Agreement #P0002 Failure to submit pricing data.**

Dear Manufacturer:

This letter is to notify you that effective immediately the time established for submission price changes will be no later than 2:00pm Eastern Standard time on the submission date. Please comply with this change since Modification P0002 (attached): Failure to submit pricing data on the submission date will be strictly adhered too. In essence, if pricing isn't submitted on the required submission date and time the previous months' price will remain in effect for that month. There will be no exceptions.

Respectfully,
