BACKGROUND: On April 10, 2020, Conagra Brands, Inc., recalled approximately 130,763 pounds of not ready-to-eat chicken bowl products produced on Jan. 23, 2020 which initiated ALFOODACT 2020-008 (reference message for original recall information).

On May 22, 2020, Conagra Brands, Inc., Russellville, Ark. and Marshall, Mo. establishments are recalling approximately 276,872 pounds of not ready-to-eat chicken and turkey bowl products because the products may contain extraneous material, specifically small rocks, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The scope of this recall has been expanded to include Healthy Choice Power Bowls Chicken Feta & Farro Bowls, Healthy Choice Power Bowls Unwrapped Burrito Scramble Power Bowls, and Healthy Choice Power Bowls Turkey Sausage & Egg Scramble Power Bowls produced on various dates. The products were produced at two different establishments.

These items were shipped to retail locations nationwide and exported to Canada.

The problem was discovered when the firm received additional consumer complaints about rocks being in the products and the firm then notified FSIS of the issue.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.
