MEMORANDUM FOR RECORD

SUBJECT: Letter of Instructions for DoD Hazardous Food & Nonprescription Drug Recall System

1. **REFERENCE:** DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. **RESPONSIBILITIES:**

a. Defense Logistics Agency Troop Support (DLA-TS) Directorate of Subsistence. The DLA-TS Directorate of Subsistence will act as the sole agent for DoD to coordinate recalls of all hazardous, tampered with, or suspected tampered food and nonprescription drugs which may involve the Service Components; designate the DLA-TS Food Safety Office to act as the agent for all recalls, and appoint a U.S. Army Veterinary Corps Officer (VCO) as the Consumer Safety Officer to administer the recall system.

b. Consumer Safety Officer (CSO), DLA-TS. The Consumer Safety Officer, DLA-TS, will serve as the DLA focal point for all subsistence recalls, communicate directly with the Food and Drug Administration (FDA), U.S. Department of Agriculture (USDA), U.S. Department of Commerce (USDC), other government agencies, and commercial vendors or manufacturers for matters pertaining to hazardous food and nonprescription drug recalls. The CSO will prepare subsistence recall messages, and coordinate with Defense Logistics Agency Troop Support-Medical Materiel (DLA TS-M) in preparing recall messages for nonprescription drugs. Reference para. 1 for additional responsibilities.

3. **PROCEDURES:**

a. DLA-TS. The ALFOODACT recall system will be utilized to disseminate information on Class I and Class II recalls of hazardous food and nonprescription drugs. The ALFOODACT recall system does not disseminate information on Class III recalls. Recalls must be evaluated for DoD involvement, taking appropriate actions to protect the health of military personnel and communities, as well as the financial interests of DoD. ALFOODACT

messages for DoD will be coordinated and posted on the Subsistence Recalls module of the Veterinary Service Information Management System (VSIMS), as well as on the DLA-TS Subsistence Food Safety Office website (https://www.dla.mil/Troop-Support/Subsistence/Food-Safety/ALFOODACT/).

b. The URL for authenticated login to VSIMS is https://isph.health.mil. If the product is not immediately identified in the DoD supply system, the CSO will generate a food recall query and transmits it to the appropriate internal program recipients. After receiving the hazardous food and nonprescription drug recall query information, the CSO will determine the necessity of issuing recalls and take appropriate action.

4. **DISTRIBUTION/NOTIFICATION OF ALFOODACT MESSAGES:** DLA-TS CSO will coordinate with the VSIMS Customer Support to ensure a current roster of message recipients is maintained. Beginning CY 2024, ALFOODACT messages will be solely distributed through an automated notification process in the Subsistence Recall module in the VSIMS. Individuals or groups previously receiving ALFOODACT messages directly from DLA-TS Food Safety Office will be automatically subscribed to receive ALFOODACT messages through this automated feature.

5. **STATUS OF ALFOODACT MESSAGES FOR CALENDAR YEAR (CY) 2024:** Forty-five (45) ALFOODACT recall messages were issued and its status are as follows:

6. Closed status denotes that this office has provided final disposition instructions for the item(s). Open status denotes that only partial disposition instructions have been provided, and that further instructions will be provided in a subsequent message by this office.

7. ALFOODACT messages may involve situations of serious adverse health consequences or death. Therefore, it is important for each message recipient to carefully read each ALFOODACT Message in detail and take appropriate action expeditiously. Message recipients should take the appropriate and necessary follow-up actions for subsequent deliveries of the recalled item(s) to ensure compliance with the initial recall.

8. To avoid delays, recipients of ALFOODACT Messages are encouraged to maintain a close liaison with their servicing telecommunications centers. The installation message center must be provided with a current point of contact list within the activity to ensure timely notification of receipt. If an ALFOODACT Message is not received, the local telecommunications center should be contacted to obtain a copy. However, if all attempts to secure a copy fail, then contact DLA-TS Food Safety Office for further assistance.

9. DLA-TS Food Safety Office appreciates the hard work and continued support of the DoD Hazardous Food & Nonprescription Drug Recall System by all Activities during 2023. Your comments or suggestions for process improvement can be directed to the DLA-TS Consumer Safety Officer.
