MEMORANDUM FOR MR. SEAN EDWARDS AND MR. ANTHONY SIMPSON,  
CHIEF NEGOTIATORS FOR DEFENSE LOGISTICS  
AGENCY ENTERPRISE SUPPORT, SAN JOAQUIN

SUBJECT: Locally Negotiated Operating Procedures (LOCNOPs) for Articles 15,  
15C, 15E, 15F, 20 (Fire Inspectors), 24, and 24A

The subject LOCNOPs, dated May 26, 2010, have been reviewed pursuant to Article 38, Section 5 of the Master Labor Agreement (MLA) between the Defense Logistics Agency (DLA) and American Federation of Government Employees (AFGE) Council 169. Those articles are hereby approved by both DLA Headquarters and AFGE Council 169 with the following understandings:

In Article 15C, Training, Sections 1 and 2, it is understood that the education opportunities and training will be provided as the employer determines necessary.

It is understood that the provisions in Article 15E, Safety, are unique to DDJC firefighters. In the last paragraph it is understood that the paragraph applies to the extent that the Employer has control over the maintenance process.

In Article 20, Fire Inspectors, Section 3, approval is granted with the understanding that the fire inspectors do perform work in warehouse inspections that results in them getting dirty.

It is understood that the provisions of Article 24, Annual Leave Picks, are unique to DDJC firefighters because of minimum staffing requirements that require advance planning and scheduling.

The parties agree that Article 29, Reassigning Permanent Stations, is withdrawn and will be re-submitted at another time.

If there are any questions on this matter, please contact me at (703) 767-6412 or DSN 427-6412.

ARTICLE 20

FIRE INSPECTORS

Fire inspectors work sixty hours per week Monday to Friday. From 0700-1600 with one (1) twenty-four (24) hour shift per week.

**Section (1)** The Employer agrees to provide adequate living spaces for the overnight shift equal to that of firefighters.

**Section (2)** While performing work in the office, the Employer, to the extent of its authority shall allow fire inspectors to wear the fire department job shirt.

**Section (3)** The Employer, to the extent of its authority shall allow the wearing of coveralls while performing inspections in warehouses where the accumulation of dust and dirt is present. The coveralls shall have the fire department patch worn on the left sleeve in accordance with the fire department uniform guide.
