<p>The following amendment applies to solicitation SPE3S125R0007:</p> <p>The submission deadline for this solicitation is hereby extended from 7/10/2025 at 3:00 PM EST to 7/17/2025 at 3:00 PM EST.</p> <p>The following changes are applied to solicitation SPE3S125R0007:</p> <p>DELETE the following from Section B5:</p> <p>New PDM (may not apply)</p> <p>During contract performance, new items may be introduced for delivery during the next delivery period. PDMs are required for all new items and must be submitted 45 days prior to the start of the delivery period in which the new items will be incorporated into the contract. If approved product technical requirements for new items are not available to meet this requirement, the contractor must submit PDMs within 30 days from the date the requirements document is published. Contractors must certify that the PDM(s) conforms to all specification/ production description characteristics or must adequately describe any differences the PDM may have from the requirements of the product description or specification(s). Upon approval by DLA Troop Support, the New PDM will become the product standard.</p> <p>Replacement PDM</p> <p>Changes in production methodology or packaging, such as implementation of new technology, may result in a product non-comparable to one or more observable characteristics of the production standard.</p> <p>If the Government determines, on its own or at the suggestion of the contractor, that any change in a product characteristic, other than changes to shape or dimension compatible with performance requirements, results in a product that is no longer comparable to the production standard, the contractor must submit a replacement PDM. If the Government determines, on its own or at the suggestion of the contractor, that any changes to shape or dimension impact on the ability to compare the new product to the production standard in terms of the performance requirements designated for appearance, odor, flavor, and texture, the contractor must submit a replacement PDM. The contractor must submit a replacement PDM if determined necessary by the Government. Contractors must certify that the PDM(s) conforms to all specification/production description characteristics or must adequately describe any differences the PDM may have from the requirements of the product description or specification(s).</p> <p>The contractor must bear all expenses incidental to the submission of Replacement PDMs to DEVCOM and their evaluations by DEVCOM.</p> <p>Upon approval by DLA Troop Support, the Replacement PDM will become the product standard.</p> <p>Replenishment PDM</p> <p>Every 12 months, or as otherwise specified by the Contracting Officer, for finished-product components inspected by the Government at origin, the Government Quality Assurance Representative (GQAR) will replenish the Government's supply of PDM's at origin with 70 PDMs randomly selected from a lot inspected and accepted by the Government for all contractual requirements. In addition, the GQAR will randomly select from the lot 32 replenishment PDMs for DEVCOM and 4 replenishment PDMs for DLA Troop Support.</p> <p>Upon approval by DLA Troop Support, the Replenishment PDM will become the product standard.</p> <p>Submission Process for New, Replacement, and Replenishment PDMs</p> <p>20 PDMs of Emergency Drinking Water, Type II; Rigid Plastic Container must be submitted as follows:</p> <p>15 PDMs of Emergency Drinking Water, Type II; Rigid Plastic Container must be sent to:</p> <p>DEPARTMENT OF THE ARMY</p> <p>FCDD-SCD-SCR ATTN: Jill Bates</p> <p>COMBAT CAPABILITIES DEVCOM SOLDIER CENTER</p> <p>10 GENERAL GREENE AVENUE</p> <p>NATICK, MA 01760</p> <p>5 PDMs of Emergency Drinking Water, Type II; Rigid Plastic Container must be sent to:</p> <p>ATTN: MELANIE LEDOUX AND TIENDUNG NGUYEN</p> <p>DLA TROOP SUPPORT</p> <p>700 ROBBINS AVENUE</p> <p>BLDG. 6B085</p> <p style="text-align: right;">CONTINUED ON NEXT PAGE</p>

Note: The end or side of the Case should have a label, or be printed on the Case, with the following information:

Product Demonstration Model Contract Number

Product Identity

Lot#

Company Name and Address

Point of Contact Name and Phone Number

Inside the Case, along with the PDMs, must be the required paperwork fully identifying the item; the lot number; the contractor; the contract number; the type of PDM (New, Replenishment, or Replacement); the current PDM lot number; USDA certification as applicable; analytical and microbiological test results performed by the contractor; any other information to assist in identifying the product and conducting the evaluation. Analytical and microbiological test results, wherever required, must be submitted with PDMs.

Evaluation Process for New, Replacement, and Replenishment PDMs

A DEVCOM PDM evaluation panel will evaluate New and Replacement PDMs for compliance with product specifications and for compliance with the sensory characteristics designated and defined in the product's technical documents. These sensory characteristics, namely appearance, odor, flavor, and texture (or combination thereof, where dictated by the product's technical documents), represents distinct sensory characteristic categories and will be evaluated by category by panelist. Each panelist will assign to each sensory characteristic category a quality rating by using a 9-point quality scale, where 9 is the highest rating and 1 the lowest rating. The mean value of the panelist's ratings for each sensory characteristic category will be determined.

DEVCOM will assign an overall quality scale rating to each New and Replacement PDM that it evaluates. The overall rating will be equal to the mean score of the lowest-rated sensory characteristic category. For each New PDM, an overall quality rating of 6.00 through 9.00 will indicate an acceptable rating and an overall quality rating of 1.00 through 5.99 will indicate an unacceptable rating. For each Replacement PDM, an overall quality rating of 6.00 through 9.00 will indicate an acceptable rating and an overall quality rating of 1.00 through 5.99 will indicate an unacceptable rating. In addition, for a Replacement PDM to be found "acceptable", its overall quality rating will be equal to or higher than the original overall quality scale assigned to the Initial, New, or Replacement PDM representing the item to be replaced. A lower overall quality rating will indicate an unacceptable replacement rating.

DEVCOM will evaluate Replenishment PDMs for appearance, odor, flavor, and texture; and the evaluation must determine the Replenishment PDM to be equal to or better than the existing product standard for all characteristics in order to be rated as "Acceptable".

The results of DEVCOM's PDM evaluations will be reported to DLA Troop Support as "Acceptable" or "Unacceptable". An "Acceptable" PDM-rating will not constitute a waiver of any specification requirement unless specifically stated by the Contracting Officer.
