2. Background: As a preventative measure, Better Made Snack Foods of Detroit, MI, is recalling 10-ounce packages of Original Potato Chips because they may contain undeclared milk. People who have an allergy or severe sensitivity to milk run the risk of serious or life-threatening allergic reaction if they consume these products.

The recalled 10-ounce Original Potato Chips were distributed nationwide in retail stores.

No illnesses associated with this voluntary recall have been reported to date.

The recall was initiated after it was discovered that a package of 10-ounce Original Potato Chips dated 10 AUG 2019 did not contain Original Potato Chips but instead contained Cheddar and Sour Cream Potato Chips which contain milk. Subsequent investigation indicates the problem was caused by a temporary breakdown in the company's production and packaging processes which may have affected 660 bags of 10-ounce Original Potato Chips.

Sale and distribution of these items should stop immediately and any product remaining in the market should be removed.

3. Product affected:
