2. BACKGROUND: Prima® Wawona of Fresno, California is voluntarily recalling all of its bulk/loose peaches distributed and sold from June 1 through August 3 and its bagged Wawona and Wawona Organic peaches distributed and sold from June 1 through August 19th because the products could possibly be contaminated with Salmonella.

Salmonella is a microorganism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Prima® Wawona is recalling the peaches as a precaution in connection with a Salmonella outbreak under investigation by the U.S. Food and Drug Administration and the U.S. Centers for Disease Control and Prevention that is suspected to have caused the illness of more than 60 people in nine states.

3. PRODUCTS AFFECTED: All Prima® Wawona bulk/loose peaches distributed and sold from June 1 through August 3 and its bagged Wawona and Wawona Organic peaches distributed and sold from June 1 through August 19<sup>th</sup>.

The bagged peaches were distributed and sold in supermarkets with the following product codes:

Wawona Peaches – 033383322001

Wawona Organic Peaches – 849315000400

Prima® Peaches – 766342325903
