SUBJECT: ALFOODACT 2019-061 – Mann Packing Co., Inc. Voluntarily Recalls Vegetable Products Due to Potential Contamination with *Listeria monocytogenes*

Date Issued: 4 November 2019

2. BACKGROUND: Mann Packing Co., Inc. announced the voluntary recall of a series of vegetable products sold to select retailers in the United States and Canada. The voluntary recall is a response to a notification by the Food and Drug Administration and the Canadian Food Inspection Agency of a potential contamination with *Listeria monocytogenes*. To date, public health officials have not reported any illness associated with these products.

Mann Packing is issuing this recall out of an abundance of caution. *Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women. Mann Packing will continue to work closely with the authorities to investigate the issue.

3. PRODUCT(S) AFFECTED:

The recalled products have “Best If Enjoyed By” date of **October 11, 2019 to November 16, 2019**.
