52.216-9P17 ECONOMIC PRICE ADJUSTMENT - ESTABLISHED MARKET PRICE (AUGUST 2020) DLA Troop Support

(a) The Contractor warrants that the unit prices included in the Schedule do not include allowances for any portion of the contingency covered by this clause.

(b) An established market price is a price that is established in the course of ordinary and usual trade between buyers and sellers free to bargain and that can be substantiated by data from sources independent of the offeror(s). The established market price under this clause may reflect industry-wide and/or geographically based market price fluctuations for commodity groups or specific supplies. The established market price that shall be used for adjustments to contract prices under this clause, shall be the price for PORK BELLY, DERIND, 9-13# as published weekly by USDA Agricultural Marketing Service (AMS) in the "National Weekly Pork FOB Plant--Formula Sales Report".

(1) The base unit price for the purpose of the adjustment calculations under this clause shall be the published previous week's average price for this commodity as published in the National Weekly Pork FOB Plant--Formula Sales Report issued immediately preceding (i) the closing date for proposals, if no discussions are held, (ii) the due date for final proposal revisions, if discussions are held, or (iii) the opening date, if sealed bidding is used.

(2) The adjusting unit price shall be the arithmetic average of the published previous week's average price for this commodity as published in the National Weekly Pork FOB Plant--Formula Sales Report issued.

(c) There shall be only one adjustment for each delivery order issued under the base contract tier and any following tier.

(d) Allowance Factor. For the purpose of price adjustment pursuant to this clause, it shall be conclusively presumed that 7.5 pounds Pork Belly, Derind, 9-13# are required to produce one pouch of 150 bacon slices. This allowance factor remains fixed throughout the life of the contract unless a Government authorized change is made to the contract which affects this allowance.

(e) Adjustments shall be calculated as follows (rounded to 2 decimal places):

(1) Compute the Adjusting Unit Price and the Base Unit Price.

(2) Adjusting Unit Price - Base Unit Price = Market Price Change (+ or -).

(3) Market Price Change X Allowance Factor = Contract Unit Price Adjustment (+ or -).

(4) The adjusted unit price(s) for each delivery order shall be determined by increasing or decreasing (as appropriate) the original contract unit price (s) by the contract unit price adjustment.

(f) Price adjustments pursuant to this clause shall be made by contract modification showing the calculations used to derive the adjusted contract unit prices.

(g) Payment on this contract shall be at the current contract price pending issuance of an adjusting modification.

(h) Any pricing actions pursuant to the CHANGES clause or other provisions of the contract will be priced as though there were no provisions for economic price adjustment.

(i) No adjustment will be made under this clause unless the total change in the contract amount is \$500.00 or more.

(j) The total increase in any contract unit price shall not exceed 30%. If at any time during the term of the contract, a proposed economic price adjustment will exceed this ceiling, either party may cancel the contract effective 60 days after receipt of written notice of the cancellation. There is no percentage limit on downward adjustments under this clause.

(k) In the event (i) any applicable market price indicator is discontinued or its method of derivation is altered substantially or (ii) the Contracting Officer determines that the market price indicator consistently and substantially fails to reflect market conditions, the parties shall mutually agree upon an appropriate and comparable substitute and the contract shall be modified to reflect such substitute effective on the date the indicator was discontinued, altered, or began to consistently and substantially fail to reflect market conditions. If the parties fail to agree on an appropriate substitute, the matter shall be resolved in accordance with the DISPUTES clause of the contract.

(l) The Contractor shall certify on the final invoice that amounts invoiced under this contract reflect all decreases required by this clause.

(End of Clause)
