MEMORANDUM FOR RECORD

SUBJECT: Abbott Voluntarily Recalls Certain Lots of 2 Fl. Oz./59 mL Bottles of Ready-to-Feed Liquid Products; Recall Is Not Expected to Impact U.S. Infant Formula Supply

1. **REFERENCE:** DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161\_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. **COMPANY ANNOUNCEMENT:** Abbott is initiating a proactive, voluntary recall of certain lots of 2 fluid ounce/59 milliliter bottles of Ready-to-Feed liquid products for infants and children, including the brands Similac® Pro-Total Comfort™, Similac® 360 Total Care®, Similac 360 Total Care Sensitive, Similac® Special Care® 24, Similac Stage 1, Similac® NeoSure®, Similac Water (Sterilized) and Pedialyte Electrolyte Solution. The products included in the recall were manufactured at our Columbus, Ohio, manufacturing facility.

These products are being recalled because a small percentage of bottles (less than 1%) in the recalled lots have bottle caps that may not have sealed completely, which could result in spoilage. If spoiled product is consumed, gastrointestinal symptoms such as diarrhea and vomiting may occur.

This recall does not include any other liquid or powder formula brands or other nutrition products produced in our Columbus facility or elsewhere within our global nutrition manufacturing network. It also does not include any amino acid-based formulas or metabolic nutrition formulas.

This recall equates to less than one day's worth of the total number of ounces of infant formula fed in the U.S. and is not expected to impact the overall U.S. infant formula supply. Abbott is continuing production of Similac 2 fluid ounce/59 milliliter Ready-to-Feed liquid formula products for hospitals and healthcare providers' offices on a different production line. Similac infant formula will continue to be produced in alternative product sizes and formats for delivery to retail locations, in addition to increased production throughout our global manufacturing network.

**UNCLASSIFIED**

**3. PRODUCTS AFFECTED:** The products included in the recall were distributed primarily to hospitals and to some doctors' offices, distributors, and retailers in the U.S., including Puerto Rico; one lot of products was sent to Barbados, Bermuda, Colombia, the Dominican Republic, Haiti, Jamaica, St. Croix and St. Thomas; and two lots were sent to Canada, Curacao, Panama, and Trinidad and Tobago. Voluntary recall of certain lots of 2 fluid ounce/59 milliliter bottles of Ready-to-Feed liquid products for infants and children.

***\*Immediately discontinue use/sale of products and place on medical hold. Contact your supplier for disposition instructions.***

**4. PRODUCT LABELS/PICTURES:**

**5. CONTACT INFORMATION.** If a product is included in the recall, do not use the product. For all feeding-related questions or questions about your child’s health, contact a healthcare professional. To identify if your product is included, please visit [similacrecall.com](http://similacrecall.com) to view a list of impacted lot numbers or use the lot number checker on the webpage. If you have questions, please contact Abbott's Consumer Relations hotlines below in the country where you received product: U.S.: +1-800-986-854

**6. POSITIVE AND NEGATIVE FINDINGS.**

a. **Army Veterinary Services and Air Force Public Health Personnel:** Report negative and positive findings in the Veterinary Service Information Management System (VSIMS) Subsistence Recalls application. If you are not in one of these two groups, please use the instructions below (paragraphs b-d).

b. **Navy:**

1) **SHIPS AT SEA:** Must report positive and negative findings to supporting Veterinary Service unit. Are authorized to destroy or dispose of recalled products utilizing the procedures and reporting requirements outlined in NAVSUP P-486 Paragraph 5302 and 6000(4), to include

**UNCLASSIFIED**

completion of a DD Form 200 and Standard Form 364. Procedures for completing the DD Form 200 are found in NAVSUP P-486 Paragraph 6001. Procedures for completing Standard Form 364 are found in NAVSUP P-486 Paragraph 5300(2)(c).

2) SHIPS IN PORT/HOMEPORTED/ASHORE GALLEYS: Supporting Veterinary Service unit will conduct inspection and report positive and negative findings in VSIMS Subsistence Recalls application. Contact the appropriate DLA Account Manager via Regional NAVSUP Fleet Logistics Center (NAVSUP FLC) to arrange pickup of recall items. Contact your supporting (NAVSUP FLC) for any issues regarding PV Pickup. Proceed with the same guidance in the paragraph above.

c. **Defense Logistics Agency (DLA) Contractors:** Report positive and negative findings to your Contracting Officer, Contracting Specialist, TVLS, and [dscpconssafofc@dla.mil](mailto:dscpconssafofc@dla.mil) within 72-hours.

Positive Response Information required: (Vendor must provide all the following information):

- 1) ALFOODACT 2021-XXX
- 2) DLA Contract Number:
- 3) Unit of Measure:
- 4) Quantity Currently in Stock:
- 5) List of customers that received product AND (a-h) for each customer:
  - a) Customer name and location:
  - b) DLA Purchase Order Number:
  - c) Vendor Invoice Number:
  - d) Item Stock number (LSN, NSN):
  - e) Quantity Shipped:
  - f) Date Shipped:
  - g) Value of Affected Product:
  - h) Amount of credit due:

d. **AAFES, MWR, NEX, MCCS, DeCA, DLA, dining facilities, and all other agencies,** report your findings in accordance with the procedures outlined by your agency.
