2. BACKGROUND:

Recall Release CLASS I RECALL

FSIS-RC-065-2012 HEALTH RISK: HIGH

Tyson Foods, Inc., a Pine Bluff, Ark. establishment, is recalling approximately 67,269 pounds of packages labeled as Honey BBQ Flavored Boneless Chicken Wyngz because of misbranding and undeclared allergens. Buffalo Style Boneless Chicken Wyngz were packaged in bags meant for Honey BBQ Flavored Boneless Chicken Wyngz and contain the allergens milk, soy and egg, which are not declared on the Honey BBQ Flavored Boneless Chicken Wyngz label, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The products were produced on Aug. 7 and Aug. 8, 2012, and were distributed to retail stores nationwide. When available, the retail distribution list(s) will be posted on FSIS' website at www.fsis.usda.gov/FSIS_Recalls/Open_Federal_Cases/index.asp .

Tyson Foods was alerted to the problem through consumer complaints. FSIS and the company have not received reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider. FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers.
