

FY 02 Conference Questions

DEMIL (Les Mooring)

- What do customers do about the lack of documentation for property acquired many years ago that have a DEMIL code associated with it that needs to be turned in?
- What is the disposition status of NVGs?

DRMS

- How are batch lots issued with the new automation system?
- Can items seen on the DRMS site, without a number assigned to it, be screened by an LEA?
- How long is the accumulation period? Can items be tagged during this period?
- How many times can an item goes through the accumulation period?
- Will wash post be available?
- Does the bar code gun tag items?

Excess Express

- Is the “want list” going to be continued or go away?

FY 02 Conference Questions (con't)

1122 Program (Mr. Croom)

- Does the 1122 Program fall under the Single Audit Act?
- How can we modify the Federal Schedule and who picked the items to be listed in the GSA Law Enforcement Catalog them?
- Is there any restrictions on DEMIL coded items under the 1122 program?

Weapons (Thomas Tkatch)

- How do LEAs get ceremonial weapons?
- Does the Lautenburg certification apply to LEAs or each officer?
- Are there any progress on acquiring M19A1 pistols through the 1122 program?
- What time period does the sales chart reflect?
- How long are records saved in the 1122 Weapons data bank?
- Can state coordinators be provided serial numbers to validate if a LEA has received weapons?
- What happens to weapons if an LEA disbands?

Aircraft (Sue Lewis)

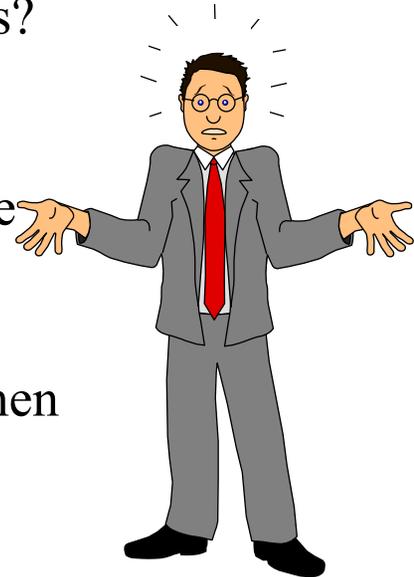

- What happens to spare parts for the OH-58 after they retire?
- Do aircraft engine require DEMIL?

FY 02 Conference Questions (con't)

Automation

- How far back do records go in the DRMS website?
- Are reconciliations updated on the new DRMS system?
- Where do we get passwords from for the DRMS system?
- What happens when multiple orders for an item arrive at DRMS at the same time (manual and automated) ?
- Will agencies receive partial issues? When is adjustment made to property listing?
- Will state coordinators know when an item has been rejected by DRMS? How?
- Can LEAs get a higher priority than 15?
- What does “tagging” an item at DRMO encompasses with the new system?
- How does different time zones affect the new requisitioning process?
- Where does the LEA ID number come from?
- How does the system update itself?
- How do Federal Agencies submit requests without going to the state coordinator?
- Do RCP ship equipment for free?
- Can a state coordinator sign in as a LEA and request an item and then have to approve it as a state coordinator?
- Where does the justification go?
- Will the state coordinator approval screen print out?

FY 02 Conference Questions (con't)

Automation

- When will you know if a quantity requested is actually filled or rejected?
- What will happen if two LEAs are requesting the same item at different terminals?
- Do LEAs need IP addresses?
- If a state coordinator disapproves an item, will LESO see it?
- Are there terminals at the FRAs?
- Can state coordinators receive an email notifying them that an item has been requested and needs processing?
- Who does the property belong to if a person walks into a DRMO and physically tags it and another LEA tags it electronically?
- Will the DRMO contact the LEA when the MILSTRIP is approved?
- How do LEAs receive password protection for their Ids?
- Can the data sheet information be updated more than once a month?
