2. BACKGROUND: Dole Fresh Vegetables, Inc. is voluntarily recalling a limited number of cases of Colorful Coleslaw. This precautionary recall notification is being issued due to a sample of President’s Choice Colorful Coleslaw which yielded a positive result for *Salmonella* in a random sample test conducted by the Canadian Food Inspection Agency.

Salmonella is an organism that can cause foodborne illness in a person who eats a food item contaminated with it. Symptoms of infection may include fever, diarrhea, nausea, vomiting and abdominal pain. The illness primarily impacts young children, frail or elderly people, and others with weakened immune systems. Most healthy adults and children rarely become seriously ill after exposure to *Salmonella*.

The impacted products were distributed in select stores in seven states in the United States (AK, CA, ID, MT, NV, OR and WA). Consumers are advised to check product they have in their homes and discard any product matching these lot and UPC codes and Use-by dates.

No other Dole products are included in the recall. Only the specific Colorful Coleslaw products listed, with the exact Lot codes, UPC codes and Use-by dates identified below, are included in the recall.

No illnesses have been reported in association with the recall to date.
