I. The following applies to contract SPE3S1-21-D-Z130:

A. APPLICABLE TO COMMERCIALY PACKAGED ITEMS OVER-WRAPPED IN A BARRIER POUCH - METHOD OF INSPECTION - NET WEIGHTS

When the use of commercially packaged items that are over-wrapped within a barrier pouch is required by or permitted by this contract, the following modifications to the methods of inspection for the conduct of net weight examination shall apply to both contractor and government end-item inspection, until further notice:

a. Commercially wrapped product in pouch. The net weight marked on the label of the commercial pouch may serve as the method of inspection for verifying net weight conformance. The net weight may be verified with the label on the commercial package. Product not conforming to the net weight requirement in Section C of the product's technical requirements document and Section C of this solicitation/contract shall be cause for rejection of the lot. However, the Government reserves the right to perform net weight examination of product lots in accordance with the product's technical requirements document methods of inspection.

b. Without commercial wrap product in pouch. The net weight of the filled and sealed pouches shall be determined in accordance with the product's technical requirements document methods of inspection for net weight examination.

All other terms and conditions remain the same.
