CAUTION NOTICE

This procurement is being solicited under the Federal Acquisition Regulations ("FAR") 13.5-Test Program for Certain Commercial Items. Solicitation SPE300-20-R-X030 is designed to place Market Ready Fresh Milk, Other Dairy and Ice Cream, all fully competitive, on contract for various Department of Defense ("DoD") customers in Bridgeport, CA

APPLICABLE SOURCE RESTRICTION: The Berry Amendment, contained in Defense Federal Acquisition Regulation Supplement ("DFARS") 252.225-7012 and included in the instant solicitation, is applicable. This regulation mandates that all food items, including Fresh Milk, Other Dairy and Ice Cream, provided under the instant solicitation and resulting contract be produced and manufactured in the United States.

IMPORTANT: The Government intends to make award, based on initial offers, to the responsible offeror that conform(s) to the solicitation requirements and offer(s) the lowest aggregate price. Please be aware that any proposal submitted in response to this solicitation **MUST** comply fully with its terms and conditions. All proposals must contain all pertinent information required by the solicitation. Said information will be reviewed by the Contracting Officer for completeness and accuracy. Providing an incomplete proposal and/or inaccurate information may result in the proposal being deemed technically unacceptable by the Contracting Officer. Electronic Invoicing by Suppliers via Electronic Commerce/Electronic Data Interchange:

All suppliers are required to process invoices electronically, either by EDI or through STORES. An electronic invoicing system expedites payments by providing a real time system for invoice processing. In an effort to ensure that your firm is paid promptly for products that you supply, we want to utilize the best business practices available. The business practices of today reflect increased utilization of Electronic Commerce/Electronic Data Interchange providing more timely and cost effective ways of information exchange. DLA Troop Support, Subsistence is migrating towards more and more use of the electronic mediums available to conduct business with you as our business partners. The Defense Logistics Agency has undergone an Enterprise Business Systems (EBS) initiative. This EBS initiative will change the way you currently invoice. EBS conforms to a strict adherence of detailed line item payment in concert with the order. The manual paperwork will no longer be a viable way to invoice. Invoices need to be submitted for payment promptly after delivery. Our intention is to provide you a quick and easy way to submit your invoices for payment and to help ensure prompt and accurate payments. Efforts have been underway for some time to bring a resolution for you to be able to accomplish Electronic Data Interchange with the invoices. Alternatives available are:

1. If your company is able to exchange information electronically through ANSI X12 format, we could set your company up as an EDI vendor immediately, being able to receive orders and send invoices electronically.
2. There are companies available who, for a fee, will turn your flat files into EDI Invoices (810 transactions).
3. The STORES/BSM Reconciliation (Recon) Tool web application is used to submit your invoices electronically. This system can be found on the DLA TROOP SUPPORT web page for Subsistence, https://www.stores.dla.mil/stores_web/default.aspx. You will be issued a User ID and Password, after properly registering for this site. This application will allow you to see on the website receipts by the customers, for your contracts only. You can review the receipt and, if in agreement you will simply type in an invoice number to submit your invoice to DFAS. This receipt information is available at this website for 8 weeks. The user will have the ability to add lines or change existing lines to reflect what was delivered. The changes will be e-mailed to your DLA Troop Support Account Manager, who will work at resolving the differences; however, the customer must make the corrections electronically. Vendors are encouraged to wait until the receipt is adjusted to submit their invoices. The system will be updated daily from the receipt files. Invoices submitted using this website will generate an EDI invoice to flow through the paying process at DFAS. If you need additional information on electronic or alternate electronic invoice processing contact your DLA TROOP SUPPORT Account Manager or Buyer or use the Recon Training Tool. **One of the above methods must be used as paper invoices are no longer a viable option.**

A sample STORES order is illustrated below for informational purposes only. The information indicated in the five elements below is required to be identified on the vendor's invoice in order for the vendor to be promptly paid by DFAS. These elements are on the system generated STORES purchase order, and the information needs to be transferred to the invoice.

1. Contract Number - e.g. SPM300-12-D-W500 (on attached sample). This number will remain constant throughout the life of the contract.
2. Call Number - e.g. 0006 (Lap ID number of the purchase order). This number will change with every order.
3. Lead Contract Line Item Number (CLIN) - e.g. 19 (This is the item number on the purchase order). This number will change with every order.
4. Purchase Order Number - e.g. W81YMG13060865. This number will change with every order.
5. Required Delivery Date (RDD) - e.g. 5/3/12. This date will change with each order.

Each order will contain similar information. Contractor is responsible to extract the correct information from the STORES order for each invoice.

Form (CONTINUED)**STATEMENT OF WORK****I. SUPPLIES OR SERVICES AND PRICES****1. INTRODUCTION**

A. Defense Logistics Agency (DLA Troop Support) intends to support the needs of its customers by entering into one (1) Indefinite Delivery Purchase Order (IDPO). Prices quoted shall remain valid and fixed for the entire twenty-four months period except as stated previously in accordance with the EPA terms and conditions to supply fresh Milk, Other Dairy and Ice Cream Items to the customers stated below:

Group I: DoD Troop Customers located in Bridgeport, CA Zone

B. The resultant contracts will be one Indefinite Delivery Purchase Order (IDPO) per group that provides for an indefinite quantity, within stated limits, of specific supplies or services to be furnished during a fixed period, with deliveries to be scheduled by placing orders with the contractor (FAR 16.504(a)). The total contract period will be 24 months. The IDPO will be a fixed-price contract with economic price adjustment (EPA) for Class I fluid milk items and a firm-fixed-price contract for all other items for the entire term of the contract.

C. The contract will not exceed twenty-four months or \$250,000 aggregate value, whichever occurs first. The contract will begin on **August 13, 2020 to August 13, 2022**. Prices will be firm-fixed and, thus, not subject to change, except for the prices of Class I fluid milk items, which are subject to the EPA terms and conditions contained in this solicitation. Prices will be based on the time an order is placed, not when an order is delivered. For example, if an order for Class I fluid milk items is placed before a price adjustment (in accordance with the EPA terms and conditions), but delivery is made after a price adjustment, then the prices in effect for that order will be the prices before the price adjustment.

D. Delivery items shall be routinely delivered in accordance with the offeror's stated lead time and the customers' delivery schedules. The current delivery schedule for each location is set forth under the Schedule of Deliveries section (page 19-20). Offerors shall indicate their agreement with the current schedule or may propose an alternate schedule. Delivery on all products is required, no less than on a weekly basis and should be in accordance with standard commercial practice.

E. The Government will utilize lowest price, technically acceptable procedures to award the resulting contract under this solicitation. (See Addendum to FAR 52.212-2 for more details). During its price evaluation, the Agency reserves the right to remove any items from the Schedule of Items in the event that one or more offerors fail to bid on all of the items in the Schedule therefore resulting in a lack of consistency between proposals.

In this situation, the Contracting Officer will complete his/her price evaluation by reviewing and comparing only common items bid on by all offerors. Said items removed for evaluation purposes may still be awarded in the final contract(s) so long as the Contracting Officer deems the offered price(s) fair and reasonable following an appropriate analysis.

2. PRICING

A. Offerors are required to submit a copy of their current Wholesale Price List, Catalog Price Schedule, or other documents containing commercial pricing information.

B. Prices shall be FOB Destination only.

C. Offerors are required to cross-reference the prices on the Wholesale Price List, Catalog Price Schedule, or other pricing documents to the item number on the solicitation. There are several ways of accomplishing this, including writing the item number, as specified in the solicitation, next to the price and item description on the price list. Please do not submit a separate list of information especially prepared for this solicitation only.

D. In order to accommodate the Government's ordering system, called the Subsistence Total Order and Receipt Electronic System ("STORES"), unit prices are limited to a maximum of two (2) places to the right of the decimal point. Standard rounding methods must be applied.

For example, a price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21. In addition, the system requires that prices be fixed for a certain period of time as specified in the solicitation.

E. Prices for the resultant contract period will be fixed with EPA for Class I fluid milk items (Clause 52.216-9032) and firm-fixed for all

CONTINUED ON NEXT PAGE

Form (CONTINUED)

other items for the entire term of the contract.

F. All prices are the current price when the customer places the order.

3. ADDITIONAL CUSTOMERS

- A. The Government reserves the right to add DoD and non-DoD customers located in the same distribution area covered by the resulting contract(s) or located in an adjacent distribution area, based on a mutually agreed upon implementation plan followed by formal modification of the contract.
- B. Anticipated quantities/sales from new customers may not exceed the \$250,000.00 contract maximum.
- C. Additional customers are limited to those that receive Federal funding.
- D. The Government reserves the right to unilaterally remove DoD and non-DoD customers from the resultant contract(s) by way of formal modification.

4. CUSTOMER SERVICE POLICY

Each awardee shall treat those customers covered under any resultant contract as one of its best customers. Therefore, any treatment and/or customer service policy given to other essential accounts shall also be given to the customers covered under the resultant contract(s).

5. NEGOTIATIONS

For the subject acquisition, the Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct negotiations if later determined by the Contracting Officer to be necessary. Electronic mail (e-mail) is not an acceptable form of transmission for submission of initial proposals or revisions to initial proposals submitted in response to this solicitation. However, as directed by the Contracting Officer, e-mail may be used during discussions/negotiations, if discussions/negotiations are held.

6. NON-MANUFACTURER / NON-DISTRIBUTER

All offerors are required to provide product originating from a sanitarily approved source and in delivery conveyances that are subject to the Sanitary Conditions clause in the solicitation. Offerors indicating a Place of Performance (manufacturing location) that is not under the day-to-day control and management of the offeror shall submit documentation that an agreement for production and distribution is in effect at the time of offer covering the period of the contract. The documentation must be signed by the offeror and the proposed subcontractor(s). This does not include similar entities & affiliates of the offeror but applies to non-manufacturers, partners, subcontractors and similar entities that would be performing on the proposed contract but are not the offeror itself. Offerors using a consortium, joint venture or other teaming approach shall provide evidence of experience pertaining to the execution of the requirements of the solicitation.

The freshness requirement of the product being delivered may not be compromised. The offeror's distance from the delivery location is very important. The offeror must be capable of delivering product to arrive at the delivery location the same day

7. SCHEDULE OF ITEMS

- A. **IMPORTANT NOTE:** Items not on the STORES catalog CANNOT be ordered from the contractor under the resulting contract. Payments will not be made for items not appearing on the catalog at time of order.
- B. If a customer desires to order a milk or other dairy item not listed on the resultant contract, a written request to the DLA Troop Support Market Ready Contract Specialist shall be submitted to have the item added. The Contract Specialist will contact the vendor and arrange to have the item added to the STORES catalog in coordination with the Contracting Officer.
- C. Prior to its inclusion in the STORES catalog, the pricing for each additional item must be negotiated and the Contracting Officer must determine that the price for the respective item is fair and reasonable.
- D. Additional items may be added or removed from the contract; however, any items that are added may not increase the value of the

II. ORDERING AND DELIVERIES & PERFORMANCE**1. ORDERING SYSTEM**

I. Subsistence Total Order and Receipt Electronic System ("STORES")

- A. STORES is the Government's ordering system which is capable of accepting orders from any of the Services', i.e. Army, Air Force, Navy or Marines, individual ordering systems and translating the orders into an Electronic Data Interchange ("EDI") format. In addition, this information is transmitted to DLA TROOP SUPPORT for the purposes of contractor payment and customer billing.
- B. Customers will be able to order all of their Milk and Other Dairy requirements through STORES.
- C. Initially, a copy of the STORES Orders will be transmitted via FAX from the customers listed in this solicitation to the successful awardee(s). While it is not a requirement of this solicitation, vendors are encouraged to have a separate FAX line in order to accommodate orders in a timely, efficient manner.

Form (CONTINUED)

- D. EDI capability is not a requirement for award under this solicitation. However, offerors should consider moving towards a fully functional EDI environment. In order to interface with STORES electronically, the offeror must be able to support the following EDI transaction sets:
- Catalog (Vendor to DLA TROOP SUPPORT)
 - Purchase Order
 - Functional Acknowledgment
 - Receipt
 - Invoice (optional at this time)
- E. It is mandatory that the successful vendor has access to the Internet. It is preferred they are able to send and receive electronic mail (e-mail).
- F. **Unit prices and extended prices must be formatted not more than two (2) places to the right of the decimal point. Standard rounding methods must be observed. For example, a price of \$4.574 or lower must be rounded down to \$4.57 and a price of \$4.575 or higher must be rounded up to \$4.58.**
- G. The EDI-capable vendor must be able to conform to the Government's format for Item Descriptions on both the catalog and the invoices. The Government's format begins with a broad category and then continues with a more general description. For example, a half pint of whole milk would be described as "Milk, Whole, Chl (Chilled), ½ PT CO."

2. ORDER PLACEMENT

- A. Customers shall place orders via STORES to accommodate order lead time stated on contract. Lead time is the time when the vendor receives the order until the time the vendor delivers the order. Orders shall generally be sent by the customer no later than 10:00 a.m. to allow the vendor to receive order the same business day. However, a customer may decide to place an order with a longer lead-time for delivery, except as noted under the - "**Holidays**" subsection under the "**Deliveries and Performance**" section of this Solicitation.
- B. The vendor should notify the customer, no later than 24 hours after order placement, of the non-availability of an item via phone or email. If it appears that the vendor will not be able to fulfill the order in time to meet the required delivery date, the vendor shall either offer the customer a substitute that is on the contract or advise the customer of its Not-in-Stock position. Under these circumstances, the customer may zero-out the item in STORES and create a new purchase order for a replacement item.
- C. There shall be no line-item, Local Stock Number ("LSN") additions to existing STORES orders. Requirements for additional LSN's to prior and/or existing orders shall be ordered by customers via STORES as a new and separate STORES order.

3. PURCHASE ORDER

- A. The duration of the resultant contract is for a twenty-four months period beginning on **March 15, 2020 to March 12, 2022**. Prices will be fixed with an economic price adjustment for Class I fluid milk items and firm-fixed for all other items for the entire contract period. The resultant contract will be an indefinite delivery purchase order contract (IDPO), which provides for an indefinite quantity, within stated limits, of supplies or services during a fixed period with deliveries to be scheduled by placing orders with the contractor, (FAR 16.504 (a)).

- A. If an item is not available, vendor is NOT to substitute an item without having a separate purchase order for the additional item. Customers MUST zero-out unavailable item(s) in STORES. Any orders for items that are not included on a STORES purchase order will be handled by the customer directly and not through any of the resultant contracts.
- B. The customer has to authorize any substitution to their order prior to delivery. Substitutions must be of the same or higher quality and at the same or lower price. Payment of items will be based on the price in the vendor's electronic catalog. Therefore, firms that submit an invoice reflecting a higher price for substituted items will not be paid the full amount and will only be reimbursed for the unit price shown in the catalog.
- C. If the price of the substituted item is lower than the price of the item originally ordered, then the vendor shall invoice at the lower price and not the catalog price.

8. HOLIDAYS

Said prices included in the STORES order will be the prices paid by the customer for those particular items. - E. All deliveries exclude national legal holidays unless otherwise indicated by ordering activity.
- F. Items will be off-loaded from the contractor(s) vehicle(s) by contractor personnel and placed inside the dining halls, etc. Deliveries to ships shall be brought to the brow of the vessel, when applicable, by contractor personnel.

Form (CONTINUED)**7. FOOD DEFENSE/FORCE PROTECTION**

DLA Troop Support Subsistence Directorate provides world-wide subsistence logistics support during peace time as well as during regional conflicts, contingency operations, national emergencies, and natural disasters. At any time, the United States Government, its personnel, resources and interests may be the target of enemy aggression to include espionage, sabotage, or terrorism. This increased risk requires DLA Troop Support to take steps to ensure measures are taken to prevent the deliberate tampering and contamination of subsistence items. The awardee(s) must ensure that products and/or packaging have not been tampered with or contaminated throughout the growing or production, storage, and delivery processes. Contract awardee(s) will ensure to complete security of all conveyances to any military installations. The awardee(s) must immediately inform DLA Troop Support Subsistence of any attempt or suspected attempt by any party or parties, known or unknown, to tamper with or contaminate subsistence supplies. As the holder of a contract with the Department of Defense, the awardee(s) should be aware of the vital role they play in supporting our customers. It is incumbent upon the awardee(s) to take all necessary actions to secure product delivered to all military customers, as well as any applicable commercial destinations.

8. RAPID GATE

Many bases currently require enrollment in Rapid Gate and will not allow entry without Rapid Gate clearance. During the contract implementation period, the Contractor must contact all customer locations to determine whether enrollment in Rapid Gate or another security program is required for access to each location. If Rapid Gate or other security enrollment is required, the contractor must take all necessary steps to obtain this in time for the start of performance under this contract. Failure to have Rapid Gate clearance may result in a vendor being turned away from the base and being unable to complete delivery. The contractor is responsible for the additional cost for Rapid Gate enrollment and must ensure that a Rapid Gate enrolled driver is available for all deliveries. There will be a fee for Rapid Gate enrollment that will include access to multiple locations for multiyear access, but the cost of Rapid Gate or other security enrollment may vary, so the contractor should contact Rapid Gate to determine its own costs. If more than one driver is required, Rapid Gate enrollment must be obtained for each driver. Note that enrollment can take several weeks, so an awardee that is not already enrolled must begin enrollment at the time of award notification at the latest. If difficulty or delay in enrollment in Rapid Gate is encountered during the implementation period, the contractor MUST contact Rapid Gate and/or the Security Officer at the applicable customer locations to resolve any issues with processing Rapid Gate enrollment so that the contractor will be able to deliver as required. For additional information regarding Rapid Gate, including enrollment instructions, please visit their website at <http://www.rapidgate.com>.

If any supplies acquired hereunder are recalled under the provisions of the Federal Food, Drug and Cosmetic Act, and regulations there under, the Contractor shall, at the Government's option, either reimburse the Government or repair/replace the recalled supplies. Additionally, the Contractor shall notify the Contracting Officer immediately when a firm decides to voluntarily recall or withdraw any product from the marketplace. Upon notification by the Contracting Officer that supplies acquired hereunder have been recalled, the Contractor shall either (a) accept certificates of destruction from the Government after the supplies have been properly disposed of, (b) request return of the supplies, or (c) if supplies may be repaired on site without transporting them from their location, furnish all materials necessary to effect repairs. Replacement or reimbursement will be accomplished by the Contractor immediately on receipt of Certificates of Destruction or returned supplies. The rights and remedies of the Government provided in this clause are in addition to, and do not limit, any rights afforded to the Government by any other clause in the contract.

6. STATE MINIMUM PRICE REGULATIONS

Acquisitions financed by appropriated funds are made under authority of Chapter 137, Title 10 United States Code (U.S.C.), and the Defense Federal Acquisition Regulation Supplement (DFARS). Pursuant to Paul versus United States decided by the Supreme Court of the United States on 14 January 1963, state minimum distributor price regulations with respect to milk or other dairy products are not applicable to such acquisitions.

7. SPECIAL PROVISIONS FOR BULK MILK DISPENSING EQUIPMENT - DLA TROOP SUPPORT SUBSISTENCE

(a) General. Regulations require that the cost to the Government for bulk milk dispensing equipment must be identified and paid for from a different fund than the milk itself. Accordingly, unit and extended prices on each offered item requiring the furnishing of bulk milk dispensing equipment will be broken down and will state separately (1) the charge for the milk itself, and (2) the charge for the bulk milk dispensing equipment called for by that item. The dispensing equipment charge will include the cost of furnishing, installing, servicing, maintaining and removing such equipment. Evaluation of offers will be based on the total charge for each such item. By submission of this

CONTINUED ON NEXT PAGE

Form (CONTINUED)

offer, the offeror confirms that the separate charges entered for such items represent the true and accurate charges for the milk and bulk milk dispensing equipment, and that the price offered for milk does not include any cost on account of bulk milk dispensing equipment. Dispensing equipment charge will be the per-gallon rate for equipment and services.

(b) Invoices. Invoices covering items requiring the furnishing of bulk milk dispensing equipment must show separately for each such item the charge for the milk product furnished and the applicable charge for the bulk milk dispensing equipment.

(c) Computations. (Applicable only in contracts which contemplate the use of both government-furnished and Contractor-furnished dispensers.)

(1) Basic. To the extent both government-furnished and Contractor-furnished equipment is to be used in the dispensing of bulk milk required under this contract, the following dispenser charge procedures shall apply. In each case, the Government shall give written notice to the Contractor stating which of the consumption points will employ Contractor-furnished dispensers exclusively. Such points shall be called "Contractor Dispenser Points".

(2) Central deliveries. Where bulk milk is delivered to a central delivery point for redistribution by the Government both to Contractor dispenser points and to other consumption points, data shall be furnished by such central delivery point to the Contractor stating the gallonage issued during the invoice period to Contractor-dispenser points. Such data shall be the basis of invoicing dispenser charges.

(3) Direct deliveries. Where bulk milk is delivered to Contractor Dispenser Points directly by Contractor, delivery receipt data applicable to such points shall be the basis of such invoicing.

(4) Mixed-equipment points. Where bulk milk is delivered either directly or through a central delivery point to any consumption point where any or all of the dispensers are furnished by the Government, no dispenser charges shall be applicable to, such milk, except as provided below. Contractor shall not be required to furnish dispensers at any consumption point where any Government dispensers are located, except as provided below.

(5) Urgency exception. Where urgent requirements, as determined by the ordering officer, necessitate the use of both Government and Contractor-furnished dispensers at the same consumption point, the minimum number of Contractor-furnished dispensers shall be ordered in writing only and supplied to such point. In such case, dispenser charges (per line item) shall apply to that proportion of the bulk milk delivered to such point which corresponds to the proportion of Contractor-furnished dispenser spigots to the total number of spigots at such point. (For example: If half the number of spigots used in dispensing chocolate milk at that point are Contractor-furnished, half of the chocolate milk gallonage there shall be subject to the dispenser charge.)

8. NON-COMPETE PROVISION

The offeror warrants that upon receiving the award, it will not actively promote, engage, or market any of the customers on this acquisition away from the resultant DLA Troop Support contract and onto a milk and other dairy subsistence contract of any other Government agency or commercial entity. This prohibition is in effect during the life of the resultant contract(s) and restricts competition in the specific area or zone that is the subject of this acquisition. A violation of this term may result in the Contracting Officer not exercising any applicable option terms, documenting this action as part of the awardee's past performance data, and taking other appropriate recourse as permitted by law.

9. CONTRACT CLOSEOUT

Individual delivery orders shall be invoiced within five (5) days from the actual date of delivery. It is the Government's intent to closeout contracts within 60 days from the date of the final delivery.

ECONOMIC PRICE ADJUSTMENT**DLAD 52.216-9032 Economic Price Adjustment (EPA) - Established Market Price - Milk (Feb 2009)**

(a) To the extent that contingent cost increases are provided for by this clause, the Contractor warrants that prices included in the contract do not include any amount to protect against such contingent cost increases.

(b) This EPA clause applies to skim milk and butterfat fluid milk products classified as class I milk only (i.e., whole milk, fat-free milk, low fat milk, light milk, reduced fat milk, milk drinks, eggnog and cultured buttermilk, including any such beverage products that are flavored, cultured, modified with added nonfat milk solids, sterilized, concentrated, or reconstituted. As used in this paragraph, the term concentrated milk means milk that contains not less than 25.5 percent, and not more than 50 percent, total milk solids). Any package sizes other than

(1) For covered contractor information systems that are part of an Information Technology (IT) service or system operated on behalf of the Government, the following security requirements apply:

(i) Cloud computing services shall be subject to the security requirements specified in the clause 252.239-7010, Cloud Computing Services, of this contract.

(ii) Any other such IT service or system (i.e., other than cloud computing) shall be subject to the security requirements specified elsewhere in this contract.

(2) For covered contractor information systems that are not part of an IT service or system operated on behalf of the Government and therefore are not subject to the security requirement specified at paragraph (b)(1) of this clause, the following security requirements apply:

(i) Except as provided in paragraph (b)(2)(ii) of this clause, the covered contractor information system shall be subject to the security requirements in National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" (available via the internet at <http://dx.doi.org/10.6028/NIST.SP.800-171>) in effect at the time the solicitation is issued or as authorized by the Contracting Officer.

(ii)(A) The Contractor shall implement NIST SP 800-171, as soon as practical, but not later than December 31, 2017. For all contracts awarded prior to October 1, 2017, the Contractor shall notify the DoD Chief Information Officer (CIO), via email at osd.dibcsia@mail.mil, within 30 days of contract award, of any security requirements specified by NIST SP 800-171 not implemented at the time of contract award.

(B) The Contractor shall submit requests to vary from NIST SP 800-171 in writing to the Contracting Officer, for consideration by the DoD CIO. The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.

(C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

Part 12 Clauses (CONTINUED)

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.

(c) Cyber incident reporting requirement.

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall --

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at <https://dibnet.dod.mil>.

(2) Cyber incident report. The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at <https://dibnet.dod.mil>.

(3) Medium assurance certificate requirement. In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see <https://public.cyber.mil/eca/>.

(d) Malicious software. When the Contractor or subcontractors discover and isolate malicious software in connection with a reported cyber incident, submit the malicious software to DoD Cyber Crime Center (DC3) in accordance with instructions provided by DC3 or the Contracting Officer. Do not send the malicious software to the Contracting Officer.

(e) Media preservation and protection. When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) Access to additional information or equipment necessary for forensic analysis. Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

(g) Cyber incident damage assessment activities. If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) DoD safeguarding and use of contractor attributional/proprietary information. The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is

included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) Use and release of contractor attributional/proprietary information not created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD --

- (2) To entities that may be called upon to assist in the diagnosis, detection, or mitigation of cyber incidents;
- (3) To Government entities that conduct counterintelligence or law enforcement investigations;

(4) For national security purposes, including cyber situational awareness and defense purposes (including with Defense Industrial Base (DIB) participants in the program at 32 CFR part 236); or

(5) To a support services contractor ("recipient") that is directly supporting Government activities under a contract that includes the clause at 252.204-7009, Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.

(j) Use and release of contractor attributional/proprietary information created by or for DoD. Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph (i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government's use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) Other safeguarding or reporting requirements. The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) Subcontracts. The Contractor shall --

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial items, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require protection under this clause, and, if necessary, consult with the Contracting Officer; and

(2) Require subcontractors to --

(i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and

"Foreign-flag vessel" means any vessel that is not a U.S.-flag vessel.

"Ocean transportation" means any transportation aboard a ship, vessel, boat, barge, or ferry through international waters.

(1) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

52.212-1 INSTRUCTIONS TO OFFERORS - COMMERCIAL ITEMS (JUN 2020) FAR
52.212-1 -- INSTRUCTIONS TO OFFERORS -- COMMERCIAL ITEMS. (DEVIATION 2018-O0018)

As prescribed in [12.301\(b\)\(1\)](#), insert the following provision:

Instructions to Offerors -- Commercial Items (Oct 2018)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and

Part 12 Provisions (CONTINUED)

certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and --

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

CONTINUED ON NEXT PAGE

Part 12 Provisions (CONTINUED)

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

ADDENDUM TO 52.212-1 OFFEROR REPRESENTATIONS AND CERTIFICATIONS -- COMMERCIAL ITEMS

The following paragraphs of 52.212-1 are amended as indicated below:

1. Paragraph (b), Submission of Offers.

- a. See pages 3-4, for any specific instructions on how to submit your offer if mailed or hand carried.
- b. E-mail is an acceptable form of transmission for submission of initial proposals or revisions to proposals submitted in response to this solicitation. E-mailed submissions should be sent to **Joshua E. Metzger, Joshua.Metzger@dla.mil** , and **Alicia Nichols-Harris, Alicia.Harris@dla.mil** . Limit the file size of any individual email attachment to 5MB, and the total size of any email to 10MB. Multiple email submissions may be required. If submitting multiple emails as a proposal submission, label each email with a number (e.g., 1 of 8), accordingly. After transmitting an email submission, offerors should confirm receipt of all emails with the intended recipients.
- c. Facsimile is not an acceptable form of transmission for submission of initial proposals or revisions to initial proposals submitted in response to this solicitation. As directed by the Contracting Officer, facsimile may be used during discussions/negotiations, if discussions/negotiations are held, for proposal revisions, including Final Proposal Revisions.

2. Paragraph (c), Period for Acceptance of Offers, is revised as follows:

Period of acceptance is **180** days.

3. Paragraph (h), Multiple Awards, is revised to add the following:

The Government intends to make one (1) award, for each Group based on the technically acceptable offer with the lowest aggregate evaluated price. In the event that one offeror is the awardee for more than one Group, the award for more than one Group may be issued under a single contract. Offerors shall submit their best proposal for each Group independently due to the Government's right to make separate awards for Groups 1 and 2. Offerors are required to offer on all items in the Schedule of Items for each Group; failure to do so may result in exclusion from award consideration.

PROPOSAL SUBMISSION INFORMATION**A. Pricing**

1. An offeror's price proposal shall consist of prices submitted for each of the items found in the Schedule of Items (Attachment 1). The Schedule of Items is a grouping of items expected to be ordered by the customers along with the estimated quantities. The items found in the Schedule of Items represent 100% of the estimated dollar value for that particular Group. Offerors are required to submit their Contract Unit Price for each item.
2. Formatting of Prices: Prices shall be formatted to no more than two places to the right of the decimal point, for example, \$2.50. In the event that the offeror submits a price that exceeds this limitation, the price will be rounded up or down using standard rounding methods. For example, a price of \$2.215 or higher will be rounded up to \$2.22 and a price of \$2.214 or lower will be rounded down to \$2.21.

CONTINUED ON NEXT PAGE

Part 12 Provisions (CONTINUED)

B. Schedule of Items: Pricing

1. The Schedule of Items in Attachment 1 represents 100% of the estimated dollar value of this procurement. Offerors must submit pricing for all items in the Schedule of Items. The unit prices of all items found in the Schedule of Items will be comparatively assessed to identify any unusually high or low priced items. This assessment includes, but is not limited to, comparison amongst offerors' prices as well as comparison against market report prices and internal Government databases that are applicable.
2. Estimated quantities for each Tier period (2 separate Tiers, consisting of one (24-month) and one (12-month) tier periods) are indicated next to each item and are for information and evaluation purposes only. The Offeror's proposed Contract Unit Prices found in the Schedule of Items will be multiplied by the estimated quantities by Tier in order to calculate the Offeror's overall aggregate total price, which will be compared against the other offerors in order to identify the lowest overall price proposal.

C. Contract Unit Prices

1. Prices must not extend more than two places to the right of the decimal point. Standard rounding methods must be observed. For example, a delivered price of \$2.215 or higher must be rounded up to \$2.22 and a price of \$2.214 or lower must be rounded down to \$2.21.
2. If an offeror carries a variety of brands for the same item, the price submitted shall be for the lowest priced, technically acceptable, item that meets the Government's minimum requirements.
3. All items procured under the resultant contract are subject to all contractual clauses and regulations, including, but not limited to, DFARS 252.225-7012, Preference for Certain Domestic Commodities, and the requirement that items be procured from a sanitarily approved source. All invoices and quotes must contain sufficient information to clearly reflect compliance with solicitation/contract terms and conditions.
4. Offerors are required to submit a spreadsheet containing the following information (Attachment 1):
 - (a) Stock Number.
 - (b) Item Description: Government Item Description.
 - (c) Estimated Quantity: Quantity provided.
 - (d) Unit of Issue: Self-explanatory. Note: Unit of Issue must be the same as that identified in the Government's Schedule of Items.
 - (e) Total: Estimated Quantity multiplied by Contract Unit Price.
 - (f) Gov't Average Case Weight: Provided.

D. Instructions for Proposal Spreadsheet - Attachment 1

1. Please fill in the white boxes only for each Group. For *Group 1* Alabama: fill in Columns I, J, K for CLIN #1-15 and Columns I, J, L, M for CLIN #16-24. The spreadsheet will automatically calculate your aggregate total. All prices must be rounded to two places to the right of the decimal point using standard rounding methods (see paragraph A.2. above.)
2. When preparing the spreadsheet, totals must appear in row 36 Columns N, O, & M, and "Total Aggregate" in row 37

column O.

E. Proposal Submission: Each offeror must submit:

- (i) a signed copy of the solicitation (and amendments, if applicable),
- (ii) all solicitation attachments (including Attachment 1 with proposed prices),
- (iii) signed financial arrangement information,

When submitting a proposal to the Business Opportunities Office an offeror must provide a hard copy as well an electronic version (CD/DVD) of all items listed above. No hard copy is required when submitting a proposal through DIBBS.

No hard copy is required when submitting a proposal through email.

For email submissions, offerors are reminded to limit the file size of any required documents being emailed, i.e., signed copy of the solicitation, amendments, completed Attachment 1, financial arrangement letter, completed list of Places of Performance, third party warehouse audit results, invoices, etc. No individual document submitted should be greater than 5MB and no entire email should be larger than 10 MB. Multiple emails are likely necessary. When submitting multiple emails as a proposal submission, label each email with a number (e.g., 1 of 8), accordingly. In addition, label each individual document according to submission requirement with which it corresponds.

52.212-2 -- EVALUATION -- COMMERCIAL ITEMS.**Evaluation -- Commercial Items (Oct 2014)**

Part 12 Provisions (CONTINUED)**ADDENDUM TO FAR 52.212-2, EVALUATION OF COMMERCIAL ITEMS.**

(a) The Government will award contract(s) resulting from this solicitation to the responsible offeror(s) whose offer(s) conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Lowest Price Technically Acceptable (LPTA) source selection procedures will be used as the source selection method in this procurement. The following factors shall be used to evaluate offers:

1. Technical Acceptability - A technically acceptable offer is an offer that takes no exceptions to the terms and conditions in the solicitation and complies fully with all submission requirements. A proposal that takes exception to solicitation terms and conditions or that fails to comply with all submission requirements may be deemed technically unacceptable and, thus, may be found ineligible, and removed from further consideration, for the awards. By submitting a proposal with no exceptions, an offeror is confirming it possesses the necessary facilities, equipment, technical skills and capacity to successfully provide all items required by this solicitation.

2. Pricing - Pricing is required for all items found in the Schedule of Items (for each Group, if applicable) and for all tiers. Failure to offer pricing for all items and for all tiers may result in a proposal being removed from consideration for award as technically unacceptable. The Government will perform an aggregate price analysis for all items found in the Schedule of Items (for each Group, if applicable). To determine an offeror's evaluated aggregate price, the estimated quantities in the Schedule of Items will be multiplied by the unit prices to determine the lowest aggregate price, (for each Group, if applicable) to the Government. Offered prices, on an individual line item basis, will be evaluated to determine fair and reasonableness.

The award(s) will be made on the basis of the lowest Evaluated Aggregate Price (for each Group, if applicable) of proposals meeting or exceeding the acceptability standards for non-price factors. The Government reserves the right to remove item(s) from the Schedule of Items or do a common item comparison if offerors do not submit pricing for all items. Prior to award, the offered prices of the presumptive awardee(s) will be evaluated on an individual line-item basis to determine whether each price is fair and reasonable using analytical techniques deemed appropriate by the Contracting Officer in her/his complete discretion.

(b) Options are not included in this solicitation.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(4) Have, have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
