MEMORANDUM FOR RECORD

SUBJECT: Taylor Fresh Foods Recalls Products Made With Jalapeno Peppers Because of Possible Health Risk

1. REFERENCE: DHA-MSR 6025.01/AR 40-660/ DLAR 6025.01/NAVSUPINST 10110.8D/AFI 48-161_IP/MCO 10110.38D, DOD Hazardous Food & Nonprescription Drug Recall System, 6 September 2018.

2. BACKGROUND: Upon notification that Coast Citrus Distributors is voluntarily recalling fresh jalapeños due to potential Salmonella contamination, Taylor Fresh Foods is recalling finished products containing jalapeños subject to this recall.

Salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting, and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections, endocarditis, and arthritis.

The FDA and CDC, in collaboration with state and local partners, are investigating illnesses in a multistate outbreak of Salmonella infections linked to fresh jalapeños supplied by Coast Citrus Distributors. A grower in Sinaloa, Mexico, that supplies to Coast Citrus Distributors was identified as the potential source in this outbreak.

Taylor Fresh Foods is no longer sourcing products from this farmer and will be filling orders from alternative suppliers. The list of recalled products are distributed by Taylor Farms including the branded and unbranded products and corresponding images are provided below.

The recalled products were distributed to retail distribution centers in the following states: AL, AR, FL, GA, IL, IN, KS, KY, LA, MA, ME, MI, MN, MO, MS, NE, NH, NY, OH, OK, SC, TN, TX, VT, WI, WV with a “Best If Used By” date up to and including August 16, 2026.

To date, Taylor Fresh Foods is not aware of any reported illnesses linked to its products containing jalapeños.
