MEMORANDUM FOR RECORD

SUBJECT: Bayer Issues Voluntary Recall of Specific Lotrimin® and Tinactin® Spray Products Due to the Presence of Benzene

1. **REFERENCE.** DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. **COMPANY ANNOUNCEMENT.** WHIPPANY, N.J., October 1, 2021 -- Bayer is voluntarily recalling all unexpired Lotrimin® AF and Tinactin® spray products with lot numbers beginning with TN, CV or NAA, distributed between September 2018 to September 2021, to the consumer level due to the presence of benzene in some samples of the products. Benzene is not an ingredient in any of Bayer Consumer Health products. It is important to note that Bayer's decision to voluntarily recall these products is a precautionary measure and that the levels detected are not expected to cause adverse health consequences in consumers.

Risk Statement: Benzene is classified as a human carcinogen. Exposure to benzene can occur by inhalation, orally, and through the skin. Depending on duration and level of exposure, it can result in cancers including leukemia, and blood cancer of the bone marrow and blood disorders which can be life-threatening. Benzene is found in the environment from natural sources and human activity. Humans around the world are exposed to it from multiple sources and pathways, including inhalation, through the skin, and orally. To date, Bayer has no known reports of adverse events related to this recall.

There are no issues of concern with Lotrimin®/Tinactin® creams, including Lotrimin® Ultra, or any other Bayer products.

The recalled products are all packaged in aerosol spray cans. The products were distributed in the U.S., Puerto Rico, Canada, and Mexico through a variety of retail channels.

Bayer is also notifying its distributors and retailers by letter and is arranging for returns of all voluntarily recalled products.

This recall is being conducted with the knowledge of the U.S. Food and Drug Administration.
