15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
_____ <i>(Signature of person authorized to sign)</i>		_____ <i>(Signature of Contracting Officer)</i>	

The purpose of this amendment is to incorporate the following into Solicitation SPE3S1-22-R-0017:

1. On Page 10 of 61, under 52-212-2 EVALUATION OF COMMERCIAL ITEMS (OCT 2014) -FAR, delete paragraphs (a) and (b) in their entirety.

2. Inspection will occur at origin, and Acceptance at destination.

3. On Page 22 of 61, Section 1, paragraph b, "Product Demonstration Models (PDMs), insert the following:

"Offerors must submit Initial Product Demonstration Models (PDMs) for each UGR snack item they intend to submit an offer. A total of 30 PDMs of each snack item must be submitted as stated below:

12 PDMs of each snack item must be sent to:

U.S. Army Research, Development, and Engineering Command
DEPARTMENT OF THE ARMY
FCDD-SCD-SCR Attn: Jill Bates
COMBAT CAPABILITIES DEVCOM SOLDIER CENTER
10 GENERAL GREENE AVENUE
NATICK, MA 01760

16 PDMs of each UGR snack item must be maintained by the offeror/contractor. In this instance, the offeror must self-certify, confirm possession of the samples, and identify the samples as from the same production lot as those submitted to Natick. The offeror must submit this statement(s) with the balance of PDM samples submitted to DLA Troop Support. Should an offeror be awarded a contract, the offeror must provide the 70 PDMs that were self-certified and maintained by the offeror to a Government Quality Assurance Representative (GQAR) during the first production cycle. Offerors that have been awarded a contract and do not have an in-house GQAR will be directed on where to submit these PDMs.

The remaining 2 PDMs of each UGR snack item must be sent to DLA to the below address:

ATTN: DAVID SHARP AND MATTHEW CONROY
DLA Troop Support
700 Robbins Avenue
ATT: Business Opportunities Office, Bldg 45-C-167
Philadelphia, PA, 19111

Inside the cases sent to both DLA and Natick, along with the samples, must be the required paperwork, fully identifying the product, solicitation number, the item is an Initial PDM, USDA certification, analytical and microbial Test results with certificates of analysis, any other test results available, and any other information to assist in identifying the product and conducting the evaluation.

The PDM is the standard to which all production under any contract resulting from this solicitation must conform. Offerors are cautioned that samples produced in test facilities may not match the product produced on the production line, which will result in rejection of the product.

Offerors must certify that the PDM(s) conforms to all specification/production description characteristics, or must adequately describe any differences the PDM may have from the requirements of the product description or specification (s). Failure of PDMs for any UGR-E component to conform to the specification may result in rejection of the offer for that RNC Beverage component. Offerors should also warrant that product submitted under any resultant contract shall conform to all packaging, labeling and packing requirements as well as analytical and microbial requirements. Product from any resultant contract that does not conform to all requirements will not be accepted by the Government.

If an offeror already holds a previously acceptable PDM for the line item(s) they intend to submit on offer on, they can reference that PDM in their technical proposal. For referenced PDMs, the offeror must provide; the name of the component, lot number, the date when the PDM was accepted, and contract or solicitation number the PDM was accepted under. Additionally, the offeror must provide the written letter or email notification by DLA Troop Support that notified the offeror of that PDM's acceptance. Referenced PDMs must not be more than 365 calendar days old at close of solicitation (Note: If the solicitation closing date has been extended, then the Referenced PDMs must not be more than 365 days old at the closing of the extended date specified via amendment). Initial, Initial Revised, Revised, Replenishment, Replacement, and New PDM results are all acceptable forms of PDMs that can be referenced as a part of an offeror's Technical Proposal. Periodic Review results of PDMs do not constitute as previously accepted PDMs that can be referenced as a part of the Technical Proposal."

4. On Page 26 of 61, insert the following at the end of the last paragraph:

"Offerors who have submitted any additional submission requirement that has been previously accepted may reference that requirement in lieu of submitting a new one. Offerors must reference the requirement and solicitation or contract it was previously accepted under and must provide the written letter or email notification by DLA Troop Support that notified the offeror of that additional submission requirement's acceptance. Small Business/ Subcontracting plans may not be referenced. Referenced additional submission requirements must not be more than 365 calendar days old at close of solicitation (Note: If the solicitation closing date has been extended, then the Referenced additional submission requirement must not be more than 365 days old at the closing of the extended date specified via amendment).
