by the customer.

Information on the STORES/BSM Reconciliation (Recon) Tool invoicing website: To create an account, go to the website [https://www.stores.dla.mil/stores\\_web/Admin\\_Logon.aspx](https://www.stores.dla.mil/stores_web/Admin_Logon.aspx), and select New Account Request Form and follow the directions. After registration, you will

receive a User Name and Password to access data from your contract. You will then be asked to review data on the website and either post new lines or change existing lines on the site to reflect what was delivered. EDI invoices will be generated, which will be sent to the paying office for payment.

- G. Vendor Reconciliation Tool - The STORES/BSM Reconciliation tool is available from the DLA Troop Support Subsistence Website at [https://www.stores.dla.mil/stores\\_web/Admin\\_Logon.aspx](https://www.stores.dla.mil/stores_web/Admin_Logon.aspx). The vendors will be able to see the lines that did not match for review and possible update. A training tool is available on our homepage under Reconciliation Tool training.
- H. All vendors are required to obtain a Public Key Interface (PKI) certificate for each individual that will have access to the DLA Troop Support Reconciliation Tool.

#### FILL RATE

- A. Order fill rates shall be calculated by the Contractor on an on-time, per order basis and tracked for monthly submission to the Contracting Officer/Account Manager. To ensure accuracy in the Contractor's reported fill rates, the Government will utilize its own internal data for comparison purposes. The fill rate shall be calculated as follows and shall not include mis-picks, damaged containers or rejected items (**No other method of calculating fill rate will be accepted**):

$$\frac{\text{Containers accepted}}{\text{Containers ordered}} * 100 = \text{fill rate \%}$$

#### B. Definitions:

1. Containers Accepted: Product that the customer has received and receipted not including damaged containers, rejected items, or mis-picks.

**Special Provisions for Bulk Milk Dispensing Equipment - DLA Troop Support Subsistence**

(a) General. Regulations require that the cost to the Government for bulk milk dispensing equipment must be identified and paid for from a different fund than the milk itself. Accordingly, unit and extended prices on each offered item requiring the furnishing of bulk milk dispensing equipment will be broken down and will state separately (1) the charge for the milk itself, and (2) the charge for the bulk milk dispensing equipment called for by that item. The dispensing equipment charge will include the cost of furnishing, installing, servicing, maintaining and removing such equipment. Evaluation of offers will be based on the total charge for each such item. By submission of this offer, the offeror confirms that the separate charges entered for such items represent the true and accurate charges for the milk and bulk milk dispensing equipment, and that the price offered for milk does not include any cost on account of bulk milk dispensing equipment. Dispensing equipment charge will be the per-gallon rate for equipment and services.

(b) Invoices. Invoices covering items requiring the furnishing of bulk milk dispensing equipment must show separately for each such item the charge for the milk product furnished and the applicable charge for the bulk milk dispensing equipment.

(c) Computations. (Applicable only in contracts which contemplate the use of both government-furnished and Contractor-furnished dispensers.)

(1) Basic. To the extent both government-furnished and Contractor-furnished equipment is to be used in the dispensing of bulk milk required under this contract, the following dispenser charge procedures shall apply. In each case, the Government shall give written notice to the Contractor stating which of the consumption points will employ Contractor-furnished dispensers exclusively. Such points shall be called "Contractor Dispenser Points".

(2) Central deliveries. Where bulk milk is delivered to a central delivery point for redistribution by the Government both to Contractor dispenser points and to other consumption points, data shall be furnished by such central delivery point to the Contractor stating the gallonage issued during the invoice period to Contractor-dispenser points. Such data shall be the basis of invoicing dispenser charges.

(3) Direct deliveries. Where bulk milk is delivered to Contractor Dispenser Points directly by Contractor, delivery receipt data applicable to such points shall be the basis of such invoicing.

(4) Mixed-equipment points. Where bulk milk is delivered either directly or through a central delivery point to any consumption point where any or all of the dispensers are furnished by the Government, no dispenser charges shall be applicable to, such milk, except as provided below. Contractor shall not be required to furnish dispensers at any consumption point where any Government dispensers are located, except as provided below.

(5) Urgency exception. Where urgent requirements, as determined by the ordering officer, necessitate the use of both Government and Contractor-furnished dispensers at the same consumption point, the minimum number of Contractor-furnished dispensers shall be ordered in writing only and supplied to such point. In such case, dispenser charges (per line item) shall apply to that proportion of the bulk milk delivered to such point which corresponds to the proportion of Contractor-furnished dispenser spigots to the total number of spigots at such point. (For example: If half the number of spigots used in dispensing chocolate milk at that point are Contractor-furnished, half of the chocolate milk gallonage there shall be subject to the dispenser charge).
