MEMORANDUM FOR RECORD

SUBJECT: McCormick Voluntary Recall of Italian Seasoning Products and Frank’s RedHot Buffalo Ranch Seasoning Due to Possible Salmonella Risk

1. **REFERENCE.** DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161\_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. **BACKGROUND.** McCormick & Company, Inc. of Hunt Valley, MD, is initiating a voluntary recall of McCormick Perfect Pinch Italian Seasoning, McCormick Culinary Italian Seasoning and Frank’s RedHot Buffalo Ranch Seasoning due to possible contamination with Salmonella.

Salmonella is an organism that can cause serious and sometimes fatal infections in young children, elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea, nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses.

No illnesses have been reported to date in connection with this problem.

The potential risk was brought to McCormick’s attention by FDA during routine testing. This recall affects cases that were shipped of the affected date codes. McCormick has alerted customers and grocery outlets to remove the product with the affected date codes from store shelves and distribution centers immediately, and to destroy this product in a manner that would prevent any further consumption.
