**2. BACKGROUND:**

In cooperation with the FDA's warning to not consume mangoes from Agricola Daniella in Mexico, Del Monte Fresh Produce N.A., Inc, is initiating a voluntary recall of 1,600 bowls of fresh-cut mangoes distributed to retail outlets due to the potential risk that the mangoes may contain Salmonella. Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis. This recall is associated with FoodSource's (Edinburg, TX) recall of mangoes sourced from Agricola Daniella in Mexico.
