2. COMPANY ANNOUNCEMENT: Idaho Smokehouse Partners, LLC, a Shelley, Idaho establishment, is recalling approximately 29,541 pounds of ready-to-eat beef stick products that may be contaminated with foreign material, specifically metal, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The ready-to-eat beef stick item was produced from January 13 to January 15, 2025. The following product is subject to recall:

- 1.15-oz vacuum-sealed packages of "CHOMPS ORIGINAL BEEF STICK MILD," with an expiration date of 02-10-2026, and lot code 25016 printed on the label.

The product subject to recall bears establishment number "6220A" ink-jetted on the package. These items were shipped to retail locations in California and Illinois.

The problem was discovered after the firm notified FSIS that it received two consumer complaints reporting that pieces of metal were found in the product.

There have been no confirmed reports of injury due to consumption of these products. Anyone concerned about an injury should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' pantries. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.
