2. BACKGROUND:

Mondelez Global LLC announced today a voluntary recall in the United States of the Green & Black's Organic Peanut & Sea Salt Milk Chocolate Bar. This product contains peanuts supplied by Sunland, Inc., which expanded its nationwide recall on October 12, 2012. The peanuts have the potential to be contaminated with Salmonella, which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.
