SUBJECT: J.T.M. Provisions Company Recalls Frozen Ready-To-Eat Beef Chili Products Due To Possible Foreign Matter Contamination

1. **REFERENCE:** DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. **COMPANY ANNOUNCEMENT:** J.T.M. Provisions Company, a Harrison, Ohio establishment, is recalling approximately 22,530 pounds of frozen, ready-to-eat beef chili with beans products that may be contaminated with extraneous materials, specifically white plastic, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The products subject to recall bear establishment number "EST. 1917" inside the USDA mark of inspection on the case. These products were purchased by USDA Foods for the National School Lunch Program (NSLP). These items were shipped to distributors in California, Massachusetts, New York, Pennsylvania, New Jersey, and Wisconsin.

The problem was discovered after the company received a customer complaint about semi-rigid white plastic material found in the frozen, ready-to-eat beef chili with beans and notified FSIS.

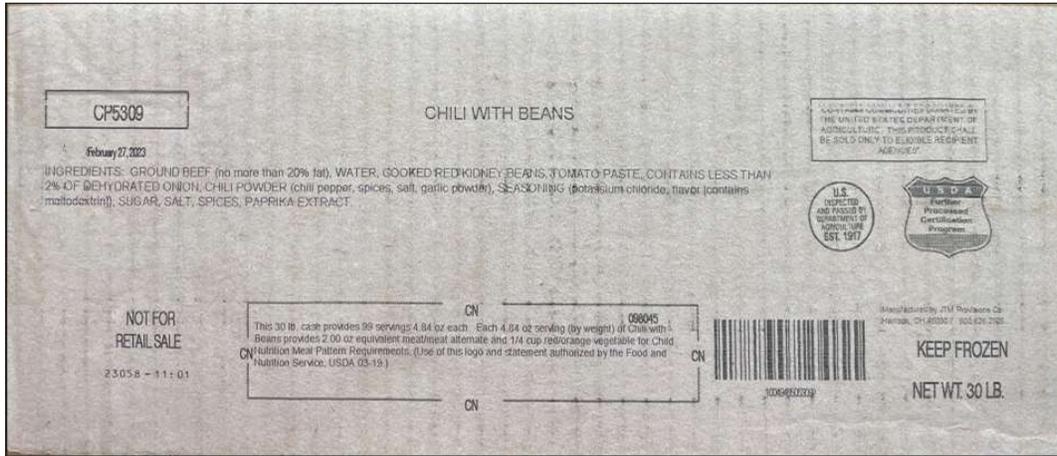

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in school freezers or refrigerators. School nutrition professionals who have purchased these products are urged not to prepare or consume them. These products should be thrown away or returned to the place of purchase.

3. **PRODUCTS AFFECTED:** The frozen, ready-to-eat beef chili with beans items were produced on February 27, 2023. The following products are subject to recall:
