MEMORANDUM FOR RECORD

SUBJECT: Bob Evans Farms Foods, Inc., Recalls Italian Pork Sausage Products due to Possible Foreign Matter Contamination

1. **REFERENCE:** DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. **COMPANY ANNOUNCEMENT:** WASHINGTON, Oct. 21, 2022 – Bob Evans Farms Foods, Inc., a Xenia, Ohio establishment, is recalling approximately 7,560 pounds of Italian pork sausage products that may be contaminated with extraneous materials, specifically thin blue rubber, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today.

The problem was discovered after the firm notified FSIS it had received consumer complaints reporting thin blue pieces of rubber in the product.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers’ refrigerators or freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers.
