Note to bidders: If the following clarification of quantities causes an adjustment in your prices, please submit adjustments by no later than Thursday, October 27, 2016, at 3:00pm EST.

This amendment is to revise and clarify the following requirements: 1) to inform an increase of the minimum of CLIN 0004 to 7,575,000, 2) to inform of a decrease of the minimum for CLIN 0005 to 1,262,500, 3) to adjust the quantities of CLIN 0006 to align with the 101% factor in the solicitation, 4) to clarify maximum amounts for all items for all 5 tiers, and 5) to edit text in Section M-3. The new information excludes mayonnaise, as reflected in its removal in previous Amendment 0004.

From Section B-2: Quantity requirements

Delete the following:

1. The guaranteed minimum quantity for a five-year contract that includes all 13 items under this solicitation is 40,400,000 units.
2. The estimated quantity for a five-year contract that includes all 13 items under this solicitation is 48,480,000 pouches.
3. The maximum quantity, including surge requirements, for a five-year contract that includes all 13 items under this solicitation is 729,016,928 pouches.
4. The guaranteed minimum quantity and the maximum quantity, as stated above, assume one contract is awarded under this solicitation. If multiple awards are made, the guaranteed minimum quantity for each resulting contract will be the aggregate of the estimated minimum quantities (for one tier period) of the line-items under each respective contract. The maximum quantity for each contract will be the aggregate of the estimated maximum quantities (for all tiers combined) of the line-items under each respective contract plus the aggregate of the surge quantities for the line-items under each respective contract. Thus, there will not be a guaranteed minimum quantity or a maximum quantity for each line-item. Further, the guaranteed minimum quantity and the maximum quantity under each contract will apply to the entire five-year term of the contract. Thus, there will not be a guaranteed minimum quantity or a maximum quantity for each tiered pricing period.
